INDEPENDENT AUDITORS' REPORT

Investment Committee & Board of Directors
Access & Integrated Practice Holdings 401(k) Plan
Bloomington, Minnesota

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Access & Integrated Practice Holdings 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 10, which was certified by Great-West Trust Company, LLC, the asset custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the asset custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the asset custodian, as of December 31, 2015 and 2014 and for the year ended December 31, 2015, that the information provided to the Plan administrator by the asset custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 2 to the financial statements, in 2015 the Plan adopted new accounting guidance related to the investments. Prior year disclosures have been revised to reflect the retrospective application of adopting these changes in accounting. Our opinion is not modified with respect to this matter.

Other Matter - Report on Supplementary Information

The supplemental schedule of Schedule H, Line 4i, Schedule of Assets (Held at End of Year) is required by the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the asset custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.

As of December 31, 2015 and 2014 and for the Year Ended December 31, 2015

NOTE 1 - Description of the Plan

The following description of the Access & Integrated Practice Holdings 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan's summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Access & Integrated Practice Holdings, LLC (the Company) is the Plan sponsor, administrator and employer and has appointed Great-West Trust Company, LLC as the asset custodian of the Plan. All employees who have completed at least three months of service with the Company, as defined in the Plan, and are age 21 or older are eligible to participate on the first day of the quarter after meeting eligibility requirements. Upon enrollment in the Plan, a participant may direct employer and employee contributions to any combination of available investment options.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation (salary reduction contributions), Roth contributions, as defined in the Plan. Participants may also contribute amounts representing catch-up contributions and distributions from other qualified plans (rollover contributions). Company matching amounts may be contributed at the option of the Company. No discretionary contributions were made for the year ended December 31, 2015. Effective January 1, 2016, the new employer match will be 25% of the first 6% contributed by the employee. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's salary reduction contributions, catch-up contributions, Roth contributions, rollover contributions, and an allocation of the Company's contributions and plan earnings (net of administrative expenses). All eligible employees are automatically enrolled in the Plan with a 5% deferral rate, unless increased or decreased by the employee. Allocations are based on the participant's eligible compensation or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary reduction, Roth contributions and rollover contributions plus earnings thereon. Participants who leave the Plan because of death, normal retirement, or disability retirement, as defined in the Plan, are considered 100% vested. Company contributions and earnings thereon vest in accordance with provisions of the Plan as follows:

Less than 2	0%
2	50%
3	100%

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2015 and 2014 and for the Year Ended December 31, 2015

NOTE 1 - Description of the Plan (cont.)

For purposes of determining the extent to which a participant is vested, a year of service is a twelve consecutive month period in which the participant is credited with 1,000 hours of service.

Forfeited Accounts

As of December 31, 2015 and 2014, forfeited nonvested accounts totaled \$57 and \$9. These accounts will be used to pay reasonable plan expenses first. Any remaining forfeitures will be used to reduce the Company's contributions to the Plan. There were no forfeitures used in 2015.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the plan agreement. The Plan provides for normal retirement at age 65. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment or installments. Participants experiencing financial hardship may withdraw a portion of this account balance as defined in the Plan.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. These loans are secured by the balance in the participant's account. The loans bear interest rates at 4.25% as of both December 31, 2015 and 2014, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through payroll deductions. There were no loans in default as of both December 31, 2015 and 2014.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

As of December 31, 2015 and 2014 and for the Year Ended December 31, 2015

NOTE 2 - Summary of Significant Accounting Policies (cont.)

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully-benefit responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, asset custodian and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the gains and losses on investments bought and sold as well as held during the year.

Investments, in general, are subject to various risks, including credit, interest, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in values of investment securities will occur in the near term, and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Payments of Benefits

Benefits are recorded when paid.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* ("ASU 2015-07"). ASU 2015-07 removes the requirement to include investments in the fair value hierarchy for which fair value is measured using the net asset value per share practical expedient under Accounting Standards Codification 820. ASU 2015-07 is effective for the Plan for years beginning after December 15, 2015 with early adoption permitted. Management has elected to early adopt the provisions of this new standard. Accordingly, the standard was retrospectively applied.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient*. Part I requires fully-benefit responsive investment contracts to be measured, presented, and disclosed only at contract value. Part II requires that investments that are measured using fair value (both participant-directed and nonparticipant-directed investments) be grouped only by general type, eliminating the need to disaggregate the investments by nature, characteristics, and risks. Part II also eliminates the disclosure of individual investments that represent 5 percent or more of net assets available for benefits and the disclosure of net appreciation or depreciation for investments by general type, requiring only presentation of net appreciation or depreciation in investments in the aggregate. Additionally, if an investment is measured using the net asset value per share as a practical expedient and that investment is a fund that files a U.S. Department of Labor Form 5500, as a direct filing entity, disclosure of that investment's strategy is no longer required. Part III is not applicable to the Plan. The amendments in ASU 2015-12 are effective for fiscal years beginning after December 15, 2015, with early application permitted. The amendments within Parts I and II require retrospective application. Management has elected to early adopt the provisions of Parts I and II of this new standard. Accordingly, these provisions were retrospectively applied.

NOTE 3 - Fair Value of Financial Instruments

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include

- > quoted prices for similar assets or liabilities in active markets;
- > quoted prices for identical or similar assets or liabilities in inactive markets;
- > inputs other than quoted prices that are observable for the asset or liability;
- > inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- > If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability

Level 3 - Inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There has been no changes in the methodologies used as of December 31, 2015 and 2014:

Mutual funds: Mutual funds are classified as Level 1 as they are traded in an active market for which closing prices are readily available and are valued at the net asset value (NAV) of shares held by the Plan at year end.

Guaranteed investment contract: Valued at contract value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer (Note 2).

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2015 and 2014 and for the Year Ended December 31, 2015

NOTE 3 - Fair Value of Financial Instruments (Cont.)

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	December 31, 2015			
	Total	Level 1	Level 2	Level 3
Mutual Funds:	<u>\$ 6,877,093</u>	<u>\$ 6,877,093</u>	<u>\$ -</u>	<u>\$ -</u>
Investments at fair value	<u>\$ 6,877,093</u>	<u>\$ 6,877,093</u>	<u>\$ -</u>	<u>\$ -</u>

	December 31, 2014			
	Total	Level 1	Level 2	Level 3
Mutual Funds:	<u>\$ 6,646,489</u>	<u>\$ 6,646,489</u>	<u>\$ -</u>	<u>\$ -</u>
Investments at fair value	<u>\$ 6,646,489</u>	<u>\$ 6,646,489</u>	<u>\$ -</u>	<u>\$ -</u>

For year ended December 31, 2015, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

NOTE 4 - Fully Benefit-Responsive Investment Contract

The Plan holds a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expense.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTES TO FINANCIAL STATEMENTS

NOTE 4 - Fully Benefit-Responsive Investment Contract (cont.)

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

NOTE 5 - Related Party and Party-In-Interest

Certain of the Plan's investments are managed by the asset custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transaction qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the plan.

NOTE 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their company contributions.

NOTE 7 - Plan Tax Status

The Plan is a prototype defined contribution plan. The prototype sponsor has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, in which the IRS states that the prototype plan is in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

As of December 31, 2015 and 2014, the Plan's net assets available for benefits were invested in two funds that totaled approximately 24% and 25%, respectively.

NOTE 9 - Administration of Plan Assets

The Plan's assets are administered under a contract with Great-West Trust Company, LLC, the asset custodian of the Plan. The asset custodian invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants.

NOTE 10 - Information Certified by Asset Custodian

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2015 and 2014. Accordingly, Great-West Trust Company, LLC, the asset custodian of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2015 and 2014 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2015, and the related investment activity and interest income on notes receivable from participants reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2015.
