1. DESCRIPTION OF THE PLAN

The following brief description of the Ohio State University Physicians, Inc. 403(b) Tax Deferred Annuity Plan (the Plan) is provided for general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was adopted by Ohio State University Physicians, Inc. (the Company) on October 1, 2003, and is a defined contribution pension plan. The Plan covers all employees upon date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Certain plan administrative expenses are paid by the Company.

Contributions

Participants may elect to defer and contribute any amount up to the maximum allowed by current law. No employer contributions are made to this plan.

Participants Accounts

Participants direct the investment of their account among the investment funds offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their account.

Participant Loans

Participants may borrow from their fund accounts. No loan may be made to the extent such loan, when added to the outstanding balance of all other loans, would exceed the lesser of (a) $50,000 reduced by the excess of the highest outstanding balance of loans during the one year period ending on the day before the loan is made or (b) one-half the present value of the vested account balance. The loans are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may receive a lump sum amount or installment payments, equal to the value of the participant's vested interest in his or her account.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with the accounting principles generally accepted in the United States of America.

Valuation of Assets

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sale of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that that affect the amounts of assets, and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company.

Payment of Benefits

Benefits are recorded when paid.

Participant Loans

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2015 and 2014, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Subsequent Events

The Plan has evaluated subsequent events through July 21, 2016, the date the financial statements were available to be issued.

3. CHANGE IN ACCOUNTING PRINCIPLE

During 2015, the Plan early adopted Accounting Standards Update 2015-12, *Plan Accounting, Part II* which eliminated previously required disclosure requirements. Specifically, investments will be disaggregated by general type (mutual funds, common stocks, bonds) whereas previously they were disaggregated in much greater detail such as by investment objective or industry. In addition, the disclosure of individual investments with a value equal to or greater than 5% of net assets available for benefits has been removed. Finally, the presentation of net appreciation (depreciation) is made in the aggregate whereas previously it was detailed by the general type of the investment. The 2014 notes to the financial statements have been retroactively restated as required by the standard.

4. FAIR VALUE MEASUREMENTS

The frame work for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The Plan's policy is to recognize transfers, if any, between levels as of the actual date of the event or change in circumstances. No transfers between levels occurred in 2015 and 2014.

Following is a description of the valuation methodologies used for assets measured at fair value as of December 31, 2015 and 2014:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. (level 1).

Assets measured at fair value on a recurring basis as of December 31, 2015 are as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 22,477,562	$ -	$ -	$ 22,477,562
Total assets at fair value	$ 22,477,562	$ -	$ -	$ 22,477,562

Assets measured at fair value on a recurring basis as of December 31, 2014 are as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 22,616,896	$ -	$ -	$ 22,616,896
Total assets at fair value	$ 22,616,896	$ -	$ -	$ 22,616,896

5. INVESTMENTS

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Nationwide Financial Services, Inc., the Custodian of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statement of net assets available for benefits as of December 31, 2015 and 2014, and investment related activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2015.

6. TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (Code). The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedures 2007-71. The Plan administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b).

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by various federal and state taxing authorities. Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the accompanying financial statements.

The Plan is subject to routine audits by taxing jurisdictions. However, as of the date the financial statements were available to be used, there were no audits for any tax periods in progress. Management believes it is no longer subject to income tax examinations for years prior to 2012.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

9. TRANSACTIONS WITH PARTIES-IN-INTEREST

All Plan investments are held by Nationwide Financial Services, Inc.
