NOTES TO FINANCIAL STATEMENTS

December 31, 2015 and 2014

NOTE A – PLAN DESCRIPTION

The following description of the Rudolph Chevrolet, LLC (the Plan Sponsor, Administrator, or Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

1. General

The Plan is established for the benefit of the employees of Rudolph Chevrolet, LLC, Rudolph Imports, LLC, Rudolph Automotive, LLC, Rudolph West, LLC, South Desert Collision Center, LLC and Rudolph Enterprises, LLC (the Companies). The Plan and the trust of which it is a part are intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Eligibility

The Plan covers all employees of the Companies, except employees covered by a collective bargaining agreement and certain non-resident aliens, who have reached twenty-one years of age and have completed one year of service (1,000 hours).

3. Contributions

Each year participants may elect to contribute a portion of their pre-tax compensation, as defined, to the Plan. Participants may also roll over amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Companies may make discretionary matching and/or discretionary profit sharing contributions at year-end for eligible employees who have completed at least 1,000 hours of service and are employed on the last day of the Plan year. Contributions are subject to certain limitations. The Companies did not make any contributions for 2015. The Companies made a profit sharing contribution of $50,154 and a matching contribution of $50,285 for 2014. These amounts were funded in 2015 and are shown as receivable at December 31, 2014.

4. Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Companies' contributions, (b) Plan earnings, and (c) charged with administrative expenses and forfeitures, as applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A – PLAN DESCRIPTION – CONTINUED

5. Vesting

Participants are immediately vested in their salary deferral contributions plus actual earnings thereon. Vesting in the Companies' discretionary matching and profit sharing contribution portion of the accounts plus actual earnings thereon is based on years of continuous service. Participants vest at a rate of 20% per year, commencing on completion of their second year. Participants become 100% vested in the Companies' discretionary matching and profit sharing contributions after six years of service.

6. Investment Options

Participants may direct their salary deferral contributions to one or more of the selected investments as made available and determined by the Plan Administrator. Participants may change their investment options on-line at any time.

7. Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 and a maximum equal to the lesser of 50% of their vested account balance or $50,000. Notes receivable transactions are treated as a transfer to (from) investment funds from (to) the participant notes receivable fund. Notes receivable terms range from one to five years unless a note receivable is for the purchase of a primary residence, in which case the note receivable may extend beyond five years. The notes receivable are secured by the balances in the respective participant's accounts and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are typically paid ratably through payroll deductions.

8. Payment of Benefits

The Plan allows for hardship distributions, in-service distributions, and retirement distributions. Upon termination of service, a participant receives a lump-sum amount equal to the value of their vested account balance. The amount of any hardship distribution is the amount needed to meet the immediate financial hardship.

9. Forfeited Accounts and Unallocated Balances

Forfeited balances may be used to first pay any administrative expenses. Any remaining forfeitures attributable to non-elective contributions will be used to reduce any non-elective contribution. Any remaining forfeitures attributable to non-elective contributions will be allocated as an additional discretionary matching contribution. The unallocated forfeiture balances for the years ended December 31, 2015 and 2014 were $575 and $0, respectively.

NOTE B – SUMMARY OF ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with U.S. generally accepted accounting principles.

2. Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

The Plan utilizes various investment instruments. Investment securities, in general are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near-term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

3. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note G for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Payment of Benefits

Benefits are recorded when paid.

5. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Notes receivable go into default if any payment remains unpaid beyond the last day of the calendar quarter following the calendar quarter in which the participant missed the scheduled payment or if the participant makes or furnishes any false representation or statement to the Plan. Defaulted notes receivable are reclassified as distributions based upon the terms of the Plan document. Interest income is recognized as earned.

NOTE B – SUMMARY OF ACCOUNTING POLICIES – CONTINUED

6. Income Taxes

U.S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan's policy is to classify income tax penalties and interest, when applicable, as miscellaneous expense (although such amounts would be paid by the Companies). The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Due to the statutes of limitation, the Plan is no longer subject to examinations for years ended before 2012.

7. Subsequent Events

Subsequent events have been evaluated through July 20, 2016, the date the financial statements were available to be issued, to determine whether such events should be recorded or disclosed in the financial statements. Management believes that there have been no material subsequent events that have arisen that would require additional disclosures or accruals to the accompanying financial statements.

NOTE C – ADMINISTRATIVE EXPENSES

Certain administrative functions are performed by officers or employees of the Companies. No such officer or employee receives compensation from the Plan. Certain other administrative expenses are paid directly by the Companies if the forfeiture account balance is insufficient to cover them. For the year ended December 31, 2015, no administrative expenses were paid by the Companies. The Company does provide certain accounting and administrative services for which no fees are charged.

NOTE D – TAX STATUS

The Plan is a prototype plan which obtained its latest opinion letter on September 30, 2014, in which the IRS stated that the Plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has not been amended since receiving the opinion letter. Effective January 1, 2015, the Plan was restated. The Plan restatement was approved by the IRS through the aforementioned opinion letter dated September 30, 2014.

NOTE E – PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such manner as the Companies may determine.

NOTE F – ACCOUNTING CHANGE

In July 2015, the Financial Accounting Standards Board issued Accounting Standards Update 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965); (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Parts I and III are not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part II is to be applied retrospectively. Management has elected to adopt Part II early.

NOTE G – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE G – FAIR VALUE MEASUREMENTS – CONTINUED

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014:

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE G – FAIR VALUE MEASUREMENTS – CONTINUED

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

NOTE H – RELATED PARTY TRANSACTIONS

During 2015, the Plan's investments were held by Charles Schwab Trust Company (the Custodian); therefore, certain investment transactions with funds managed by them qualify as party-in-interest transactions. The Plan paid asset management fees totaling $3,541 to the Custodian for 2015, including $3,101 paid indirectly by the third party administrator on behalf of the Plan. Additionally, the Plan incurred expenses totaling $58,023 to the third-party administrator, financial advisor, and Plan auditor for 2015, for services provided to the Plan.

All of these party-in-interest transactions are exempt from the prohibited transaction rules under ERISA.

NOTE I – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Charles Schwab Trust Company, the Custodian of the Plan, as complete and accurate, except for comparing such information certified by the Custodian to information included in the Plan's financial statements and supplemental schedule:
