Minnetonka, MN

We have audited the accompanying financial statements of Humedica, Inc. 401(k) Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 17, 2015 and December 31, 2014, and the related statement of changes in net assets available for benefits for the period from January 1, 2015 to December 17, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Humedica, Inc. 401(k) Retirement Plan as of December 17, 2015 and December 31, 2014, and the changes in net assets available for benefits for the period from January 1, 2015 to December 17, 2015 in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1 to the financial statements, effective December 17, 2015, the Plan was merged into the UnitedHealth Group 401(k) Savings Plan. Our opinion is not modified with respect to this matter.

As discussed in Note 2 to the financial statements, in 2015 the Plan adopted new accounting guidance related to the investments and investment related disclosures. Prior year amounts and disclosures have been revised to reflect the retrospective application of adopting these changes in accounting. Our opinion is not modified with respect to this matter.

NOTES TO FINANCIAL STATEMENTS
As of December 17, 2015 and December 31, 2014 and
for the Period from January 1, 2015 to December 17, 2015

NOTE 1 - Description of the Plan

The following description of the Humedica, Inc. 401(k) Retirement Plan ("the Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Humedica, Inc. ("the Company") and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). All employees who have completed at least 1 month of service with the Company, as defined in the Plan, and are age 21 or older are eligible to participate.

Effective December 31, 2014, the plan was frozen to all future contributions. Effective December 17, 2015 the Plan merged into the UnitedHealth Group 401(k) Savings Plan.

Contributions

Each year, the participants could contribute an amount up to the maximum dollar amount permissible under the Internal Revenue Code ("the Code"). Elective contributions included pre-tax deferrals and/or Roth deferrals. Eligible employees were automatically enrolled at an employee pre-tax contribution rate of 3% of their eligible pay, unless they declined to participate within a prescribed time limit or they elected a different pre-tax and/or Roth contribution rate. Participants who had attained age 50 before the end of the plan year may make additional catch-up contributions, subject to limitations imposed by the Code.

The Company may, in its discretion, contribute an additional amount to the Plan, to be distributed among participants pro rata based upon compensation within limitations as determined by the Code. No discretionary contributions were made for the period from January 1, 2015 to December 17, 2015.

Participant Accounts

Each participant's account was credited with the participant's salary reduction contributions, rollover contributions and an allocation of the Company's contributions and plan earnings (net of administrative expenses). Allocations were based on the participant's eligible compensation or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Classification

All investments were participant directed. Participants had the right to individually select the percentage of their accounts to be invested among different classifications of investments made available to them through a registered investment company.

NOTE 1 - Description of the Plan (cont.)

Vesting

Participants were immediately vested in their salary reduction and rollover contributions plus earnings thereon. Company contributions and earnings thereon vest in accordance with provisions of the Plan as follows:

Less than 1 year	0%
1	25%
2	50%
3	75%
4 or more	100%

However, participants were 100% vested in Company contributions and earnings thereon if one of the following events occurred while they were employed by the Company: the participant's death, disability, early retirement, attainment of retirement age (age 65), a partial or complete termination of or complete discontinuance of contributions to the Plan, or an acceleration date, as defined in the Plan document.

Prior to merging into the UnitedHealth Group 401(k) Savings Plan, all participants were 100% vested in their accounts.

Forfeited Accounts

As of December 17, 2015 and December 31, 2014 there were no forfeited nonvested accounts.

Payment of Benefits

Benefits were paid to the participant or beneficiary upon death or termination of employment, as defined in the Plan document. The total vested portion of a participant's account balance was distributed in the form of a lump-sum payment. Participants experiencing financial hardship may withdraw a portion of their account balance as defined in the Plan.

There are no amounts owed to the participants who had elected to withdraw from the Plan, but had not been paid as of December 17, 2015 and December 31, 2014.

Notes Receivable From Participants

Participants could borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. These loans were secured by the balance in the participant's account. The loans bear interest at rates which are commensurate with local prevailing rates as of the date of the inception of the loan as determined by the Company. Principal and interest are paid ratably through payroll deductions.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 17, 2015 or December 31, 2014. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

NOTE 2 - Summary of Significant Accounting Policies (cont.)

Payment of Benefits

Benefits are recorded when paid.

Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient ("ASU 2015-12"). Part I and Part III are not applicable to the Plan. Part II requires that investments that are measured using fair value (both participant-directed and nonparticipant-directed investments) be grouped only by general type, eliminating the need to disaggregate the investments by nature, characteristics, and risks. Part II also eliminates the disclosure of individual investments that represent 5 percent or more of net assets available for benefits and the disclosure of net appreciation or depreciation for investments by general type, requiring only presentation of net appreciation or depreciation in investments in the aggregate. Additionally, if an investment is measured using the net asset value per share as a practical expedient and that investment is a fund that files a U.S. Department of Labor Form 5500, as a direct filing entity, disclosure of that investment's strategy is no longer required. The amendments in ASU 2015-12 are effective for fiscal years beginning after December 15, 2015, with early application permitted. The amendments within Part II require retrospective application. Management has elected to early adopt the provisions of Part II of this new standard. Accordingly, these provisions were retrospectively applied.

The Plan has determined that there have been no other recently adopted or issued accounting standards that had, or will have, a material impact on the financial statements.

Subsequent Events

The Plan has evaluated subsequent events through July 29, 2016, the date the financial statements were approved and available to be issued.

NOTE 3 – Administration of Plan Assets

The Plan's assets are administered under a contract with T. Rowe Price Retirement Plan Services, Inc. (the "Custodian") of the Plan. The custodian invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants.

NOTE 4 - Fair Value of Financial Instruments

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Unadjusted quoted prices for identical assets in active markets that the Plan can access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Unobservable inputs for the asset.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 17, 2015 and December 31, 2014.

Money Market Funds: Valued at the closing price reported on the active market on which the funds are traded.

NOTE 4 - Fair Value of Financial Instruments (cont.)

Mutual funds: Valued at the daily closing price reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at the price. The mutual funds held by the Plan are deemed to be actively traded.

The table below presents the balances of assets and liabilities measured at fair value on a recurring basis by level within the hierarchy. The Plan held no investments at December 17, 2015.

	December 31, 2014			
	Total	Level 1	Level 2	Level 3
Money Market Funds	$ 304,477	$ 304,477	$ -	$ -

NOTE 5 – Related Party and Party-in-interest Transactions

Certain of the Plan's investments are managed by the Custodian, and therefore, these transactions qualify as party-in-interest transactions. The Plan pays various fees to the custodian, including record keeping and investment management fees. Fees incurred by the Plan for the investment manager services are included in net depreciation in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as exempt party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 6 - Tax Status

The Plan uses a prototype plan document sponsored by the Custodian. The Custodian received an opinion letter from the Internal Revenue Service (IRS), dated March 31, 2008, which states the prototype document satisfies the applicable provisions of the Code. Although the Plan has been amended since receiving the determination letter, the Company believes that the Plan is designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefit.

As of December 31, 2014, the Plan had investments of $657,035 that were concentrated in one investment.
