Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Ohio Education Association Employees 401(k) Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Delaware Charter Guarantee and Trust Company, d/b/a Principal Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2015 and 2014 that the information provided to the plan administrator by the trustee is complete and accurate.

Ohio Education Association Employees 401(k) Savings Plan

Notes to the Financial Statements

1. Plan Description

The following description of the Ohio Education Association (the Employer) Employees 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan established on January 1, 1998 covering all eligible employees. Eligible participants enter the Plan immediately. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan is funded by participant contributions, Employer matching contributions, and may also include discretionary employer Qualified Non-Elective Contributions (QNEC). Participants may contribute up to 100% of their eligible compensation, as defined by the Plan and subject to Internal Revenue Service (IRS) limitations. Additionally, participants may make Roth contributions. Contribution rates vary by employee type. Associate staff received a matching contribution of 100% of the first 3% of eligible compensation deferred during the years ended December 31, 2015 and 2014. Professional staff received a match of 100% of the first 3% of eligible compensation for the period January 1, 2014 through August 31, 2014 and 3.5% of eligible compensation during the period September 1, 2014 through December 31, 2015. Management and officers receive a discretionary match determined annually by the plan administrator. Management and officers received a match of 100% of the first 3% of eligible compensation for the period January 1, 2014 through August 31, 2014 and 3.5% of eligible compensation during the period September 1, 2014 through December 31, 2015. Roth contributions are not eligible for Employer matching contributions. Catch-up contributions are allowed by the Plan. Participants may also contribute rollover contributions representing distributions from other qualified plans. Contributions are participant-directed and are funded bi-weekly.

Eligibility

All active employees are eligible to participate in the Plan.

Participant accounts

Individual account balances are maintained for each participant. Each participant's contributions, along with their share of the Employer's contributions, are held by Delaware Charter Guarantee & Trust Company, d/b/a Principal Trust Company (Principal Trust Company). Participant account balances are adjusted daily for income and both realized and unrealized gains and losses.

Allocations are based on participant earnings or account balances, as defined.

Vesting
Participant contributions, rollover contributions, QNEC Contributions, and the related earnings are 100% vested. A participant's interest in Employer matching contributions become fully vested upon attaining normal retirement age, termination, death, disability or after one year of service as defined by the Plan.

Payments of benefits
Upon severance or disability after attaining normal retirement age or termination of a participant's employment for any reason, participants may elect to commence payment of their account within the provisions of the Plan. Distributions may be made in a lump sum or rolled over into another qualified plan.

Participant notes receivable
Participants may borrow from their accounts up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest at rates commensurate with the local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Forfeitures
Forfeitures will be used to pay Plan expenses and then to reduce future Employer matching contributions for the year in which the forfeiture occurs.

Administrative expenses
Administrative and legal fees of the Plan are paid by the Employer. Brokerage commissions, transfer taxes, other charges and expenses in connection with the purchase and sale of securities and fees related to investments subject to participant direction are paid by the Plan. Investment-related expenses are deducted from income earned on a daily basis and are not separately reflected. Consequently, investment management fees and operating expenses are reflected as a reduction of investment income for such investments.

2. Summary of Significant Accounting Policies:

The following accounting principles and practices of the Plan are set forth to facilitate the understanding of data presented in the financial statements:

Basis of accounting
The financial statements are prepared on the accrual basis of accounting.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

Investment valuation and income recognition

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required, the statement of net assets available for benefits presents the fair value of the investment contracts which approximates the contract value basis. The fund trustee has represented that contract value approximates fair value, so no adjustment is necessary.

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements. Purchases and sales of securities are recorded on the trade date basis. Interest is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' accounts and the amounts reported in the financial statements.

Participant notes receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes receivable are reclassified as distributions based on the terms of the plan agreement.

Payment of benefits

Benefits are expensed when paid.

Plan termination

Although the Employer has not indicated any intent to do so, it has the right to terminate the Plan at any time subject to the provisions set forth in the Employee Retirement Income Security Act of 1974. In the event of termination, all amounts credited to participant accounts will become fully vested.

Subsequent events

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The Plan has evaluated subsequent events through July 28, 2016, the date on which the financial statements were available to be issued.

Effective May 1, 2016, the Ohio Education Association Union Defined Contribution Retirement Plan was merged into this Plan. Assets transferred into the Plan as a result of this merger approximated $16,540,000.

Accounting change

Recently issued accounting pronouncements—The Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, "Plan Accounting: Defined Contribution Pension Plans (Topic 962): (Part 1) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date – Practical Expedient." ASU 2015-12 simplifies disclosures and reporting by employee benefit plans. ASU 2015-12 is effective for fiscal years beginning December 15, 2015, with earlier adoption permitted.

The Plan has elected to early adopt Part II of ASU 2015-12, applied retrospectively to all periods presented. This change has no impact on net assets available for benefits.

Reclassifications

Certain amounts in the 2014 financial statements have been reclassified to conform to the 2015 presentation.

3. Information Certified by the Trustee:

The following information included in the accompanying financial statements and supplemental schedule as of and for the years ended December 31, 2015 and 2014 was obtained from data that has been prepared and certified to as complete and accurate by Delaware Charter Guarantee and Trust Company, d/b/a Principal Trust Company, the trustee of the Plan, and furnished to the Plan administrator:

Investments

Net appreciation/(depreciation) of investments

Interest and dividends

Assets held at end of year

4. Investment Contract with Insurance Company:

In 2000, the Plan entered into a fully benefit-responsive group annuity investment contract issued by Principal Life Insurance Company (Principal). Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Principal, represents contributions, plus earnings credited at the guaranteed rate, less participant withdrawals, transfers and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a semiannual basis for resetting.

Changes in future interest crediting rates will not affect the amount reported on the statement of net assets available for benefits representing the adjustment for the portion of net assets attributable to fully benefit-responsive investment contracts from fair value to contract value.

The Plan may transact according to the terms defined in the contract at any time, however certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events that cause a significant and immediate withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date, unless no current deposit arrangements have been made and there are no guaranteed interest funds with a value greater than zero under the contract.

The investment contract is a single group annuity contract with a fixed rate of interest. As a result, the average yield earned by the Plan is the yield earned (interest credited) on the group annuity contract. The average yields based on actual earnings and interest rate credited to participants were 1.65% and 1.80% for the years ended December 31, 2015 and 2014, respectively.

5. Income Tax Status:

The Plan obtained its latest determination letter dated July 28, 2015, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. Forfeited Accounts:

Contributions are forfeited upon termination or a forfeiture break in service, as defined by the Plan. Forfeitures may be used to pay Plan expenses and then to reduce future Employer matching contributions for the year in which the forfeiture occurs. There were no forfeited, non-vested account balances as of December 31, 2015 or 2014, respectively. Forfeitures of $1,171 and $0 were applied toward Employer matching contributions during the years ended December 31, 2015 and 2014, respectively.

7. Related Party and Party-In Interest Transactions:

Certain Plan investments are funds managed by Principal Life Insurance Company or Princor Financial Services. Both companies are members of the Principal Financial Group. Delaware Charter Guarantee and Trust, d/b/a Principal Trust Company, is the trustee as defined by the Plan and is also a member of Principal Financial Group. Therefore, transactions involving shares of these investments qualify as party-in-interest transactions.

8. Fair Value Measurements

Generally accepted accounting principles define fair value, establish a framework for measuring fair value, and establish a fair value hierarchy that prioritizes the inputs to valuation. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy under generally accepted accounting principles are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability; and
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurements level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets at fair value.

- *Mutual funds*: Fair value is based on the net asset value ("NAV") of shares held by the plan at year end, which is based on observable market quotations for identical assets and are priced on a daily basis at the close of business.

- *Collective investment trusts*: The collective investment trusts are valued using the NAV provided by the fund trustee based on the value of the underlying assets owned by the trust, minus its liabilities, and then divided by the number of shares outstanding. The fund manager's objective is to seek total return consisting of long-term growth of capital and current income based on various expected retirement dates. There are no unfunded commitments related to the collective investment trusts and units are redeemable at NAV on a daily basis.

- *Investment contract*: The investment contract is valued at contract value, which equals cash contributions, less distributions, plus interest credited at a guaranteed rate. The trustee has represented that contract value approximates fair value since participant transactions are executed at contract value without adjustment. The valuation of the investment contract considers prices from prior transactions, therefore, additional disclosure of quantitative unobservable inputs is not necessary.

- *Self-directed brokerage account*: Value based on fair value of underlying investments within the account as follows:

    - Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year-end which is based on observable market quotations for identical assets and are priced on a daily basis at the close of business.

    - Common stock: Fair value is the observable market quotation for identical assets and is priced on a daily basis in an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

December 31, 2015:

	Total	Level 1	Level 2	Level 3
