Note 1. Description of the Plan

The following description of the Ruiz Food Products, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established for the benefit of the employees of Ruiz Food Products, Inc. (the "Company"). The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA).

Description of Plan: The Plan was adopted as of January 1, 1996, and amended and restated effective October 1, 2000. The Plan was further amended on January 1, 2011, to adopt the All Valley Administrators, LLC Prototype Non-Standardized Cash or Deferred Profit Sharing Plan. The provisions of the Plan were not significantly modified as a result of the adoption of the prototype plan in 2011. The primary purpose of the Plan is to provide employees of the Company the opportunity to accumulate funds for their retirement. The Plan was revised effective January 1, 2016 (Note 10).

Eligibility: An employee of the Company normally becomes eligible to participate in the Plan upon attaining 18 years of age and after completing three months of service with the Company, providing such employee is not covered by a collective bargaining agreement. Employees may elect to participate in the Plan on the first day of the month following completion of all eligibility requirements or as of the first of each quarter if they elect to participate after their initial available entry date. There were 1,506 and 1,357 participants with an account balance in the Plan at December 31, 2015 and 2014, respectively.

Contributions: Participants may contribute up to 100% of their pretax annual compensation to the Plan through salary deferrals, subject to certain Internal Revenue Code "IRC" limitations. Employer matching contributions, safe harbor contributions and non-elective contributions are discretionary and nondiscriminatory. Such contributions made by the Company, if any, are allocated to eligible participants who have worked over 1,000 hours and were employed on the last day of the Plan year, with the exception of safe harbor contributions. Safe harbor contributions are based on 100% of the employee's elective deferral that does not exceed 3% of employee compensation, plus 50% of the elective deferral that exceeds 3% of employee compensation but does not exceed 5% of employee compensation. The Plan was designated as a Safe Harbor CODA Plan during the 2015 and 2014 plan years. Non-elective contributions are made to all participants employed on the last day of the Plan year based on the ratio of each participant's annual compensation to the total compensation of all participants. There were no non-elective contributions were made during the years ended December 31, 2015 and 2014. Participants may also contribute amounts representing distributions from other qualified defined benefit and defined contribution plans.

Note 1. Description of the Plan (Continued)

Participant Accounts: Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution, if any, allocations of Company discretionary contributions, if any, and Plan earnings, and charged with withdrawals and an allocation of Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions and the employer's safe harbor match plus actual earnings or losses thereon. The portion of the participants' accounts attributable to the Company's discretionary matching and non-elective contributions become 20% vested after one year of credited service as defined and continues to vest at a rate of 20% each successive year of service until 100% vested after five years of service. A participant is also 100% vested in the event of retirement (on or after attaining age 62½), disability, or death regardless of years of service.

Forfeitures: Forfeitures consist of participants' allocated interests in Plan assets, which are not vested because employment is terminated before the vesting period is complete, and occur immediately upon distribution of the participant's vested account. At December 31, 2015 and 2014, forfeited nonvested accounts totaled $3,712 and $3,809, respectively. These accounts will be used to reduce future employer contributions or to pay Plan expenses.

Investment Options: Participants direct the investment of their contributions and the related matching and discretionary employer contributions by the Company into any of the various investment options offered by the Plan and managed by John Hancock Life Insurance Company USA.

Payments of Benefits: In the event of death, the participant's interest in the Plan is payable to the beneficiary in a lump sum. Upon retirement, the participant's interest is payable in a single sum or can be deferred until April 1 following the year the participant reaches the age of 70½. Certain benefits qualify as eligible rollovers that may be directly rolled over to another qualified plan or an individual retirement account. A participant also has the right, in certain cases, to receive his or her benefit in periodic payments not extending beyond the life expectancy of the participant.

If the participant is terminated for any reason other than death, retirement, or disability, distribution will be made in a single sum as soon as practical after the termination date. However, if the account balance exceeds $1,000, the participant can elect to defer the payment until April 1 of the calendar year following the calendar year during which the participant attained age 70½ at which time the participant can elect to receive his or her benefit in periodic payments not extending beyond the life expectancy of the participant. No further contributions will be permitted upon termination.

Note 1. Description of the Plan (Continued)

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of 50% of the total employee rollover and employee deferral account balance, or $50,000 if less, subject to reduction by any loan balance in the last 12 months, if applicable. Loan terms range from one to five years, or up to 10 years for the purchase of a primary residence. Loans are secured by the balance of the participant's account and bear interest, based on prime, plus 1% at the loan origination date. Principal and interest payments are paid ratably through payroll deductions.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting: The accompanying financial statements have been prepared on an accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's audit committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 4 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the gains and losses on investments purchased and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Excess Contributions Payable: Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Note 2. Summary of Significant Accounting Policies (Continued)

Expenses: Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net depreciation of fair value of investments. As provided in the Plan document, reasonable administrative expenses of the Plan may be paid by the Plan, to the extent they are not paid by the Company.

Pending Pronouncements: In May 2015, the Financial Accounting Standards Board issued Accounting Standards Update No 2015-07*, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share.* The amendments in this Update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this Update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this Update are effective for fiscal years beginning after December 15, 2016. However, early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. The Plan adopted this update for the 2015 Plan year, and it was retroactively applied to December 31, 2014. Prior year disclosures have been revised to reflect the retrospective application of this update. The impact of adopting this update is reflected in Note 4.

In July 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force).* The purpose of this Update is to simplify plan accounting.

- The amendments in Part I of the Update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value; accordingly there will no longer be an adjustment from fair value to contract value on the face of the financial statements.

- The amendments in Part II of the Update will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, *Annual Return/Report of Employee Benefit Plan,* as a direct filing entity, disclosure of that investment's strategy will no longer be required.

Note 2. Summary of Significant Accounting Policies (Continued)

- The amendments in Part III of the Update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

The Update may be adopted in whole or by part (I, II and III), as applicable. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. However, early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. The Plan adopted this update for the 2015 Plan year, and the amendments in Part I and Part II were retrospectively applied to December 31, 2014. The impact of adopting these amendments is reflected in the financial statements.

Subsequent Events: The Plan Administrator has evaluated subsequent events through July 22, 2016 the date the financial statements were available to be issued. See Note 10 for further discussion of subsequent events.

Note 3. Information Certified by John Hancock Life Insurance Company USA

The following is a summary of the Plan's asset information as of December 31, 2015 and 2014, and for the year ended December 31, 2015, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the custodian of the Plan and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that the information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate.

Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	December 31, 2015	December 31, 2014
Investments at fair value:		
Pooled separate accounts	$ 42,737,938	$ 39,245,542
Guaranteed investment contracts – non-fully benefit responsive	$ 96,896	$ 291,338
Notes receivable from participants	$ 1,631,027	$ 1,768,958

John Hancock Life Insurance Company USA also certified to the completeness and accuracy of $449,633 of net depreciation in fair value of investments and $72,805 of interest related to the aforementioned Plan assets for the year ended December 31, 2015.

Note 4. Fair Value Measurements

That framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 – Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

1. Pooled Separate Accounts - The units of pooled separate accounts (PSAs) are stated at the net asset value (NAV) per share based on quoted market prices of the underlying investments. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. One of the PSAs offered by the plan is a stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. However, if the book value of the fund exceeds the market value of underlying securities, the payment of certain withdrawals maybe delayed for up to 12 months unless the plan or participant requesting the withdrawal elects to accept such payment subject to a market value adjustment.

Note 4. Fair Value Measurements (Continued)

2. Guaranteed Investment Contracts – The guaranteed investment contract are valued at contract value which approximates fair value as determined by the insurance company.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Guaranteed investment contracts – non-fully benefit responsive	$ -	$ -	$ 96,896	$ 96,896
Total assets in the fair value hierarchy	$ -	$ -	$ 96,896	96,896
Investments measured at net asset value (a)				42,737,938
Investments at fair value				$ 42,834,834

	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Guaranteed investment contracts – non-fully benefit responsive	$ -	$ -	$ 291,338	$ 291,338
Total assets in the fair value hierarchy	$ -	$ -	$ 291,338	291,338
Investments measured at net asset value (a)				39,245,542
Investments at fair value				$ 39,536,880

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note 4. Fair Value Measurements (Continued)

The following table sets forth Level 3 asset activity (at contract value) at December 31, 2015:

	Guaranteed Investment Contracts
Balance, beginning of year	$ 291,338
Contributions	32,373
Loan repayments	6,465
Credits to participants	463
Unrealized gains and interest	1,469
Negative market value adjustment	(2,420)
Withdrawals	(19,740)
Participant loans	(4,949)
Administrative fees	(234)
Transfer into guaranteed interest account	5,692
Transfer out of Level 3	(213,561)
Balance, end of year	$ 96,896

The following table represents the Plan's level 3 financial instruments at December 31, 2015, the valuation techniques used to measure the fair value of those financial instruments, and the significant observable inputs and the ranges of values for those inputs.

Instrument	Fair Value	Principal Valuation Technique	Significant Unobservable Inputs	Range of Significant Input Values	Weighted Average
Guaranteed Investment Contracts	$ 92,848 ($ 96,896 at contract value)	Discounted Cash Flow	Present new money interest rate for same instrument offered by John Hancock Life Insurance Company	.34 – 1.16%	
			Duration (years)	10	1.75%

Note 4. Fair Value Measurements (Continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2015 and 2014, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	2015			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts	$ 42,737,938	$ -	Immediately	None

	2014			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 39,245,542	$ -	Immediately	None

Note: These categories include high quality, short term securities. Investments in these categories can be redeemed immediately at the current net asset value per share based on the fair value of the underlying assets. Participants are restricted to two investment changes per month.

Note 5. Investment Contract with Insurance Company

The Plan has investment contracts with John Hancock Life Insurance Company ("John Hancock"), which are not fully benefit responsive. These contracts are included in the financial statements at contract value which approximates fair value as reported to the Plan by John Hancock. John Hancock maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under contract, participant loan repayments, plus earnings, less participant loans, withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract has certain restrictions that impact the ability to collect the full contract value, for example, the Plan may not withdraw more than 20% of the beginning of the year balance of the contract without incurring a penalty. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. John Hancock may not terminate the contract at any amount less than the contract value.

Note 5. Investment Contract with Insurance Company (Continued)

John Hancock is contractually obligated to pay the principal and specified interest rate that it guarantees to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the contract will track current market yields on a trailing basis. The average yields based on interest rates credited to participants at December 31, 2015 and 2014, are as follows:

	2015	2014
3-year rate	1.16%	0.11%
5-year rate	0.85%	0.55%
10-year rate	0.34%	0.81%

Note 6. Related-Party Transactions

Certain Plan investments are shares of pooled separate accounts managed by John Hancock Life Insurance Company USA. John Hancock Life Insurance Company USA is the custodian as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the contract administrative fees amounted to $64,302 for the year ended December 31, 2015.

Note 7. Income Tax Status

Effective January 1, 2011, the Plan adopted a non-standardized form of a prototype plan sponsored by All Valley Administrators, LLC. The prototype plan received an opinion letter from the Internal revenue Service as the prototype plan's qualified status as of March 31, 2014. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Subsequent Events

Effective January 1, 2016, the Plan completed a revised adoption agreement of the All Valley Administrators, LLC's non-standardized prototype plan, and issued a new plan document. Among the revisions included in the revised plan document, Employees will be eligible to join the Plan after 2 months of service, given that the employee meets all other eligibility requirements. Additionally, eligible compensation will exclude transportation, severance pay, deferred compensation, settlement payments, moving expenses, and tuition reimbursements.
