Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph; however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Massachusetts Mutual Life Insurance Company, the administrative services provider as agent for Hartford Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and notes receivable from participants and executes investment transactions. The Plan Administrator has obtained a certification from the custodian as of and for the year ended December 31, 2015, that the information provided to the Plan Administrator by the custodian is complete and accurate to the best of their knowledge.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2015 financial statements.

Emphasis of Matter

As discussed in Note 3 to the financial statements, in 2015, the Plan adopted new accounting guidance for fully benefit-responsive investment contracts. Our opinion is not modified with respect to this matter.

Prior Year Disclaimer of Opinion by Other Auditor

Other auditors were engaged to audit the financial statements of K&M Tire, Inc. 401(k) Plan as of and for the year ended December 31, 2014, whose report dated July 7, 2015, disclaimed an opinion on those financial statements as a result of the omission of certain audit procedures at the request of management as permitted by 29 CFR 2520.103-8 of Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*.

Other Matter

The supplemental schedule listed in the table of contents is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974* and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

K&M Tire, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

Note 1: Description of the Plan

The following description of the K&M Tire, Inc. 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which is available from the Plan Administrator.

General

The Plan is a defined contribution plan covering substantially all employees of K&M Tire, Inc. (Company) who are 18 years of age and have one year of service. It is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Massachusetts Mutual Life Insurance Company serves as the Plan custodian.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions of up to 75 percent of eligible compensation. Employee rollover contributions are also permitted. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Company may also match a portion of employee contributions, which is determined annually by the Company's Board of Directors. There were no matching contributions during 2015 and 2014. Contributions are subject to certain limitations.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing their contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit, to which a participant is entitled, is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's matching contributions portion of a participant's account plus the earnings thereon is based on years of continuous service. A participant is fully vested after five years of continuous service. The nonvested balance is forfeited upon termination of service.

K&M Tire, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account. Interest on the loans is based on local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

Upon termination of service, participants may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, annual installments over a future period or a joint and survivor annuity. At December 31, 2015 and 2014, there were no Plan assets allocated to accounts of terminated or retired participants who have elected to withdraw from the Plan but have not yet been paid.

Forfeited Accounts

At December 31, 2015 and 2014, there were no forfeited nonvested account balances. Forfeitures are used to pay Plan expenses or are reallocated to participants in the same manner as nonelective employer contributions.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared under the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

K&M Tire, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Pooled separate accounts are valued at the net asset value (NAV) of the units of the pooled separate accounts as provided by the custodian. The NAV is used as a practical expedient to estimate the fair value of the pooled separate accounts.

Fully benefit-responsive investment contracts are valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administration expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Tax Status

The Plan operates under a volume submitter profit sharing Plan Document sponsored by Massachusetts Mutual Life Insurance Company. This Plan Document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Administrative Expenses

Administrative expenses are paid by the Company or the Plan, at the Company's discretion.

K&M Tire, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values in investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Transfers Between Fair Value Hierarchy Levels

Transfers in and out of Level 1 (quoted market prices) and Level 2 (other significant observable inputs) are recognized on the period beginning date.

Reclassifications

Certain reclassifications have been made to the 2014 financial statement to conform to the 2015 financial statement presentation. These reclassifications had no effect on changes in net assets available for benefits.

Note 3: Change in Accounting Principle

In 2015, the Plan changed its method of accounting for fully benefit-responsive investment contracts by adopting the provisions of ASU 2015-12, *Plan Accounting (Topics 962 and 965): Part I: Fully Benefit-Responsive Investment Contracts*. The accounting provided for in ASU 2015-12 allows plans to measure, present and disclose fully benefit-responsive investment contracts at contract value. The effect of the adoption of the ASU is to eliminate the requirement to measure fair value of fully benefit-responsive contracts and to present the reconciliation from fair value to contract value on the statement of net assets. This change was applied retrospectively to all periods presented.

In 2015, the Plan changed its accounting policy on plan accounting disclosures by adopting the provisions of ASU 2015-12, *Plan Accounting (Topics 960, 962 and 965): Part II: Plan Investment Disclosures*. The accounting policy change provided for in ASU 2015-12 changes the Plan's disclosure requirements to eliminate and/or modify certain investment-related disclosures. This change was applied retrospectively for all periods presented.

Note 4: Certification by Plan Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2015 and 2014

K&M Tire, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2015 and 2014
- Investment information included in the accompanying schedule of assets (held at end of year) as of December 31, 2015

The Plan's independent auditors did not perform procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 5: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more or such an employer or employee association or relatives of such persons.

Fees for trust and management services paid by the Plan to the custodian, third-party administrator and an investment management company were \$3,469 and \$3,045 during 2015 and 2014, respectively.

The Plan incurs expenses related to general administration and record keeping. The Plan Sponsor pays these expenses and certain accounting and auditing fees relating to the Plan.

Note 6: Differences Between Financial Statements and Form 5500

Differences between the Annual Report/Report of Employee Benefit Plan (Form 5500) filed with the Internal Revenue Service and the accompanying financial statements include classification differences.

Note 7: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

K&M Tire, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

At December 31, 2015 and 2014, the Plan does not hold any investments classified as Level 1, Level 2 or Level 3 within the fair value hierarchy. The following is a summary of the Plan's assets measured at fair value on a recurring basis at December 31, 2015 and 2014:

	December 31,	
	2015	2014
Pooled separate accounts (A)	\$ 3,912,226	\$ 3,438,285

(A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

The pooled separate accounts are valued based upon the net asset value (NAV) of the funds multiplied by the units held by the Plan at year-end. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The underlying investments of the pooled separate accounts consist solely of mutual funds and the investment strategy of the respective pooled separate accounts aligns directly with the investment strategy of the underlying mutual fund investments.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2015 and 2014. There are no participant redemption restrictions for these investments:

		December 31, 2015		
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts (A)	\$ 3,912,226	N/A	Daily	None

K&M Tire, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

	Fair Value	December 31, 2014		
		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts (A)	\$ 3,438,285	N/A	Daily	None

(A) Pooled separate accounts include various separate accounts. Details of the pooled separate accounts held are listed in the accompanying supplemental Schedule of Assets (Held at End of Year). Large Cap pooled separate accounts seek growth of capital and invest primarily in common stocks and seeks to invest in companies that appear to offer superior opportunities for growth of capital. Mid-Cap pooled separate accounts seek capital appreciation primarily in stocks of leveraged companies. Small Cap pooled separate accounts invest primarily in companies with lower market capitalization at the time of purchase and have potential for capital appreciation. Target portfolio pooled separate accounts seek a high total return until the fund's target retirement date under normal market conditions. Balanced pooled separate accounts seek to provide an aggregate total return of the market index composed of small, medium, or large sized U.S. Companies and debt securities. Bond pooled separate accounts seek to provide consistent income through investments in debt securities offered by U.S. corporations and government agencies. International pooled separate accounts seek to invest in primarily non-U.S. companies that trade in foreign markets that are generally considered to be well established.

Note 8: Investment Contract With Insurance Company

In 2001, the Plan entered into a fully benefit-responsive investment contract with Massachusetts Mutual Life Insurance Company (Mass Mutual). Mass Mutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

The guaranteed investment contract is fully benefit responsive; therefore, contract value is the relevant measurement. Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan Documents (including complete or partial plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

K&M Tire, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2015 and 2014

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The guaranteed investment contract is a traditional investment contract.

Note 9: Transfer to Plan

On October 2, 2015, \$354,899 of assets were transferred to the Plan from Midwest Tire & Muffler, Inc. 401(k) Plan.

Note 10: Subsequent Events

Subsequent events have been evaluated through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.

Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator (“you”) in completing the Form 5500 Schedule C¹ by identifying different types of compensation paid with respect to the product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2015 - 12/31/2015 and indirect compensation is presented on a calendar year basis ending 12/31/2015.

This report includes compensation actually paid to or by MassMutual within the indicated plan year as part of your MassMutual-serviced product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your MassMutual customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than MassMutual). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes with respect to services provided through our product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because, among other potential considerations, plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your MassMutual Service Team should you require additional information regarding the compensation paid to or by MassMutual with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan’s service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

¹Please refer to the Schedule C of the Form 5500 and its instructions (available at: <http://www.dol.gov/ebsa/5500main.html>), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

Direct Compensation **\$3,468.63**

The total amount identified above reflects fees deducted from plan assets at the plan administrator's direction for the 2015 plan year for the above named recipient. Please review other service providers, below, to determine whether direct fees were also paid to them. Also, please review your records to determine whether other service providers may have received any compensation not reported below (e.g., a reimbursement paid to any plan fiduciary, your employee benefits counsel, or a plan auditor).

Note: Due to system accounting protocols (including 'cash basis' accounting), amounts reported as Direct Compensation and amounts reported as paid to Massachusetts Mutual Life Insurance Company ("MMLIC") are the net result of aggregating direct compensation after the effects of adjustments processed in 2015, some of which may have pertained to prior years.

Please review the detailed breakdown at the end of the report for further information.

Indirect Compensation

Float compensation **\$50.29**

Bank accounts and investments associated with short-term investment pool

This is an estimate based on the annual average rate of float (0.573% for 2015) earned on the bank accounts and investments associated with the short-term investment pool for the 2015 calendar year multiplied by an estimate of the assets related to uncashed checks.* This estimate does not include float earned for any other reason (e.g., if amounts remitted cannot be immediately invested because they are not in good order). Please review or request a copy of the current float disclosure for more information about the other circumstances in which float is earned.

* A complete listing of distribution checks that remain outstanding for your plan is available on the Retirement Plan Access web site under the Standard Reports section (Report R03998-Outstanding Distribution Checks). Uncashed check assets will continue to remain in a float-earning bank account until such time direction is received from the Plan Sponsor, subject to applicable regulation. The Plan Sponsor should consult with the Plan's/Plan Sponsor's tax advisor or benefits counsel to determine if assets attributable to uncashed checks should be included on the Form 5500 filing.

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. MassMutual's Code of Conduct generally restricts MassMutual employees from giving to or receiving gifts from customers and/or business partners having a value of over \$100, in any individual situation, without prior approval. However, it is possible that one or more of your service providers for the calendar year, including MassMutual, engaged in transactions generating nonmonetary compensation. Information concerning reportable transactions undertaken between or among non-MassMutual parties may not be available to MassMutual.

Please consult with your legal or tax advisors if you have any questions.

Under the variable investment options available through your plan's group annuity contract or funding agreement, contract values are invested in Massachusetts Mutual Life Insurance Company separate accounts that, in turn, invest in underlying registered investment companies (i.e., mutual funds) and collective investment funds.

The above list includes any investment option held by the plan on at least one month end during the 2015 calendar year. To arrive at an estimate of the dollar amount that MassMutual received from each investment option, multiply the rate of fees received from each investment option by your plan's year-end balance (or if the investment option was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the investment option at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of K&M Tire, Inc. 401(k) Plan (Plan), which comprise the statements of net assets available for benefits as of December 31, 2015, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph; however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Massachusetts Mutual Life Insurance Company, the administrative services provider as agent for Hartford Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and notes receivable from participants and executes investment transactions. The Plan Administrator has obtained a certification from the custodian as of and for the year ended December 31, 2015, that the information provided to the Plan Administrator by the custodian is complete and accurate to the best of their knowledge.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2015 financial statements.

Emphasis of Matter

As discussed in Note 3 to the financial statements, in 2015, the Plan adopted new accounting guidance for fully benefit-responsive investment contracts. Our opinion is not modified with respect to this matter.

Prior Year Disclaimer of Opinion by Other Auditor

Other auditors were engaged to audit the financial statements of K&M Tire, Inc. 401(k) Plan as of and for the year ended December 31, 2014, whose report dated July 7, 2015, disclaimed an opinion on those financial statements as a result of the omission of certain audit procedures at the request of management as permitted by 29 CFR 2520.103-8 of Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*.

Other Matter

The supplemental schedule listed in the table of contents is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974* and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*.

K&M Tire, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

Note 1: Description of the Plan

The following description of the K&M Tire, Inc. 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which is available from the Plan Administrator.

General

The Plan is a defined contribution plan covering substantially all employees of K&M Tire, Inc. (Company) who are 18 years of age and have one year of service. It is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Massachusetts Mutual Life Insurance Company serves as the Plan custodian.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions of up to 75 percent of eligible compensation. Employee rollover contributions are also permitted. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Company may also match a portion of employee contributions, which is determined annually by the Company's Board of Directors. There were no matching contributions during 2015 and 2014. Contributions are subject to certain limitations.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing their contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit, to which a participant is entitled, is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's matching contributions portion of a participant's account plus the earnings thereon is based on years of continuous service. A participant is fully vested after five years of continuous service. The nonvested balance is forfeited upon termination of service.

K&M Tire, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2015 and 2014

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account. Interest on the loans is based on local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

Upon termination of service, participants may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, annual installments over a future period or a joint and survivor annuity. At December 31, 2015 and 2014, there were no Plan assets allocated to accounts of terminated or retired participants who have elected to withdraw from the Plan but have not yet been paid.

Forfeited Accounts

At December 31, 2015 and 2014, there were no forfeited nonvested account balances. Forfeitures are used to pay Plan expenses or are reallocated to participants in the same manner as nonelective employer contributions.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared under the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

K&M Tire, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Pooled separate accounts are valued at the net asset value (NAV) of the units of the pooled separate accounts as provided by the custodian. The NAV is used as a practical expedient to estimate the fair value of the pooled separate accounts.

Fully benefit-responsive investment contracts are valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administration expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Tax Status

The Plan operates under a volume submitter profit sharing Plan Document sponsored by Massachusetts Mutual Life Insurance Company. This Plan Document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Administrative Expenses

Administrative expenses are paid by the Company or the Plan, at the Company's discretion.

K&M Tire, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values in investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Transfers Between Fair Value Hierarchy Levels

Transfers in and out of Level 1 (quoted market prices) and Level 2 (other significant observable inputs) are recognized on the period beginning date.

Reclassifications

Certain reclassifications have been made to the 2014 financial statement to conform to the 2015 financial statement presentation. These reclassifications had no effect on changes in net assets available for benefits.

Note 3: Change in Accounting Principle

In 2015, the Plan changed its method of accounting for fully benefit-responsive investment contracts by adopting the provisions of ASU 2015-12, *Plan Accounting (Topics 962 and 965): Part I: Fully Benefit-Responsive Investment Contracts*. The accounting provided for in ASU 2015-12 allows plans to measure, present and disclose fully benefit-responsive investment contracts at contract value. The effect of the adoption of the ASU is to eliminate the requirement to measure fair value of fully benefit-responsive contracts and to present the reconciliation from fair value to contract value on the statement of net assets. This change was applied retrospectively to all periods presented.

In 2015, the Plan changed its accounting policy on plan accounting disclosures by adopting the provisions of ASU 2015-12, *Plan Accounting (Topics 960, 962 and 965): Part II: Plan Investment Disclosures*. The accounting policy change provided for in ASU 2015-12 changes the Plan's disclosure requirements to eliminate and/or modify certain investment-related disclosures. This change was applied retrospectively for all periods presented.

Note 4: Certification by Plan Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2015 and 2014

K&M Tire, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2015 and 2014
- Investment information included in the accompanying schedule of assets (held at end of year) as of December 31, 2015

The Plan's independent auditors did not perform procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 5: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more or such an employer or employee association or relatives of such persons.

Fees for trust and management services paid by the Plan to the custodian, third-party administrator and an investment management company were \$3,469 and \$3,045 during 2015 and 2014, respectively.

The Plan incurs expenses related to general administration and record keeping. The Plan Sponsor pays these expenses and certain accounting and auditing fees relating to the Plan.

Note 6: Differences Between Financial Statements and Form 5500

Differences between the Annual Report/Report of Employee Benefit Plan (Form 5500) filed with the Internal Revenue Service and the accompanying financial statements include classification differences.

Note 7: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

K&M Tire, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

At December 31, 2015 and 2014, the Plan does not hold any investments classified as Level 1, Level 2 or Level 3 within the fair value hierarchy. The following is a summary of the Plan's assets measured at fair value on a recurring basis at December 31, 2015 and 2014:

	December 31,	
	2015	2014
Pooled separate accounts (A)	\$ 3,912,226	\$ 3,438,285

(A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

The pooled separate accounts are valued based upon the net asset value (NAV) of the funds multiplied by the units held by the Plan at year-end. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The underlying investments of the pooled separate accounts consist solely of mutual funds and the investment strategy of the respective pooled separate accounts aligns directly with the investment strategy of the underlying mutual fund investments.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2015 and 2014. There are no participant redemption restrictions for these investments:

		December 31, 2015		
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts (A)	\$ 3,912,226	N/A	Daily	None

K&M Tire, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

		December 31, 2014		
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts (A)	\$ 3,438,285	N/A	Daily	None

(A) Pooled separate accounts include various separate accounts. Details of the pooled separate accounts held are listed in the accompanying supplemental Schedule of Assets (Held at End of Year). Large Cap pooled separate accounts seek growth of capital and invest primarily in common stocks and seeks to invest in companies that appear to offer superior opportunities for growth of capital. Mid-Cap pooled separate accounts seek capital appreciation primarily in stocks of leveraged companies. Small Cap pooled separate accounts invest primarily in companies with lower market capitalization at the time of purchase and have potential for capital appreciation. Target portfolio pooled separate accounts seek a high total return until the fund's target retirement date under normal market conditions. Balanced pooled separate accounts seek to provide an aggregate total return of the market index composed of small, medium, or large sized U.S. Companies and debt securities. Bond pooled separate accounts seek to provide consistent income through investments in debt securities offered by U.S. corporations and government agencies. International pooled separate accounts seek to invest in primarily non-U.S. companies that trade in foreign markets that are generally considered to be well established.

Note 8: Investment Contract With Insurance Company

In 2001, the Plan entered into a fully benefit-responsive investment contract with Massachusetts Mutual Life Insurance Company (Mass Mutual). Mass Mutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

The guaranteed investment contract is fully benefit responsive; therefore, contract value is the relevant measurement. Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan Documents (including complete or partial plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

K&M Tire, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2015 and 2014

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The guaranteed investment contract is a traditional investment contract.

Note 9: Transfer to Plan
