INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Management of
The Akron Zoological Park 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Akron Zoological Park 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Retirement Plan Services, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2015 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

AKRON ZOOLOGICAL PARK 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

for the years ended December 31, 2015 and 2014

1. Plan Description:

The following description of Akron Zoological Park 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan document for more complete information.

General – The Plan was established January 1, 2010 and is a defined contribution 401(k) plan subject to Section 401(k) of the Internal Revenue Code and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is provided for hourly, salary, and seasonal employees of Akron Zoological Park (the "Company") that meet the eligibility requirements. Employees covered by the collective bargaining agreement are included if they meet the eligibility requirements and if the collective bargaining agreement states the employees are to be included in the Plan.

Participation – All full and part time employees of the Company, age 21, are immediately eligible to participate in the Plan, as long as they are expected to work 1,000 hours. Seasonal employees are only included once they work 1,000 hours during a plan year. Once an employee is classified as 'eligible', they will always be able to participate in the plan, regardless of the 1,000 hour requirement.

Contributions – Participants in the Plan may elect to contribute up to one hundred percent of their total compensation on a pre-tax basis, which annually cannot exceed the amount specified under Section 402(g) of the Internal Revenue Code. IRS regulations also allow a catch up contribution for participants age 50 and older. Participants may also make rollover contributions to the Plan from other qualified plans. The Company makes a matching contribution to all eligible Plan participants equal to 25% of the first 6% of each employee's pre-tax contribution. In addition, the Company may, at its sole discretion, make profit sharing contributions to the Plan on behalf of each participant who has completed at least 1,000 hours of service during the plan year and is employed by the Company on the last day of the plan year. There were no profit sharing contributions to the Plan in 2015 or 2014.

Investment Options – Participants direct all their contributions among one or more funds subject to the allocation limitations set forth in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan's provisions.

Participant Accounts – Participant account balances are maintained to reflect each participant's interest in the Plan's funds. Participant account balances are increased by participant contributions and the Company's matching and profit sharing contributions, transfers, and net appreciation in the fair value of investments. Account balances are decreased by participant distributions, transfers, administrative expenses and any net depreciation in the fair value of investments.

AKRON ZOOLOGICAL PARK 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS, Continued for the years ended December 31, 2015 and 2014

1. Plan Description, Continued:

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their non-forfeitable account balance. Also participants may only have a maximum of one loan outstanding at any one time. Loan terms generally range from one to five years, but can exceed a period in excess of five years for the purchase of a primary residence. The loans are collateralized by the participant's account and bear interest at a reasonable rate, which has been determined by the plan sponsor to be the prime rate plus 2%. Principal and interest is paid ratably through payroll deductions.

Vesting – Participants are immediately vested in their voluntary contributions and related earnings.

Vesting of employer matching contributions and profit sharing contributions plus related earnings is based on years of service as defined by the Plan. Participants become 100 percent vested after three years of credited service or upon death, disability or attainment of normal retirement age.

Minimum vesting under the Plan occurs in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Amount</u>
Less than 3 years	0%
Three or more years	100%

Payment of Benefits – On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, installments over a period not to exceed the joint life expectancy of the participant and his or her beneficiary or a direct rollover to another eligible retirement plan. In-service distributions are permitted from a participant's vested account balance, provided the participant has attained the age of 59-1/2. Participants with a vested interest in their accounts of \$1,000 or more may elect to receive a lump-sum distribution, installment payments, roll over the amount into another qualified plan or leave the funds invested as is. Participants with a vested interest in their account of \$1,000 or less who do not contact the plan administrator will have benefits paid in a lump sum. There were no individuals who elected to withdraw from the Plan but had not been paid at December 31, 2015 and 2014.

Withdrawals – Participants may elect to withdraw all or a specified portion of their contributions prior to their termination of employment subject to certain restrictions under the Plan. Once participants attain the age of 59-1/2, they may also elect to withdraw from their account any amount not to exceed their vested portion.

Forfeitures – Forfeited non-vested accounts are retained in the Plan and are used to restore forfeitures, pay any administrative expenses of the Plan or used to reduce future matching contributions. No forfeitures were used to restore forfeitures, pay administrative expenses or reduce matching contributions in 2015 or 2014. At December 31, 2015 and 2014, there was \$1,875 and \$612 available for use in the forfeiture accounts, respectively.

AKRON ZOOLOGICAL PARK 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS, Continued for the years ended December 31, 2015 and 2014

2. Significant Accounting Policies:

Method of Accounting – The Plan's policy is to prepare its financial statements and supplemental schedule in accordance with the accrual basis of accounting. Specifically, contributions are recorded in the period the employers withhold payroll deductions from the participants, and benefits are recorded when requested.

Use of Estimates – The preparation of financial statements in conformity with the accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts and disclosures. While actual results could differ from those estimates, management does not expect those differences to be significant to the financial statements.

New Accounting Pronouncements – In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement*. The amendments within this update remove the requirement to categorize within the fair value hierarchy all investments for which the fair value is measured using the net asset value per share practical expedient. In addition, the amendments limit the disclosures required if an investment's fair value is determined using the net asset value per share practical expedient. This ASU is effective for reporting periods beginning after December 15, 2016. Early adoption is permitted and changes should be applied retrospectively to all financial statements presented. The plan has chosen to early adopt this standard.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to adopt Parts I and II early.

Plan Termination – Although the plan sponsor has not expressed any intent to do so, the trustee of the Plan and the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of termination of the Plan, each participant will become 100% vested and the trustee shall distribute the value of the participant accounts in accordance with the Plan.

AKRON ZOOLOGICAL PARK 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS, Continued for the years ended December 31, 2015 and 2014

2. Significant Accounting Policies, Continued:

Investment Valuation and Income Recognition – The Plan's investments are valued by the trustee of the Plan's assets at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividends are recorded when incurred. Net appreciation (depreciation) includes the Plan's gain and loss on investments bought and sold as well as held during the year. The change in the difference between fair value and cost of the investments is reflected in the statements of changes in net assets available for benefits as net appreciation or depreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon terms of the plan document. The notes are secured by the balance in the participant's account. The loan interest rate is set at 2% above the prime rate. Principal and interest is paid ratably through monthly payroll deductions. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Administrative Expenses – Certain administrative expenses incurred by the Plan are paid by the Company. All other administrative expenses are paid from the assets of the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits, statements of changes in net assets available for benefits and participants' individual account balances.

Subsequent Events – Management of the plan sponsor has evaluated subsequent events through July 21, 2016, the date which the financial statements were available to be issued.

4. Tax Status:

Effective January 1, 2010, the plan adopted the CCH Incorporated volume submitter profit sharing plan. The volume submitter plan received its most recent favorable opinion letter on March 16, 2010 in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). As a result the plan administrator has not obtained a separate Internal Revenue Service opinion or determination letter for the Plan. The plan administrator and management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to tax authority examinations for plan years prior to 2011.

5. Fair Value Measurements:

The Plan measures its assets in accordance with the Financial Accounting Standards Board (FASB) framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 – Inputs to the valuation methodology include: 1) quoted prices for similar assets or liabilities in active markets; 2) quoted prices for identical or similar assets or liabilities in inactive markets; 3) inputs other than quoted prices that are observable for the asset or liability; 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Pooled Separate Investment Accounts and Guaranteed Interest Account: Investments in shares of pooled separate accounts held with an insurance company are stated at estimated fair market value and are valued by the insurance company based on the net asset value of shares held by the Plan at year end. The net asset value is determined by the insurance company based on the market value of the underlying investments held in the pooled fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
