NOTE A – DESCRIPTION OF PLAN

The following description of the DiscoverX Corporation ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

History – The Plan became effective January 1, 2000, with the approval of the Board of Directors of DiscoverX Corporation ("Company").

General – The Plan is a defined contribution plan covering all employees of the Company. There is no age requirement or service requirement to participate in the Plan. The participant may enter into the Plan the first day of the plan year and the first day of the fourth, seventh, and tenth months. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Each year, participants may contribute up to 60% of pretax annual compensation (as defined in the Plan), up to the limits defined by law. Matching contribution may also be made to the Plan. Matching contributions are not required, the formula, amount, and frequency of the contribution, will be determined by management. Profit sharing contributions may also be made, these contributions are discretionary on the part of management.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings (losses), and charged with an allocation of administrative expenses, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – The participant's vested interest in Employer matching or non-elective contribution is determined based on participant credited years of service as defined below.

Years	Employer Contributions
1	25%
2	50%
3	75%
4	100%

Payment of Benefits – On termination of service due to reasons other than death, vested interest will be received by the participant as a lump distribution as soon as administratively feasible after employment is terminated. If the vested interest is \$5,000 or more the participant may elect installment payments over a specific period of time. Distributions upon death can be elected by the beneficiary as lump sum or equal installment payments.

Notes receivable from participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate of 10.00%, which is commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Forfeited Accounts – Any accumulated benefits forfeited during a plan year due to participant withdrawal prior to full vesting may be applied to reduce Employer contributions or to pay administrative expenses which would otherwise be paid by the Plan. Forfeited non-vested accounts totaled \$4,533 and \$49,815 at December 31, 2015 and 2014, respectively. Forfeitures of terminated non-vested account balances used to pay administrative expenses for year ended December 31, 2015 totaled \$3,025.

Date of Management's Review – Subsequent events were evaluated through July 21, 2016, which is the date the financial statements were available to be issued.

Year ended December 31, 2015

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan has elected the accrual basis of accounting for financial reporting purposes and to file its Form 5500.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the plan document.

Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of the registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end, see Note H for discussion of fair value. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date they are received.

Payment of Benefits – Benefits are recorded when paid.

Operating Expenses – Most of the expenses of maintaining the Plan are paid by the Company.

NOTE C – INVESTMENTS

The following presents investments at December 31, 2015 and 2014 that represent five percent or more of the Plan's net assets.

	<u>2015</u>	<u>2014</u>
Mutual funds:		
Fidelity Mid Cap Stock Fund	\$ 476,535	\$ 525,687
Fidelity Growth Company Fund	583,103	519,110

Fidelity Spartan Total Market Index Fund	875,557	754,961
Fidelity Money Market Trust Retirement Fund	478,515	686,462

* Amount did not represent 5% of net asset values in the respective year.

The Plan's investments, including gains and losses on investments bought and sold, as well as held during the year decreased in value by \$395,427 in the Plan year ended December 31, 2015.

NOTE D – PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan's Sponsor has the right to terminate the Plan subject to the provisions of ERISA. In the event of whole or partial plan termination; participants would become fully vested as to the amount credited to their accounts after deductions for estimated liquidation and distribution expenses.

DISCOVERX CORPORATION
Notes to Financial Statements
Year ended December 31, 2015

NOTE E – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE F – TAX STATUS

The Plan adopted a volume submitter plan effective January 1, 2010. The volume submitter plan has been amended and received an advisory letter dated March 31, 2008 from the Internal Revenue Service as to the plan's qualified status. The volume submitter plan's advisory letter has been relied upon by the Plan. The plan administrator believes the Plan is being operated in compliance with the applicable requirement of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE G – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29-CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, who held the assets and executed investment transactions of the Plan has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate.

	<u>2015</u>	<u>2014</u>
Investments, at fair value:		
Mutual funds	\$ 8,605,801	\$ 7,986,913
Cash	478,515	686,462
Participant notes	45,273	93,067
Investment income (loss)	72,760	603,035

NOTE H – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

DISCOVERX CORPORATION
Notes to Financial Statements
Year ended December 31, 2015

NOTE H – FAIR VALUE MEASUREMENTS (continued)

Level 2 Fair Value Measurements

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015.

Assets at Fair Value as of December 31, 2015			
	Total	Level 1	Level 3

NOTE I – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Investments which is a related entity to Fidelity Management Trust Company, the trustee, as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions. Additionally, participant loans qualify as party-in-interest transactions.

NOTE J – UNCERTAIN TAX POSITIONS

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

NOTE A – DESCRIPTION OF PLAN

The following description of the DiscoverX Corporation (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

History – The Plan became effective January 1, 2000, with the approval of the Board of Directors of DiscoverX Corporation (“Company”).

General – The Plan is a defined contribution plan covering all employees of the Company. There is no age requirement or service requirement to participate in the Plan. The participant may enter into the Plan the first day of the plan year and the first day of the fourth, seventh, and tenth months. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Each year, participants may contribute up to 60% of pretax annual compensation (as defined in the Plan), up to the limits defined by law. Matching contribution may also be made to the Plan. Matching contributions are not required, the formula, amount, and frequency of the contribution, will be determined by management. Profit sharing contributions may also be made, these contributions are discretionary on the part of management.

Participant Accounts – Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution and (b) Plan earnings (losses), and charged with an allocation of administrative expenses, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting – The participant’s vested interest in Employer matching or non-elective contribution is determined based on participant credited years of service as defined below.

Years	Employer Contributions
1	25%
2	50%
3	75%
4	100%

Payment of Benefits – On termination of service due to reasons other than death, vested interest will be received by the participant as a lump distribution as soon as administratively feasible after employment is terminated. If the vested interest is \$5,000 or more the participant may elect installment payments over a specific period of time. Distributions upon death can be elected by the beneficiary as lump sum or equal installment payments.

Notes receivable from participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant’s account and bear interest at a rate of 10.00%, which is commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Forfeited Accounts – Any accumulated benefits forfeited during a plan year due to participant withdrawal prior to full vesting may be applied to reduce Employer contributions or to pay administrative expenses which would otherwise be paid by the Plan. Forfeited non-vested accounts totaled \$4,533 and \$49,815 at December 31, 2015 and 2014, respectively. Forfeitures of terminated non-vested account balances used to pay administrative expenses for year ended December 31, 2015 totaled \$3,025.

Date of Management’s Review – Subsequent events were evaluated through July 21, 2016, which is the date the financial statements were available to be issued.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan has elected the accrual basis of accounting for financial reporting purposes and to file its Form 5500.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the plan document.

Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of the registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end, see Note H for discussion of fair value. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date they are received.

Payment of Benefits – Benefits are recorded when paid.

Operating Expenses – Most of the expenses of maintaining the Plan are paid by the Company.

NOTE C – INVESTMENTS

The following presents investments at December 31, 2015 and 2014 that represent five percent or more of the Plan's net assets.

	<u>2015</u>	<u>2014</u>
Mutual funds:		
Fidelity Mid Cap Stock Fund	\$ 476,535	\$ 525,687

Fidelity Money Market Trust Retirement Fund	478,515	686,462

* Amount did not represent 5% of net asset values in the respective year.

The Plan's investments, including gains and losses on investments bought and sold, as well as held during the year decreased in value by \$395,427 in the Plan year ended December 31, 2015.

NOTE D – PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan's Sponsor has the right to terminate the Plan subject to the provisions of ERISA. In the event of whole or partial plan termination; participants would become fully vested as to the amount credited to their accounts after deductions for estimated liquidation and distribution expenses.

NOTE E – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE F – TAX STATUS

The Plan adopted a volume submitter plan effective January 1, 2010. The volume submitter plan has been amended and received an advisory letter dated March 31, 2008 from the Internal Revenue Service as to the plan's qualified status. The volume submitter plan's advisory letter has been relied upon by the Plan. The plan administrator believes the Plan is being operated in compliance with the applicable requirement of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE G – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29-CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, who held the assets and executed investment transactions of the Plan has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate.

	<u>2015</u>	<u>2014</u>
Investments, at fair value:		
Mutual funds	\$ 8,605,801	\$ 7,986,913
Cash	478,515	686,462
Participant notes	45,273	93,067
Investment income (loss)	72,760	603,035

NOTE H – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

DISCOVERX CORPORATION
Notes to Financial Statements
Year ended December 31, 2015

NOTE H – FAIR VALUE MEASUREMENTS (continued)

Level 2 Fair Value Measurements

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015.
