Broadvox LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2015 and 2014

1. Description of Plan

The following description of the Broadvox LLC 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement, copies of which are available from the Plan Administrator, for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan covering all employees of Broadvox LLC (the Company, Plan Sponsor) who had ninety days of service and who were age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In June 2015, the Company signed a definitive agreement to be acquired by a third party. As a result of the acquisition, the Company elected to terminate the Plan effective September 1, 2015 (Termination Date), in accordance with the provisions of ERISA. As of December 31, 2015, there is one participant account balance remaining. The Company intends to distribute the remaining participant account balance by the year ended December 31, 2016. Participants became fully vested on the Termination Date. In accordance with accounting principles generally accepted in the United States, the Plan changed its basis of accounting from ongoing basis to liquidation basis.

Contributions

Prior to the Termination Date, eligible employees were automatically enrolled in the Plan, and pre-tax contributions were withheld at 3% of eligible compensation, as defined by the Plan, unless the employee elected differently. Participants could have contributed up to 100% of their compensation, as defined in the Plan, not to exceed a maximum of \$18,000 in 2015, plus additional "catch-up" contributions of up to \$6,000 for those participants who had attained age 50. Participants could have also contributed amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

Prior to the Termination Date, the Company could have made discretionary or non-elective contributions to the Plan, although the Company was not required to do so. The discretionary or non-elective contributions were allocated to all employees eligible to participate in the Plan based on the proportion of a participant's contribution to all contributors. The Company made a discretionary matching contribution of \$9,885 in 2015.

Broadvox LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2015 and 2014

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Company's contributions, and earnings on the investments in their account, and is charged with specific transaction fees for services received by the participant. Participants directed the investment of their accounts into various investment options offered by the Plan. The Plan offered twenty-one pooled separate accounts and a stable value fund as investment options for participants. Participants could have changed their investment options on a daily basis. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account. As of December 31, 2015, there was one participant with a balance and they were no longer an employee of the Company.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Prior to the Termination Date, vesting in the Company's contribution portion of their account was based on years of continuous service. Participants vested 25% per year and were fully vested after 4 years of service. Effective on the Termination Date, active participants became fully vested in the Company's matching contributions.

Forfeited Accounts

At December 31, 2015 and 2014, forfeited nonvested accounts totaled \$0 and \$10,115, respectively. These accounts could be used to reduce future Company contributions or to pay Plan expenses, as directed by the administrator. During 2015, the Plan used \$9,885 of forfeitures to fund the employer discretionary matching contribution for 2015. The Plan did not use any forfeiture amounts to pay Plan expenses during 2015.

Notes Receivable from Participants

Prior to the Termination Date, participants could have borrowed from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested balance of their account. Loan terms were from one to five years, or up to 10 years if used for the purchase of a primary residence. The loans were secured by the balance in the participant's account and bore a reasonable fixed rate of interest determined by the Plan administrator. At December 31, 2015, there were no outstanding participant loans. Principal and interest were paid through payroll deductions. Participants could have had one loan outstanding at any time, and the number of loans approved for a participant was limited to two in any 12-month period.

Broadvox LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2015 and 2014

Payment of Benefits

Prior to the Termination Date, on termination of service due to death, disability, termination of employment, or retirement, a participant or beneficiary could have elected to receive a payment of the vested interest in their account in several alternative forms of distribution, including lump sum or periodic installments over a period of not more than their assumed life expectancy. Employees with balances greater than \$1,000, but less than \$5,000, could have been automatically rolled over to an individual retirement account (IRA) set up in the participant's name, if no distribution election was made. Balances exceeding \$5,000 could have remained in the Plan until a distribution was requested by the participant. Upon the Termination Date, all employee balances were distributed in lump sums with the exception of one participant account as of December 31, 2015.

Administrative Expenses

In 2015, the Company paid all administrative expenses of the Plan except for certain transaction charges paid by the participants including fees to obtain a new participant loan and distributions. Investment related expenses are included in net change in fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been presented on the accrual basis of accounting. Effective September 1, 2015, the Plan's basis of accounting changed to the liquidation basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Net change in fair/contract value of investments includes realized and unrealized gains and losses, interest, and dividends on those investments.

Broadvox LLC 401(k) Profit Sharing Plan

Notes to Financial Statements December 31, 2015 and 2014

Notes Receivable from Participants

Notes receivable from participants were carried at their outstanding balance. Interest income was recognized when received. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceased to make loan repayments and the Plan administrator deemed the participant loan to be in default, the participant loan balance was reduced and a benefit payment was recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2014 excess contributions to the applicable participants prior to March 31, 2015.

Payment of Benefits

Benefit payments are recorded when paid.

Subsequent Events

The Plan Administrator evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through July 18, 2016, which is the date the financial statements were available to be issued.

3. Information Certified by Principal

All investment information and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2015 and 2014 and net change in fair/contract value of investments and interest income for the year ended December 31, 2015, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Principal Life Insurance Company (Principal).

Broadvox LLC 401(k) Profit Sharing Plan

Notes to Financial Statements December 31, 2015 and 2014

4. Investments

The fair value of individuals investments that represent 5% or more of the Plan's net assets are as follows:

	2015	2014
Pooled Separate Accounts		
Principal Lifetime 2020	\$ 6,123	\$ 509,684
Principal MidCap Growth III	2,971	*
Principal Small Cap Value II	2,828	*
Principal Large Cap Value III	2,082	*
Principal Diversified International	686	*
Principal Large Cap S&P 500 Index	533	491,896
Principal Lifetime 2040	-	882,290
Principal Lifetime 2030	-	727,340
Principal Core Plus Bond I	-	372,960
Principal Large Cap Growth	-	323,096
Principal Lifetime 2050	-	299,705

* Investment is less than 5% of the Plan's net assets.

Plan investments include pooled separate accounts and a stable value fund managed by Principal. Transactions in these investments qualify as a party-in-interest transactions.

The average crediting interest rate on the various GICs and synthetic GICs was 1.68% and 1.48% for the Principal Stable Value Fund for the year ended December 31, 2015 and 2014, respectively. The stable value fund has restrictions on withdrawals of up to one year if the Company eliminates these investment options.

Investments are exposed to various risks, such as interest rate, market, currency, and credit risks. It is at least reasonably possible that changes in their fair value will occur in the near term and that such changes could materially affect participants' account balances.

5. Fair Value Measurements

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Broadvox LLC 401(k) Profit Sharing Plan

Notes to Financial Statements December 31, 2015 and 2014

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Investments in pooled separate accounts are valued daily using their net assets value (NAV) (Level 2). The NAVs are based on the fair value of the mutual funds, stocks, debt instruments, and other securities in the accounts. The pooled separate accounts can be traded daily at their NAV.

The stable value fund is carried at fair value as reported by the investment advisor in the fund's audited financial statements at December 31, 2015 and 2014 (Level 2). Because the participants transact at contract value, fair value is determined annually by the Plan for financial reporting purposes only. The stable value fund invests in fully benefit-responsive investment contracts and is stated at fair value; however, contract value is the relevant measure for fully benefit-responsive contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the contracts. Accordingly, the statement of net assets available for benefits presents the fair value of the investment in the stable value fund as well as the adjustment to record the investment at contract value for the purpose of determining the Plan's net assets available for benefits at December 31, 2014. Management of the Plan does not believe the difference in fair value and contract value is material to the financial statements at December 31, 2015 and therefore, there is no adjustment to record the investment at fair value. Investment income of the stable value fund is presented on a contract value basis.

Broadvox LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2015 and 2014

The following table summarizes the Plan's investments based on the inputs used to determine their values as of December 31, 2015 and 2014:

	Level 2	
	2015	2014
Pooled separate accounts	\$ 15,223	\$ 5,110,162
Stable value fund	220	221,619
Total	\$ 15,443	\$ 5,331,781

6. Income Tax Status

The Plan was operating under a prototype plan document offered by Principal. The Internal Revenue Service had determined and informed Principal by a letter dated March 31, 2014, that the prototype was designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan had not obtained an individual determination letter and had been amended since receiving the opinion letter, the Plan administrator believed that the Plan was designed and was currently being operated in compliance with the applicable provisions of the IRC and had no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by tax authorities, and could change upon examination.

7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015 and 2014 to the Form 5500:

December 31, 2015 and 2014

The following is a reconciliation of the net decrease in net assets available for benefits per the financial statements to schedule H of Form 5500 for the year ended December 31, 2015:
