Creative & Response Research Services, Inc.
Profit Sharing and 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of Creative & Response Research Services, Inc. (the "Company") Profit Sharing and 401(k) Plan (the "Plan") is provided for general informational purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of the Company. Employees may make elective deferrals upon completing 3 months of service. In order to receive Company contributions, employees must complete one year of service. The Plan is subject to the provisions of ERISA.

Contributions: Participants may make pre-tax and Roth contributions, which, in the aggregate, may not exceed 80% of eligible compensation and are subject to certain Internal Revenue Code ("IRC") limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company may make matching contributions equal to a discretionary percentage, to be determined by the Employer, of the Participant's elective deferrals. In 2015, the Company increased the matching contribution to equal 50% of the first 6% of base compensation (up from 50% of 4% in 2014).

Additional profit sharing amounts may be contributed annually at the option of the Company. Profit sharing contributions are allocated to eligible participants who are employed as of the last day of the year in the same ratio as each Participant's compensation bears to the total of such compensation of all participants. There were no profit sharing contributions in 2015.

Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and common collective trust funds as investment options for participants.

Participant Accounts: Each participant's account is credited with the participant's contributions, employer contributions, allocations of Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in Company contributions (and earnings thereon) is based on years of continuous service. Participants vest as follows: 1 year-10%; 2 years-20%; 3 years-40%; 4 years-60%; 5 years-80%; 6 years-100%.

Notes to Financial Statements

Note 1. Description of Plan (cont.)

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan Administrator at the inception of each loan. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits: On termination of service due to death, disability, separation or retirement, a participant may elect to receive a lump-sum amount or installments equal to the value of the participant's vested interest in his or her account. In addition, in-service withdrawals are allowed after participants reach age 59 ½ or in cases of financial hardship.

The Plan has the ability to make automatic distributions without participant consent for terminated participants that fail to affirmatively elect a distribution and have a vested account balance under $5,000.

Forfeited Accounts: At December 31, 2015 and 2014, forfeited non-vested accounts totaled $29,514 and $16,124, respectively. Forfeitures are allocated annually to all remaining participants who are eligible to share in profit sharing contributions. The forfeitures are allocated to eligible participants in the same ratio that each participant's compensation bears to the total of such compensation of all participants. During 2015, non-vested forfeited accounts amounting to $12,190 were allocated to participants.

Plan Expense Account: Excess amounts generated by revenue sharing agreements between the record keeper and the various mutual funds that the Plan invests in are deposited by the record keeper in an account that can be utilized to pay allowable plan expenses. Related deposits are included in Other Income in the statement of changes in net assets. During 2015, Plan expenses of $27,533 were paid from the plan expense account.

Note 2. Summary of Accounting Policies

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes to Financial Statements

Note 2. Summary of Accounting Policies (cont.)

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

New Accounting Pronouncements: In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share*. For investments eligible to be measured at fair value using the net asset value per share practical expedient, ASU 2015-07 removes the requirement to categorize within the fair value hierarchy level and also removes requirements to make certain disclosures. The new guidance is effective for reporting periods beginning after December 15, 2016 with early adoption permitted.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Contribution Plans*. ASU 2015-12 was issued to reduce complexity and simplify employee benefit plan reporting and disclosures. The new guidance is effective for reporting periods beginning after December 15, 2015 with early adoption permitted.

Notes to Financial Statements

Note 2. Summary of Accounting Policies (cont.)

The Plan adopted both ASU 2015-07 and 2015-12. Changes have been applied retrospectively to all periods presented. Application of the new standards did not change total net assets available for plan benefits.

Subsequent Events: The Plan has evaluated subsequent events through July 8, 2016, the date the financial statements were issued.

Note 3. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 3. Fair Value Measurement (cont.)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund: Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	Investments at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,911,435	$ -	$ -	$ 9,911,435
Investments measured at NAV*				2,903,906
Total investments at fair value				$ 12,815,341

	Investments at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 10,702,391	$ -	$ -	$ 10,702,391
Investments measured at NAV*				3,307,244
Total investments at fair value				$ 14,009,635

(*) In accordance with Subtopic 820-10, certain investments that were measured at net asset value ("NAV"), or its equivalent, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Notes to Financial Statements

Note 4. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2015 and 2014, and net depreciation in fair value of investments, and interest and dividends for the year ended December 31, 2015, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by State Street Bank and Trust Company (the trustee of the Plan).

Note 5. Related-Party Transactions

State Street Bank and Trust Company is the non-discretionary trustee as defined by the Plan. Certain Plan investments are managed by State Street Bank. These transactions qualify as exempt party-in-interest transactions.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 7. Tax Status

The Company has adopted a prototype plan. The prototype plan has received a determination letter from the Internal Revenue Service, dated July 16, 2014, stating that the Plan is qualified under the appropriate sections of the Internal Revenue Code ("IRC"). The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believes the Plan is qualified and the related trust is tax-exempt.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Notes to Financial Statements

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as filed by the Company for the Plan year ended December 31, 2015 and 2014:

December 31,	2015	2014
Net assets available for benefits per the financial statements	$ 13,082,091	$ 14,335,053
Fair value adjustments for stable value contract	(11,732)	52,206
Net assets available for benefits per Form 5500	$ 13,070,359	$ 14,387,259

The following is a reconciliation of changes in net assets available for benefits per the financial statements to the Form 5500:

Year ended December 31,	2015
Change in net assets available for benefits per the financial statements	$ (1,252,962)
Change in fair value adjustments for stable value contract	(63,938)
Change in net assets available for benefits per Form 5500	$ (1,316,900)
