INDEPENDENT AUDITORS' REPORT

To the Participants and Audit Committee of
Cheviot Savings Bank 401(k) Plan & Trust

Report on the Financial Statements

We have audited the accompanying financial statements of the Cheviot Savings Bank 401(k) Plan & Trust, which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Cheviot Savings Bank 401(k) Plan & Trust as of December 31, 2015 and 2014, and the changes in its net assets available for benefits for the year ended December 31, 2015, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2015 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

1. DESCRIPTION OF PLAN:

The following description of the Cheviot Savings Bank 401(k) Plan & Trust (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

Cheviot Savings Bank (the "Bank" and "Employer") maintains the Cheviot Savings Bank 401(k) Plan & Trust which is a qualified, tax-exempt profit sharing plan with a salary deferral feature under Section 401(k) of the Internal Revenue Code (the "Code"). Employees who have attained age 21 and have completed one year of employment are eligible to participate. Employees are entitled to enter the Plan on the first January 1 or July 1 occurring after the employee becomes eligible to participate in the Plan.

Contributions

Under the Plan, participants may elect to defer a percentage of their compensation each year instead of receiving that amount in cash equal to the lesser of (i) a maximum percentage of compensation as indicated in a notice received from the Plan administrator or (ii) an indexed dollar amount set by the Internal Revenue Service, which was \$18,000 for 2015. In addition, for participants that are age 50 or older by the end of any taxable year, the participant may elect to defer additional amounts (called "catch-up contributions") to the Plan. The additional amounts may be deferred regardless of any other limitations on the amount that a participant may defer to the Plan. The maximum catch-up contribution that a participant can make in 2015 was \$6,000.

Each plan year (a calendar year), Cheviot Savings Bank will contribute to the Plan the following amounts: (a) the total amount of the salary reduction a participant elected to defer; (b) in the discretion of Cheviot Savings Bank, a matching contribution equal to a percentage of the amount of the salary reduction a participant elected to defer; and (c) a discretionary amount equal to 3% of a participant's plan compensation (generally the sum of a participant's Form W-2 wages and other compensation for the year plus a participant's before-tax contributions to the Plan and any other benefit plans of Cheviot Savings Bank, up to a legal limit (which was \$265,000 for 2015) for the year plus 3% of a participant's plan compensation for the year in excess of 50% of the Social Security Taxable Wage Base for old-age retirement benefits for the year (\$59,250 for 2015) plus any additional amount that does not match a participant's salary reduction and that is determined by Cheviot Savings Bank in its discretion.

Participant accounts

Each participant's account is credited with the participant's contributions and the Bank matching contributions, as well as allocations of the Bank's additional discretionary contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Bank's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Payment of benefits

Plan benefits will be paid to each participant in the form of a single cash payment at normal retirement age unless earlier payment is selected. If a participant dies prior to receipt of the entire value of his or her Plan accounts, payment will generally be made to the beneficiary in a single cash payment as soon as possible following the participant's death. Payment will be deferred if the participant had previously elected a later payment date. If the beneficiary is not the participant's spouse, payment will be made within one year of the date of death. If the spouse is the designated beneficiary, payment will be made no later than the date the participant would have attained age 70 1/2. Normal retirement age under the Plan is age 65. Early retirement age is age 59.5 with six years of service.

Forfeited accounts

At December 31, 2015 and 2014, forfeited nonvested accounts totaled \$2,701 and \$1,139 respectively. These balances are added to the employer discretionary contribution allocated to eligible participants in the Plan after the end of the plan year.

2. SUMMARY OF ACCOUNTING POLICIES:**Basis of accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Bank and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through the report date, the date the financial statements were available to be issued.

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued ASU 2015-07 which eliminates the requirement to categorize investments in the fair value hierarchy for which the fair value is measured at Net Asset Value per Share as a practical expedient, such as money market funds. Such investments will continue to be included in the fair value supplemental table (see Note 4) in order to reconcile to total investments, but will no longer be categorized in the fair value hierarchy. The new guidance requires retrospective application and is effective for the Plan beginning with plan year 2017. The Plan has not elected to early adopt this ASU. The new guidance will impact the Plan's disclosures and adoption will not affect assets available for benefits.

In July 2015, the FASB issued ASU 2015-12 which eliminates the requirement to measure fully benefit-responsive investment contracts (FBRIC) at fair value and would only require measurement at contract value. Such investments will no longer be required to present a reconciliation of a FBRIC's fair value to its contract value on the statements of net assets available for benefits. The new guidance also eliminates the fair-value-related disclosure requirements, but still requires disclosures describing the nature and risks of FBRICs. In addition, ASU 2015-12 eliminates the requirement to disclose (a) individual investments that represent 5 percent or more of net assets available for benefits and (b) the net appreciation or depreciation for investments by general type. The appreciation or depreciation in investments will continue to be presented in the aggregate but will no longer be required to be disaggregated and disclosed by general type. The new guidance requires retrospective application and is effective for the Plan beginning with plan year 2016. The Plan has not elected to early adopt this ASU. The new guidance will impact the Plan's disclosures and adoption will not affect assets available for benefits.

3. INVESTMENTS:

The following presents investments that represent 5% or more of the Plan's net assets at December 31:

	<u>2015</u>	<u>2014</u>
American Funds Income Fund of America	\$ 531,256	503,801
American Funds Growth Fund of America	836,414	907,854
American Funds American Balanced Fund	—	614,296
American Funds Target Date 2020	547,199	492,218
Cheviot Financial Corp. common stock	3,591,880	3,290,624
Cheviot Savings Bank certificate of deposit fund	1,092,973	1,092,342

During 2015, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$27,466 as follows:

Mutual funds	\$ (238,825)
Certificate of deposit fund	3,110
Common stock	<u>263,181</u>
	<u>\$ 27,466</u>

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to

unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Common stock: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Certificate of deposit fund: The fair value of certificates of deposit fund was calculated using a discounted cash flow analysis that calculates the present value of the projected cash flows from the portfolio. Interest rates used were based on current market rates of comparable instruments.

The following table sets forth by level, within the fair value hierarchy, the plan's investments at fair value as of December 31, 2015 and 2014:

Investments at fair value as of December 31, 2015

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

5. RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS:

In 2015, the Plan purchased 18,829 common shares of the Cheviot Financial Corp. at a cost of \$277,741. Cheviot Financial Corp. is the holding company of Cheviot Savings Bank.

The Plan sold 5,052 common shares of the Cheviot Financial Corp. for \$75,857 with a realized gain of \$23,524 in 2015.

The Plan has an investment in a certificate of deposit fund ("CD's") in which participants can invest in certificates of deposit of the Cheviot Savings Bank. The CDs are held in safe keeping at Cheviot Savings Bank. The Bank charges no fees on this fund.

Certain Plan investments are shares of mutual funds managed by American Funds and Capital Bank and Trust Company. Capital Bank and Trust Company is the custodian of the mutual funds as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment. The Bank pays directly any other fees related to the plan's operations.

6. TAX STATUS:

The Bank adopted a prototype non-standardized profit sharing plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Services (IRS) dated August 20, 2014. The IRS stated in the letter that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has since been amended. While the Bank has not obtained its own determination letter on the Plan, management believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

7. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. SUBSEQUENT EVENT:

On May 20, 2016, MainSource Financial Group acquired all of the common stock of Cheviot Financial Corporation. As part of this acquisition, Cheviot Savings Bank, a wholly owned subsidiary of Cheviot Financial Corporation, was merged into MainSource Bank, a wholly owned subsidiary of MainSource Financial Group. In February, 2016 the Plan was amended to approve the termination of the Plan due to the acquisition of Cheviot Financial Corporation by MainSource Financial Group. All participants will become fully vested at the termination date. It is the intention of MainSource Financial Group to terminate the Cheviot Savings Bank 401(k) Plan & Trust by the end of 2016.
