General - The Plan is a defined-contribution plan covering all full-time employees of The East Fairfield Coal Co., Commercial Minerals, Inc. and Sterling Mining Corporation, who are 18 years of age or older, have completed 1,000 hours and have completed one year of service for eligibility purposes. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participants may also roll over amounts representing distributions from other qualified defined-benefit or contribution plans. The Company makes a matching contribution to the Plan, which equals 300% of the first 3% of the participant's compensation contributed as pretax contributions. Upon enrollment in the Plan, a participant may direct employee contributions and company-matching contributions to any of the available investment options. Participants may change their investment options at their discretion. All of the balances of the Plan represent participant-directed investments.

Participant accounts - Allocations of terminated participants' nonvested accounts and Plan earnings are based on each participant's earnings or account balances, as defined. In addition to the above-mentioned allocations, under the Plan's provisions, each participant's account is credited with the participant's contribution and the appropriate matching contribution, as defined. The benefit to which a participant is entitled is the benefit which can be provided from the participant's vested account.

Vesting - Vesting in participants' accounts relating to the Company discretionary contribution is based on years of continuous service. A participant is 100% vested in the Company contribution after four years of credited service. Participants are immediately vested in their deferrals and contributions rolled over from other qualified defined-benefit or contribution plans, the Company safe harbor contribution, plus actual earnings thereon.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Notes receivable from participants - Participants may borrow from their nonprofit-sharing fund accounts up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are collateralized by the balance in the participant's account and bear interest at a market rate of interest. The participant has the option to repay principal and interest ratably through payroll deductions, based on payroll frequency, or quarterly payments. Notes receivable from participants are measured at their unpaid principal balance plus accrued, but unpaid, interest. Delinquent participant loans are reclassified as distributions based upon the terms set forth in the Plan document.

Payment of benefits - On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or periodic installments.

For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Other in-service withdrawals are permitted only related to a participant's rollover and after-tax account balance.

Forfeited accounts - At December 31, 2015 and 2014, forfeited accounts totaled \$9,666 and \$247, respectively. Forfeitures can be allocated to participants in the ratio in which compensation of each participant for the plan year bears to the total compensation for the plan year of all participants otherwise entitled to share in employer contributions. Forfeitures of \$0 and \$14,375 were distributed for the years ended December 31, 2015 and 2014, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting - The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Estimates and subsequent events - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. In preparing the financial statements, including estimates and disclosures, Plan management has considered the effects of subsequent events through July 18, 2016—the date the financial statements were available to be issued.

Investment valuation - The Plan's investments are stated at fair value as of December 31, 2015 and 2014. Shares of mutual funds and units of common/collective trusts are valued at the net asset value of the shares and units held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Excess contributions payable - Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2014 excess contribution totaling \$1,601, to the applicable participant in the first quarter of the following year.

NOTE C - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

- Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority.
- Level 2 inputs consist of significant observable inputs other than quoted prices for identical assets.
- Level 3 inputs consist of significant unobservable inputs that are not corroborated by market data and have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or 3 inputs were used or available to the Plan.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year end.

At December 31, 2015 and 2014, the Plan held shares of Federated Capital Preservation Fund (ISP), a common/collective trust, with the fair value of the shares of \$4,860,077 and \$6,332,873, respectively. There were no unfunded commitments, and the redemption of the shares was not restricted, nor was there a notice period required for redemption of the shares.

NOTE C - FAIR VALUE MEASUREMENTS (CONTINUED)

In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent)*, which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, *Fair Value Measurements and Disclosures*, from categorization within the fair value hierarchy. In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965): Part I Fully Benefit-Responsive Investment Contracts, Part II Plan Investment Disclosures, Part III Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures and provides for a measurement-date practical expedient. Plan management has elected to early adopt Part II and, as such, these provisions were retrospectively applied resulting in prior-period information being presented under the new standard. Parts I and III are not applicable to this Plan.

NOTE D - INVESTMENTS

Unaudited information certified by the Plan trustee - The December 31, 2015 and 2014, statements of net assets available for benefits, the investment activities included on the statements of changes in net assets available for benefits for the years ended December 31, 2015 and 2014, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes the following items and related income (loss) on investments of \$(233,242) and \$971,801 for the years ended December 31, 2015 and 2014, respectively:

NOTE E - CONTRIBUTIONS RECEIVABLE AND PENDING CONTRIBUTION SETTLEMENT

Contributions receivable totaled \$55,287 and \$64,260 for the years ended December 31, 2015 and 2014, respectively, which represents the employee contributions withheld plus the employer-matching contributions from the last pay in December 2015 and 2014, respectively, but not received and credited by the trustee until January 2016 and 2015, respectively. The December 31, 2014, receivable amount was allocated to participant accounts in 2014 prior to the settlement of the contribution transaction, creating a pending contribution settlement liability of \$64,260 at December 31, 2014.

NOTE F - ADMINISTRATION OF PLAN ASSETS, EXPENSES AND RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Company provides to the Plan certain accounting and administrative services for which no fees are charged. Other administrative expenses are paid directly by The East Fairfield Coal Co. Distribution and loan fees are paid by the respective participants. Investment-related expenses are included in net appreciation of fair value of investments.

Certain Plan investments are managed by Bank of America, N.A., the trustee and record keeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan has an arrangement with the trustee whereby certain Plan expenses are offset by revenue-sharing funds. The total amount of these revenue-sharing funds received by the Plan and included in cash were \$0 and \$16,140 at December 31, 2015 and 2014, respectively, which may be used to offset plan expenses or be allocated to participant accounts.

NOTE G - TAX STATUS

The Plan has not applied for a determination letter; however, the prototype plan document has received an acceptable opinion by letter dated March 31, 2014, from the Internal Revenue Service. The Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2015 and 2014, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
