THE STEWART ORGANIZATION
401(k) PARTNER PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

1. DESCRIPTION OF PLAN

The following description of The Stewart Organization 401(k) Partner Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of The Stewart Organization, Inc. (the "Company") who have completed one year of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Securities Act ("ERISA"). The Trustees are responsible for oversight of the Plan.

Contributions

Each year, participants may contribute up to 90 percent of annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes a safe harbor matching contribution equal to 90 percent of a participant's deferral contribution limited to 4 percent of their eligible compensation. A discretionary profit sharing contribution may be contributed at the option of the Company's board of directors. For 2015, the Company elected not to contribute a profit sharing contribution. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's safe harbor matching contributions, as well as allocations of the Company's profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, as well as the Company's safe harbor matching contributions, plus actual earnings thereon. Vesting in the Company's profit sharing contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by plan management. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant whose vested balance is in excess of $5,000 may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. A participant whose vested balance is $5,000 or less will automatically receive a single lump sum payment.

Forfeited Accounts

At December 31, 2015 and 2014, forfeited nonvested accounts total $0. Forfeited accounts can be used to pay for plan expenses or to reduce employer contributions. In 2015, employer contributions were reduced by $20,393 from forfeited nonvested accounts.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent*). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value ("NAV") practical expedient provided by Accounting Standards Codification 820, Fair Value Measurement. Disclosures about investments in certain entities that calculate NAV per share are limited to those investments for which the entity has elected to estimate the fair value using the NAV practical expedient. The ASU is effective for fiscal years beginning after December 15, 2016, with retrospective application to all periods presented. Plan management has elected to adopt ASU 2015-07 in the current year.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965)*. As it relates to the Plan, ASU 2015-12 eliminates the requirement to disclose individual investments that represent five percent or more of net assets available for benefits. Additionally, the net appreciation or depreciation in investments, including fair value disclosures, for the period still will be required to be presented in the aggregate, but will no longer be required to be disaggregated and disclosed by general type. Plan management has elected to adopt ASU 2015-12 as of December 31, 2015 as permitted. Accordingly, the Plan's Statements of Assets Available for Benefits and notes to the financial statements reflect the amended disclosure requirements on a retrospective basis.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. If a participant ceases to make loan repayments and plan management deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2014 excess contributions to the applicable participants prior to March 15, 2015.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the

participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Concentrations

The following table presents investments that represent 10 percent or more of the Plan's net assets available for benefits as of December 31, 2015 and 2014:

	2015	2014
ServisFirst Bancshares, Inc.	$ 2,851,800	$ 1,977,000
JH LS Grow Active Strategy	**	$ 2,356,781
JH Thru 2030 Active Strategy	**	$ 1,977,584

** Value does not represent ten percent or more of the Plan's net assets as of the respective date.

Reclassifications

Certain reclassifications have been made to the 2014 financial statement presentation to correspond to the current year's format. Total net assets available for benefits are unchanged due to these reclassifications.

Subsequent Events

In accordance with FASB ASC 855, *Subsequent Events*, plan management has evaluated subsequent events through July 26, 2016 the date the financial statements were available to be issued, and determined there were no other items to disclose.

3. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIANS

4. INVESTMENTS

Self-directed Brokerage Accounts

The Plan has self-directed brokerage accounts ("SDBA") available as an option to participants. The SDBA allows participants to invest in a broader selection of investment options, for use in their retirement account by allowing the investment of all or part of their retirement account in individual stocks, bonds and mutual funds in addition to the Plan's primary investment funds. The SDBA is offered through TD Ameritrade, ("TDA"), the custodian and investment plan administrator of the SDBA.

The SDBA is for experienced investors who want the flexibility to invest in a variety of options beyond those available in the Plan's primary investment funds. It is not suitable for all participants.

The Company is not responsible for managing the SDBA beyond administrative requirements as established between the Company and TDA. As such, investments available through the SDBA have not been subjected to any selection process, are not monitored by the Company, require investment expertise to prudently buy, manage and/or dispose of, and have a risk of substantial loss.

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level l) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Registered investment companies: Valued at the daily closing price as reported by the fund house, investment provider or secondary pricing source. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued at the net asset value ("NAV") provided by the fund house or other investment provider. The NAV is based on market value of the underlying assets held by the trust less its liabilities. This practical expedient would not be used if it is determined to be probable that the trust will sell the investment for an amount different from the reported NAV. The fair market value has been established using the NAV under the practical expedient approach and therefore is not assigned to a level in the hierarchy table.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stock that are valued on the basis of readily determinable market prices.

Pooled separate accounts: Valued at the closing net asset value ("NAV") of the shares held by the Plan at year end.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014, with the exception of the common collective trusts and pooled separate accounts measured at fair value using the net asset value ("NAV") practical expedient. The fair value for the common collective trusts and pooled separate accounts is provided below to permit reconciliation of the fair value hierarchy to the amounts presented in

the Statements of Net Assets Available for Benefits. Prior year amounts have been retrospectively adjusted for consistency with this presentation.

	Assets at Fair Value as of December 31, 2015

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2015 and 2014, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

6. RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments are held by Great West Trust Company, LLC ("Great West"). Great West is the current custodian as defined by the plan document and, therefore, these transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

Fees incurred by the Plan for custodial services are included in net appreciation in fair value of investments.

Plan transactions and records are administered by Nova Associates Inc., ("Nova"). Nova is the record keeper and third party administrator as defined by the plan document and, therefore, these transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. Fees incurred by the Plan for recordkeeping and administrating services are included in administrative expenses.

Plan investments and the related transaction records for the SBDA are held and administered by TD Ameritrade, the SBDA custodian and third party administrator as defined by the plan document. Therefore, these transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. Fees incurred by the Plan for custodial and recordkeeping and administrating services are included in net appreciation in fair value of investments.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

8. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, plan management and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken any uncertain position that more likely than not would not be sustained upon examination by

taxing jurisdictions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. INACTIVE PARTICIPANTS WITH ACCOUNT BALANCES

At December 31, 2015 and 2014, the value of the accounts held by participants who have separated from employment with the Company and have decided to continue to invest in the Plan total $1,253,282 and $565,861, respectively. For the years ended December 31, 2015 and 2014, distributions requested but not paid to participants total $0.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
