IHI POWER SERVICES CORP. EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
August 5, 2014 and December 31, 2013

NOTE 1 – DESCRIPTION OF PLAN

The following description of the IHI Power Services Corp. Employee Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: Effective October 12, 2012, IHI Power Services Corp. (the "Company") established a defined contribution plan covering all full-time non-union employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was merged into the IHI Group 401(k) Profit Sharing Plan, sponsored by IHI Group on August 1, 2014.

Transfers to Other Plan: Effective August 1, 2014, the Plan was merged into the IHI Group 401(k) Profit Sharing Plan, sponsored by IHI Group. The transfer of \$7,781,939 in net assets was completed on August 5, 2014.

Contributions: Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan and subject to certain limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company is authorized to make discretionary matching and nonelective profit sharing contributions. For the period from January 1, 2014 to August 5, 2014, the Company contributed a matching contribution in the amount equal to 100% of the first 3% of base compensation that a participant contributes to the Plan and a nonelective profit sharing contribution in the amount equal to 3% of base compensation for all employees. Contributions are subject to certain limitations. Plan participants direct the investment of their contributions and the employer matching contributions and profit sharing contributions into the various investment options offered by the Plan.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions and (b) Plan earnings, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Retirement and Death: A participant is entitled to 100% of his or her account balance upon retirement or death.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Participants hired on or prior to August 18, 2012 are 100% vested in their employer contributions. For participants hired after August 18, 2012, vesting in the remainder of their accounts, plus earnings thereon, is based on years of continuous service at the rate of 33% per year after 1 year of service. Participants are fully vested after 3 years of service.

Payment of Benefits: Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account. The applicable rate of interest ranges from 4.25% to 9.25% and are commensurate with local prevailing rates as determined through inquiry with professional lenders in the same geographic locale where the participant and employer reside. Principal and interest are paid through payroll deductions.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Forfeitures: Forfeitures are used to offset future employer Company contributions or administrative expenses of the Plan.

Administrative and Investment Management Expenses: Loan origination fees associated with notes receivable from participants and the Plan's record keeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan. All other expenses of the Plan are paid by the Company.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value as further described in Note 6. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Fully Benefit-Responsive Investment Contracts: While Plan investments are presented at fair value in the statement of net assets available for benefits, any material difference between the fair value of the Plan's direct and indirect interests in fully benefit-responsive investment contracts and their contract value is presented as an adjustment line in the statement of net assets available for benefits, because contract value is the relevant measurement attribute for that portion of the Plan's net assets available for benefits. Contract value represents contributions made to a contract, plus earnings, less participant withdrawals and administrative expenses. Participants in fully benefit-responsive contracts may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. At December 31, 2013, the Plan held an indirect interest in such contracts through its investment in a stable value fund. No adjustment from fair value to contract value is presented in the 2013 statement of net assets available for benefits, as the amount of the adjustment has been determined to be immaterial.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Payment of Benefits: Benefits are recorded when paid.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3 – RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions and earnings thereon.

NOTE 4 – UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income and interest earned on notes receivable from participants was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Boston Financial Data Services, Inc., as agent for State Street Bank and Trust Company, the trustee of the Plan. This information has not been audited by independent accountants.

NOTE 5 – INVESTMENTS

There were no investments held by the Plan at August 5, 2014. The following presents the fair values of investments that represent 5% or more of the Plan's net assets available for benefits at December 31, 2013:

	<u>2013</u>
T. Rowe Price Retirement 2025	\$ 1,333,059
T. Rowe Price Retirement 2045	856,717
T. Rowe Price Retirement 2020	740,074
T. Rowe Price Retirement 2015	728,727
T. Rowe Price Retirement 2030	639,346
T. Rowe Price Retirement 2040	446,769
T. Rowe Price Stable Common Trust Fund	446,550

During the period from January 1, 2014 to August 5, 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) in mutual funds appreciated in value by \$197,808 and earned interest and dividend income of \$6,678 during the period from January 1, 2014 to August 5, 2014.

NOTE 6 – FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

NOTE 6 – FAIR VALUE MEASUREMENTS (Continued)

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Stable Value Fund: The fair values of participation units in the stable value collective trust are based upon the net asset values of such fund, after adjustments to reflect all fund investments at fair value, including direct and indirect interests in fully benefit-responsive contracts, as reported in the audited financial statements of the fund (Level 2 inputs). The investment objectives of the trust are to maximize current income consistent with the maintenance of principal and to provide for benefit-responsive participant withdrawals at contract value for certain events without penalty or adjustment. The trust will attempt to achieve these desired objective by investing primarily in guaranteed investment contracts (GICs) issued by insurance companies; investment contracts issued by banks (BICs); structured or synthetic investment contracts (SICs) issued by banks, insurance companies, and other issuers, as well as the securities supporting such SICs (underlying assets); separate account contracts (SACs); and other similar instruments that are intended to maintain a constant net asset value (collectively, investment contracts). The fund generally provides for daily redemptions to meet benefit payments and other participant-initiated withdrawals permitted by plan invested in the trust. However, for redemptions of their entire interest, retirement plans are required to provide 12 - 30 month's advance written notice to the trustee prior to redemption of the units; the notice period may be shortened or waived by the trustee in its sole discretion. The notice period was waived by the trustee due to the value in the fund and the plan merger. Currently the Plan does not provide for any competing stable value funds or benefit-responsive investment contracts.

There were no assets measured at fair value held by the Plan at August 5, 2014.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan held investments managed by T. Rowe Price Retirement Services, the Plan recordkeeper, and therefore, these transactions and the Plan's payment of recordkeeping fees to T. Rowe Price Retirement Services qualify as party-in-interest transactions. State Street Bank and Trust Company is the Plan's trustee and, therefore, the Plan's payment of trustee fees to State Street Bank and Trust Company qualify as party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 8 - TAX STATUS

The Internal Revenue Service issued an opinion letter dated March 31, 2008, indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

NOTE 8 - TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of August 5, 2014 and December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

There were issues related to calculation of participant deferrals and employer contributions to the Plan which may indicate operational deficiencies in the Plan's compliance with the applicable qualification sections of the Internal Revenue Code. Management has indicated its intent to address these issues and correct these in accordance with the procedures prescribed by the Internal Revenue Service and, accordingly, they believe that these issues will not impact the Plan's tax-exempt status.

NOTE 9 – SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through July 22, 2016, which is the date the financial statements were available to be issued.
