Independent Auditor's Report

To the Trustees of
Electric Supply 401(k) Retirement Savings Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Electric Supply 401(k) Retirement Savings Plan (Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2015, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2015, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

RETIREMENT SAVINGS PLAN**

Notes to Financial Statements

December 31, 2015 and 2014

(1) Description of Plan

The following description of the Electric Supply 401(k) Retirement Savings Plan (Plan) provides only general information. Participants should refer to the Adoption Agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan that covers eligible employees of Electric Supply of Tampa, Inc. (Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). To be eligible to participate in the Plan, an employee must have attained the age of 21 and have completed at least six months of service.

The Plan was adopted November 1, 1986 and entirely amended and restated June 1, 2003. The Plan has adopted certain provisions of the Economic Growth and Tax Relief Act of 2001 (EGTRRA).

Effective July 1, 2013, the Plan amended the normal retirement age to 59 ½.

(b) Administration

The Company is the Plan's sponsor and administrator. As the plan administrator, the Company controls and manages the operation and administration of the Plan, except with respect to investments, which are managed by the designated custodian, Reliance Trust Company (RTC), and recordkeeping, which is performed by Massachusetts Mutual Life Insurance Company. Under the terms of the Plan, designated officers of the Company act as trustees.

(c) Contributions

Effective August 14, 2006, the Plan was amended to allow for participants to contribute from 1% to 30% of pretax annual compensation, as defined in the Plan, subject to annual limitations as defined by the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified plans. Annual elective deferrals were limited to \$18,000 during 2015 with catch-up contributions limited to \$6,000.

Effective June 1, 2015, the plan document was amended to allow participants of the plan to be automatically enrolled, once meeting eligibility requirements, at a deferral percentage of 3% of eligible compensation.

(1) Description of Plan - Continued

(c) Contributions - Continued

The Company may make matching contributions equal to a discretionary percentage of the participant's elective deferrals. In addition, the Company may make a discretionary profit sharing contribution, which is allocated to each participant based on a formula explained in the Adoption Agreement. A participant shall share in the allocations of the matching contributions whether or not the participant is actively employed at the end of the Plan year and regardless of hours of service. In order to share in the allocations of the discretionary profit sharing contributions, a participant must have completed a year of service or 1,000 hours and be actively employed at the end of the Plan year. Participants, who are not actively employed at the end of the Plan year due to death, total and permanent disability or early/normal retirement, will be eligible to share in the allocation of the discretionary profit sharing contribution, regardless of service and employment status. The matching and discretionary profit sharing contributions are invested in various investment options as directed by the participant. No discretionary matching or profit sharing contributions were made for the year ended December 31, 2015.

(d) Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan investment income. Plan earnings are credited to participants' accounts at the rate attributable to participants' specific account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(e) Vesting

Participants are immediately vested in their contributions plus actual investment income thereon. Vesting in the Company's matching and discretionary profit sharing contribution portion of their accounts plus actual investment income thereon is based on years of continuous service. Participants become 100% vested in Company matching contributions after six years of credited service and discretionary profit sharing contributions after seven years of credited service.

(f) Investment Options

The Plan permits participants to direct the investment of their elective deferrals and Company contributions into various investments offered by the Plan.

(1) Description of Plan - Continued

(g) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$750 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at 3.25%, which is commensurate with the prime rate at the date of loan origination. Loan terms are required to range from 1-5 years unless the loan is for the purchase of a primary residence. Principal and interest is paid ratably through bi-weekly payroll deductions.

(h) Payment of Benefits

The Plan provides for the payment of benefits upon retirement, total and permanent disability, termination of employment and financial hardship by way of a lump-sum distribution, substantially equal installments, or an annuity equal to the value of the participant's vested interest in his or her account. Benefits are recorded when paid.

(i) Forfeitures

Any nonvested amounts remaining after the distribution of a terminated participant's vested account balance are forfeited. Forfeitures are applied to future employer contributions or administrative expenses. At December 31, 2015 and 2014, forfeitures of \$1,543 and \$2,475, respectively, were available to offset future employer matching contributions or administrative expenses and are included within investments at fair value.

(j) Hardship Distribution

The Plan allows participants to withdraw a portion of their elective deferral account, rollover contributions, and the vested portion of the Company's contribution account in the event of immediate and heavy financial need. Any hardship withdrawal is limited to the amount needed to meet the financial need and must qualify with respect to Plan provisions. A participant who receives a hardship withdrawal that includes any elective deferrals is suspended from making any elective deferrals for six months after receiving the hardship withdrawal.

(2) Summary of Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

(b) New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The ASU removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value per share as a practical expedient provided by FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurement*. Disclosures about investments in certain entities that calculate net asset value per share are limited under this ASU to investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. The guidance requires retrospective application and is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Plan's management is currently evaluating the impact of ASU 2015-07 and does not expect the adoption of this ASU to have a material impact on the Plan's financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I of the ASU eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II of this ASU eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risk. Further the disclosure of information about fair value measurements shall be provided by general type of plan investment. Part III of this ASU allows a plan with a fiscal year end that does not coincide with the end of a calendar month to measure its investments and investment-related accounts using the month end closest to its fiscal year end. The guidance is effective for fiscal years beginning after December 15, 2015 and early adoption is permitted. The guidance on fully benefit-responsive investment contracts and plan investment disclosures must be applied retrospectively. The guidance on measurement date practical expedient must be applied prospectively. Plan management has elected to early adopt Parts I and II. Adoption of this standard resulted in the reclassification of \$(19,943) from adjustment from fair value to contract value for fully benefit responsive investment contract to investments at fair value on the statement of net assets available for benefits as of December 31, 2014. The statement of changes in net assets available for benefits of the Plan was not affected by the adoption of the new guidance. Part III is not applicable to this Plan.

(2) Summary of Accounting Policies - Continued

(c) Notes Receivable from Participants

Loans to participants are reported at their unpaid principle balances plus any accrued but unpaid interest.

(d) Investment Valuation and Income Recognition

Investments in registered investment companies are stated at fair value based on quoted market prices.

The Invesco Stable Value Trust (Trust) is a common/collective trust fund. The Trust invests principally in bank, insurance company and other financial institution investment contracts (GICs) which are intended to maintain a constant net asset value. The Trust also invests in synthetic guaranteed investment contracts as well as traditional guaranteed investment contracts. The Trust is valued by Invesco Trust Company based on the unit value of the funds. Unit values are determined by dividing the fund's net assets, which represents the fair value of the underlying investments, by its units outstanding at the valuation dates. This common/collective trust has underlying investments in investment contracts which are valued at estimated fair value of the underlying investments and then adjusted to contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date.

The net depreciation in fair value of investments includes both realized gains and losses on investments sold during the year and unrealized gains and losses on investments held at the end of the year.

(e) Use of Estimates

Management of the Plan has made a number of estimates and assumptions relating to the reporting of assets and liabilities and the disclosure of contingent assets and liabilities and additions to and deductions from net assets to prepare these financial statements in conformity with accounting principles generally accepted in the United States of America. Actual results could differ from those estimates.

(f) Unit Values

Individual participant accounts for the common and collective trusts are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds, but do have an interest therein represented by units valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

(2) Summary of Accounting Policies - Continued

(g) Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits.

(h) Administrative Expenses

Significant administrative costs related to the Plan are incurred by the Company and are not reflected in the operations of the Plan.

(3) Custodian Certification of Plan Investments (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, RTC, the Plan's investment custodian, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Total investments at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits;
- Dividend income, net depreciation in fair value of investments and interest income on notes receivable from participants and related investment activity as shown in the statement of changes in net assets available for benefits;
- The schedule of assets (held at end of year) as shown in the supplemental schedule.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in these financial statements.

(4) Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015 and 2014 to Form 5500:

	<u>2015</u>	<u>2014</u>
Net assets available for benefits for financial reporting purposes	\$ 8,528,470	8,545,894
Excess participant contributions payable	<u>7,877</u>	<u>9,241</u>
Net assets available for benefits for Form 5500 purposes	\$ <u>8,536,347</u>	<u>8,555,135</u>

The following is a reconciliation of net decrease in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2015:

Net decrease for financial reporting purposes	\$ (17,424)
Excess participant contributions payable at December 31, 2015	7,877
Excess participant contributions payable at December 31, 2014	<u>(9,241)</u>
Net decrease for Form 5500 purposes	\$ <u>(18,788)</u>

(5) Tax Status

The Plan has adopted a prototype plan. The prototype plan obtained its latest opinion letter on March 31, 2008, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The prototype plan has been amended since receiving the opinion letter. However, the plan administrator and the Plan's tax counsel believe that the prototype plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed tax positions taken by the Plan, and has concluded that as of December 31, 2015 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**ELECTRIC SUPPLY 401(K)
RETIREMENT SAVINGS PLAN**

Notes to Financial Statements - Continued

(6) Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to discontinue the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

(7) Fair Value Measurements

Accounting Standard Codification Topic 820, *Fair Value Measurements and Disclosures* (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques used need to maximize use of observable inputs and minimize use of unobservable inputs.

Following is a description of valuation methodologies used for assets measured at fair value:

Registered Investment Companies: valued at net asset value of shares held by the Plan at year end.

Stable Value Common and Collective Trust Funds: valued at the unit value as determined by the collective trust as of the valuation date.
