FIRST TEXAS HOMES, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the First Texas Homes, Inc. 401(k) Plan (the Plan) provides only general information. The Plan is sponsored by First Texas Homes, Inc. (the Company and Plan Sponsor). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, established on January 1, 1998, as amended from time to time, covering all employees of the Company, except sales assistants. Employees are eligible to participate after completing six months of service and having attained the age of 21. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as well as all provisions of the federal income tax laws.

Contributions

Participants may make tax-deferred contributions not to exceed the amount deductible for federal income tax purposes. Participants may also contribute or 'rollover' amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company has the option to make discretionary contributions from time to time as deemed advisable. The Company has not made any matching contributions to the Plan since its inception.

Participant Accounts

Each participant's account is credited with the participant's tax-deferred contributions, employer contributions, if any, and Plan earnings or losses on the assets of their self-directed investment funds. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their deferred salary contributions, rollover contributions from other plans and actual earnings thereon. Vesting in the Company's matching contributions and profit sharing contributions (if any) of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested upon retirement, permanent disability, death or reaching age 65 while employed by the Company. If a participant separates from the employment of the Company for any other reason, a participant shall be vested based upon the following schedule:

Year(s) of Vesting Service	Percentage Vested
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 or more years	100%

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan, by or on behalf of the participant, to any one or more of the investment funds provided by the custodian of the Plan's assets. A participant may at any time change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Notes Receivable from Participants

Participants may borrow against their vested account balances a minimum of $1,000 up to a maximum amount equal to the lesser of 50% of their vested account balance or $50,000. The loans, in the form of promissory notes (Note 2), are secured by the balances in the participant's account, and bear interest at the prime lending rate plus 1%. Two loans per participant may be outstanding at any one time. Principal and interest on notes receivable from participants are repaid through payroll deductions.

Payment of Benefits

All distributions from the Plan will be made in one lump-sum payment in cash equal to the value of the participant's vested interest in his or her account balance. If a participant's vested benefit in the Plan exceeds $5,000, the participant must consent to the distribution before it may be made. If the participant's vested interest does not exceed $1,000, then the participant's benefit will be distributed in a lump-sum as soon as practicable following the event that led to the participant being entitled to a distribution.

Forfeited Accounts

Forfeitures are used first to reduce the employer's matching contribution to the Plan and afterwards to pay Plan expenses. At December 31, 2015 and 2014, there were no forfeitures or unallocated forfeitures available to reduce future employer contributions and Plan expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in pooled separate accounts and the insurance company general account are stated at fair value, representing the net assets of shares held by the Plan at December 31, 2015 and 2014. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment adviser, custodian, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual basis with dividends being recorded on the ex-dividend date. Net appreciation (depreciation) includes the gains and losses on the Plan's investments bought and sold as well as those held during the year.

Notes Receivable from Participants

Notes receivable from participants (Note 1) are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. The Plan recognizes interest income from the notes receivable as earned.

Contributions

Contributions from the employer are accrued in the period in which they become the obligation of the Company, as determined by the Plan's administrator.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

It is the philosophy of the Company to absorb and pay most Plan administration expenses such as audit fees and other administrative costs so as not to decrease Plan assets. Any fee or expense paid, directly or indirectly, by the Company is not considered a contribution to the Plan, provided the fee or the expense relates to the ordinary and necessary administration of the Plan.

In addition, during the year ended December 31, 2015, the Plan incurred $3,987 of administrative expenses from its third party administrator. These charges are reflected in the accompanying statement of changes in net assets available for benefits.

Subsequent Events

In preparing the financial statements, the Plan has reviewed, as determined necessary by the Plan's management, events that have occurred after December 31, 2015, up until the issuance of the financial statements, which occurred on July 26, 2016.

Recent Accounting Pronouncements

During the year ended December 31, 2015 and through July 26, 2016, there were several new accounting pronouncements issued by the Financial Accounting Standards Board (FASB). Each of these pronouncements, as applicable, has been or will be adopted by the Plan. Management does not believe the adoption of any of these accounting pronouncements has had or will have a material impact on the Plan's financial statements except for the adoption of Accounting Standard Update 2015-12, *Plan Accounting* and 2015-12, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share* and *Plan Accounting*, respectively, which changed certain investment disclosures.

3. FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Following is a description of the valuation methodologies used for assets measured at fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology are other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Pooled separate accounts: consists of mutual funds which are valued daily at their net asset values (NAV). The NAV is used as a practical expedient to estimate fair value. The Plan and participants hold "units of participation" in the separate account.

Insurance company general account: The investment in the VOYA Fixed Account is valued based upon the daily credited rate. Any market value adjustment or surrender charge will be based on the formulas and schedules in the contract.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014. Classification within the fair value (f.v.) hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Ins. company general account	$ -	$ 705,647	$ -	$ 705,647
Total assets in the f.v. hierarchy	-	705,647	-	705,647
Investments measured at net asset value*	-	-	-	2,784,125
Investments at fair value	$ -	$ 705,647	$ -	$ 3,489,772

	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Ins. company general account	$ -	$ 738,862	$ -	$ 738,862
Total assets in the f.v. hierarchy	-	738,862	-	738,862
Investments measured at net asset value*	-	-	-	2,557,585
Investments at fair value	$ -	$ 738,862	$ -	$ 3,296,447

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31 2015 and 2014, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investment	December 31, 2015 Fair Value	December 31, 2014 Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 2,784,125	$ 2,557,585	n/a	Daily	None

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants will become 100% vested in their account balances.

5. REPORTABLE TRANSACTIONS

There were no reportable transactions, loans (participant notes receivable) in default or uncollectible, non-exempt transactions with parties-in-interest or any other prohibited transactions which would require supplemental presentation under Department of Labor rules and regulations.

6. TAX STATUS

The Plan, as originally drafted, is a Prototype Non-Standardized Profit Sharing Plan with Cash or Deferred Arrangement. The Internal Revenue Service has determined and informed the Sponsor of the prototype plan by a letter dated September 30, 2014, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code. However, a determination letter from the Internal Revenue Service has not yet been requested by the Plan Sponsor/Company to determine if the Plan as amended was designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and ERISA and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

8. TRANSACTIONS WITH PARTIES IN INTEREST

Continental Benefits Group, Inc. and Cook Financial Services were the Plan's record keeper and investment broker, respectively, during the year and therefore any transactions with the Plan qualify as party-in-interest transactions. During the year ended December 31, 2015, fees paid by the Plan for investment management and administrative services to these parties totaled approximately $25,000.

9. RECONCILIATION OF THE FINANCIAL STATEMENTS TO THE FORM 5500
