INDEPENDENT AUDITORS' REPORT

To the Participants and Trustees of
Western Reserve Group 401(k) Profit Sharing Plan
Wooster, Ohio

Report on the Financial Statements

We have audited the accompanying financial statements of the Western Reserve Group 401(k) Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2015 and 2014, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2015 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in our audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

The following description of the Western Reserve Group 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established in 1991 for all eligible employees of Western Reserve Mutual Casualty Company, Lightning Rod Mutual Insurance Company and Sonnenberg Mutual Insurance Company, collectively known as the Western Reserve Group (the Employer), who have completed three months of service and are age nineteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participating employees may defer up to the maximum percentage allowable not to exceed the limits of the Internal Revenue Code (IRC). The Plan also provides for automatic enrollment of eligible participants at 5% of eligible compensation. Participants may elect to change contributions at any time. Participants who reach age 50 may elect to make catch-up contributions. Participants may also contribute rollover contributions representing distributions from other qualified plans. Effective January 2013, participants may also contribute Roth contributions to the plan.

The Employer elected to make an annual safe harbor matching contribution equal to 100% of the first 3% of eligible compensation and 50% of the next 2% of eligible compensation contributed by the Plan participants. The Plan also allows for regular Employer matching contributions, however, the Employer elected not to make any such contributions during 2015 and 2014.

The Employer may make discretionary profit sharing contributions. The discretionary contributions are allocated to individual participant accounts based on the ratio of the participant's eligible compensation to the total eligible compensation of all eligible participants. The Employer made a 2.00% and a 3.45% discretionary profit sharing contribution amounting to \$358,161 and \$609,207 during 2015 and 2014, respectively.

Participant accounts

Each participant's account is credited with the participant's contribution, the respective Employer's matching contribution and allocations of the Employer's discretionary and safe harbor non-elective contributions, if any, and Plan earnings. Income of each investment fund (including appreciation and depreciation in fair value of each investment fund) is allocated daily to participant accounts based upon the ratio of each participant's account to the total of each investment fund balance.

Participant notes receivable

Effective January 2015, participants may borrow from their Plan accounts under terms ranging from 1-5 years, for any general purpose. The participant must be an active Plan participant with a vested balance of at least \$2,000 to be eligible. The minimum loan amount is \$1,000. The maximum loan amount is \$50,000 minus the highest outstanding loan balance at any time during the immediate 12 month period, or 50% of the participant's vested balance. Notes are secured by the balance in the participant's Plan account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. All Employer contributions are immediately vested.

Investment options

All participant and Employer contributions are allocated to investments at the direction of each participant.

Distributions

In accordance with the Plan, a participant may receive the full value of their accounts upon normal retirement (at age 65), upon early retirement (at age 60) or upon total disability. Upon death of a participant, the participant's beneficiary shall be entitled to the full value of the participant's accounts. Distributions are made in lump sum payments, installments, or a combination of both.

If a participant terminates employment for reasons other than death, disability, or retirement, the participant is entitled to receive only that portion of the benefit for which they are vested.

A participant may elect to withdraw any or all of their vested account balance in the event of financial hardship or attainment of age 59½, subject to applicable IRC requirements. All financial hardship distributions must be approved by Western Reserve Group (the Plan Administrator).

2. SUMMARY OF ACCOUNTING POLICIES:

The following accounting principles and practices of the Plan are set forth to facilitate the understanding of data presented in the financial statements:

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

The Plan invested in investment contracts through a collective trust. Contract value for this collective trust is based on the net asset value of the fund as reported by the trustee and audited financial statements of the trust. As required, the statements of net assets available for benefits present the fair value of the investment in the collective trust as well as the adjustment of the fully benefit-responsive investment contract from fair to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Participant notes receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the plan document.

Cash and cash equivalents

The Plan considers all short-term investments to be cash equivalents. The carrying amount of cash and cash equivalents approximates fair value.

Contributions

Participant contributions are recognized when withheld. Employer matching contributions are recognized at the time the related participant contributions are recognized. Employer discretionary and safe harbor contributions are recognized in the year for which they are authorized by the Employer.

Distributions

Benefit distributions are recognized when paid.

Administrative expenses

Certain administrative expenses are borne by the Employer and are excluded from these financial statements. Fees related to participant transactions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Risk and uncertainties

The Plan provides various investment options in any combination of mutual funds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

Subsequent events

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements consider events through July 13, 2016, the date the financial statements were available to be issued.

3. PLAN TERMINATION:

Although they have not expressed any intent to do so, the Employer has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the right of each participant to benefits accrued to the date of such termination or partial termination, to the extent then funded, or the rights of each participant to the amount credited to his/her account at such time, shall be fully vested and non-forfeitable.

4. FEDERAL INCOME TAXES:

The Plan elected to adopt a volume submitter plan. The Internal Revenue Service (IRS) issued an opinion letter dated March 31, 2014 indicating that the volume submitter plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

5. INVESTMENTS:

Investments, at fair value, representing 5 percent or more of net assets available for Plan benefits at December 31, 2015 and 2014 are as follows:

	<u>2015</u>	<u>2014</u>
Federated Capital Preservation Fund CL ISP	\$ N/A*	6,692,860
Invesco Equity and Income Fund A	N/A*	3,458,842
The Oakmark Fund CL II	N/A*	2,910,622
Blackrock Global Allocation A	N/A*	2,567,263
Mainstay Large Cap Growth R2	N/A*	2,451,017
Pioneer Bond Fund	N/A*	2,214,009
American Funds Europacific Growth Fund R3	N/A*	1,561,710
Neuberger Berman Genesis Fund Adv CL	N/A*	1,541,738
American Washington Mutual Investors Fund R3	N/A*	1,521,602

NA - Investment did not meet the 5% reporting threshold at year-end

* - As discussed in Note 8, assets held at year-end were in a money market fund

During the years ended December 31, 2015 and 2014, the Plan's mutual funds depreciated \$1,568,144 and \$484,501 (including gains and losses on investments bought and sold, as well as held during the year), respectively.

6. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in methodologies used at December 31, 2015 and 2014.

The following is a description of the valuation methodologies used for assets measured at fair value:

Cash and cash equivalents: Money market fund valued at carrying amount, which approximates fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. The objective of the collective trust is stability of principal and high current income.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

8. SUBSEQUENT EVENT:

Effective January 1, 2016, the Employer changed the Plan custodian from Bank of American Merrill Lynch (BAML) to Charles Schwab. As part of conversion to Charles Schwab, the Plan investments at BAML were liquidated and transferred to a money market fund with BAML on December 31, 2015. The funds were received by Charles Schwab on January 4, 2016.
