NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Olcott Plastics 401(k) Plan (the Plan) provides only general information. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution profit sharing and 401(k) plan covering eligible employees of Olcott Plastics, Inc. (the Company). Employees are eligible to participate upon completion of one year of service (1,000 service hours) and attaining age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions

The Plan is funded by voluntary contributions of participants and safe harbor matching and discretionary profit sharing contributions of the Company. Participants may contribute to the Plan, through regular payroll deductions, an amount subject to limitations imposed by the Internal Revenue Code. Participants may also roll over amounts representing distributions from other qualified employee benefit plans. The Company made and accrued safe harbor matching contributions of \$144,126 for the year ended December 31, 2015. No discretionary profit sharing contributions were made for the year ended December 31, 2015.

3. Investment Options

Participants must direct their salary deferral contributions and the Company's contributions into a variety of investment funds made available and determined by the Plan Administrator. Participants may change their investment options at any time.

4. Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's safe harbor matching and discretionary profit sharing contributions, and an allocation of plan earnings. The Company's safe harbor matching contribution is allocated based on 100% of the participant's contributions up to 4% of eligible compensation, as defined by the Plan. The Company's discretionary profit sharing contribution is allocated as of the last day of the plan year and is based on ratios of each eligible participant's compensation to total compensation for all eligible participants, as defined in the plan document. Plan earnings are allocated to participants' accounts in direct proportion to their respective account balances, based on the performance of participants' investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

5. Vesting

Participants are immediately fully vested in participant, rollover, and Company safe harbor matching contributions plus the actual earnings thereon. The portion of the participants' accounts attributable to the Company's discretionary profit sharing contributions becomes 20% vested after two years of service and continues to vest at the rate of 20% for each successive year until 100% vested after six years of service. In the event of death, disability, or retirement at designated ages, participants become fully vested.

6. Payment of Benefits

On termination of service, a participant may elect to receive a single, lump-sum payment equal to the value of his or her vested account balance or a direct rollover distribution. In-service distributions and hardship withdrawals, subject to certain restrictions, are also permitted by the Plan.

7. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants are permitted to take loans from the Plan up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. The loans are collateralized by the borrowers' respective vested account balances and bear interest at 4.25%. Principal and interest are paid through payroll deductions over a period not to exceed five years, unless for the purchase of a primary residence. Related interest income totaled \$4,202 for the year ended December 31, 2015.

8. Administrative Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net depreciation in value of investments.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements

Current accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include the following:

- * Quoted prices for similar assets or liabilities in active markets;
- * Quoted prices for identical or similar assets or liabilities in inactive markets;
- * Inputs other than quoted prices that are observable for the asset or liability;
- * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for the Plan's investments measured at fair value. There have been no changes in the methodology used at December 31, 2015 and 2014.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Plan Investments at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 2,430,331	\$ -	\$ -	\$ 2,430,331
Investments, at fair value	<u>\$ 2,430,331</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,430,331</u>

Plan Investments at Fair Value as of December 31, 2014				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 2,335,954	\$ -	\$ -	\$ 2,335,954

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

3. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisers. See Note B-2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

4. Use of Estimates

In preparing the Plan's financial statements, management is required to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

5. Payment of Benefits

Benefits are recorded when paid.

6. Accounting for Uncertainty in Income Taxes

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

7. Adoption of New Accounting Standard

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted.

Management has elected to adopt Part II early for the 2015 plan year. Accordingly, the amendment was retrospectively applied resulting in an adjustment to the 2014 presentation of information reported in Note B and Note C. Parts I and III are not applicable to this Plan.

NOTE C - INFORMATION CERTIFIED BY PAI TRUST COMPANY, INC.

The following is a summary of the Plan's asset information as of December 31, 2015 and 2014, and for the year ended December 31, 2015, included throughout the Plan's financial statements and supplemental information, that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

NOTE D - INCOME TAX STATUS

Effective March 31, 2008, the Plan adopted a nonstandardized form of a prototype plan sponsored by PAi Trust Company, Inc. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since receiving the opinion letter; however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable provisions of the Internal Revenue Code.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become fully vested in their respective account balances.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE G - PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by PAi Trust Company, Inc. PAi Trust Company, Inc. is the custodian, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

NOTE H - PLAN AMENDMENT AND RESTATEMENT

Effective March 8, 2016, the Plan was amended and restated. Significant provisions of the amended and restated plan document are consistent with those of the current plan document. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.
