Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Alliance Community Hospital/Ohio Nurses Association Matched Fund Retirement Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2015, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Bank and Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes investment transactions. The Plan Administrator has obtained a certification from the custodian as of December 31, 2015, and for the year then ended, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2015 financial statements.

Other Matter – Supplemental Schedule

The supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2015, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule.

Other Matter – 2014 Financial Statements

The statement of net assets available for benefits of Alliance Community Hospital/Ohio Nurses Association Matched Fund Retirement Plan as of December 31, 2014 was audited by Bruner Cox LLP, whose practice became part of CliftonLarsonAllen LLP as of June 1, 2016. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed the predecessor auditors not to perform and they did not perform any auditing procedures with respect to the information certified by the custodian. Their report, dated July 16, 2015, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the 2014 financial statements, other than that derived from the information certified by the custodian, was presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2015 financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

ALLIANCE COMMUNITY HOSPITAL/OHIO NURSES ASSOCIATION MATCHED FUND RETIREMENT PLAN

Note 1. Description of the Plan

The following description of Alliance Community Hospital/Ohio Nurses Association Matched Fund Retirement Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Alliance Citizens Health Association (the Hospital) for the benefit of its employees who are members of the Ohio Nurses Association. Employees are eligible immediately to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). State Street Bank and Trust Company serves as Plan custodian. The Retirement Plan Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

The Plan permits eligible employees through a salary deferral election to make annual contributions of up to 100% of eligible compensation. However, the deferral may not exceed an amount that would cause a violation of ERISA. During 2015, the Plan was amended to allow employees to elect 15-year catch-up contributions, which are subject to a \$15,000 lifetime limit. Employee rollover contributions are also permitted. The Hospital makes matching contributions of 100% of employees' salary deferral amounts up to 5% of employees' compensation. Employees are eligible to receive the Hospital match after completion of 90 days of service.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing his or her contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Hospital's contribution, and plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and any matching contributions, plus earnings thereon.

Notes Receivable from Participants

The Plan document includes provisions authorizing loans from the Plan to eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan is \$1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of \$50,000 or 50% of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence). Repayments of principal and interest are made through payroll deductions. Each loan is subject to a \$250 set up charge made payable to the Hospital and a \$75 administrative fee. Interest on the loans is based on local prevailing rates as determined by the Plan Administrator.

NOTES TO FINANCIAL STATEMENTS

ALLIANCE COMMUNITY HOSPITAL/OHIO NURSES ASSOCIATION MATCHED FUND RETIREMENT PLAN

Note 1. Description of the Plan (Continued)

Payment of Benefits

Upon termination of service, an employee may elect to receive either a lump-sum amount equal to the value of his or her account or a joint and survivor annuity. At December 31, 2015, there were no Plan assets allocated to accounts of terminated or retired participants who have elected to withdraw from the Plan but have not yet been paid.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivables from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Hospital or the Plan as noted in the Plan document. In addition, certain investment-related expenses are included in the net depreciation in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Note 2. Summary of Significant Accounting Policies (Continued)

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent). The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. For non-public entities, the amendments in this update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. The Plan adopted this update for the 2015 Plan year, and it was retrospectively applied to December 31, 2014. Prior year disclosures have been revised to reflect the retrospective application of this update. The impact of adopting this update is reflected in Note 4.

In July 2015, the FASB issued ASU No. 2015-12, (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient – consensus of the Emerging Issues Task Force. The amendments in this update (1) requires a pension plan to use contract value as the only measure for fully benefit-responsive investment contracts, (2) simplifies and increases the effectiveness of the investment disclosure requirements for employee benefit plans, and (3) provides benefit plans with a measurement-date practical expedient similar to the practical expedient provided to employers in ASU 2015-04, Practical Expedient for the Measurement Date of an Employer's Defined Benefit Obligation and Plan Assets. The amendments in this update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Part I and Part II shall be applied retrospectively to all periods presented, while the amendments in Part III shall be applied prospectively. The Plan has adopted Parts I and II of this update for the 2015 Plan year, and it was retrospectively applied to December 31, 2014. Prior year disclosures have been revised to reflect the retrospective application of this update.

Subsequent Events

The Plan has evaluated subsequent events through July 26, 2016, the date the financial statements were available to be issued.

Note 3. Investments

All investment information, including investments held and the notes receivable from participants as of December 31, 2015 and 2014, interest and dividend income and net depreciation in fair value of investments for the year ended December 31, 2015 included in the Plan's financial statements and supplemental schedule, was prepared or derived from information provided by State Street Bank and Trust Company, the custodian, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that the information provided to the Plan Administrator by the custodian is complete and accurate. Accordingly as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the investments.

Note 4. Fair Value Measurements

The FASB topic, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under this FASB topic are described as follows:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include</p> <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts: Valued at the unit value for each separate account investment based on the underlying assets, which include a mix of mutual funds, collective trusts and managed accounts. All underlying investment options are valued daily. This daily price is considered the selling price for transfers and withdrawals, and is calculated each day the principal market is open. The investment options are available for trading each day while the principal market is open.

Investments valued at the net asset value per share practical expedient can be redeemed on a daily basis with no notice period required.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Assets at fair value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 12,192,822	\$ -	\$ -	\$ 12,192,822
Total investments in the fair value hierarchy	12,192,822	-	-	12,192,822
Investments measured at net asset value (a)	-	-	-	109,354
Total investments at fair value	\$ 12,192,822	\$ -	\$ -	\$ 12,302,176

Assets at fair value as of December 31, 2014				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 12,266,083	\$ -	\$ -	\$ 12,266,083
Total investments in the fair value hierarchy	12,266,083	-	-	12,266,083
Investments measured at net asset value (a)	-	-	-	310,547
Total investments at fair value	\$ 12,266,083	\$ -	\$ -	\$ 12,576,630

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Plan management has evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2015, there were no significant transfers in or out of Levels 1, 2 or 3.

Note 5. Group Annuity Contract with Transamerica Financial Life Insurance Company

The Plan invests in a group annuity contract issued by Transamerica Financial Life Insurance Company (TFLIC), an insurance company. The annuity is maintained in the TFLIC general account. The Plan does not own any underlying securities of this fund. The Plan has guaranteed benefits under the terms of the contract. There is no market value adjustment or other termination charges applied upon contract termination.

The group annuity contract is valued at contract value as estimated by TFLIC. Contract value represents contributions made under the contract, plus interest at the contract rate, less funds used to pay retirement benefits. The investment contract contains liquidity restrictions that require withdrawals and transfers from the investment contract to other investment options available to the Plan to be spread over a period of five annual installments.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The average yields for the year ended December 31 are as follows:

	2015	2014
Average yields		
Based on actual earnings	3.50%	3.50%
Based on interest rate credited to participants	3.50%	3.50%

Note 6. Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

The Plan paid \$31,626 of recordkeeping fees to the third party administrator during 2015. The Hospital provides certain administrative services at no cost to the Plan.

Note 7. Plan Termination

Although it has not expressed an intention to do so, the Hospital has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

Note 8. Plan Tax Status

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (Code). The Plan terms have been drafted in reliance on the sample language provided by the IRS in Revenue Procedure 2007-71. The Plan Administrator intends to apply for a determination letter on the Plan when the government opens such program. The Plan is required to operate in conformity with the Code to maintain its tax exemption. Plan management believes the Plan is currently designed and operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination, including the resolution of appeals or litigation processes, if any. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
