1. DESCRIPTION OF PLAN

The following description of the Polytronix, Inc. 401(k) Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The plan is a defined contribution plan established by Polytronix, Inc. (the "Company") under the provision of section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company.

Employees of the Company are eligible to participate on the first day of employment, provided they are at least 19 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan is administered by the Company. The duties of the Plan Administrator are to oversee the operations and administration of the Plan in accordance with the specific terms of the Plan, provide for prudent investment of Plan assets and keeping accurate records and reports. The Plan's Custodian and record-keeper, Alerus Financial, N.A., (the "Custodian"), is responsible for the custody and management of the Plan's assets. The Custodian and record-keeper may be removed by the Company or may resign. In any such event, the Company will appoint a successor.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation as defined in the Plan, subject to the dollar limitation under §402(g) of the IRC. At the Participant's election, these may be either "traditional" before-tax or "Roth" after-tax 401(k) contributions, depending on whether they are deducted before or after federal income taxes are withheld. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan does not have an automatic enrollment feature.

The Plan also provides the Company may make discretionary matching contributions to eligible participants. For the years ended December 31, 2015 and 2014 and 2014 and 2014 and 2014 and 2014, the employer matching contributions were eighty percent (80%) of the first six percent (6%) of eligible compensation. The Company may also, at its discretion, make a non-elective contribution to the Plan. In order to qualify for the non-elective contribution, the employer must have been employed on the last day of the Plan Year and completed at least 1,000 hours of service during the Plan Year.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching and non-elective contributions, as well as the participant's share of investment income, appreciation (depreciation), and any related administrative expenses. The participant determines both the amount to be invested and the allocation of the investment to one or more of the investment alternatives. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of vesting service, as defined in the Plan. A participant is 100% vested after five years of credited service. Full and immediate vesting will also occur upon normal retirement age (age 65), death, or total disability, as defined in the Plan. Participants who leave the Company before they are vested in the Company's contributions forfeit their non-vested portion. Anyone that was a participant prior to January 1, 2013 is 100% vested in all contributions.

1. DESCRIPTION OF PLAN (Continued)

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan to any one or more of the investment alternatives maintained by the Custodian, determined at the discretion of the participant and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Notes Receivable from Participants

Participants may borrow from their vested fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at 4.25%, which is commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may leave their account in the Plan, or may elect to receive a lump-sum distribution or a direct transfer to another qualified retirement plan subject to certain conditions, equal to the participant's vested account balance, installment payments or ad-hoc distributions. However, if the total vested balance of the terminating participant's account is $5,000 or less, the Plan Administrator will transfer the participant into a rollover account or payout the balance. Participants are allowed to withdraw employee account balances prior to termination of their employment under certain conditions as specified in the Plan. Participants may not make contributions for at least six months after the receipt of a hardship distribution. Benefits are recorded when paid.

Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts. At December 31, 2015 and 2014, forfeited accounts totaled $5,573 and $1,040, respectively. These funds may be allocated as additional discretionary contributions, used to reduce the Company's matching contributions, or used to pay Plan administrative expenses, in accordance with the Plan document. For the year ended December 31, 2015, employer matching contributions were reduced by $4,806 and Plan expenses of $2,950 were paid from forfeited non-vested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements are as follows:

Method of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. The Plan has no obligation to reimburse the Company for these expenses.

Use of Estimates

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP"), management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are stated at fair value. Changes in market value are reflected in operations. Mutual funds and common/collective trusts represent investments with various investment managers. The fair values of these investments are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value at year end. Units held in common/collective trusts are valued at the unit value as reported by the investment managers at year end.

The Vanguard Retirement Savings Trust is designed to deliver safety and stability by preserving principal and accumulated earnings. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share in the trust.

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Further, due to the level of risk associated with certain investment securities, it is at least reasonably possible that change in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

Recent market conditions have resulted in an unusually high degree of volatility and increased the risks and affected the short term liquidity associated with certain investments held by the Plan which could impact the value of investments after the date of these financial statements. Because the values of individual investments fluctuate with market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share*, which removes the requirement to categorize, within the fair value hierarchy table, the investments for which fair value is measured using the net asset value per share practical expedient. Instead, an entity is required to include those investments as a reconciling item, so that the total fair value amount of investments in the disclosure is consistent with the fair value investment balance on the statement of net assets available for benefits. In addition, the requirement to make certain disclosures for all investments eligible to be assessed at fair value with the net asset value per share practical expedient has been removed. Instead, such disclosures are restricted only to investments that the entity has elected to measure using the practical expedient. ASU No. 2015-07 is effective for reporting periods beginning after December 15, 2015 and early adoption is permitted. The ASU is to be applied retrospectively in all periods presented in an entity's financial statements. The Plan elected to early adopt ASU No. 2015-07 as of December 31, 2015. As a result, those assets for which fair value is measured using the net asset practical expedient as of December 31, 2015 and 2014 are not included within the fair value hierarchy.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. Part I eliminates the requirement to measure and disclose the fair value of fully benefit-responsive contracts. Under the ASU, contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirement to disclose individual investments which comprise 5% or more of total net assets available for benefits, as well as the net appreciation or depreciation of fair values by investment type. Part II requires plans to continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Part III allows plans to measure investments as of the end of the calendar month closest to the Plan's fiscal year end, when the fiscal period does not coincide with month-end. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted. The Plan elected to early adopt ASU No. 2015-12 as of December 31, 2015. The adoption of Part II eliminates certain investment related disclosures. Parts I and III are not applicable to the Plan.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC"), *Fair Value Measurements and Disclosures* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the year ended December 31, 2015, there were no significant transfers in or out of levels 1, 2 or 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2015 and 2014.

Mutual funds: Valued at the net asset value ("NAV") of shares/units held by the Plan at year end.

Common/collective trusts: The fair value of these investments is determined using the NAV of units held by the Plan at year end, as reported by the managers of the common collective trust and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date. The fair value of these investments is determined by reference to the respective common/collective trust's underlying assets, with the investment manager specifying the source(s) to use for underlying investment asset prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, the Plan's assets measured at fair value on a recurring basis as of December 31, 2015:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 5,926,205	$ -	$ -	$ 5,926,205
Total assets in the fair value hierarchy	$ 5,926,205	$ -	$ -	5,926,205
Common/collective trusts (a)				867,576
Total investments at fair value				$ 6,793,781

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2014:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 5,514,419	$ -	$ -	$ 5,514,419
Total assets in the fair value hierarchy	$ 5,514,419	$ -	$ -	5,514,419
Common/collective trusts (a)				786,632
Total investments at fair value				$ 6,301,051

(a) These investments are valued using net asset value as a practical expedient, and therefore have not been classified in the fair value hierarchy.

4. NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are due at various dates through May 2019. Payments include interest at a reasonable and fair rate based on the prevailing rates charges by reputable financial institutions. The notes are collateralized by the participant's vested interest in the Plan.

Notes receivable from participants earned interest of $2,468 for the year ended December 31, 2015.

5. REPORTABLE TRANSACTIONS

During the years ended December 31, 2015, there were no reportable transactions, no investments both acquired and disposed of within the Plan year, no loans or leases in default or uncollectible or non-exempt transactions with parties-in-interest which would require presentation under the United States Department of Labor's Rules and Regulations.

6. PLAN AMENDMENTS

Effective January 1, 2015 the Plan was amended and restated to comply with the Pension Protection Act of 2006 and other legislative and regulatory changes.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and the IRC. In the event of Plan termination, participants would become 100% vested in their employer contributions.

8. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian of the Plan has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits and the related investment activity reflected in the statement of changes in net assets available for benefits.

The Custodian has certified that the following data is complete and accurate.

	2015	2014
Investments:		
Mutual funds	$ 5,926,205	$ 5,514,419
Common/collective trusts	867,576	786,632
Notes receivable from participants	51,457	58,179
	$ 6,845,238	$ 6,359,230

Investment income (loss):	
Interest and dividends	$ 286,672
Net depreciation in fair value of investments	(360,074)
	$ (73,402)

The Plan's independent accountants did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

9. TAX STATUS

The Company adopted the Alerus Financial, N.A Defined Contribution Volume Submitter Plan and Trust. The Internal Revenue Service has issued an advisory letter dated December 17, 2014, stating that the plan is acceptable under Section 401(a) of the IRC for use by employers for the benefit of their employees. The Company is relying on the advisory letter (in accordance with Announcement 2001-77) that the Plan meets the qualification requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2012.

10. SUBSEQUENT EVENTS

Management has evaluated subsequent events through July 26, 2016, the date the financial statements were available to be issued.

Effective June 1, 2016, the Plan was amended to remove the Company matching contribution.
