HELP FOUNDATION RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE SIX MONTHS JULY 1, 2015 THROUGH DECEMBER 31, 2015

1. DESCRIPTION OF PLAN

The following description of the Help Foundation Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering substantially all employees of Help Foundation, Inc. (the "Company") who want to join. There is no minimum age requirement but the employees must complete six consecutive months of employment to be eligible on the first day of the following quarter. It is subject to the provision of the Employer Retirement Income Security Act (ERISA).

Participants' Account – Each participant's account is credited with an allocation of (a) his or her elective deferral, (b) the Company's contribution, if applicable, (c) Plan earnings, (d) forfeitures of terminated participants' non-vested accounts, and is charged with an allocation of administrative expenses, if any. Upon enrollment in the Plan, participants may direct contributions among investment choices and may change their investment options on any normal business day. Allocations by the Plan are based on participant earnings or account balances as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Funding Policy – The Company's funding policy is to make the contributions to the Plan as soon as administratively feasible.

Investments – All investments of the Plan are participant-directed and held in shares of pooled separate accounts. Participants may choose their investment option on any normal business day.

Contributions – Participants may make pre-tax contributions in any % increments or a flat dollar amount per pay period under the 401(k) plan provisions up to the maximum amount set by the law. The Plan allows for "catch-up contributions" as set by the law for participants that attain the age 50 before year end. The Company may make a discretionary matching contribution. The Company matched participant contributions up to 4% of gross wages. Contributions are subject to maximum annual limits as defined by various laws and regulations.

Notes receivable from participants – Participants may borrow from their fund accounts a minimum of \$1,000. The loan is secured by the balance in the participant's account and bears interest at the rate of 1% above the prime rate. Principal and interest is paid ratably through bi-weekly payroll deductions. All expenses associated with the establishment and administration of the loan will be paid by or charged to the participant's account. Repayments of principal and interest are credited to the participant's separate accounts within the funds as elected by the participants. Until such repayments are received, the loan receivable is accounted for in the participant loan fund.

Payment of Benefits – Benefits will be paid from the Plan upon the occurrence of any of the following events:

Retirement -- A participant, upon retirement from employment with the Company at either normal retirement date (age 65) or at any time thereafter, shall be entitled to receive the entire balance in his or her account.

Hardship – A participant shall be entitled to a hardship withdrawal of the participant's share of salary deferrals after maximum participant loans have been withdrawn, the participant will not be allowed to make salary deferral contributions for a period of six months after receiving a hardship distribution.

Disability -- In the event a participant becomes totally disabled, the participant shall be entitled to receive the entire balance in his or her account.

Death -- Upon death of a participant, the beneficiary of the participant shall be entitled to receive the entire balance in his or her account remaining at death.

Termination of Employment -- Upon termination of employment with the Company for any reason other than death, retirement, or total disability, a participant shall be entitled to the vested balance in his or her account.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Vesting – Each participant has a 100% non-forfeitable vested interest in his or her elective deferral contributions. Vesting in the participant's share of the Companies' matching and profit sharing contributions is based upon years of continuous service according to a five year graduated scale. The participant will be 20% vested after one year of service and will vest an additional 20% for each year thereafter. A participant is 100% vested after five years of credited service or in the event of death, disability, or retirement.

Forfeitures – The Company has the option to use forfeited non-vested unallocated accounts to reduce the employer's discretionary contribution or to pay for plan expenses immediately following the Plan year in which the forfeitures occur. There were no forfeited unallocated accounts as of December 31, 2015.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value (see Note 5) which is based on the quoted market values on the last business day of the Plan year or investment general accounts. The change in the difference between current value and the cost of investments and gain or loss on the sale of investments are reflected in the statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments. The cost of investments sold is based on the average cost of the investments.

Notes receivable from participants – Participant loans are measured as receivables at their unpaid principal balance plus any accrued but unpaid interest which approximates estimated fair value. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded at December 31, 2015. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reclassified as distributions based upon the Plan document.

Benefit Payments – Benefits are recorded when paid.

Accounting Estimates – Management uses estimates and assumptions in preparing financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets, liabilities, and the reported amounts of changes in net assets. Actual results could vary from the estimates that were used.

3. INVESTMENTS

The following table presents the fair market value of the investments that represent 5% or more of the Plan's net assets at December 31, 2015.

Vanguard Total Stock Market Index	\$ 2,109
Manning & Napier Target 2020 Retirement	3,091
Manning & Napier Target 2025 Retirement	3,339
Manning & Napier Target 2030 Retirement	1,928
Manning & Napier Target 2035 Retirement	7,548
Manning & Napier Target 2040 Retirement	1,620

During the period, the Plan's pooled separate account investments (including gains and losses on investments bought and sold, as well as held during the period) depreciated in value by \$520.

4. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

TransAmerica Retirement Solutions, current trustee of the Plan, held the Plan's investment assets and executed transactions therein as of and for the year ended December 31, 2015. The following is a summary of the Plan's financial information certified by the Trustee as complete and accurate in accordance with section 2520.103-8 of the Department of Labor's rules and regulations for reporting and disclosure under the Employee Retirement Income Security Act of 1974. Also, the information included in the supplementary schedule, Schedule of Assets (Held at End of Period) was certified by TransAmerica Retirement Solutions.

Interest bearing cash (held in Insurance Co. general fund)	\$ 520
Value of interest in pooled separate accounts.....	<u>22,707</u>
Total	<u>\$ 23,227</u>

Changes in investments for the six months ended December 31, 2015, not audited, included the following:

Net investment loss from pooled separate accounts	\$ 520
---	--------

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. VALUATION OF INVESTMENTS

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in active market;
- Inputs other than quoted prices that are observable for assets or liabilities;
- Inputs that are derived principally from or corroborated by observable inputs for substantially the full term of the asset or liability.

If the assets or liabilities has a specified (contractual term), the Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015.

Pooled separate accounts – Valued at the fair market value as certified by TransAmerica Retirement Solutions, third party administrator and holder of the Plan assets at year-end.

Investment account – The investment account with an insurance company are comparable to cash equivalents held by the Plan at December 31, 2015.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

A summary of the Plan's investments showing their period-end valuations and valuation source is as follows:

		Fair Value Measurements Using:	
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
	Fair Value		
PSA - Mutual funds - target maturity	\$ 18,546	\$ 18,546	\$ -
PSA - Mutual funds - equity stock	2,946	2,946	-
PSA - Mutual funds - balanced	710	710	-
PSA - Mutual funds - bond fixed income	505	505	-
Insurance Company General Account	520	-	520
Total	<u>\$ 23,227</u>	<u>\$ 22,707</u>	<u>\$ 520</u>

*PSA - Pooled Separate Account

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

6. PLAN TERMINATION

Although they have not expressed an intent to do so, the Company has the right, at any time, to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. TAX MATTERS

The Plan obtained its latest determination letter from the Internal Revenue Service stating that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. The Summary Plan Description as amended, has been submitted to ERISA for their review and filing.

Accounting principles generally accepted in the United State of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has determined that the Plan does not have any uncertain tax positions and the associated unrecognized benefits that materially impact the financial statements or related disclosures.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2015 which was the first year of the Plan.

9. TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are managed by TransAmerica Retirement Solutions. TransAmerica Retirement Solutions is the trustee of the Plan as defined by the Plan agreement and, therefore, these transactions qualify as party-in-interest. Other administrative fees are paid by the Plan Sponsor on behalf of the Plan.

10. SUBSEQUENT EVENTS

Subsequent events are those events or transactions that occur following the Statement of Financial Position date, but before the financial statements are issued, or are available to be issued. ASC Section 855, *Subsequent Events*, requires disclosure regarding the date through which subsequent events have been evaluated and the basis for determining that date. Subsequent events have been evaluated through July 25, 2016 which is the date the financial statement were available to be issued.

HELP FOUNDATION RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE SIX MONTHS JULY 1, 2015 THROUGH DECEMBER 31, 2015

1. DESCRIPTION OF PLAN

The following description of the Help Foundation Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering substantially all employees of Help Foundation, Inc. (the "Company") who want to join. There is no minimum age requirement but the employees must complete six consecutive months of employment to be eligible on the first day of the following quarter. It is subject to the provision of the Employer Retirement Income Security Act (ERISA).

Participants' Account – Each participant's account is credited with an allocation of (a) his or her elective deferral, (b) the Company's contribution, if applicable, (c) Plan earnings, (d) forfeitures of terminated participants' non-vested accounts, and is charged with an allocation of administrative expenses, if any. Upon enrollment in the Plan, participants may direct contributions among investment choices and may change their investment options on any normal business day. Allocations by the Plan are based on participant earnings or account balances as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Funding Policy – The Company's funding policy is to make the contributions to the Plan as soon as administratively feasible.

Investments – All investments of the Plan are participant-directed and held in shares of pooled separate accounts. Participants may choose their investment option on any normal business day.

Contributions – Participants may make pre-tax contributions in any % increments or a flat dollar amount per pay period under the 401(k) plan provisions up to the maximum amount set by the law. The Plan allows for "catch-up contributions" as set by the law for participants that attain the age 50 before year end. The Company may make a discretionary matching contribution. The Company matched participant contributions up to 4% of gross wages. Contributions are subject to maximum annual limits as defined by various laws and regulations.

Notes receivable from participants – Participants may borrow from their fund accounts a minimum of \$1,000. The loan is secured by the balance in the participant's account and bears interest at the rate of 1% above the prime rate. Principal and interest is paid ratably through bi-weekly payroll deductions. All expenses associated with the establishment and administration of the loan will be paid by or charged to the participant's account. Repayments of principal and interest are credited to the participant's separate accounts within the funds as elected by the participants. Until such repayments are received, the loan receivable is accounted for in the participant loan fund.

Payment of Benefits – Benefits will be paid from the Plan upon the occurrence of any of the following events:

Retirement -- A participant, upon retirement from employment with the Company at either normal retirement date (age 65) or at any time thereafter, shall be entitled to receive the entire balance in his or her account.

Hardship – A participant shall be entitled to a hardship withdrawal of the participant's share of salary deferrals after maximum participant loans have been withdrawn, the participant will not be allowed to make salary deferral contributions for a period of six months after receiving a hardship distribution.

Disability -- In the event a participant becomes totally disabled, the participant shall be entitled to receive the entire balance in his or her account.

Death -- Upon death of a participant, the beneficiary of the participant shall be entitled to receive the entire balance in his or her account remaining at death.

Termination of Employment -- Upon termination of employment with the Company for any reason other than death, retirement, or total disability, a participant shall be entitled to the vested balance in his or her account.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Vesting – Each participant has a 100% non-forfeitable vested interest in his or her elective deferral contributions. Vesting in the participant's share of the Companies' matching and profit sharing contributions is based upon years of continuous service according to a five year graduated scale. The participant will be 20% vested after one year of service and will vest an additional 20% for each year thereafter. A participant is 100% vested after five years of credited service or in the event of death, disability, or retirement.

Forfeitures – The Company has the option to use forfeited non-vested unallocated accounts to reduce the employer's discretionary contribution or to pay for plan expenses immediately following the Plan year in which the forfeitures occur. There were no forfeited unallocated accounts as of December 31, 2015.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value (see Note 5) which is based on the quoted market values on the last business day of the Plan year or investment general accounts. The change in the difference between current value and the cost of investments and gain or loss on the sale of investments are reflected in the statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments. The cost of investments sold is based on the average cost of the investments.

Notes receivable from participants – Participant loans are measured as receivables at their unpaid principal balance plus any accrued but unpaid interest which approximates estimated fair value. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded at December 31, 2015. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reclassified as distributions based upon the Plan document.

Benefit Payments – Benefits are recorded when paid.

Accounting Estimates – Management uses estimates and assumptions in preparing financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets, liabilities, and the reported amounts of changes in net assets. Actual results could vary from the estimates that were used.

3. INVESTMENTS

The following table presents the fair market value of the investments that represent 5% or more of the Plan's net assets at December 31, 2015.

Vanguard Total Stock Market Index	\$ 2,109
Manning & Napier Target 2020 Retirement	3,091
Manning & Napier Target 2025 Retirement	3,339
Manning & Napier Target 2030 Retirement	1,928
Manning & Napier Target 2035 Retirement	7,548
Manning & Napier Target 2040 Retirement	1,620

During the period, the Plan's pooled separate account investments (including gains and losses on investments bought and sold, as well as held during the period) depreciated in value by \$520.

4. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

TransAmerica Retirement Solutions, current trustee of the Plan, held the Plan's investment assets and executed transactions therein as of and for the year ended December 31, 2015. The following is a summary of the Plan's financial information certified by the Trustee as complete and accurate in accordance with section 2520.103-8 of the Department of Labor's rules and regulations for reporting and disclosure under the Employee Retirement Income Security Act of 1974. Also, the information included in the supplementary schedule, Schedule of Assets (Held at End of Period) was certified by TransAmerica Retirement Solutions.

Interest bearing cash (held in Insurance Co. general fund)	\$ 520
Value of interest in pooled separate accounts.....	<u>22,707</u>
Total	<u>\$ 23,227</u>

Changes in investments for the six months ended December 31, 2015, not audited, included the following:

Net investment loss from pooled separate accounts	\$ 520
---	--------

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. VALUATION OF INVESTMENTS

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in active market;
- Inputs other than quoted prices that are observable for assets or liabilities;
- Inputs that are derived principally from or corroborated by observable inputs for substantially the full term of the asset or liability.

If the assets or liabilities has a specified (contractual term), the Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015.

Pooled separate accounts – Valued at the fair market value as certified by TransAmerica Retirement Solutions, third party administrator and holder of the Plan assets at year-end.

Investment account – The investment account with an insurance company are comparable to cash equivalents held by the Plan at December 31, 2015.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

A summary of the Plan's investments showing their period-end valuations and valuation source is as follows:

		Fair Value Measurements Using:	
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
	Fair Value		
PSA - Mutual funds - target maturity	\$ 18,546	\$ 18,546	\$ -
PSA - Mutual funds - equity stock	2,946	2,946	-
PSA - Mutual funds - balanced	710	710	-
PSA - Mutual funds - bond fixed income	505	505	-
Insurance Company General Account	520	-	520
Total	<u>\$ 23,227</u>	<u>\$ 22,707</u>	<u>\$ 520</u>

*PSA - Pooled Separate Account

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

6. PLAN TERMINATION

Although they have not expressed an intent to do so, the Company has the right, at any time, to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. TAX MATTERS

The Plan obtained its latest determination letter from the Internal Revenue Service stating that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. The Summary Plan Description as amended, has been submitted to ERISA for their review and filing.

Accounting principles generally accepted in the United State of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has determined that the Plan does not have any uncertain tax positions and the associated unrecognized benefits that materially impact the financial statements or related disclosures.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2015 which was the first year of the Plan.

9. TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are managed by TransAmerica Retirement Solutions. TransAmerica Retirement Solutions is the trustee of the Plan as defined by the Plan agreement and, therefore, these transactions qualify as party-in-interest. Other administrative fees are paid by the Plan Sponsor on behalf of the Plan.

10. SUBSEQUENT EVENTS

Subsequent events are those events or transactions that occur following the Statement of Financial Position date, but before the financial statements are issued, or are available to be issued. ASC Section 855, *Subsequent Events*, requires disclosure regarding the date through which subsequent events have been evaluated and the basis for determining that date. Subsequent events have been evaluated through July 25, 2016 which is the date the financial statement were available to be issued.
