Berger Singerman, LLP 401(k) and Profit-Sharing Plan
Fort Lauderdale, Florida

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of Berger Singerman, LLP 401(k) and Profit-Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the custodian as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the Plan Administrator by the custodian is complete and accurate to the best of their knowledge.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

RSM US LLP is the U.S. member firm of RSM International, a global network of independent audit, tax, and consulting firms. Visit rsmus.com/aboutus for more information regarding RSM US LLP and RSM International.

Emphasis of Matter
As discussed in Note 2 to the financial statements, the entity adopted new accounting guidance related to presentation of fair value of certain investments and disclosure of investments. Prior year disclosures have also been revised to reflect the retrospective application of adopting these changes in accounting. Our disclaimer of opinion is not modified with respect to this matter.

Other Matter
The supplemental schedule of assets (held at end of year) as of December 31, 2015, is required by the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, and is presented for the purposes of additional analysis and is not a required part of the financial statements. This supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Plan Description

The following description of the Berger Singerman, LLP (the Company) 401(k) and Profit-Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan that provides for contributions made under salary deferral agreements pursuant to Section 401(k) of the Internal Revenue Code (the Code). The Plan covers substantially all employees of the Company who are not members of the following classes of employees: (a) those subject to a collective bargaining agreement; (b) non-residents who have no earned income from sources within the United States of America; and/or (c) contract attorneys. To be eligible to participate in the Plan, employees must attain a minimum age of 21, complete six months of full calendar months of service and be credited with at least 500 hours of service. The Trustees, who are members of management of the Company, are responsible for oversight of the Plan. The Trustees also determine the appropriateness of the Plan's investment offerings and monitor investment performance. John Hancock Life Insurance Company (U.S.A.) (John Hancock) serves as custodian of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan amendments: Effective January 1, 2015, the Plan was amended to include one additional affiliated service organization as a participating employer of the Plan. This affiliated organization has been granted prior service credit and is immediately eligible to participate in the Plan. Additionally, effective June 2015, the Plan was amended to remove a total of three affiliated service organizations as participating employers of the Plan. Also, effective March 1, 2016, the plan was amended to comply with recently issued Internal Revenue Service (IRS) revenue procedures.

Contributions: Eligible participants may elect to make contributions to the Plan by means of a salary deferral agreement pursuant to Section 401(k) of the Code, subject to maximum dollar limitations established by the IRS. In addition, participants who have attained age 50 by the end of the Plan year may make catch-up contributions up to limits defined by the IRS. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Upon meeting the eligibility requirements, unless otherwise elected by the employee, the employee's compensation will automatically be reduced by 3% each pay period and remitted to the Plan as a salary deferral contribution. The Company may make discretionary matching and profit-sharing contributions for the benefit of those participants who are active employees at year-end and who have at least 1,000 hours of credited service during the year. For the year ended December 31, 2015, the Company made discretionary matching contributions of 25% of each participant's salary deferrals up to 6% of the participant's compensation. In addition, the Company made discretionary profit-sharing contributions equal to 3%-9% of each eligible participant's compensation.

The Plan allows participants to designate certain salary deferral contributions as Roth elective contributions. Designated Roth contributions will currently be included in the gross taxable income of the participant, but distributions of designated Roth contributions and earnings thereon will be excludable from gross taxable income for that participant.

Participant accounts: Each participant's account is credited with the participant's contributions, the Company's discretionary matching contribution and an allocation of the Company's discretionary profit-sharing contribution, if any, and Plan earnings. Each participant's account is charged with an allocation of Plan losses, if any, and administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled to is the benefit that can be provided from the participant's vested account.

Note 1. Plan Description (Continued)

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Employer contributions vest on the basis of years of service. A participant is 33% vested after two years of credited service, 67% vested after three years of credited service and becomes 100% vested after four years. Regardless of years of service, participants are 100% vested upon becoming disabled or upon death.

Forfeitures: Nonvested accounts forfeited by terminated participants are used to offset current year Company discretionary matching and discretionary profit-sharing contributions or to pay Plan expenses, if the Company elects not to pay such expenses. At December 31, 2015 and 2014, forfeited nonvested accounts available for future use totaled $37,264 and $24,405, respectively. During 2015, the Plan used $37,264 of forfeitures to reduce Company matching and profit-sharing contributions.

Investment options: Upon enrollment in the Plan, a participant may direct contributions into any of the various investment options offered by the Plan. Participants may change their investment options at any time via the Internet or telephone.

Notes receivables from participants: Participants may borrow from their accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance. Loan terms range up to five years, or up to 30 years if used to purchase a primary residence. The loans are secured by the vested balance in the participant's account, bear interest at a fixed rate commensurate with local prevailing rates at the date of each loan (4.25% at December 31, 2015), as determined by the Plan Administrator, and mature through 2027. Principal and interest are paid ratably through payroll deductions.

Payment of benefits: At termination of service for any reason, the participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a single lump-sum payment, subject to the 20% withholding for income taxes, or as a direct rollover to an individual retirement account or another employer's tax qualified plan. In the event of the death of a participant, the participant's account will be paid to the participant's beneficiary in a single lump-sum payment. In the event that the participant's vested accrued benefit is less than $5,000, the Plan Administrator may make a single lump sum payment without the election or request of the participant.

In the event of financial hardship, and upon attaining age 59½, the Plan allows for in-service distributions of participant deferrals, Company matching and profit-sharing contributions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared using the accrual method of accounting.

Use of estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment custodians and insurance company. See Note 4 for discussion of fair value measurements.

Note 2. Summary of Significant Accounting Policies (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefit.

Payment of benefits: Benefits are recorded when paid.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are recorded as distributions based on the terms of the Plan agreement.

Contributions: Contributions from Plan participants and the discretionary matching contribution from the Company are recorded in the year in which the participant contributions are withheld from amounts paid. Profit-sharing contributions are recognized as a receivable in the current plan year based on the approved profit-sharing contribution. All participant and employer contributions are participant-directed.

Administrative expenses: Certain administrative expenses of the Plan are paid by the Company. Loan origination and distribution processing fees are charged to the borrower/participant. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation of fair value of investments.

Accounting pronouncements adopted: In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this Update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statements of net assets available for benefits. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this Update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this Update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. The Plan adopted the Update for the 2015 plan year and the Update was retroactively applied to December 31, 2014. Prior year disclosure in Note 4 has been revised to reflect the retrospective application of this Update. The impact of adopting this Update is reflected in Note 4.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)*. The purpose of this Update is to simplify plan accounting.

Note 2. Summary of Significant Accounting Policies (Continued)

The amendments in Part I of this Update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts.

Fully benefit-responsive investment contracts will be presented at contract value; accordingly there will no longer be an adjustment from fair value to contract value on the face of the financial statements. The amendments in Part II of this Update will eliminate the requirements for plans to disclose: (1) individual investments that represent 5% or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, *Annual Return/Report of Employee Benefit Plan,* as a direct filing entity, disclosure of that investment's strategy will no longer be required. The amendments in Part III of this Update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month end.

The Update may be adopted in whole or by part (I, II and III), as applicable. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. The Plan adopted this Update for the 2015 plan year, and the amendments in Part II was retrospectively applied to December 31, 2014. The amendments in Parts I and III of this Update were not applicable to the Plan. Prior year disclosures in Notes 3 and 4 have been revised to reflect the retrospective application. The impact of adopting this Update is reflected in the financial statements.

Subsequent events: The Plan Administrator has evaluated subsequent events through July 25, 2016, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by John Hancock Life Insurance Company (U.S.A.) (Custodian)

The following is a summary of the Plan's asset information as of December 31, 2015 and 2014, and for the year ended December 31, 2015, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by John Hancock Life Insurance Company (U.S.A.) (John Hancock), the custodian under the Plan and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate to the best of their knowledge. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures, except for comparing such certified information to the information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2015	2014
Investments at fair value:		
Pooled separate accounts	$ 27,698,630	$ 27,912,970
Common collective trust funds	1,696,875	-
	$ 29,395,505	$ 27,912,970
Notes receivable from participants	$ 246,489	$ 265,287

John Hancock has also certified the completeness and accuracy of ($463,098) in net depreciation of fair value (including gains and losses on investments bought and sold, as well as held during the year) of the aforementioned investments and $14,323 of interest related to notes receivable from participants for the year ended December 31, 2015.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

***Pooled separate accounts*:** Valued at the net asset value (NAV) of shares in each account held by the Plan at year end. The net asset value is not a publicly-quoted price in an active market. The NAV, as provided by the insurance carrier, is used as a practical expedient to estimating fair value.

Common collective trust stable value fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2015 and 2014:

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Investments at fair value	$ -	$ -	$ -	$ -
Investments measured at NAV (a)				29,395,505
				$ 29,395,505

	Assets at Fair Value as of December 31, 2014 (as Revised)			
	Level 1	Level 2	Level 3	Total
Investments at fair value	$ -	$ -	$ -	$ -
Investments measured at NAV (a)				27,912,970
				$ 27,912,970

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note 4. Fair Value Measurements (Continued)

The following tables set forth a summary of the Plan's investments for which fair value is estimated using the net asset value per share (or its equivalent) as of December 31, 2015 and 2014:

	Fair Value at December 31,		Unfunded	Redemption	Redemption
	2015	2014	Commitment	Frequency	Notice Period
Pooled separate accounts:					
Aggressive growth (a)	$ 2,908,424	$ 2,980,284	-	Monthly	None
Asset allocation – lifestyle (b)	15,237,309	15,272,034	-	Monthly	None
Asset allocation – lifecycle (c)	1,365,573	1,222,979	-	Monthly	None
Conservative (d)	-	1,180,509	-	Monthly	None
Growth and income (e)	3,579,708	2,688,801	-	Monthly	None
Growth (f)	2,432,984	2,636,685	-	Monthly	None
Income (g)	2,174,632	1,931,678	-	Monthly	None
Common collective trust fund (h)	1,696,875	-	-	Daily	None
	$ 29,395,505	$ 27,912,970	-		

(a) These funds seek to provide long-term growth of capital by investing 100% of the portfolio's assets in underlying portfolios that invest primarily in equity securities of rapidly growing companies.

(b) These funds seek to provide a high level of current income with some consideration also given to growth of capital. Total return includes interest, capital gains, dividends and distributions realized over a given period of time. To pursue this goal, the funds invest substantially all of their assets in underlying funds, which invest primarily in fixed-income and equity securities.

(c) These funds seek to provide a high total return until its target retirement date. Total return includes interest, capital gains, dividends and distributions realized over a given period of time. To pursue this goal, the funds invest substantially all of their assets in underlying funds using an asset allocation strategy designed for investors expected to retire in the designated retirement year.

(d) These funds seek to provide a high level of current income with some consideration given to growth of capital by investing in high-quality money market instruments with maturities of approximately one year issued primarily by U.S. entities.

(e) These funds seek to provide a balance between high level of current income and growth of capital, with a greater emphasis on growth of capital, by investing approximately 40% of the portfolio's assets in underlying portfolios that invest primarily in fixed-income securities and approximately 60% of its assets in underlying portfolios that invest primarily in equity securities.

(f) These funds seek to provide long-term growth of capital by investing approximately 80% of the portfolio's assets in underlying portfolios that invest primarily in equity securities and approximately 20% of its assets in portfolio's that invest primarily in fixed-income securities.

(g) These funds seek to provide a balance between a high level of current income and growth of capital, with a greater emphasis on income by investing approximately 60% of the portfolio's assets in underlying portfolios that invest primarily in fixed-income securities and 40% of its assets in portfolios that invest primarily in equity securities.

(h) This fund seeks to preserve capital and provide stability of principal while earning current income that exceeds money market rates over the long term. The fund invested primarily in benefit-responsive contracts issued by state regulated insurance companies and banks.

Note 4. Fair Value Measurements (Continued)

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2015, there were no transfers in to or out of Levels 1, 2 or 3.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become immediately 100% vested in their accounts.

Note 6. Income Tax Status

Effective August 1, 2011, the Plan adopted the Volume Submitter Profit-Sharing Plan with cash or deferred arrangement (CODA) sponsored by the Pension Studio, the record keeper of the Plan. The volume submitter plan has received an opinion letter from the IRS stating that the volume submitter plan was designed in accordance with the provisions of the Internal Revenue Code (Code). The Plan Administrator believes the Plan, as amended, is designed and is being operated in compliance with the applicable provisions of the Code.

GAAP requires Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more-likely-than-not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Related Party Transactions and Parties-in-Interest

John Hancock is the custodian of the Plan; therefore, transactions with the custodian qualify as parties-in-interest transactions. Fees paid by the Plan to the custodian amounted to $652 for the year ended December 31, 2015.

The Pension Studio is the record keeper as defined by the Plan; therefore, transactions with The Pension Studio qualify as party-in-interest transactions. Fees paid to The Pension Studio by the Plan for record keeping services amounted to $6,752 for the year ended December 31, 2015.
