3rd Fed Bank Employee Stock Ownership Plan

Report on the Financial Statements

We have audited the accompanying financial statements of the 3rd Fed Bank Employee Stock Ownership Plan which comprise the statements of net assets available for benefits in liquidation as of December 31, 2015 and 2014, the related statement of changes in net assets available for benefits in liquidation for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits in liquidation of the 3rd Fed Bank Employee Stock Ownership Plan as of December 31, 2015 and 2014, and the changes in net assets available for benefits in liquidation for the year ended December 31, 2015, in accordance with the accounting principles generally accepted in the United States of America.

Other Matter - Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) for the year ended December 31, 2015, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the 3rd Fed Bank Employee Stock Ownership Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

3RD FED BANK EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN AND BASIS OF PRESENTATION

The following description of the 3rd Fed Bank Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

3rd Fed Bank (the "Bank"), a wholly owned subsidiary of TF Financial Corporation (the "Company"), established the Plan effective as of January 1, 1994. The Plan operates as an internally leveraged employee stock ownership plan ("ESOP") and designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986 (the "Code"), as amended, and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan's administrator and trustee is National Penn Investors Trust Company ("NPITC").

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*. Under this guidance, investments measured at net asset value, as a practical expedient for fair value, are excluded from the fair value hierarchy. Instead, an entity would be required to include those investments as a reconciling item so that the total fair value amount of investments in the disclosure is consistent with the fair value investment balance on the Statement of Net Assets Available for Benefits. The amendment also removes the requirement to make certain disclosures for these investments if the NAV is not measured as a practical expedient for fair value. The Plan elected to early adopt this guidance as of December 31, 2015, as permitted and has applied this guidance retrospectively as required. The adoption has no impact on the Plan Statement of Net Assets Available for Benefits and Statement of Changes in Net Assets Available for Benefits as of December 31, 2015 and 2014.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contract, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. This guidance simplifies the required disclosures related to employee benefit plans. Part I eliminates the requirement to measure and disclose the fair value of fully benefit-responsive investment contracts. Contract value is the only required measure for fully benefit-responsive investment contracts. This guidance also concluded that fully benefit-responsive investment contracts are limited to direct investment holdings between the plan and the issuer. The guidance also clarifies that indirect investments in fully benefit-responsive investment contracts should not be reflected as fully benefit-responsive investment contracts and, therefore, should be reported at fair value. Part II eliminates the requirement to disclose individual investments which comprise 5 percent or more of total net assets available for benefits, as well as the net appreciation or depreciation of fair value by type. Additionally, plans are no longer required to disaggregate the fair value of investments by nature, characteristics and risks, but shall classify them by general type of plan asset. Part III allows plans to measure investments using values from the end of the calendar month closest to the plan's fiscal year end. The Plan elected to early adopt Part II of this guidance as of December 31, 2015, as permitted and has applied this guidance retrospectively as required. Parts I and III of this guidance is not applicable to the Plan. Additionally, other than the elimination of the above noted disclosures, the early adoption of Part II of the Update did not have a material impact on the Plan's financial statements.

NOTE 1 - DESCRIPTION OF PLAN AND BASIS OF PRESENTATION (Continued)

Plan Termination

The Bank has the right to terminate the Plan at any time, subject to Plan provisions. Upon any termination of the Plan, all amounts credited to participants' accounts become 100 percent vested and all unallocated amounts are allocated to the accounts of all participants in accordance with the provisions of the Plan. Upon termination of the Plan, the Plan loan will, at the option of the lender, immediately mature and become due.

On June 3, 2014, National Penn Bancshares, Inc. ("National Penn"), the parent company of National Penn Bank, entered into an Agreement and Plan of Merger (the "Merger Agreement") with the Company pursuant to which the Company merged with and into National Penn (the "Merger"). As part of the transaction, the Bank also merged with and into National Penn Bank. Pursuant to the requirements contained in the Merger Agreement, the 3rd Fed Bank Employee Stock Ownership Plan was terminated on October 24, 2014.

Eligibility

Employees of the Bank were generally eligible to participate in the Plan after they had completed 1,000 hours of service during any six consecutive months, as defined. A participant was eligible for an allocation of the Bank's contribution for the year if the participant was employed on the last day of the Plan year and had completed at least 1,000 hours of service during the Plan year. Following the change in the Plan termination date, no new participants were eligible to be admitted to the Plan.

Participant Accounts and Forfeitures

Each participant's share in the contribution and Plan earnings was that amount which bore the same ratio to the total contribution as the participant's eligible compensation for the year and bore to the eligible compensation of all participants entitled to share in the allocation for the year. For 2015 and 2014, the Plan had no shares of stock forfeited and no cash forfeited.

Payment of Benefits

No distributions from the Plan are made until a participant retires, dies, or otherwise terminates employment with the Bank. Distributions are made in cash or Company stock, or both, as determined by the Plan Administrator or, if a participant elects, in the form of Company stock plus cash for any fractional shares.

Voting Rights

Each participant is entitled to exercise voting rights attributable to shares allocated to the participant's account and is notified by the trustee prior to the time such rights are to be exercised. The trustee is not permitted to vote any allocated shares for which instructions have not been given by a participant.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in company stock into investments which are more diversified. Participants who are at least age 55 with at least ten years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years,

NOTE 1 - DESCRIPTION OF PLAN AND BASIS OF PRESENTATION (Continued)

a participant may diversify up to 25 percent of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Participants who elect to diversify receive a cash distribution.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

Due to the decision to terminate the Plan during 2014, the financial statements are prepared using the liquidation basis of accounting.

Investment Valuation and Income Recognition

The shares of Company common stock are valued at fair value. See Note 4 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Administrative Expenses

Fees relating to accounting, administrative expenses, recordkeeping, and legal expenses are paid by the Plan.

Related Party and Party-in-Interest Transactions

The Plan invests in Company common stock and had indebtedness guaranteed by the Company. These are related party and party-in-interest transactions. As described in Note 8, the Plan has a number of service providers. Such parties are parties in interest under ERISA.

Tax Status

The Internal Revenue Service has determined and informed the Bank by a letter dated February 8, 1996, that the Plan is qualified and the trust established under the Plan is tax-exempt under the appropriate sections of the Code. The Plan has been amended since receiving that determination letter. However, the Plan Administrator believes that the Plan is in compliance with the applicable requirements of the Code. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax-exempt as of December 31, 2015.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2012.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Vesting

All accounts were fully vested as of December 31, 2015, upon the determination of Plan termination.

Participant Accounts

Each participant's stock ownership account is credited with Plan earnings. Allocations are based upon units accumulated by each participant's account. Units are apportioned based upon participant earnings. The benefit to which each participant is entitled is that which can be provided from the participant's account.

NOTE 3 - INVESTMENT

The Plan's investment, at December 31, is presented in the following table:

	<u>2015</u>	<u>2014</u>
	<u>Allocated</u>	<u>Allocated</u>
National Penn Bancshares, Inc., common shares:	402,005	402,005
Cost	\$ 2,246,337	\$ 2,246,337
Market	\$ 4,956,722	\$ 4,233,113

The Plan's investment appreciated in value by \$696,513 during the year ended December 31, 2015.

NOTE 4 - FAIR VALUE MEASUREMENTS

U.S. generally accepted accounting principles establishes a fair value hierarchy which requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value. A financial instrument's level within the fair value hierarchy is based on the lowest level of input significant to the fair value measurement.

The three levels of the fair value hierarchy are described below:

- Level I: Quoted prices are available in active markets for identical assets or liabilities as of the reported date.
- Level II: Pricing inputs are other than the quoted prices in active markets, which are either directly or indirectly observable as of the reported date. The nature of these assets and liabilities includes items for which quoted prices are available but traded less frequently and items that are fair-valued using other financial instruments, the parameters of which can be directly observed.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Level III: Valuations are derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Common stock: Valued at quoted prices in active markets.

The Plan believes its valuation methods are appropriate and consistent with other market participants; the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014, respectively:

	December 31, 2015			
	Level I	Level II	Level III	Total
Assets:

NOTE 5 - FAIR VALUE OF FINANCIAL INSTRUMENTS

Financial instruments are defined as cash, evidence of ownership interest in an entity, or a contract which creates an obligation or right to receive or deliver cash or another financial instrument from/to a second entity on potentially favorable or unfavorable terms. Fair value is defined as the amount at which a financial instrument could be exchanged in a current transaction between willing parties other than in a forced liquidation or sale. If a quoted market price is available for a financial instrument, the fair value would be calculated based upon the market price per trading unit of the instrument.

Investments in sponsor company common stock and cash and cash equivalents would be considered financial instruments. At December 31, 2015 and 2014, the carrying amounts of sponsor company common stock and cash and cash equivalents approximate fair value.

NOTE 6 - LOAN PAYABLE

On October 24, 2014, National Penn Bancshares, Inc. completed its acquisition of TF Financial Corporation, and its wholly owned banking subsidiary, 3rd Fed Bank. As a result of the acquisition, a portion of the unallocated stock was sold to repay the remaining balance on the loan of \$1,064,857. The existing unallocated and allocated stock was converted to National Penn Bancshares, Inc. stock per the terms of the acquisition which were \$25.04 cash and .7041 shares of National Penn Bancshares, Inc. stock for every share of TF Financial Corporation stock. The remaining unallocated shares were allocated and all participants became 100 percent vested. Once final IRS approvals are received, the Plan will be dissolved and distributed to participants.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in National Penn common stock, which is exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with such investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits. The risk of change in value is more significant due to the lack of diversification in the Plan.

NOTE 8 – RELATED PARTY AND PARTIES IN INTEREST

The Plan assets, which consist of National Penn common shares, are held by National Penn.

Certain administrative functions are performed by officers or employees of National Penn or its subsidiaries. No such officer or employer receives compensation from the Plan.

National Penn contributions are held and managed by the trustee, which invests cash received, interest, and dividend income and makes distributions to participants. The trustee also administers the payment of interest and principal on the loan, which is reimbursed to the trustee through contributions as determined by the Company.

NOTE 9 - EMPLOYER CONTRIBUTIONS

Contributions to the Plan ceased as of October 24, 2014, on account of the Plan's termination. For periods prior to that, the Company was obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equaled the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan.

NOTE 10 - SUBSEQUENT EVENTS

The Plan assessed events occurring subsequent to December 31, 2015 through July 22, 2016, for potential recognition and disclosure in the financial statements and determined no subsequent events occurred requiring accrual or disclosure.
