INDEPENDENT AUDITORS' REPORT

To the Participants and Plan Trustees of the
Kingery Printing Company 401(k) Retirement Plan

Report on the Financial Statements

We have audited the accompanying financial statements of Kingery Printing Company 401(k) Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Kingery Printing Company 401(k) Retirement Plan as of December 31, 2015 and 2014, and the changes in net assets available for benefits for the year ended December 31, 2015 in accordance with accounting principles generally accepted in the United States of America.

Report of Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at end of year as of December 31, 2015, is presented for the purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statement themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

KINGERY PRINTING COMPANY
401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1. PLAN DESCRIPTION

The following description of the Kingery Printing Company ("Company") 401(k) Retirement Plan ("Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Kingery Printing Company under the provision of Section 401(a) of the Internal Revenue Code, which includes a qualified cash or deferred arrangement as described in Section 401(k) of the Internal Revenue Code, for the benefit of eligible employees of the Company. All full-time employees of the Company who have one year of service and are age twenty-one or older are eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year participants may contribute up to the maximum percentage allowed by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company contributes a discretionary percentage, to be determined by the Company, of the participants' salary reductions. For the year ended December 31, 2015, the Company contributed 25% of the first 6% of base compensation that each participant contributed to the Plan. Additional amounts may be contributed at the option of the Company's Board of Directors. All contributions are invested as directed by each individual participant. Contributions are subject to certain limitations under the Internal Revenue Code.

The Company makes discretionary contributions annually. Although it has not expressed any intent to do so, the Company has the right to suspend contributions at any time. As of the end of each year, the employer contributions and forfeitures of terminated participants' nonvested accounts are allocated to participants in the ratio that each participating employees' compensation bears to the total compensation of all participants.

1. **PLAN DESCRIPTION** (Continued)

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer contributions, as well as the participant's share of the Plan's income and any related administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Upon completion of two years of service, participants become 20% vested. During each of the next four years, the vesting percentage increases an additional 20% until full vesting of 100% is reached after six years of service.

Notes Receivable from Participants

Participants may not borrow from their fund accounts.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a specified period of time, not exceeding a participant's life expectancy or joint life expectancy of a participant and participant's designated beneficiary. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

On December 31, 2015 and 2014, forfeited nonvested accounts totaled $1,935 and $366 respectively. The Plan uses participant matching forfeitures to reduce employer matching contributions and uses discretionary contribution forfeitures as additional discretionary contributions. In 2015, $1,731 from forfeited nonvested accounts were used as additional employer discretionary contributions.

NOTES TO FINANCIAL STATEMENTS

1. PLAN DESCRIPTION (Continued)

Plan Expenses

The Plan incurs expenses related to investment advice and auditing fees. Any other Plan expenses are paid by the Company.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Shares of registered investment companies (mutual funds) and collective trust funds are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a confirmation date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the confirmation date. Dividend income and capital gain income was $512,861 for the year ended December 31, 2015. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2015-12 ("ASU 2015-12"), *Simplifying Amendments to Accounting by Defined Benefit and Defined Contribution Plans and Health and Welfare Benefit Plans.* ASU 2015-12 is divided into three parts: (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures and (Part III) Measurement Date Practical Expedient. Part I and Part II of ASU 2015-12 simplify financial reporting requirements for retirement plans by eliminating or reducing certain investment disclosures. Part I eliminates the requirement to measure and disclose the fair value of fully benefit-responsive investment contracts. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirement to disclose individual investments that represent 5 percent or more of total net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also requires plans to continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. ASU 2015-12 is effective for reporting periods beginning after December 15, 2015, with early adoption permitted and shall be applied retrospectively for Part I and Part II and prospectively for Part III. Management has elected to early adopt ASU 2015-12 and has applied these provisions retrospectively.

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2015-07 ("ASU 2015-07"), *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent).* ASU 2015-07 removes the requirement to categorize investments within the fair value hierarchy for those investments measured using the net asset value per share practical expedient and amends certain disclosure requirements for such investments. ASU 2015-07 is effective for fiscal reporting periods beginning after December 15, 2016 and should be applied retrospectively. Earlier adoption is permitted. Management has elected to early adopt ASU 2015-07 and has applied these provisions retrospectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Reclassifications

Certain reclassifications have been made to the 2014 financial statements to conform to the current year presentation related to the adoption in 2015 of ASUs 2015-07 and 2015-12. These reclassifications had no effect on total net assets available for benefits as previously reported.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

3. **FAIR VALUE MEASUREMENTS** (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund: Valued at the NAV of units of the collective trust fund. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust fund, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an ordinarily business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014:

	Investments at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 8,734,260	$ -	$ -	$ 8,734,260

Collective trust fund	-	-	-	1,774,572
Total investments at fair value	$ 9,290,577	$ -	$ -	$ 11,065,149

3. FAIR VALUE MEASUREMENTS (Continued)

(1) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

There were no transfers between level 1 and level 2 investments during the years ended December 31, 2015 and 2014.

The following table summarizes investments for which the fair value is measured using the net asset value per share practical expedient as of December 31, 2015 and 2014. There are no participant restrictions for these investments. The redemption notice period is applicable only to the Plan.

	Fair Value December 31,				
Investment	2015	2014	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Invesco Stable Value Trust	$ 1,910,194	$ 1,774,206	$ -	Daily	24 months

4. PLAN TERMINATION

The Plan was established July 1, 1986. Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTES TO FINANCIAL STATEMENTS

5. TAX STATUS

The Internal Revenue Service has determined and informed Massachusetts Mutual Life Insurance Company, the volume submitter sponsor, by a letter dated March 31, 2014 that the Plan, as then designed, is in accordance with the applicable requirements of the Internal Revenue Code (IRC). The Company is relying on the volume submitter sponsor's letter of determination. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by a plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon the examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits in progress for any tax periods. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that change in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

7. PARTY-IN-INTEREST TRANSACTIONS

The Plan paid certain expenses related to general administration and record keeping to various service providers. These transactions are party-in-interest transactions under ERISA. In addition, the Plan Sponsor pays a portion of these expenses and certain accounting fees relating to the Plan.

NOTES TO FINANCIAL STATEMENTS

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

INDEPENDENT AUDITORS' REPORT

To the Participants and Plan Trustees of the
Kingery Printing Company 401(k) Retirement Plan

Report on the Financial Statements

We have audited the accompanying financial statements of Kingery Printing Company 401(k) Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Kingery Printing Company 401(k) Retirement Plan as of December 31, 2015 and 2014, and the changes in net assets available for benefits for the year ended December 31, 2015 in accordance with accounting principles generally accepted in the United States of America.

Report of Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at end of year as of December 31, 2015, is presented for the purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statement themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

KINGERY PRINTING COMPANY
401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1. PLAN DESCRIPTION

The following description of the Kingery Printing Company ("Company") 401(k) Retirement Plan ("Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Kingery Printing Company under the provision of Section 401(a) of the Internal Revenue Code, which includes a qualified cash or deferred arrangement as described in Section 401(k) of the Internal Revenue Code, for the benefit of eligible employees of the Company. All full-time employees of the Company who have one year of service and are age twenty-one or older are eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year participants may contribute up to the maximum percentage allowed by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company contributes a discretionary percentage, to be determined by the Company, of the participants' salary reductions. For the year ended December 31, 2015, the Company contributed 25% of the first 6% of base compensation that each participant contributed to the Plan. Additional amounts may be contributed at the option of the Company's Board of Directors. All contributions are invested as directed by each individual participant. Contributions are subject to certain limitations under the Internal Revenue Code.

The Company makes discretionary contributions annually. Although it has not expressed any intent to do so, the Company has the right to suspend contributions at any time. As of the end of each year, the employer contributions and forfeitures of terminated participants' nonvested accounts are allocated to participants in the ratio that each participating employees' compensation bears to the total compensation of all participants.

1. **PLAN DESCRIPTION** (Continued)

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer contributions, as well as the participant's share of the Plan's income and any related administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Upon completion of two years of service, participants become 20% vested. During each of the next four years, the vesting percentage increases an additional 20% until full vesting of 100% is reached after six years of service.

Notes Receivable from Participants

Participants may not borrow from their fund accounts.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a specified period of time, not exceeding a participant's life expectancy or joint life expectancy of a participant and participant's designated beneficiary. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

On December 31, 2015 and 2014, forfeited nonvested accounts totaled $1,935 and $366 respectively. The Plan uses participant matching forfeitures to reduce employer matching contributions and uses discretionary contribution forfeitures as additional discretionary contributions. In 2015, $1,731 from forfeited nonvested accounts were used as additional employer discretionary contributions.

NOTES TO FINANCIAL STATEMENTS

1. PLAN DESCRIPTION (Continued)

Plan Expenses

The Plan incurs expenses related to investment advice and auditing fees. Any other Plan expenses are paid by the Company.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Shares of registered investment companies (mutual funds) and collective trust funds are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a confirmation date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the confirmation date. Dividend income and capital gain income was $512,861 for the year ended December 31, 2015. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2015-12 ("ASU 2015-12"), *Simplifying Amendments to Accounting by Defined Benefit and Defined Contribution Plans and Health and Welfare Benefit Plans.* ASU 2015-12 is divided into three parts: (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures and (Part III) Measurement Date Practical Expedient. Part I and Part II of ASU 2015-12 simplify financial reporting requirements for retirement plans by eliminating or reducing certain investment disclosures. Part I eliminates the requirement to measure and disclose the fair value of fully benefit-responsive investment contracts. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirement to disclose individual investments that represent 5 percent or more of total net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also requires plans to continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. ASU 2015-12 is effective for reporting periods beginning after December 15, 2015, with early adoption permitted and shall be applied retrospectively for Part I and Part II and prospectively for Part III. Management has elected to early adopt ASU 2015-12 and has applied these provisions retrospectively.

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2015-07 ("ASU 2015-07"), *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent).* ASU 2015-07 removes the requirement to categorize investments within the fair value hierarchy for those investments measured using the net asset value per share practical expedient and amends certain disclosure requirements for such investments. ASU 2015-07 is effective for fiscal reporting periods beginning after December 15, 2016 and should be applied retrospectively. Earlier adoption is permitted. Management has elected to early adopt ASU 2015-07 and has applied these provisions retrospectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Reclassifications

Certain reclassifications have been made to the 2014 financial statements to conform to the current year presentation related to the adoption in 2015 of ASUs 2015-07 and 2015-12. These reclassifications had no effect on total net assets available for benefits as previously reported.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

3. **FAIR VALUE MEASUREMENTS** (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund: Valued at the NAV of units of the collective trust fund. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust fund, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an ordinarily business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Total investments at fair value	$ 9,290,577	$ -	$ -	$ 11,065,149

3. FAIR VALUE MEASUREMENTS (Continued)

(1) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

There were no transfers between level 1 and level 2 investments during the years ended December 31, 2015 and 2014.

The following table summarizes investments for which the fair value is measured using the net asset value per share practical expedient as of December 31, 2015 and 2014. There are no participant restrictions for these investments. The redemption notice period is applicable only to the Plan.

	Fair Value December 31,				
Investment	2015	2014	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Invesco Stable Value Trust	$ 1,910,194	$ 1,774,206	$ -	Daily	24 months

4. PLAN TERMINATION

The Plan was established July 1, 1986. Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTES TO FINANCIAL STATEMENTS

5. TAX STATUS

The Internal Revenue Service has determined and informed Massachusetts Mutual Life Insurance Company, the volume submitter sponsor, by a letter dated March 31, 2014 that the Plan, as then designed, is in accordance with the applicable requirements of the Internal Revenue Code (IRC). The Company is relying on the volume submitter sponsor's letter of determination. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by a plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon the examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits in progress for any tax periods. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that change in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

7. PARTY-IN-INTEREST TRANSACTIONS

The Plan paid certain expenses related to general administration and record keeping to various service providers. These transactions are party-in-interest transactions under ERISA. In addition, the Plan Sponsor pays a portion of these expenses and certain accounting fees relating to the Plan.
