401(K) RETIREMENT SAVINGS PLAN**

Notes to Financial Statements

December 31, 2015 and 2014

(1) Plan Description

The following is a brief description of the JSA Healthcare Corporation 401(k) Retirement Savings Plan (the Plan) and is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined-contribution plan that was adopted on January 1, 2009, that covers eligible employees of JSA Healthcare Corporation (Company) and has been subsequently amended. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Prior to January 1, 2009, the Company had adopted and sponsored a multiple-employer plan. All assets from the previous plan related to JSA Healthcare Corporation were transferred to the Plan.

Employees become eligible to participate in the Plan in the month following their completion of nine months of service, and attaining the age of 18. In certain circumstances, the Company recognizes prior service with other related and/or acquired employers.

(b) Contributions

Participants may elect to contribute up to 75% of their compensation up to a maximum of \$18,000 for the year ended December 31, 2015. The Plan allows for post-tax Roth 401(k) contributions. The Plan also provides for "catch-up" contributions subject to Internal Revenue Service (IRS) limitations.

The Company makes safe harbor contributions to participants in the Plan employed by the Company based on participants' deferrals. The Company's safe harbor contribution is 100% of participant deferrals up to 3% of participant compensation and 50% of participant deferrals in excess of 3% of participant compensation up to 5% of participant compensation. These contributions are allocated to non-highly compensated employees only.

At the end of the Plan year, the Company may make additional matching contributions of up to 4% of a participant's compensation for non-highly compensated employees. No such contributions were made for the year ended December 31, 2015.

The Company, at its discretion, may also make profit sharing contributions. No such contributions were made for the year ended December 31, 2015.

The Company may also make non-elective contributions to eligible employees who have worked at least 1,000 hours and are employed on the last day of the contribution period. No such contributions were made for the year ended December 31, 2015.

The Plan also accepts rollovers and direct transfers from other tax-qualified plans.

(1) Plan Description - Continued

(c) Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution and Plan earnings. A separate account is maintained for each investment option selected by the participant. Earnings and losses of the Plan are allocated to each participant based upon the ratio of their account to the total of all participants' accounts. All allocations are made on a daily basis.

(d) Vesting

Participants are immediately vested in their own salary deferral, rollover contributions and Company safe harbor contributions, plus actual earnings thereon. Participants who were employed by the Company at any time on or after January 1, 2009 become 100% vested in the Company matching contributions (non-safe harbor) and Company discretionary profit sharing contributions after four years of credited service based on the following table:

Less than one year	0%
One year but less than two	25%
Two years but less than three	50%
Three years but less than four	75%
Four years or more	100%

Participants also become fully vested upon reaching their normal retirement age (age 65) or upon death or disability.

(e) Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 with the maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The Plan was amended in 2013 to limit the number of loans a participant is allowed to have outstanding from the Plan at any time to one loan. Participants that currently have two loans have been grandfathered in, however once one of their loans becomes paid off, they will not be allowed to take an additional loan. Loan terms range from one to five years and are collateralized by the respective participant's account and are evidenced by a note which bears interest based on prevailing market rates. Interest rates ranged from 4.25% to 5.00% during 2015. Principal and interest are paid ratably through payroll deductions. All loans shall be repaid within five years, unless the loan qualifies as a home loan in which the loan term shall not exceed fifteen years.

(1) Plan Description - Continued

(f) Withdrawals

The Plan allows participants to withdraw a portion of their vested account balance in the event of immediate and heavy financial need. Any hardship withdrawal is limited to the amount needed to meet the financial need but shall be for no less than \$500, and must qualify with respect to Plan provisions.

The Plan allows withdrawals from vested account balances by participants who have reached age 59 ½.

(g) Benefit Payments

In the event of termination of employment with the Company, a participant shall be entitled to benefits equal to a lump-sum amount equal to the value of the participant's vested interest in his or her account. If the value of a terminated participant's vested benefit does not exceed \$1,000, the entire amount shall be paid to the participant in a single lump sum. If the account balance exceeds \$1,000 but is less than \$5,000, the amount will be rolled to an individual retirement plan designated by the Plan Administrator. Plan directed distributions are processed on an annual basis.

(h) Forfeitures

After a five year consecutive break in service, participants forfeit their non-vested balances. Forfeitures from the Plan are used to reduce future employer contributions or to reduce administrative expenses. Forfeitures available for reduction of future employer contributions were approximately \$3,800 and \$200 at December 31, 2015 and 2014, respectively. For the year ended December 31, 2015, no forfeitures were used by the Company.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The financial statements of the Plan are presented on the accrual basis of accounting and present the net assets available for benefits and changes in net assets available for benefits.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

401(K) RETIREMENT SAVINGS PLAN**

(2) Summary of Significant Accounting Policies - Continued

(c) Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

(d) Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 7 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

(e) Administrative Expenses

Plan expenses may be paid out of Plan assets unless paid by the Company. Company personnel also perform various administrative services for the Plan, including limited assistance with the maintenance of participant records. The amount of payroll and related overhead costs associated with these services is not included in the accompanying financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

(f) Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

(g) Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I of the ASU eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II of this ASU eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risk. Further the disclosure of information about fair value measurements shall be provided by general type of investment. Part III of this ASU allows a plan with a fiscal year end that does not coincide with the end of a calendar month to measure its investments and investment-related accounts using the month end closest to its fiscal year end. The guidance is effective for fiscal years beginning after December 15, 2015 and early adoption is permitted. The guidance on fully benefit-responsive investment contracts and plan investment disclosures must be applied retrospectively. The guidance on measurement date practical expedient must be applied prospectively. The Plan's management has elected to early adopt ASU 2015-12 Part II. Adoption of this standard resulted in a change to certain footnotes and had no impact on the statements of net assets available for benefits or statement of changes in net assets available for benefits. Parts I and III are not applicable to this Plan.

(3) Plan Termination

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become 100% vested in their accounts.

(4) Tax Status

The Plan has adopted the Fidelity Volume Submitter Plan (FVSP). The FVSP obtained its latest opinion letter on March 31, 2008, in which the Internal Revenue Service stated that the FVSP, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the Code). The Plan has been amended since receiving the opinion letter; however, the Plan Administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

**JSA HEALTHCARE CORPORATION
401(K) RETIREMENT SAVINGS PLAN**

Notes to Financial Statements - Continued

(4) Tax Status - Continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(5) Information Certified by the Trustee (Unaudited)

The Investment Committee has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company (Fidelity), the trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Total investments and notes receivable from participants, as shown in the statements of net assets available for benefits, as of December 31, 2015 and 2014;
- Total interest and dividend income, net depreciation in fair value of investments and related activity, as shown in the statement of changes in net assets available for benefits, for the year ended December 31, 2015;
- The Schedule of Assets (Held at End of Year), as shown in the supplemental schedule, as of December 31, 2015.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in these financial statements.

(6) Parties-in-Interest

The Plan invests in registered investment companies managed by Fidelity. Fidelity acts as the investment trustee for only those investments as defined by the Plan. Plan expenses include approximately \$10,500 paid to Fidelity for recordkeeping services and \$20,000 paid to the Plan's investment advisor. These transactions qualify as party-in-interest transactions, but are exempt from prohibited transaction rules.

(7) Fair Value Measurements

The Plan applies the provisions of Accounting Standards Codification 820, *Fair Value Measurements and Disclosures* (ASC 820), in measuring fair value. ASC 820 established a three tier fair value hierarchy which prioritizes the inputs used in measuring fair value as follows:

Level 1: Observable inputs such as quoted prices in active markets;

Level 2: Inputs, other than quoted prices in active markets, that are observable either directly or indirectly;

Level 3: Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Registered Investment Companies

Registered investment companies are valued at quoted market prices, which represent net asset values of shares held by the Plan at year end and are classified as Level 1 investments.

Self Directed Brokerage Account

Self directed brokerage accounts are comprised of cash and mutual funds, and are valued based on the underlying net asset values of the investments and are classified as Level 1 investments.

As of December 31, 2015, the Plan's investments measured at fair value on a recurring basis were as follows:

<u>Description</u>	<u>Assets Measured at Fair Value at December 31, 2015</u>	<u>Fair Value Measurements at December 31, 2015</u>		
		<u>Observable Inputs (Level 1)</u>	<u>Significant Other Observable Inputs (Level 2)</u>	<u>Significant Unobservable Inputs (Level 3)</u>
