NOTES TO FINANCIAL STATEMENTS

March 1, 2016 and December 31, 2015

A. Description of the Plan

General

The following description of the ERIKS Seals and Plastics Divisional 401(k) Plan & Trust, formerly the ERIKS Corporation Divisional 401(k) Plan and Trust, (the "Plan") provides only general information. The Plan is sponsored by ERIKS Seals and Plastics, formerly the ERIKS Corporation, (the "Company" or "Plan Sponsor"). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering substantially all employees of the Company who have at least three months of service and are age 18 or older. Eligible employees may enter the Plan the first day of the calendar month following the date on which they meet the Plan's eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The purpose of the Plan is to encourage Company employees to save and invest, systematically, a portion of their current compensation so that they may have a source of additional income upon their retirement, or for their family in the event of death.

Effective March 1, 2016, the Plan merged into the ERIKS North America Retirement Savings Plan (the "ERIKS North America Plan"). All participants under the Plan became eligible to participate in the ERIKS North America Plan effective January 1, 2016, at which time the Plan was frozen with respect to future contributions. Total assets transferred March 1, 2016 approximated $8,586,000. The descriptions below are qualified with respect to the freezing of the Plan and its subsequent merger into the ERIKS North America Plan.

Contributions

Participants may contribute up to 100% of their pre-tax annual compensation, as defined by the Plan. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the "Code") as defined in the Plan document. Eligible participants may make a rollover contribution to the Plan from other eligible benefit plans.

Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the Plan year may make catch-up contributions in accordance with, and subject to the limitations imposed by the Code.

A. Description of the Plan – continued

Contributions – continued

The Plan provides for the Company to make matching contributions as follows: Participants must be (1) employed on the last day of the Plan year, and complete 1,000 hours of service during the Plan year; or, (2) have died, retired or suffered total and permanent disability, or had early or normal retirement during such Plan year to be eligible to receive matching contributions. The Company makes matching contributions of one dollar for every one dollar contributed by each participant, up to a maximum of four percent of the participants' eligible compensation. The Company may also make discretionary non-elective contributions, of which none were made during the period from January 1, 2016 to March 1, 2016, or year ended December 31, 2015.

Investment Options

Upon enrollment in the Plan, a participant may direct their salary deferral and employer contributions in 1% increments into any of the investment options available in the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of: (a) the Employer's contributions and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in their elective contributions plus actual earnings thereon. Participants terminating employment as a result of disability or death will be 100% vested in their employer account balances. Beginning January 1, 2007, every active employee in the Company is fully vested in Company contributions plus actual earnings. For employees who were terminated prior to January 1, 2007, vesting in company contributions plus actual earnings thereon is as follows:

Years of Service	Vesting Percentage
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

A. Description of the Plan – continued

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Note terms range from one to five years for general purpose loans and from one to thirty years for the purchase of a principal residence. Notes bear interest at a rate determined by the plan administrator. Interest rates were 4.25% at December 31, 2015. Principal and interest is paid ratably through payroll deductions. No loans were outstanding as of March 1, 2016.

Benefit Payments

Participants withdrawing during the year for reasons of termination of service or disability, retirement, or death are entitled to their vested account balance. Benefits are distributed in the form of rollover or lump sum distributions. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited. Benefit payments greater than $1,000 may be deferred. Participant's balances of less than or equal to $1,000 are automatically distributed in the form of a lump sum for any of the reasons noted above. The Plan also allows for in-service withdrawals if the participant is 59 ½ years of age.

A participant may receive a hardship distribution from their salary deferral contributions if the distribution is: (1) on account of uninsured medical expenses incurred by the participant, their spouse or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for burial or funeral expenses for the participant's deceased parent, spouse, children or dependents; (4) for the payment of post-secondary tuition expenses; (5) for the repair of damage to participant's principal residence; or, (6) needed to prevent eviction of the participant from his or her principal residence or foreclosure upon the mortgage of the participant's principal residence.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts shall be used to restore the account balances of former Plan participants who are rehired within five years, to pay Plan administrative expenses, or to reduce Company contributions. No forfeitures were utilized by the Plan during the period from January 1, 2016 to March 1, 2016. The Plan utilized approximately $9,700 of forfeitures to offset Company contributions during the year ended December 31, 2015. There were no unallocated forfeitures included in net assets available for benefits as of March 1, 2016. Net assets available for benefits included unallocated forfeitures of approximately $1,500 as of December 31, 2015.

Plan Expenses

Employees of the Company perform certain administrative functions with no compensation from the Plan. Under the terms of the Plan, administrative expenses may be paid out of the Plan, unless paid by the Company, which are then not included in the accompanying financial statements.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investments Valuation and Income

The investments of the Plan are stated at fair value as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note D for information related to the Plan's valuation methodologies.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Contributions

Contributions from participants are accrued in the period in which they are deducted in accordance with salary deferral agreements and when they become obligations of the Company, as determined by the plan administrator.

Notes Receivable from Participants

Participant loans are recorded at the unpaid principal balance plus accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

B. Summary of Significant Accounting Policies – continued

New Accounting Pronouncement

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Plan management has elected to adopt Parts I and II effective January 1, 2015.

C. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined in GAAP are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

C. Fair Value Measurements – continued

GAAP requires the methodologies used to measure the fair value of assets and liabilities be described. These methodologies were consistently applied to all assets and liabilities carried at December 31, 2015 and are as follows:

- Mutual funds are measured using the net asset values ("NAV") of the shares held by the Plan at year end and are considered Level 1 investments. There are no significant restrictions on redeeming these investments at NAV.

- The common collective trust is measured based on information reported by the investment manager using credit ratings of the underlying portfolio based on the trust's investment contracts and is considered a Level 2 investment. Additionally, the common collective trust is composed primarily of fully-benefit responsive investment contracts and is valued at the NAV of units of the common collective trust. There are no participant redemption restrictions for these investments; the redemption notice period of up to 12 months is applicable only to the Plan.

The following table details the Plan's investments at December 31, 2015. The Plan held no investments at March 1, 2016.

	2015		
	Level 1	**Level 2**	**Total**
Mutual funds	$ 7,008,689	$ -	$ 7,008,689
Common collective trust	-	1,462,174	1,462,174
Total investments at fair value	$ 7,008,689	$ 1,462,174	$ 8,470,863

These investments are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement within the levels of the fair value hierarchy.

D. Tax Status

The Plan Sponsor has adopted a Fidelity Volume Submitter Proto-Type defined contribution plan which has a favorable advisory letter from the Internal Revenue Service as of March 31, 2014. This advisory letter states that the form of the prototype plan is acceptable under Section 401 of the IRC. The Plan Sponsor may rely on this letter with respect to the qualification of the Plan under Code Section 401(a) with certain limitations. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification.

The prototype plan has been amended since receiving its advisory letter. However, the plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of March 1, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

E. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. However, as described in Note A, the Plan merged into the ERIKS North America Plan effective March 1, 2016, at which time the Plan ceased to exist on that date.

F. Information Certified by the Trustee

The plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator limited auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee, which included total investments as of March 1, 2016 and December 31, 2015, and the total investment income for the period from January 1, 2016 to March 1, 2016 and for the year ended December 31, 2015.

G. Parties-in-Interest Transactions

Parties-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

Transactions with the trustee qualifies as parties-in-interest transactions. Notes receivable from participants also qualify as parties-in-interest transactions, which are exempt from the prohibited transaction rules.

H. Subsequent Events

In preparing the accompanying financial statements, management has evaluated all subsequent events and transactions for potential recognition or disclosure through July 29, 2016, the date the financial statements were available for issuance.
