INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
Wabtec Savings Plan

Report on the Financial Statements

We have audited the accompanying financial statements of Wabtec Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2015 and 2014, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matter - Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, line 4i - Schedule of Assets (Held at End of Year) and Schedule H, line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2015 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

WABTEC SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014

1. DESCRIPTION OF PLAN

The following description of the Wabtec Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document and Summary Plan Description for a more complete description of the Plan’s provisions.

General

The Plan, effective March 9, 1990, amended and restated effective January 1, 2013, is a contributory plan intended to comply with the provisions of Sections 401(a), 401(k), and 401(m) of the Internal Revenue Code (the “Code”). Except for certain collectively bargained employees as described below, all regular United States employees of Westinghouse Air Brake Technologies Corporation and its subsidiaries (“Wabtec” or the “Company”) are eligible to participate upon their hire date. All collective bargaining employees in Wilmerding, Pennsylvania and Greensburg, Pennsylvania are eligible to participate in the Plan upon their hire date but those hired before October 1, 2004 are not eligible for employer contributions. Collectively bargained employees of Triangle Engineered Products are eligible to participate, but are not eligible for employer contributions. Collectively bargained employees of Barber Spring Pennsylvania are eligible for discretionary matching and discretionary annual profit sharing contributions. As of June 1, 2012, former collectively bargained employees of Barber Spring Ohio are no longer covered by their union multiemployer plan and are eligible to participate in the Plan. All collectively bargained employees in Boise, Idaho are eligible to participate in the Plan, but are not eligible for employer contributions.

Effective December 31, 2014, assets of the TransTech Incentive 401(k) Plan (the “TransTech Plan”) were transferred into the Plan. The total fair market value of the net assets transferred as a result of this merger of the TransTech Plan into the Plan was \$4,715,012. Effective January 23, 2015, certain assets of the Longwood Industries, Inc. Retirement Benefit Plan (the “Longwood Plan”) were transferred into the Plan. The total fair market values of the net assets initially transferred from the Longwood Plan into the Plan was \$10,599,271. Additional assets valued at \$479,880 were transferred as of November 11, 2015, completing the merger of the Longwood Plan into the Plan.

Effective December 31, 2015, certain assets of the Railroad Controls, L.P. 401(k) Savings Plan (the “RCL Plan”) were transferred into the Plan. The total fair market value of the net assets transferred as a result of the merger of the RCL Plan into the Plan was \$3,808,570.

A committee appointed by Wabtec’s Board of Directors (the “Committee”) is responsible for the administration and operation of the Plan. In this capacity, the Committee selects and monitors the Plan’s investment options and otherwise takes such steps as may be necessary and appropriate for the effective administration of the Plan.

Contributions

Participants may contribute, through payroll deductions, employee elective pre-tax contributions from 1% to 50% of their eligible compensation, limited to \$18,000 and \$17,500 in 2015 and 2014, respectively. Also, effective January 1, 2008, new eligible employees are automatically enrolled in the Plan, with 3% of eligible compensation contributed to the Plan as employee pre-tax contributions, unless such employees elect a different contribution percentage (or elect not to contribute). This automatic enrollment provision does not apply to certain employee groups (such as certain collectively bargained employees). In addition, participants may contribute employee after-tax contributions from 1% to 50% of their compensation. Participants who were 50 years of age or older during the plan year are allowed to contribute additional pre-tax catch up contributions, up to \$6,000 and \$5,500 annually in 2015 and 2014, respectively. Participants’ total annual contributions may not exceed the contribution limits under Section 415(c) of the Code. In addition, the combination of an employee’s elective pre-tax contribution and after-tax contribution may not exceed 50% of their eligible compensation.

For those participants that are eligible, the Company makes an annual basic contribution of 3% of a participant’s eligible compensation, with the general requirement that the Company employs the participant on December 31. In addition, the Company will match 100% of the participant’s pre-tax and/or after-tax contributions to the Plan up to a total of 3% of eligible compensation.

The Plan allows participants to direct their contributions, and contributions made on their behalf, to any of the investment alternatives offered under the Plan.

Withdrawals

Participants may make the following types of withdrawals:

In-Service Withdrawals - A participant may withdraw any amount of the vested portion of his or her employer matching account, employer basic account, employee after-tax account, and rollover account at any time. Once a participant has reached age 59 1/2, he or she can withdraw any portion of his or her employee elective account.

Hardship Withdrawals - In the case of hardship, as defined in the plan document, the participant can receive up to 100% of his or her employee elective account. Hardship withdrawals are limited to once every plan year. Employee contributions cannot be made to the Plan for a period of six months following the hardship withdrawal.

Notes Receivable from Participants

Notes receivable from participants (loans) are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. A participant may borrow from his or her fund accounts a maximum loan amount equal to the lesser of 50% of the value of the participant's vested balance of his or her account, reduced by any outstanding loan balance, or \$50,000. The loans bear interest based on the Reuters Prime Rate as adjusted monthly. The interest rates on participant loans for the year ending December 31, 2015, range from 3.25% to 9.25%. Principal and interest are paid ratably through monthly payroll deductions.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and (b) Plan earnings and may be charged with an allocation of administrative expenses and other applicable Plan expenses (such as for initiating a Plan loan). The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time as well as terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, the Company will direct either (a) that the investment manager and trustee continue to hold the participants' accounts in accordance with the Plan, or (b) that the investment manager and trustee immediately distribute to each participant all amounts in the participant's account in a single lump-sum payment. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Vesting

Employee pre-tax and after tax contributions are at all times 100% vested and non-forfeitable. Plan participants become 100% vested in employer contributions after three years of service as described in the Plan document.

Forfeitures

Amounts forfeited by participants are used to reduce future employer contributions or pay Plan expenses. Forfeitures used to reduce employer contributions and pay plan administrative expenses during the year ended December 31, 2015 amounted to \$1,026,657 (\$633,002 in 2014). As of December 31, 2015, the amount in the forfeited non-vested accounts totaled \$792,081 (\$905,078 in 2014).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounts of the Plan are maintained on an accrual basis of accounting.

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standard Update ("ASU") 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (Or its Equivalent). This ASU removes the requirement to make certain disclosures as well as categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value as a practical expedient. However, sufficient information must be provided to permit a reconciliation of the fair value of assets categorized within the fair value hierarchy to the amount presented in the Statement of Financial Position. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The Company is required to adopt the provisions of ASU 2015-07 for the reporting periods beginning after December 15, 2015, with early adoption permitted. The Company adopted ASU 2015-07 for the 2015 Plan year and the amendments were applied retrospectively.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Under the amendments, fully benefit-responsive investment contracts are measured, presented, and disclosed at contract value. It also clarifies the definition of what is considered a fully benefit-responsive investment contract. Part II eliminates the requirements to disclose individual investments that represent 5 percent of more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurement shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to early adopt Parts I and II.

Accounting Estimates

The process of preparing financial statements in conformity with U.S. generally accepted accounting principles requires management to use estimates and assumptions that affect certain types of assets, liabilities and changes therein. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, actual results may differ from estimated amounts.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Pension Committee determines the Plan's valuations policies utilizing information provided by the investment advisers and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Income Taxes

The Plan has received a determination letter from the Internal Revenue Service dated May 22, 2014, stating that the Plan is qualified under Section 401 (a) of the Code and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has since been amended, but the plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

These financial statements have not been updated for subsequent events occurring after June 28, 2016, which is the date these financial statements were available to be issued.

3. FAIR VALUE MEASUREMENT

ASC 820 establishes a valuation hierarchy for disclosure of the inputs to valuation used to measure fair value. This hierarchy prioritizes the inputs into three broad levels as follows. Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities. Level 2 inputs are quoted prices for similar assets and liabilities in active markets or inputs that are observable for the asset or liability, either directly or indirectly through market corroboration, for substantially the full term of the financial instrument. Level 3 inputs are unobservable inputs based on the Company's assumptions used to measure assets and liabilities at fair value. A financial asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2015 and 2014.

The Plan's assets are invested in the common stock of Westinghouse Air Brake Technologies Corporation, a common collective trust, several mutual funds through Fidelity Management Trust Company (Fidelity) and mutual funds held by various other issuers, the Plan custodian and trustee. The following is a description of the valuation methodologies used for assets measured at fair value.

Employer Securities: These investments consist of common stock valued at the closing price reported on the active market on which the individual securities are traded.

Shares of Registered Investment Companies: Valued at the quoted Net Asset Value (NAV) of shares held by the Plan at year end.

Common Collective Trust: This investment is comprised of fully benefit-responsive investment contracts issued by insurance companies and other financial institutions ("Contracts"), fixed income securities, and money market funds. Under the terms of the Contracts, the assets of the fund are invested in fixed income securities (which may include, but are not limited to, U.S. Treasury and agency bonds, corporate bonds, mortgage-backed securities, commercial mortgage-backed securities, asset backed securities, and collective investment vehicles and shares of investment companies that invest primarily in fixed income securities) and shares of money market funds. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the common collective trust will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets	Total Fair Value at December 31, 2015	Fair Value Measurements at December 31, 2015 Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Shares of registered investment companies	\$ 290,147,467	\$ 290,147,467	\$ —	\$ —
Employer securities.....	44,987,585	44,987,585	—	—
Common collective trust (a).....	37,327,706	—	—	—
Total.....	<u>\$ 372,462,758</u>	<u>\$ 335,135,052</u>	<u>\$ —</u>	<u>\$ —</u>

3. FAIR VALUE MEASUREMENT (CONTINUED)

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2014 (Level 1, 2 and 3 inputs are defined above):

Assets	Total Fair Value at December 31, 2014	Fair Value Measurements at December 31, 2014 Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Shares of registered investment companies	\$ 277,960,509	\$ 277,960,509	\$ —	\$ —
Employer securities.....	58,247,021	58,247,021	—	—
Common collective trust (a).....	37,028,677	—	—	—
Total.....	<u>\$ 373,236,207</u>	<u>\$ 336,207,530</u>	<u>\$ —</u>	<u>\$ —</u>

(a) In accordance with FASB ASU 820-10, certain investments that are measured at fair value using net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2015 and 2014, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2015	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Collective Trust	\$37,327,706	N/A	Daily	12 months

December 31, 2014	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Collective Trust	\$37,028,677	N/A	Daily	12 months

4. PARTY-IN-INTEREST TRANSACTIONS

Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in unrealized gain (loss) on investment transactions, as they are paid through revenue sharing, rather than as a direct payment. Fees paid by the Plan for professional, legal, and accounting expenses amounted to \$61,287 for the year ended December 31, 2015 (\$133,419 in 2014). All remaining expenses paid by the Plan represent fees paid by the participants for the setup of loans and maintenance. The Plan also invests in Wabtec Stock. Wabtec is the plan sponsor, and therefore, transactions qualify as party-in-interest transactions. Investment (loss) income from parties-in-interest transactions and interest from participant loans amounted to (\$2,736,746) for the year ended December 31, 2015 (income of \$28,709,683 in 2014).

5. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Net (decrease) increase in net assets available for benefits per the Form 5500	<u>\$ (11,966,526)</u>	<u>\$ 22,651,763</u>

6. PROHIBITED TRANSACTIONS

The Plan sponsor inadvertently failed to deposit approximately \$27,043 of participant elective deferral contributions for the years 2009 through 2014 within the required time frame as stated by United States Department of Labor (DOL) regulations. The Plan sponsor has corrected the errors involving delinquent contributions by contributing the amounts to the Plan (with additional earnings), filing a Form 5330, and paying the applicable excise tax to the Internal Revenue Service during 2015. The excise tax payments were made from the Plan sponsor's assets and not the assets of the Plan.
