American Greetings
Retirement Profit Sharing and Savings Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the American Greetings Retirement Profit Sharing and Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of American Greetings Corporation (the "Corporation" and "Plan Sponsor") and its domestic subsidiaries. Employees classified as Territory Leads, Merchandisers or leased employees and certain union employees are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute between 1% and 50% of eligible annual compensation to the Plan in the form of either before-tax contributions, ("401(k) contributions") or after-tax contributions ("Roth contributions") or any combination thereof, as defined in the Plan. The Plan may restrict individual contributions below 50% in order to meet certain limitations imposed by the Internal Revenue Code ("Code"). The Plan includes an automatic enrollment feature whereby all newly eligible employees who do not elect to participate in the Plan within 30 days of eligibility are automatically enrolled in the Plan unless they affirmatively opt out. Automatically enrolled participants have their initial deferral rate set at 3% of compensation.

The Corporation, at its discretion, may make a profit sharing contribution in an amount to be determined by the Corporation. For 2015, the Corporation made a profit sharing contribution of $6,694,642, which was recorded as a contribution receivable at December 31, 2015. The profit sharing contribution was based on the Corporation's financial results for its fiscal year ended February 29, 2016.

The Corporation, at its discretion, may annually contribute 40% of up to the first 6% of annual compensation that a participant contributes to the Plan. For 2015, the Corporation's matching contribution which was recorded as a contribution receivable at December 31, 2015, was $5,169,601. Forfeitures of $40,000 were used to reduce the Corporation's matching contribution for 2015. Forfeitures of $47,163 and $95,332 were available for future use at December 31, 2015 and 2014, respectively.

Participants direct the investment of their accounts, together with their share of the Corporation's annual contributions, to any of the investment options offered by the Plan.

1. Description of the Plan (continued)

Participant Accounts and Vesting

Each participant's account is credited with the participant's 401(k) contributions, Roth contributions and allocations of (a) the Corporation's profit sharing contribution and 401(k) matching contribution and (b) Plan earnings. In addition, a fixed administrative fee is charged quarterly to each participant's account. Individuals who have retired or terminated employment with the Corporation do not participate in the Corporation's future contributions to the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Participants are immediately vested in both their and the Corporation's contributions, plus actual earnings thereon.

Participant Loans

The Plan allows participants to have one general purpose loan and one principal residence loan outstanding at any time. Participants may borrow against their elected deferred 401(k) contribution, Roth contribution or rollover contribution accounts, a minimum of $1,000 up to a maximum equal to the lesser of $50,000 minus the highest outstanding loan balance in the previous 12 months or 50% of the total account balance. Loan terms range from up to 4-1/2 years for general purpose loans and up to 20 years for principal residence loans. The loans are secured by the balance in the participant's account. The interest rate on a participant loan is set at the prime rate plus 1% on the first business day of the calendar quarter in which the loan originates and remains fixed for the duration of the loan. Loan repayments, including interest, are generally made by automatic payroll deductions throughout the year. Outstanding loan balances are due in full upon termination of employment.

Payment of Benefits

At the time of a participant's retirement or termination of service, a participant with an account balance of greater than $5,000, (excluding amounts in a participant's rollover accounts, if any), may elect to receive an immediate lump sum distribution, installment payments to be paid monthly, quarterly or annually, or rollover their distribution to an individual retirement account or other eligible plan. At the time of a participant's retirement or termination of service, a mandatory distribution of participant account balances of $5,000 or less will be made pursuant to the Plan document.

The Plan also provides for in service withdrawals upon reaching age 59-1/2 and for qualified hardship withdrawals, as defined.

Plan Termination

Although it has not expressed any intent to do so, the Corporation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, the assets of the Plan will be distributed to the participants on the basis of individual account balances at the date of Plan termination.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments which are comprised of investments in registered investment companies and common/collective trusts are stated at fair value. The shares of registered investment companies are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year end. The units of common/collective trusts are valued at net asset value at year end.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent). The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the financial statements. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient.

2. Summary of Accounting Policies (continued)

The amendments in this update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments will be applied retrospectively to all periods presented. The Plan has adopted ASU No. 2015-07 for the plan year ended December 31, 2015 and has applied the amendments retrospectively, which did not have an effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

In July 2015, the FASB issued ASU No. 2015-12, (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient – consensuses of the FASB Emerging Issues Task Force. The amendments in this update (1) require a pension plan to use contract value as the only measure for fully benefit-responsive investment contracts, (2) simplify and increase the effectiveness of the investment disclosure requirements for employee benefit plans, and (3) provide benefit plans with a measurement-date practical expedient for measuring plan assets similar to the practical expedient provided to employers in ASU 2015-04, Practical Expedient for the Measurement Date of an Employer's Defined Benefit Obligation and Plan Assets. The amendments in this update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Part I and Part II will be applied retrospectively to all periods presented, while the amendments in Part III will be applied prospectively. The Plan has adopted ASU No. 2015-12 for the plan year ended December 31, 2015 and has applied the applicable amendments retrospectively, which did not have an effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

Subsequent Events

The Plan's management has evaluated subsequent events through July 15, 2016, which is the date the financial statements were available to be issued.

Effective January 1, 2016, the Plan was amended and restated in its entirety to make the Plan a "safe harbor" 401(k) plan that is intended to comply with sections 401(k)(12) and 401(m)(11) of the Code. Under the safe harbor plan, the Corporation will make nondiscretionary matching contributions equal to 100% of each eligible participant's elective contributions on up to 6% of the participant's compensation. Employer matching contributions will be made to the Plan in each pay period throughout the year. Profit sharing contributions have generally been eliminated for plan years beginning on or after January 1, 2016. The annual discretionary profit sharing and employer matching contributions under the former plan for the 2015 plan year were made on April 29, 2016. The name of the amended and restated Plan was changed to the American Greetings Retirement Savings Plan.

3. Fair Value Measurements

Assets and liabilities measured at fair value are classified using the fair value hierarchy based upon the transparency of inputs as of the measurement date. The classification of fair value measurements within the hierarchy is based upon the lowest level of input that is significant to the measurement. The three levels are defined as follows:

- Level 1 – Valuation is based upon quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 – Valuation is based upon quoted prices for similar assets and liabilities in active markets, or other inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3 – Valuation is based upon unobservable inputs that are significant to the fair value measurement.

The following tables summarize the assets measured at fair value on a recurring basis as of December 31, 2015 and 2014, respectively:

December 31, 2015:	**Total**	**Level 1**	**Level 2**
Investments in mutual funds	$ 608,236,277	$ 552,164,923	$ 56,071,354
Investments in common/collective trusts	260,049,608		
Investments at fair value	$ 868,285,885		

December 31, 2014:	**Total**	**Level 1**	**Level 2**
Investments in mutual funds	$ 628,141,976	$ 571,119,279	$ 57,022,697
Investments in common/collective trusts	260,591,558		
Investments at fair value	$ 888,733,534		

In accordance with Accounting Standards Codification Subtopic 820-10, investments that are measured at net asset value have not been classified in the fair value hierarchy. The fair value amounts presented in the tables above for the investments in common/collective trusts are to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

3. Fair Value Measurements (continued)

The Plan's valuation methodology used to measure the fair values of the mutual funds included in Level 1 were derived from quoted market prices as substantially all of these instruments have active markets. The money market fund has been classified as Level 2 as substantially all of the fund's investments were determined using amortized cost.

The fair values of the investments in common/collective trusts were derived from the net asset value ("NAV") of units held by the Plan. The NAV, as provided by the trustee of each common collective trust fund, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by each fund less its liabilities. This practical expedient would not be used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. However, in certain circumstances, each fund limits a participant's purchases and exchanges into a fund account for 60 days after the participant has redeemed or exchanged out of that fund account. If the Plan were to initiate a full redemption of any common/collective trust, the investment advisor reserves the right to temporarily delay withdrawal to ensure that securities liquidation will be carried out in an orderly manner. There is currently no full redemption notice period requirement.

4. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (the "IRS") dated November 21, 2013, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code of 1986 as amended (the "Code") and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan is being operated, in all material respects, in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and believes that as of December 31, 2015, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress or planned audits for any tax periods.

5. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2015 and 2014, and net depreciation in fair value of investments, interest and dividends and interest income from participants loans for the year ended December 31, 2015, were obtained or derived from information supplied to the Plan Sponsor and certified as complete and accurate by Vanguard Fiduciary Trust Company, Trustee of the Plan.

6. Transactions with Parties in Interest

The Plan invests in shares of registered investment companies and common/collective trusts managed by an affiliate of the Trustee. Investment fees for portfolio management of such funds are generally assessed as a percentage of assets invested and are paid from individual fund earnings. Certain accounting, legal and other administrative fees are paid by the Corporation. All other expenses of the Plan are paid by the Plan. Participants' accounts are assessed a fixed quarterly administrative fee which reflects the cost associated with recordkeeping, customer service, communications and other plan administrative activities.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. Reconciliation of Financial Statements to Form 5500

Upon an event of default on a participant loan, to the extent a distribution to the participant is not permissible under the Plan, the amount due to the Plan on account of the defaulted loan will be treated as a deemed distribution. A loan that is a deemed distribution is treated as a distribution on Form 5500 and removed from Plan assets on Form 5500. However, in the Plan financial statements, and in accordance with the Plan, such deemed distributions remain part of the participant's account balance until a distributable event occurs for the participant.

8. Reconciliation of Financial Statements to Form 5500 (continued)

The following is a reconciliation of participant loans and net assets available for benefits between the Plan's financial statements at December 31, 2015 and 2014 and Form 5500:

	December 31, 2015	December 31, 2014

Less: Certain deemed distributions of participant loans	28,188	50,111
Participant loans per Form 5500	$ 6,471,673	$ 6,233,463

The following is a reconciliation of the net decrease in net assets available for benefits per the financial statements for the year ended December 31, 2015 to the net loss reported on Form 5500:
