DOCUTAP, INC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

A. DESCRIPTION OF PLAN

The following description of DocuTAP, Inc. ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General. The Plan is a defined contribution plan covering all employees of the Company on date of hire and who are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions. Participants may contribute up to 100% of their wages and bonuses for the Plan year subject to certain limits as defined under the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company, at its discretion, may make a contribution of an amount equal to a matching percentage of the participants' salary reduction contributions for the Plan Year. Additional profit-sharing contributions may be made at the option of the Company sponsor.

3. Participant Accounts. Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, if any, (b) Plan earnings, (c) forfeitures of terminated participants' non-vested account balances, and (d) charged with an allocation of administrative expenses not paid by the Company. Allocations are based on participant earnings and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting. Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

5. Payment of Benefits. On termination of service due to any reason, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Benefits are recorded when paid.

6. Forfeitures. These amounts are used to reduce employer contributions. Forfeited non-vested amounts applied were $90,909 and $43,310 for 2015 and 2014 respectively.

7. Administration Expenses. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Accounting fees and other administration expenses are paid directly by the Company. Custodian administration expenses are paid by the Plan.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Date of Management's Review. Subsequent events were evaluated through July 15, 2016, which is the date the financial statements were available to be issued.

2. Basis of Accounting. The financial statements of the Plan are prepared on the accrual basis of accounting.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

3. Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

4. Investment Valuation and Income Recognition. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note I for discussion of fair value measurements.

   Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

5. Payment of Benefits. Benefits are recorded when paid.

C. RELATED PARTY TRANSACTIONS

Certain Plan investment accounts are managed by Principal. Principal is the custodian of trust assets as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Certain administrative functions of the Plan are performed by officers or employees of the Company. In addition, the named Trustees for the Plan are selected officers and employees. No such officer or employee receives compensation from the Plan. However, these individuals are also participants in the Plan and are currently making elective deferrals. All of these party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

D. TAX STATUS

The Company has adopted a prototype non-standardized profit sharing plan that allows for 401(k) deferrals. Principal Financial Group, the sponsor of the prototype plan, has obtained a favorable opinion letter from the Internal Revenue Service. Although the Plan has been amended, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

DOCUTAP, INC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

E. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

F. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

All information included in the accompanying financial statements was obtained from data that was prepared and certified to as complete and accurate by the Trustee in accordance with 29 CFR 2520.130-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

G. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

H. INVESTMENTS

The following presents investments at December 31, 2015 that represent 5% or more of the Plan's net assets:

	2015	2014
Principal Lifetime 2040 72,774 and 60,402 shares	$1,518,929	$1,281,920
Principal Lifetime 2030 25,459 and 19,416 shares	519,939	403,857
Principal Lifetime 2045 22,955 and 12,541 shares	316,880	176,098
Principal Lifetime 2050 17,141 and 11,217 shares	350,574	233,170
Principal Global Large Cap Fund 4,278 and 3,841 shares	328,273	293,681

During 2015, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $76,941.

DOCUTAP, INC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

I. FAIR VALUE OF INVESTMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available.

Level 2 Fair Value Measurements

Pooled separate accounts are made up of a wide variety of underlying investments such as preferred stock, bonds, real estate and mutual funds. The net asset value (NAV) of the shares held by the plan at year end are classified in Level 2 of the fair value hierarchy and are based on the market value of the underlying investments, but the pooled separate account net asset value is not a publicly quoted price in an active market.

		Fair Value Measurements at Reporting Date Using Significant Other Observable Inputs (Level 2)
	Fair Value	
December 31, 2015		
Pooled separate accounts	$ 4,290,325	$ 4,290,325

		Fair Value Measurements at Reporting Date Using Significant Other Observable Inputs (Level 2)
	Fair Value	
December 31, 2014		
Pooled separate accounts	$ 3,402,643	$ 3,402,643

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2015, there were no significant transfers into or out of Level 3.
