NOTE 1 – DESCRIPTION OF PLAN

General

The following description of the Matt Industries, Inc. Employee Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan is a defined contribution plan covering all of Matt Industries, Inc. (the Plan Administrator) employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is intended to be a Section 404(c) plan. This means that the participants, and not the Plan fiduciaries, are responsible for the investment decisions relating to the assets in the individuals' accounts under the Plan.

On November 21, 2014, the Plan sponsor acquired certain assets and liabilities relating to the printed product and coated products lines of business of a Syracuse-based corporation, PCI. PCI had a sponsored retirement plan which closed, and the participant accounts were transferred to Matt Industries, Inc. Employee Retirement Plan. During 2015, the former PCI employees became eligible to participate in the Plan and rolled over their account balances. PCI participant account balances and notes receivable were transferred during the 2015 plan year.

Eligibility

The Plan covers all employees of the Company and Eagle Envelope Company, Inc. who have attained 21 years of age and completed one year of service.

Administration

Matt Industries, Inc. is the Plan Sponsor. The Plan assets are held by Capital Bank and Trust Company (the Trustee).

Contributions

NOTE 1 – DESCRIPTION OF PLAN – Continued

Participant Accounts

The Plan Administrator maintains separate accounts in the name of each participant. Each participant's account is credited with the participant's contribution and allocations of (a) the Companies' contribution and (b) Plan earnings (losses). Allocations of the Plan earnings (losses) are based on participant's account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions portion of their account is based on years of continuous service. Participants are vested based on qualifying years of service as follows.

Years of Service	Vesting Percentage
Less Than 2 Years	None
2 Years	20%
3 Years	40%
4 Years	60%
5 Years	80%
6 Years or More	100%

Notes Receivable from Participants

Participants may borrow for financial hardship or special needs from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loans are secured by the balance in the participants' account and bear interest at rates ranging from 4.25% to 5.25%, which are commensurate with local prevailing rates as determined by the Plan administration. Principal and interest is paid ratably through payroll deduction. During 2015, loan balances of $93,639 were transferred to the Plan as non-cash contributions. The loan transfers came from the former PCI employer pension plan.

NOTE 1 – DESCRIPTION OF PLAN – Continued

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, or annual installments over their life expectancy. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution. A participant of at least 59-1/2 years of age may also be eligible to receive in-service distribution subject to other requirements.

Forfeited Accounts

Any amounts forfeited from non-vested accounts may be used to pay for Plan expenses, used to reduce the matching contribution or used to reduce the profit sharing contribution. For the years ended December 31, 2015 and 2014, there were unallocated forfeitures amounting to $1,179 and $228, respectively.

Administrative Expenses

Certain administrative and record keeping functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Participant accounts are charged a loan processing fee when a request for a loan is made. Other costs associated with maintaining this Plan are paid by the Plan Sponsor. Investment related expenses are included in net appreciation in fair value of investments.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the modified cash basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES – Continued

Investments, Fair Value Measurement and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as, held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible the changes in the values of investment securities will occur in the near term and that such changes could materially affect participants, account balances and the amounts reported in the statements of net assets available for benefits – modified cash basis.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES – Continued

Change in Accounting Policy

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to adopt Parts I and II early.

Subsequent Events

Management has evaluated subsequent events through July 26, 2016, which is the date the financial statements were available to be issued.

NOTE 3 – CERTIFIED INVESTMENT INFORMATION

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator has obtained certifications from Capital Bank and Trust Company, the Trustee of the Plan, that all of the information provided by them is complete and accurate. Information included in the accompanying financial statements and supplemental schedule as to investments and notes receivable from participants held at December 31, 2015 and 2014, and net appreciation in fair value of investments, and interest and dividend income for the years ended December 31, 2015 and 2014 is presented in reliance solely upon those certifications.

NOTE 4 – FAIR VALUE MEASUREMENTS

Fair value is an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. The Plan reports fair value measurements using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued at the net asset value, based on quoted market prices in active markets, of shares held by the Plan at year end.

Common/Collective Trust: Valued on the basis of relative interest of each participating investor (participant) of the underlying net assets of the common/collective trust at contract value.

NOTE 4 – FAIR VALUE MEASUREMENTS – Continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the fair value of the Plan's assets recorded at fair value on a recurring basis, as of December 31, 2015 and 2014:

Assets at Fair Value as of December 31, 2015

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 7,073,994	$ 0	$ 0	$ 7,073,994
Common/Collective Trust	0	564,910	0	564,910
Total Investments at Fair Value	$ 7,073,994	$ 564,910	$ 0	$ 7,638,904

Assets at Fair Value as of December 31, 2014

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 3,653,264	$ 0	$ 0	$ 3,653,264
Common/Collective Trust	0	317,689	0	317,689

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 6– TAX STATUS

The Plan has been amended since receiving a prototype opinion letter. However, the Plan Administrator and the Plan's trustee believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Capital Bank and Trust Company is the Trustee of the Plan’s assets. As such, transactions between Capital Bank and Trust Company and the Plan qualify as party-in-interest transactions. The party also uses the services of Strategic Financial Services, LLC and Dermody, Burke & Brown CPAs, LLC to provide various administration and audit services to the plan and are paid a reasonable fee for such services. These transactions qualify as party-in-interest transactions and are considered to be exempt party in interest transactions.
