NORTHERN LABS, INC. 401(k) THRIFT SAVINGS PLAN

Notes to Financial Statements - Modified Cash Basis
December 31, 2015 and 2014

Note 1 - Plan description

The following brief description of the Northern Labs, Inc. 401(k) Thrift Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan is a company-sponsored defined contribution plan covering all eligible employees of Northern Labs, Inc. (Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the employee savings regulations under Section 401(k) of the Internal Revenue Code. All employees of the Company are eligible for participation after completing 90 days of service and reaching the age of 18. Employees may commence participation as of January 1, April 1, July 1, or October 1, upon completion of participation requirements.

B. Contributions

By means of a salary reduction agreement, participants can elect to contribute to the Plan up to 60% of their annual compensation in accordance with the limits of Internal Revenue Code Section 415(d). Participants may elect to have a portion, or all, of their contributions designated as Roth 401(k) contributions. The Company can make a discretionary matching contribution. For the years ended December 31, 2015 and 2014, the Company contributed 50% of the first 6% of base compensation that a participant contributed to the Plan. For the years ended December 31, 2015 and 2014, the Company contributed \$93,516 and \$88,676 to the Plan, respectively.

C. Participant accounts

Each participant's account is credited with the participant's elective contributions and employer matching contributions and allocations of (a) the employer discretionary contribution and (b) earnings, net of expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Vesting

Participants are fully vested in the value of their accounts created by their own contributions. Vesting in the Company's discretionary contributions plus actual earnings thereon is based on years of continuous service. A participant is 100% vested at the time of death, disability, attainment of normal retirement age, or after five years of service with the Company.

E. Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates as determined by the Plan Administrator. Loan terms may not exceed five years unless the loan is used to acquire a primary residence, in which case longer repayment terms are granted. Principal and interest is paid ratably through biweekly payroll deductions.

F. Payment of benefits

If a participant has reached the age of 59½, distributions may be made at the participant's election from their deferral account without requiring the participant to terminate employment. Upon termination of service, a participant whose vested account balance does not exceed \$1,000 will receive a lump-sum distribution of the vested amount. Participants whose vested account balance exceeds \$1,000 may elect to receive as benefits all or any part of the vested amount credited to their accounts as of that date in a single sum, or periodic payments.

G. Forfeited accounts

At December 31, 2015 and 2014, forfeited non-vested accounts totaled \$3,026 and \$756, respectively. These accounts will be used to pay Plan expenses during the Plan year, with any excess used to offset employer contributions. For the years ending December 31, 2015 and 2014, employer contributions were reduced by \$0 and \$8,027 from forfeited non-vested accounts, respectively.

H. Administration

The Company is the administrator of the Plan and has appointed Fidelity Management Trust Company as record keeper, custodian, and trustee. The custodian is responsible for investing and safekeeping the majority of the assets of the Plan. Administrative fees paid to the Plan's Trustee are paid by the Plan. All remaining fees and administrative expenses of the Plan are paid by the Company. Investment related expenses are included in net depreciation in fair value of investments.

Note 2 - Significant accounting policies

A. Accounting method

The Plan prepares its financial statements on the modified cash basis of accounting; consequently, contributions and interest and dividend income are recognized when received rather than when earned and administrative fees are recognized when paid rather than when the obligation is incurred. Accordingly, the financial statements are not intended to present net assets and changes in net assets in conformity with accounting principles generally accepted in the United States of America.

B. Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

C. Use of estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

D. Payment of benefits

Benefits are recorded when paid.

E. Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

F. Change in accounting principle

In July 2015, the Financial Accounting Standards Board (FASB) issued ASU 2015- 12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts as of the month-end date that is closest to the Plan's fiscal year-end, when the fiscal period does not coincide with a month-end. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively and Part III prospectively. Management elected to early adopt Part II of this new standard and the amendments were retrospectively applied. Parts I and III are not applicable to the Plan.

G. Subsequent events

The Plan has evaluated events and transactions for potential recognition or disclosure in the financial statements through July 8, 2016, the date on which the financial statements were available to be issued.

Note 3 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 4 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements - Modified Cash Basis, Continued December 31, 2015 and 2014

Note 4 - Fair value measurements, continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual and money market funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual and money market funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	2015			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 473,013	\$ -	\$ -	\$ 473,013
Mutual funds	<u>6,714,944</u>	<u>-</u>	<u>-</u>	<u>6,714,944</u>
Total assets at fair value	<u>\$ 7,187,957</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 7,187,957</u>

	2014			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 457,893	\$ -	\$ -	\$ 457,893
Mutual funds	<u>6,380,529</u>	<u>-</u>	<u>-</u>	<u>6,380,529</u>
Total assets at fair value	<u>\$ 6,838,422</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 6,838,422</u>

Note 5 - Tax status

The Plan is a prototype plan adopted from the prototype plan sponsor. The prototype plan sponsor has received a notification letter from the Internal Revenue Service which indicates that the form of the prototype plan is acceptable under the Internal Revenue Code. The Plan has not received a determination letter from the Internal Revenue Service. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision for taxes has been made in the financial statements.

Note 6 - Information certified by trustee

Fidelity Management Trust Company, the trustee, has reported and certified as to the completeness and accuracy of the investment information for purposes of preparing the financial statements and supplementary schedule related, thereto. This information includes investments and notes receivable from participants held at December 31, 2015 and 2014 and net depreciation in fair value of investments, interest and dividends and interest income on notes receivable from participants for the years ended December 31, 2015 and 2014.

In accordance with the procedures stated in 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the audit of an independent public accountant need not extend to any statement or information prepared and certified by the trustee. The Plan Administrator, therefore, has instructed the independent public accountants to exclude the information certified by the trustee from the scope of their audit.

Note 7 – Related-party transactions

Certain Plan investments are shares of money market and mutual funds managed by Fidelity Management Trust Company, the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Certain employees and officers of the Plan sponsor, who are also participants in the Plan, perform administrative services to the Plan at no cost to the Plan.

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
