LM ACQUISITION, INC. PROFIT SHARING 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of the *LM Acquisition, Inc. Profit Sharing 401(k) Plan* (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

Description of the Plan

General

The Plan is a defined contribution plan covering all employees of *LM Acquisition, Inc.* (the “Company”) who are least 21 years of age and have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Each year, participants may contribute up to 100% (85% prior to October 1, 2015) of pretax annual compensation, as defined in the Plan agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective October 1, 2015, participant contributions may be made as Roth after-tax contributions. The Plan also allows participants to make rollover contributions from other qualified retirement plans. The Company’s matching contribution, prior to application of forfeitures and determined annually by its Board of Directors, was set at \$16,000 for 2015 and \$8,000 for 2014. This match, which approximated 15.91% of eligible 2015 participant deferrals and 8.56% of eligible 2014 participant deferrals, was applied to all deferrals regardless of the percentage of compensation deferred. The Company, at its discretion, may make profit sharing contributions to the Plan, allocated based on each participant’s eligible compensation in proportion to the eligible compensation of all participants. No such profit sharing contributions were made in 2015 or 2014. To be eligible for the matching and profit sharing contributions, participants must have been credited with one year of vesting service (1,000 hours) and must have been actively employed on the last day of the Plan year, unless terminated because of retirement, death or disability.

Participants direct the investment of contributions into a variety of pooled separate accounts and a fully benefit-responsive investment contract with an insurance company. These pooled separate accounts and the investment contract are part of a group annuity contract offered by American United Life Insurance Company (“AUL”), the custodian of the Plan assets. Prior to October 17, 2015, participants directed the investment of contributions into a variety of pooled separate accounts as part of the group annuity contract offered by John Hancock Life Insurance Company (“John Hancock”). Contributions are subject to certain limitations under the Internal Revenue Code (the “Code”).

Participant Accounts

Each participant’s account is credited with the participant’s contributions, the Company’s matching contributions and an allocation of the Company’s profit sharing contributions (when made) based on participant eligible compensation and Plan earnings based on the performance of the investment options selected by the participant. Participant accounts are charged for transactional expenses related to notes receivable and benefit payments. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

LM ACQUISITION, INC. PROFIT SHARING 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Vesting

Participants are immediately vested in their 401(k) voluntary contributions plus actual earnings thereon. Vesting in the Company matching and profit sharing contributions is based on years of credited service. Participants are 100% vested after three years of credited service with no vesting prior to that time.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The \$50,000 maximum is reduced by the excess of the participant's highest outstanding loan balance in the twelve months prior to origination of the loan over the outstanding loan balance at the inception of the new loan. The notes receivable are secured by the balance in the participant's account and bear interest at a fixed rate determined by the Plan Administrator (currently 4.25%). Loan terms range from 1 to 5 years unless the loan is for the purchase of a primary residence, in which case the term may be for a longer term. A participant may have only one loan outstanding at any time. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. If the participant's vested account balance is less than \$1,000, payment will be made in a lump-sum without the participant's consent unless the participant elects otherwise. Effective October 1, 2015, if the vested account balance is greater than \$1,000 but less than \$5,000, payment will be made as a direct rollover to an individual retirement account at a provider selected by the Plan Administrator unless the participant elects otherwise. In-service withdrawal of vested balances may be elected by participants who have reached 59½ years of age. The Plan also permits hardship withdrawals, as defined in the Plan agreement.

Forfeited Accounts

Forfeited nonvested accounts are used to reduce applicable administrative expenses of the Plan or applied to reduce future employer contributions. Forfeitures totaled \$327 in 2015 and \$15 in 2014. During 2016, \$356 in forfeitures were used to reduce the 2015 employer matching contribution. During 2014, \$178 in forfeitures were used to offset the Plan's administrative expenses. Forfeited nonvested accounts totaled \$356 at December 31, 2015 and \$15 at December 31, 2014.

Administrative Expenses

The Plan's administrative expenses, including auditing and legal fees, are paid by the Company and qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Fees for custodial and record keeping services are paid by the Plan. Participants are charged directly for loan fees and fees related to benefit payments.

LM ACQUISITION, INC. PROFIT SHARING 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Plan Trustees

Todd Taylor and Clete Miller, the President and Secretary, respectively, of the Company, are the trustees of the Plan.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodians. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net (depreciation) appreciation in fair value of pooled separate accounts includes the Plan's gains and losses on investments bought and sold as well as held during the year and interest and dividends received from the underlying investments.

Management fees and operating expenses charged to the Plan for investments in pooled separate accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation or an addition to net depreciation in fair value of pooled separate accounts.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the Plan Administrator deems the note receivable to be in default in accordance with the terms of the Plan agreement, the participant note receivable is reduced and a benefit payment is recorded.

LM ACQUISITION, INC. PROFIT SHARING 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Contributions

Contributions from participants are recorded when withheld from their compensation. Employer contributions are recorded in the period in which they become obligations of the Company.

Payment of Benefits

Benefits are recorded when paid.

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)*. This ASU removes the requirement to make certain disclosures as well as categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value ("NAV") as a practical expedient. The ASU is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. Plan management has elected to adopt the ASU for the year ended December 31, 2015. Other than the change to disclosures, the adoption of this standard did not have a material impact on the financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Plan management has elected to adopt Parts I and II early and, other than the change to disclosures and measuring the fully benefit-responsive investment contract with an insurance company at contract value only, the early adoption of this standard did not have a material impact on the financial statements.

LM ACQUISITION, INC. PROFIT SHARING 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Subsequent Events

In preparing these financial statements, Plan management has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to December 31, 2015, the most recent statement of net assets available for benefits presented herein, through July 21, 2016, the date these financial statements were available to be issued. No significant events or transactions of this nature were identified.

2. INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, AUL, as custodian of the Plan beginning October 17, 2015, and John Hancock, custodian of the plan through October 16, 2015, have certified the completeness and accuracy of the investment information reflected in (1) the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014, (2) the December 31, 2015, schedule of assets (held at end of year), (3) the related investment activity reflected in the statements of changes in net assets available for benefits during 2015 and 2014 and (4) the information presented in Note 4. AUL has also certified the completeness and accuracy of the notes receivable from participants and the related interest income as of December 31, 2015 and for the period from October 17, 2015 through December 31, 2015. John Hancock has certified the completeness and accuracy of the notes receivable from participants and the related interest income as of and for the year ended December 31, 2014, and for the period from January 1, 2015 through October 16, 2015.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Pooled separate accounts are valued using the net asset value ("NAV") of units held by the Plan at year end as provided by the insurance company and are not assigned to a level in the fair value hierarchy. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets owned by the account net of investment management fees. The practical expedient is not used when it is determined to be probable that the investment will be sold for an amount different than the reported NAV. There has been no change in methodology used at December 31, 2015 and 2014.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

LM ACQUISITION, INC. PROFIT SHARING 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

The following tables set forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31:

Investment Type	2015			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	\$ 1,501,005	\$ -	Daily	Daily

Investment Type	2014			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	\$ 1,930,120	\$ -	Daily	Daily

The following is a description of the investment strategies for investments in certain entities that calculate net asset value per share (or its equivalent) at December 31, 2015 and 2014:

Pooled separate accounts: These funds include investments that seek to provide long-term capital growth, current income, or capital appreciation by investing primarily in the equity securities of mid to large-sized companies, short-term investments using index funds, and stocks of companies contained in the S&P 500 stock index and are perceived by the manager of the funds to have excellent growth potential.

4. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a fully benefit-responsive investment contract with AUL, who maintains contributions in a general account. This contract meets the fully benefit responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the contract. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting.

LM ACQUISITION, INC. PROFIT SHARING 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- 1) Premature termination of the contracts.
- 2) Plan termination or merger.

Plan management believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- 1) The Plan sponsor rejects a modification of the contract proposed by the issuer.
- 2) The issuer has ceased issuing new contracts of this type and intends to terminate substantially all contracts of this nature.
- 3) After the first three years of the contract, the aggregate account value is less than \$100,000.
- 4) The Plan is being operated or administered in a manner the issuer determines would disqualify the Plan, is unlawful, violates ERISA or the IRC or exposes potential liability.
- 5) The Plan sponsor files for protection under federal bankruptcy law, is deemed insolvent or ceases operations.

5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by AUL, the custodian of the Plan. Certain investments prior to October 17, 2015 were managed by John Hancock, who was the custodian of the Plan at that time. Transactions related to these investments qualify as party-in-interest. Amounts charged directly to participant accounts for loan fees and fees related to benefit payments amounted to \$4,468 in 2015 and \$2,702 in 2014. Fees paid by the Plan for investment management, custodial and other record keeping services are added to net depreciation or deducted from net appreciation in fair value of pooled separate accounts.

6. INCOME TAX STATUS

The Company's Board of Directors has adopted the OneAmerica Financial Partners, Inc. Volume Submitter 401(k) Profit Sharing prototype plan document, which was in effect as of October 1, 2015. The prototype plan document has received an opinion letter from the Internal Revenue Service dated March 31, 2014, stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and that any employer adopting this form of the plan will be considered to have a plan qualified under Section 401(a) of the Code. The Plan is required to operate in conformity with the Code to maintain its qualification. The Plan's Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

LM ACQUISITION, INC. PROFIT SHARING 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan may be subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2012.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts. To the extent not used to pay expenses related to the termination of the Plan, any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the Company may determine.

8. RISKS AND UNCERTAINTIES

The Plan invests in pooled separate accounts, with the underlying assets consisting of any combination of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.
