PROFIT SHARING AND SAVINGS PLAN - US

NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

1) Plan Description:

The following brief description of the Universal Insurance Company Profit Sharing and Savings Plan - US (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for a complete description of the Plan's provisions.

A) General – The Plan is a defined contribution plan covering all employees of the entity listed below. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Great-West Trust Company, LLC is the Custodian for the Plan. Other relevant information follows:

Effective date	:	January 1, 2004
Plan year	:	December 31
Normal retirement	:	Attainment of age 65
Early retirement	:	Attaining of age 55 or with five years of service
Eligibility	:	Employees of Universal Insurance Managers, Inc. (the Employer) who have completed one thousand (1,000) hours of service during twelve (12) months service period and are at least 18 years old.

B) Contributions – Pre-tax contributions are limited to $18,000 for the year ended December 31, 2015. Participants may make voluntary after-tax contributions to the Plan up to 10% of their compensation, subject to the annual contribution limits established by Internal Revenue Code.

For 2015, the total annual contributions made by the Employer and participants shall not exceed the lesser of $53,000 or the total compensation paid by the Employer to participant during the plan year. In addition, a participant who has attained age 50 by the end of a calendar year, may elect to make additional voluntary contributions (catch-up contributions). Catch up contributions will not be taken into account in applying any matching contribution under the Plan. These contributions are limited to $5,000.

The Employer shall make a matching contribution equal to $.50 per $1.00 of the participant's deferral; contribution up to 6% of a participant's compensation. In addition, the Employer may contribute a discretionary amount during each plan year determined by the Employer.

C) Investment options – The Plan allows participants to direct the investment of their contributions into various investment options available under the Plan.

D) Notes receivable from participants – Participants may borrow from their accounts a minimum of $500 up to 50% of their vested account balances. The Plan allows a participant to have only one note outstanding at a time. The note is secured by the balance of the participant's account and bears interest at Prime Rate plus one. The note must be repaid over a period not to exceed 5 years. The note is repaid ratably through payroll deductions and allocated to the various investment funds based on the participant's contribution percentages.

E) Participant accounts – Individual accounts are maintained for each of the Plan's participants to reflect the participants' and Employer's contributions as well as the participant's share of the Plan's income and any related expenses. Allocations are based on the proportion that each participant's account balance bears to the total of all participants' account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participants vested accounts.

F) Vesting – Participants are vested immediately in their voluntary contributions, plus actual earnings thereon. Vesting in the Employer's contribution portion of their accounts is based on years of continuous service.

The participant's right to the Employer's matching contributions and non-elective profit sharing contributions are summarized as follows:

Years of Service	Vested Percentage
At least 1 year	0%
At least 2 years	25%
At least 3 years	50%
At least 4 years	75%
At least 5 years	100%

G) Payment of benefits – On termination of service due to death, disability, or retirement, a participant or its beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest or annual installments over a fixed period of time, if balance is greater than $5,000. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

H) Distributions – The plan administrator, pursuant to the election of the Participant, shall direct the Trustee to distribute to a Participant or such Participant's Beneficiary the amount (if any) to which the Participant (or Beneficiary) has become entitled under the Plan in one or more of the following methods:

- One lump-sum payment in cash (this shall be the normal form of payment, except as otherwise provided below)
- Payments over a period certain in monthly, quarterly, semiannual, or annual cash installments. In order to provide such installment payments, the plan administrator may (a) segregate the aggregate amount thereof in a separate, federally insured savings account, certificate of deposit in a bank or savings and loan association, money market certificate or other liquid short-term security or (b) purchase a nontransferable annuity contract for a term certain (with no life contingencies) providing for such payment. The period over which such payment is to be made shall not extend beyond the Participant's life expectancy (or the life expectancy of the Participant and the Participant's designated Beneficiary). Once payments have begun, a Participant may elect to accelerate the payments (reduce the term and increase payments).
- Partial withdrawals, with a minimum of $1,000

Any distribution to a Participant who has a total vested account balance which exceeds $5,000 shall require such Participant's written consent (or in such other form as permitted by the Internal Revenue Service) if such distribution commences during the time the benefit is "immediately distributable. A benefit is "immediately distributable" if any part of the benefit could be distributed to the Participant (or surviving Spouse) before the Participant attains (or would have attained if not deceased) the later of the Participant's Normal Retirement Age or age 62.

I) Forfeited accounts – Forfeitures represent non-vested portions of contributions of the Employer on the day of a participant's death or termination. Forfeitures may be first used to pay any administrative expenses. Any remaining forfeitures are used to reduce employer contributions. As of December 31, 2015 and 2014, there were forfeited non-vested accounts amounting to approximately $98,800 and $68,800, respectively.

2) Summary of Significant Accounting Policies:

A) Basis of accounting – The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America and in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employees Retirement Income Security Act of 1974.

B) Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

C) Notes receivable from participants – Are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

D) Contributions – Employer and participants' contributions are recorded in the Plan year in which the Employer makes the payroll deductions.

E) Investment valuation and income recognition – Investments in mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. Investments in mutual funds are stated at net asset value (NAV). The Plan has early implemented ASU 2015-07, which eliminates the requirement to categorize investments stated at net assets value within the fair value hierarchy. The net asset value (NAV) per share is calculated by each fund based on the market value of the underlying securities within each fund and is required to be published on a daily basis. The reported values for fully benefit-responsive investment contracts are reported and presented in the statements of net assets available for benefits at contract value.

The net appreciation (depreciation) in fair value of investments, including realized gains or losses and net change in unrealized gains or losses, is reflected in the statement of changes in net assets available for benefits. Realized gains or losses on the disposal of investments reported at NAV are determined by specific identification and recognized on the trade date basis. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

F) Benefits – Benefit payments to participants are recorded when paid.

G) Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. Fees related to the administration of the notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of investments.

3) Information Certified by the Custodian:

Plan's asset information as of December 31, 2015 and 2014, and for the year ended December 31, 2015, included throughout the Plan's financial statements and supplemental schedules, was prepared by or derived from information provided by the custodian furnished to the plan administrator.

The plan administrator has obtained certifications from the custodian that information provided to the plan administrator by the custodian related to Plan's assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information, which appears throughout the financial statements and supplemental schedules:

Description	2015	2014
Mutual funds, at net asset value	**$ 4,421,044**	$ 4,090,214
Guaranteed investment contracts, at contract value	**$ 697,352**	$ 631,446
Notes receivable from participants	**$ 197,626**	$ 132,816

Great-West Trust Company, LLC also certified the completeness and accuracy of $399,303 of net depreciation on investments stated at net asset value and $357,209 of interest and dividends related to the aforementioned assets for the year ended December 31, 2015.

The Plan has early implemented ASU 2015-12, as such, the disclosure of the net appreciation or depreciation in fair value of investments by general type and the disclosure of individual investments with a value equal to or greater than 5% of net assets available for benefit, were omitted.

4) Excess Participant Contribution Payable

The Plan failed the discrimination test for the year ended December 31, 2015 and 2014, respectively. Excess contributions amounting to $1,829 and $6,541, were recorded as a liability in the accompanying statements of net assets available for benefits and as a reduction of participant-directed contributions for both years. The Plan reimbursed these excess contributions to its participants during 2016 and 2015, respectively.

5) Guaranteed Investment Contracts with Insurance Company

The Plan entered into a fully benefit-responsive guaranteed investment contracts with Great-West Trust Company, LLC (Great-West). Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contracts issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contracts at December 31, 2015 and 2014 were $697,352 and $631,446, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than zero. Such interest rates are reviewed on a quarterly basis for resetting.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

6) Delinquent Participant Contributions Transmittals:

During the year ended December 31, 2015, the Employer erroneously failed to timely remit certain deferrals and loan repayments to the Plan aggregating approximately $188,105. Lost earnings pertaining to the year ended December 31, 2015 amounted to $154. The Employer will file a Voluntary Correction Program (VCP) submission with the IRS for the correction of these late remittances.

7) Tax Status:

The Plan is intended to be a tax-qualified arrangement that complies with the requirements of the US Internal Revenue Code (IRC), Section 401(a). The Plan obtained its latest determination letter in 2014, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with those applicable requirements. The Plan has been amended since receiving its determination letter. The Plan administrator believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and that, therefore, the Plan continues to qualify under IRS Section 401(a) and that the related trust continues to be tax exempt as of December 31, 2015.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination of taxing authorities. The Plan Administrator evaluated the tax positions taken by the Plan and concluded that the Plan as of December 31, 2015 and 2014, had maintained its tax exempt status and had taken no uncertain tax positions that would require adjustments or disclosures to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

8) Plan Amendment:

Effective December 15, 2015, the Plan was amended to include profit sharing contributions and benefits in relation to the "Defense of Marriage Act" (DOMA).

9) Risks and Uncertainties:

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10) Plan Termination:

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer's contributions.

11) Party-In-Interest Transactions:

Universal Insurance Managers, Inc. is a party-in as defined by ERISA. In addition, the Plan invests in mutual and money market funds that pertain to Great-West Trust Company, LLC. Great-West Trust Company, LLC is the Custodian as defined by the Plan. There were no prohibited party-in-interest transactions during the year then ended December 31, 2015.

12) Subsequent Events:

The Plan Administrator is not aware of any subsequent events, which would require recognition and/or disclosure in the financial statements. The Plan Administrator has evaluated subsequent events through July 22, 2016, the date on which the financial statements were available to be issued.
