Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph; however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Great-West Trust Company, LLC, formerly known as, Putnam Fiduciary Trust Company, the current trustee of the Plan, and Massachusetts Mutual Life Insurance Company the former custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the current trustee and former custodian held the Plan's assets and executed transactions. The Plan Administrator has obtained certifications from the current trustee as of and for the year ended December 31, 2015, and for the period from July 15, 2014 through December 31, 2014, and as of December 31, 2014, and the former custodian for the period from January 1, 2014, through July 15, 2014, that the information provided to the Plan Administrator by the current trustee and former custodian is complete and accurate.

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 1 to the financial statements; which describes the basis of accounting. The financial statements and supplemental schedule are prepared on a modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

Other Matter

The supplemental schedule of assets (held at end of year) on a modified cash basis as of December 31, 2015, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

BRICKSTREET MUTUAL INSURANCE COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan and Significant Accounting Policies

Plan description: The following description of the BrickStreet Mutual Insurance Company 401(k) Plan (the Plan), provides only general information. Participants should refer to the Plan document for more complete information.

General: The Plan, which was established January 1, 2006, last restated effective January 1, 2015, to incorporate a discretionary match in the Plan, is a defined contribution 401(k) safe harbor plan that provides for both salary deferral contributions and employer contributions under section 401(k) of the Internal Revenue Code. All employees of the Plan Sponsor (excluding intern and temporary employees who work less than 1000 hours) who have 60 days of service, are eligible to participate in the Plan. Employees who do not complete a waiver of non-participation are automatically enrolled in the Plan upon meeting the above eligibility requirements at a deferral rate of 4%. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may elect to defer a percentage of their compensation as defined in the Plan document limited to the maximum percentage allowable under the Internal Revenue Code for such Plan year. The Plan also allows for participant Roth elective deferrals. Rollover contributions are permitted from other qualified plans. The employer's matching contribution is an enhanced safe harbor contribution which is an amount equal to 100% of the participant's deferral contributions up to 7% of participants' compensation for the year ended December 31, 2015 and 6% for the year ended December 31, 2014. Effective January 1, 2015, the Plan allows for a discretionary employer contribution. The Plan Sponsor elected to not make a discretionary contribution for the year ended December 31, 2015.

Participant accounts: Each participant account is credited with the participant's elective deferrals, participant rollover contributions and any employer contributions. In addition, each participant's account is credited with their share of appreciation/depreciation in the value of investments and charged with an allocation of administrative expenses paid from Plan assets. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Participant Investment options: Each participant has the right to direct contributions and earnings of their account among alternative investment funds provided under the Plan. Participants should refer to the most recent annual report of each investment fund for information on risk factors, asset concentrations, use of derivative financial instruments and other financial data. Participants may transfer funds between investment options at any time.

If a participant does not make an investment option election, contributions are automatically allocated to the T. Rowe Price Target Asset Allocation Investment Option which most closely corresponds to the participant's target retirement date age of 65.

Vesting: Participants are immediately vested in their deferral contributions, rollover contributions and employer contributions.

Payment of benefits: Upon retirement (normal retirement age is 65), death, disability, other termination of employment, hardship, or in-service distribution (after age 59 1/2), as defined, participants or their spouses and/or beneficiaries will receive their account balance under a method allowed by the Plan as disclosed below. If vested balances are less than \$5,000, the Plan Administrator may elect to distribute the entire account balance to the participant without the participant's consent.

Distribution methods allowed by the Plan upon separation of employment include:

- Lump sum,
- Partial withdrawals, or
- Rollovers to an Individual Retirement Account or Annuity or other qualified employer plan.

Distribution methods allowed by the Plan if under normal retirement age include:

- Lump sum, or
- Partial withdrawals.

BRICKSTREET MUTUAL INSURANCE COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

The Plan allows for hardship withdrawals for certain participant needs as defined in the Plan document. Hardships may be taken from participant elective contributions, Roth deferrals, employer profit sharing contributions and related earnings.

Notes Receivable from Participants: The Plan provides that participants can borrow from the Plan. These loans are secured by the balance in the participant's account and bear interest commensurate with prevailing rates. These loans are limited to the lesser of \$50,000 or 50% of the participants vested account balance with a minimum requirement of \$1,000. Loan principal and interest payments are made in accordance with the note's amortization schedule.

Forfeitures: Any forfeitures the Plan may realize would be used to pay Plan administrative expenses, and then used to reduce employer contributions. For the years ended December 31, 2015 and 2014, there were no forfeited non-vested accounts.

Significant accounting policies: The accounting and reporting policies of the Plan conform to the modified cash basis of accounting and to general practices within the employee benefit plan industry. The preparation of financial statements in conformity with the Plan's basis of accounting requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates. The principles and policies which significantly affect the determination of net assets and the changes in net assets are summarized below.

Basis of accounting: The accounting records of the Plan are maintained, and the statements of net assets available for benefits and related statements of changes in net assets available for benefits are presented on a modified cash basis of accounting, a practice permitted by the United States Department of Labor. Accordingly, with the exception of appreciation or depreciation in the fair value of investments and the recording of contributions receivable, income and expense items are recognized only as cash is received or paid. Therefore, certain receivables, payables and accrued expenses and deferred expenses, which would be recognized under accounting principles generally accepted in the United States of America, and general practices within the employee benefit plan industry, and which may be material in amount, are not recognized in the accompanying financial statements. Accordingly, the accompanying financial statements are not intended to present net assets or changes in net assets in accordance with accounting principles generally accepted in the United States of America.

Investment valuation and income recognition: The Plan's investments are stated at fair value which is based upon the quoted market price as of the last day of the Plan year. Mutual funds are stated at fair value as determined by quoted market prices, which represents the net asset value of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date.

Payment of benefits: Benefit payments are recorded upon distribution.

Operating expenses: Expenses of maintaining the Plan may be paid by the Plan Sponsor.

Significant New Accounting Pronouncement: On May 1, 2015, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) 2015-07 *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*. The amendments of ASU 2015-07 remove the requirements to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. The amendments are effective for fiscal years beginning after December 15, 2016, and interim periods within those fiscal years. A reporting entity should apply the amendments retrospectively to all periods presented. Though these financial statements are prepared in accordance with the modified cash basis of accounting, the Plan's investment

BRICKSTREET MUTUAL INSURANCE COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

assets are presented at fair value. Consequently, the fair value of the Plan's investment assets is measured as prescribed by the ASC. The Plan adopted this Update for the financial statements for the 2015 plan year, with the requirements of this ASU retrospectively applied to the financial statements for the 2014 Plan year. The implementation of this Update did not materially impact the financial reporting of the plan as of and for the years ended December 31, 2015 and 2014.

On July 31, 2015, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) 2015-12 *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) – I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient*. The amendments of ASU 2015-12 are in 3 parts: Part I amendments designate contract value as the only required measure for fully benefit-responsive investment contracts; Part II amendments eliminate the requirement that plans disclose: (a) individual investments that represent 5 percent or more of net assets available for benefits; and (b) the net appreciation or depreciation for investments by general type requirements for both participant-directed investments and nonparticipant-directed investments; and Part III amendments provide a practical expedient to permit plans to measure investments and investment-related accounts (e.g., a liability for a pending trade with a broker) as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end. Part I and II are effective on a retrospective basis, and Part III is effective on a prospective basis, for fiscal years beginning after December 15, 2015, with early adoption permitted. Though these financial statements are prepared in accordance with the modified cash basis of accounting, the Plan's financial statements are prepared following the industry presentation and disclosure standards of the Financial Accounting Standards Board for employee benefit plans. Consequently, the Plan's financial statements are presented as prescribed by the ASC. The Plan adopted this Update for the 2015 plan year, and the amendments in Part I and Part II were retrospectively applied to Plan year 2014, with the 2014 financial statement disclosures in Notes 5 and 6 revised to reflect the retrospective application. The impact of adopting these amendments is reflected in the financial statements.

Subsequent events: The Plan has evaluated subsequent events through July 20, 2016, the date the financial statements were available to be issued.

Note 2. Income Tax Status

The Plan has adopted the Putnam Fiduciary Trust Company Defined Contribution Volume Submitter Plan as of July 15, 2014. Putnam Fiduciary Trust Company has received a determination letter dated May 18, 2011 that the volume submitter plan qualifies under Internal Revenue Code Section 401(a). The determination letter has been relied upon by this Plan. The Plan has been restated since the receipt of the aforementioned determination letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Prior to the restatement of the plan to adopt the Putnam Fiduciary Trust Company Volume Submitter Profit Sharing Plan, the Plan utilized the Benefits Plus, Prototype Non-Standardized Profit-Sharing Plan. Benefits Plus has received a determination letter dated March 31, 2008 that the prototype plan and related amendments qualify under Internal Revenue Code Section 401(a). An employer who has adopted the prototype plan will also be considered to have a plan qualified under Section 401(a) provided all of the terms of the plan are followed, and the eligibility requirements and contribution or benefit provisions are not more favorable for highly compensated employees than other employees. The Plan has been restated since the date of the determination letter; however, the Plan Administrator believes that the BrickStreet Mutual Insurance Company 401(k) Plan was being operated in compliance with the aforementioned prototype plan and applicable provisions of the Internal Revenue Code.

Plan management evaluates tax positions taken by the Plan to determine if any uncertain tax positions exist that compromise the Plan's tax exempt status that could result in tax obligations requiring recognition or disclosure in the Plan's financial statements. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is

BRICKSTREET MUTUAL INSURANCE COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2012.

Note 3. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 4. Parties-in-Interest and Related Party Transactions

Parties-in-interest are defined under United States Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employers and certain others. During the years ended December 31, 2015 and 2014, fees for these services were \$8,139 and \$11,075, respectively. Certain other administrative expenses for legal, auditing, and other professional services are paid directly by the Plan Sponsor and certain administrative functions are performed by officers or employees of the Plan Sponsor at no cost to the Plan.

Note 5. Information Certified by Current Trustee and Former Custodian

The following is a summary of the Plan's asset information as of and for the years ended December 31, 2015 and 2014, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Great-West Trust Company, LLC, formerly known as Putnam Fiduciary Trust Company, the current trustee, and Massachusetts Mutual Life Insurance Company, the former custodian, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the current trustee and former custodian that information provided to the Plan Administrator by the current trustee and former custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditor's not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule.

BRICKSTREET MUTUAL INSURANCE COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 6. Fair Value Measurement

ASC Topic 820 *"Fair Value Measurements and Disclosure"* (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan based on quoted market prices at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. Subsequent Events

Effective January 1, 2016, the Plan was restated to remain in compliance with the Pension Protection Act of 2006 and other legislative and regulatory changes.

Note 10. Reconciliation to Form 5500

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the net income per the Form 5500 for the year ended December 31, 2014:

	2014
Additions to net assets per the financial statements	\$ 3,800,097
Adjustments from fair value to contract value for fully benefit responsive investment contracts	<u>(84,642)</u>
