INDEPENDENT AUDITORS' REPORT

To the Participants and Administrator of
Millennium Physician Group, LLC 401(k) Plan and Trust

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Millennium Physician Group, LLC 401(k) Plan and Trust (the "Plan"), which comprise the statements of net assets available for benefits as December 31, 2015, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the **Basis for Disclaimer of Opinion** paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by MassMutual Financial Group, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2015, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the **Basis for Disclaimer of Opinion** paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Other Matter

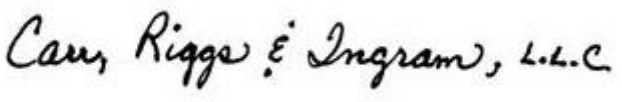

The financial statements of the Plan as of December 31, 2014, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Massachusetts Mutual Life Insurance Company (MassMutual), the custodian of the Plan. Their report, dated October 15, 2015, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Adoption of New Accounting Standard

As discussed in Note 2 to the financial statements, in 2015, the Plan adopted the provisions of the Financial Accounting Standards Board, Accounting Standards Update 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Assets Value per Share*; and 2015-12, *Plan Accounting: Defined Benefit Pension Plans, Defined Contribution Plans, and Health and Welfare Benefit Plans*. Our opinion is not modified with respect to this matter.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1: DESCRIPTION OF THE PLAN

The following description of the Millennium Physician Group, LLC 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to Plan documents for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Millennium Physician Group, LLC (the Company) who have completed six months of service and have attained age twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The eligibility requirements for elective deferrals and employer non-elective contributions were waived for employees that were employed by the Company on January 5, 2009.

In June 2013, the Company acquired an entity with more than 125 employees that had a separate qualified 401(k) Plan. As a result, net assets of $16,861,486 were transferred to the control of the Plan as of December 31, 2014. The remaining assets of $741,853 were transferred to the control of the Plan as of December 31, 2015.

Administration of Plan Assets

Plan assets are held and managed by MassMutual. MassMutual invests contributions and plan earnings and makes distributions to participants. Administrative functions are performed by employees of this Company.

Reasonable administrative expenses of the Plan may be paid by the Plan to the extent not paid by the Company. The Company absorbs the majority of the Plan's administrative expenses. Investment expenses attributed to terminated participants shall be allocated among the terminated participants by charging each particular expense to the account balance of the terminated participant responsible for the expense. Investment expenses attributable to active participants shall be allocated among the active participants charging each particular expense to the account balance of the active participant responsible for the expense. Administrative expenses of $21,367 and $39,762 were incurred by the Plan for the years ended 2015 and 2014, respectively.

NOTE 1: DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less, reduced by the highest outstanding loan balance in the account during the one year period ending on the day before the loan is made.

Only one loan may be outstanding at any time. No more than two loans are permitted during any twelve consecutive month period. If an additional loan is submitted prior to repaying an existing loan, the request shall be treated as a separate loan in all respects, subject to the limitations on the maximum loan amount permitted under the Plan.

The interest rate on participant loans is a fixed rate based on commercially reasonable rates for similar loans made in the geographical region in which the participant lives. The repayment of loans is made through payroll deductions over a term not to exceed five years, unless the loan is to be used for the purchase of a principal residence. Current loans bear interest of 4.25%.

Vesting

Participants are immediately fully vested in their salary deferral contributions, rollover contributions, “safe-harbor” contributions, “qualified” matching and non-elective contributions and the earnings thereon. Participants are vested in employer matching contributions based upon years of service defined in the Plan. A year of service is calculated based on the hours of service method. A participant who completes 1,000 hours of service during the plan year is credited with a “year of service” for vesting purposes.

Completed Years of Service	Vested Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

NOTE 1: DESCRIPTION OF THE PLAN (Continued)

Benefits Payments

Under terms of the Plan, participants are eligible to receive benefits (1) upon actual retirement on or after the participant's normal retirement date, (2) in the event of undue financial hardship, (3) upon termination of employment, (4) as an in-service withdrawal commencing at age 59½, or (5) upon death or disability of the participant.

Contributions

Salary deferral contributions are made to the Plan by participating employees through payroll deductions in amounts authorized by the employees. Each year, participants may contribute up to the maximum percentage allowable not to exceed the limits of the Internal Revenue Service (IRS) of $18,000 and $17,500 of pretax annual compensation for 2015 and 2014, respectively. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. For 2015 and 2014, the annual catch-up contribution limit was $6,000 and $5,500, respectively.

The Plan allows employees to make pre-tax contributions to a 401(k) account or after-tax contributions to a Roth IRA account. For after-tax (ROTH) contributions, participants may defer up to the maximum annual IRS limit of $5,500 for 2015 and 2014. Employees are eligible to make both pre-tax and after-tax contributions during the Plan year.

An amendment to the Plan document effective January 1, 2012 provides for safe harbor matching contributions of 100% of the employee elective deferrals not to exceed 4% of annual compensation to non-highly compensated employees.

Forfeitures

As of December 31, 2015 and 2014, there was $2,855 and $7,145, respectively, in unallocated cash forfeitures, which were included in the fully benefit-responsive investment contracts in the statement of net assets available for benefits. Forfeitures are recognized in the year when the forfeiture occurs. Forfeitures of non-vested employer contributions will be used to reduce employer contributions or to pay administrative expenses of the Plan. As of December 31, 2015 and 2014, $4,490 and $9,500, respectively, of forfeitures were used for plan expenses.

NOTE 1: DESCRIPTION OF THE PLAN (Continued)

Hardship Withdrawals

Participants with an immediate financial need may withdraw pre-tax and after-tax deferrals, rollover contributions and vested employer non-elective contributions plus their earning as a hardship withdrawal from the Plan. The participant is suspended from making elective deferrals to the Plan for six months, but is still eligible to receive employer contributions during that time. Hardship withdrawals are subject to other requirements and may incur penalty and withholding taxes.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and Trustee believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America ("U.S. GAAP") require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2015, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements.

Reclassifications

Certain reclassifications have been made to the current year financial statement presentation. Amounts have been reclassified from mutual fund investments to common collective trust investments. These reclassifications have no net effect on the change in net assets.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") establishes the source of authoritative U.S. GAAP recognized by the FASB to be applied by nongovernmental entities. On the effective date, the ASC superseded all then-existing standards. The FASB updates the ASC through the use of FASB *Accounting Standards Updates* ("ASUs").

The accompanying financial statements are presented on the accrual basis of accounting in accordance with U.S. GAAP.

Investment Valuation and Income Recognition

Investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants and the measurement date. See Note 4 for a discussion of fair value measurements. Shares of registered investment companies (mutual funds) are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment contracts held by a defined contribution plan are reported at contract value, which is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investments contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Payment of Benefits

Distributions to participants are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as a distribution based upon the terms of the Plan document.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates and Assumptions

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts during the reporting periods. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that a change in the values of investment securities will occur in the near term and that these changes could materially affect amounts reported in the financial statements.

Adoption of New Accounting Standard

In May 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per share (or its equivalent)*, which eliminated the fair value hierarchy disclosure requirement for certain investments that use the "practical expedient" provisions of valuing the investment at Net Asset Value (NAV). The Plan elected to implement early the provisions of this new accounting standard. Under the newly adopted standard, the Plan's disclosures related to investments have now been changed to conform to the requirements of the new standard which generally results in disclosures that are less complex. Comparative financial statements and disclosures of prior years have been adjusted to apply the new requirements retrospectively. There was no effect on previously reported net assets available for benefits due to the adoption of this new accounting standard.

In July 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans, Defined Contribution Plans, and Health and Welfare Benefit Plans*, which included new reporting and disclosure requirements for employee benefit plans. The Plan elected to implement early the provisions of this new accounting standard. Under the newly adopted standard, the Plan's disclosures related to investments have now been changed to conform to the requirements of the new standard which generally results in disclosures that are less complex. In addition, fully benefit-responsive investment contracts were reclassified in the Statement of Net Assets Available for Benefits as of December 31, 2015 and 2014. There was no net impact on the Statement of Net Assets Available for Benefits as of December 31, 2015 and 2014 or the Statement of Changes in Net Assets Available for Benefits for the years ending December 31, 2015 and 2014. Comparative financial statements and disclosures of prior years have been adjusted to apply the new requirements retrospectively. There was no effect on previously reported net assets available for benefits due to the adoption of this new accounting standard.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

Management of the Plan applies the provisions of ASC 855, *Subsequent Events*, which establishes general standards of accounting for and disclosure of events that occur after the balance sheet date but before the financial statements are issued. See Note 7, *Subsequent Events.*

NOTE 3: INVESTMENT IN PLAN (UNAUDITED)

Financial Information Certified By Trustee (Unaudited)

The following financial information included in the Plan's financial statements has been derived from information certified to be complete and accurate by the Trustee, in accordance with Section 2530.103-5 of Department of Labor's Rules and Regulations for reporting and disclosure under ERISA:

(a) Information included in the statements of net assets available for benefits:

- Investments, at fair value ($22,234,979 and $21,768,058 at December 31, 2015 and 2014, respectively);
- Investments, at contract value ($4,792,381 and $3,902,306 at December 31, 2015 and 2014, respectively);
- Notes receivable from participants ($488,640 and $426,426 at December 31, 2015 and 2014, respectively).

(b) Information included in the statements of changes in net assets available for benefits:

- Net depreciation in fair value of investments ($1,490,526 for the year ended December 31, 2015);
- Net appreciation in fair value of investments ($516,925 for the year ended December 31, 2014);
- Interest on notes receivable from participants ($20,735 and $18,502 for the years ended December 31, 2015 and 2014, respectively);
- Interest on investments at fair value ($1,114,989 and $934,058 for the years ended December 31, 2015 and 2014, respectively0;
- Interest on investments at contract value ($78,711 and $61,305 for the years ended December 31, 2015 and 2014, respectively).

NOTE 4: FAIR VALUE MEASUREMENTS

Management of the Plan applies ASC 820, *Fair Value Measurements*, which establishes a framework for measuring fair value and expands disclosures about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are observable for the asset or liability; or
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of the input that is significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's assets at fair value are in mutual funds and are a level one assets within the fair value hierarchy at $19,391,145 and $19,088,501 as of December 31, 2015 and 2014, respectively.

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value for the years ended December 31, 2015 and 2014.

Mutual Funds: Valued at the quoted net asset value (NAV) of shares held by the Plan at year end. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. There are no unfunded commitments within the mutual funds and in addition there are no significant restrictions on the organizations' ability to sell investments.

The method described above may produce a fair value calculation that may not be indicative of new realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different mythologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfer between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2015 and 2014, there were no transfers in or out of levels 1, 2, or 3.

NOTE 5: FULLY BENEFIT – RESPONSIVE INVESTMENT CONTRACT

The Hartford Fixed Account Investment Option is of a fully benefit-responsive investment contract. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. In accordance with accounting principles generally accepted in the United States of America, the guaranteed interest contract is presented at contract value in the financial statements. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

NOTE 5: FULLY BENEFIT – RESPONSIVE INVESTMENT CONTRACT (Continued)

The Hartford Fixed Account Investment Option primarily invests in investment grade fixed income securities. For the years ended December 31, 2015 and 2014, the average yield was approximately 1.7% and 2.0%, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. The guaranteed minimum interest rate was 3.00% for both of the years ended December 31, 2015 and 2014. The contract value of the fully benefit-responsive contracts as of December 31, 2015 and 2014 was $4,792,381 and $3,902,306, respectively.

NOTE 6: COMMON/COLLECTIVE TRUST FUNDS

Common/collective trust funds share the common goal of first growing then later preserving principal and contain a mix of U.S. stocks, U.S. issued bonds and cash. There are currently no redemption restrictions on these investments. The fair values of the investments in this category have been estimated using the net asset value per share calculated by the investment's issuer utilizing quoted market prices, most recent bid prices in the principal market in which the securities are normally traded, pricing services and dealer quotes. Net asset values are reported by the funds and are supported by the unit prices of actual purchases and sale transactions occurring as of or close to the financial statement date. The fair values are estimated using net asset value per share at $2,843,834 and $2,679,557 as of December 31, 2015 and 2014, respectively.

NOTE 7: SUBSEQUENT EVENTS

Management of the Plan evaluated all events or transactions that occurred after December 31, 2015 through July 15, 2016, the date the financial statements were available to be issued.
