Employees are eligible to participate in the Plan if they are 21 years old, have completed two months of continuous employment or, if earlier, one year of service. Employees may enter the Plan on the first day of a payroll period coinciding with or following the date on which they meet the eligibility requirements. The Plan automatically enrolls all eligible employees into the Plan.

Contributions: Participants can contribute between 1% and 100% of their salary, subject to Internal Revenue Service ("IRS") limitations. The Company may make a discretionary matching and/or discretionary profit sharing contribution. The Company matched 25% of the employee contributions up to the first 8% of the employee salary for 2015. The Company did not make a discretionary profit sharing contribution for the year ending December 31, 2015.

Investment Options: Upon enrollment in the Plan, a participant may direct contributions in any of various investment options. Participants may change their investment options daily.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Payment of Benefits: On termination of service, a participant may elect to receive a lump-sum amount equal to the value of his or her account or installments. All distributions are subject to the applicable provisions of the Plan document.

Vesting: Employee contributions under the Plan are 100% vested. Employer matching and discretionary contributions are not vested until the employee has completed or been credited with three years of service. At such time, the employer matching and discretionary contributions become 100% vested.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution, and (b) Plan earnings, and charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures: The non-vested portion of terminated participants accounts plus earnings thereon are forfeited and can be used by the Plan to reduce the amount of future employer contributions to the Plan and pay Plan expenses. For the year ended December 31, 2015, \$55,139 from forfeited nonvested accounts was used to reduce employer contributions. As of December 31, 2015 and 2014, there were \$4,759 and \$1,241 of forfeitures available, respectively.

Administrative and Investment Management Expenses: The Plan's record keeping and Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income reported by the Plan. All other expenses of the Plan are paid by the Company.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants would become 100% vested in their employer contributions and earnings thereon.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50 percent of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest. Principal and interest are paid through payroll deductions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Adoption of New Accounting Standards: In July 2015, the Financial Accounting Standards Board (FASB) amended existing guidance related to the measurement, reporting and disclosure of fully benefit-responsive investment contracts (FBRICs), and in May and July 2015 the FASB amended various other disclosure requirements applicable to investments held by defined contribution pension plans. The new guidance requires FBRICs to be measured, presented, and disclosed only at contract value, and it clarifies that a plan's investments in stable value funds are not FBRICs and should be measured and presented only at fair value. The new guidance also eliminates or simplifies various disclosure requirements applicable to plan investments. Adoption of the new guidance resulted in removal of FBRICs and investments for which fair value is measured at net asset value (or its equivalent) from the fair value hierarchy, the reporting of investments within the fair value hierarchy by general type rather than by classes of investments, and other changes in investment disclosure requirements. The Plan elected to early adopt these standards, each of which requires retrospective application to all periods presented. The adoption of these standards had no effect on the Plan's net assets available for benefits or changes therein. However, Investments, at fair value was reduced by \$3,781,553 from the amount previously reported as of December 31, 2014, as a result of breaking out Investments, at contract value, separately. During 2014, it was determined that the contract value of the FBRIC approximated fair value, thus there was no adjustments from fair value to contract value presented in the statements of net assets available for benefits.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Risks and Uncertainties: The Plan holds various investments. The underlying investments are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Payment of Benefits: Benefits are recorded when paid.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Reclassifications: Some items in the prior year financial statements and footnote disclosures were reclassified to conform to the current presentation. Reclassifications had no effect on prior year net assets available for benefits or the prior year net increase in net assets available for benefits.

Investment Valuation and Income Recognition: The Plan's investments, other than FBRICs, are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contracts, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 price such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that is observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

NOTE 3 – UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income and interest earned on notes receivable from participants, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company. This information has not been audited by independent accountants.

NOTE 4 - TAX STATUS

The Internal Revenue Service issued an opinion letter dated March 31, 2014 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirement of the Internal Revenue Code. Although the Plan has been amended since the original prototype document, Plan management believes that the Plan is currently being operated in compliance with the Internal Revenue Code.

NOTE 4 - TAX STATUS (Continued)

Accounting principles generally accepted in the United States of American require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for year prior to 2012.

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan holds an unallocated investment contract with Great-West Life & Annuity Insurance Company and mutual funds issued by Great-West, an affiliate. Therefore these transactions and the Plan's payment of record keeping fees and investment management fees to Great-West qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company.

NOTE 6 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds a fully benefit-responsive investment contract that is reported at contract value, which is generally the amount a participant would receive if he or she would initiate a withdrawal or transfer from the contract under the provisions of the Plan. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses. The contract value of the Plan's fully benefit-responsive investment contracts, by general type, is presented below:

	<u>2015</u>	<u>2014</u>
Traditional investment contract	\$ <u>3,293,417</u>	\$ <u>3,781,553</u>
Total investments, at contract value	\$ <u>3,293,417</u>	\$ <u>3,781,553</u>

The Plan holds a fully benefit-responsive investment contract with Great-West Life and Annuity Insurance Company ("GWL&A" or "the Issuer"). GWL&A maintains the contributions in its general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. Contract value represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. There are no reserves against contract value for credit risk of the Issuer or otherwise.

The Plan's investment contract specifies certain conditions under which distributions from the contract would be payable at amounts below contract value. Such circumstances include Plan termination, Plan merger, premature contract termination initiated by the Company, and certain other Company-initiated events that result in distributions exceeding a set amount. The contract limits the circumstances under which the Issuer may terminate the contracts. Examples of circumstances which would allow the Issuer to terminate the contract includes the Plan's loss of its qualified status, uncured material breaches of responsibilities, or material and adverse changes to the provisions of the Plan. If one of these events were to occur, the Issuer could terminate the contract at an amount less than contract value. At December 31, 2015, management did not believe that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value was probable.

NOTE 6 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (Continued)

The crediting interest rate of the contract is based on an agreed-upon formula with the Issuer, as defined in the contract agreement, but cannot be less than 0%. Such interest rates are reviewed on a semi-annual basis for resetting. The key factors that influence future interest crediting rates could include the following: the level of market interest rates; the amount and timing of participant contributions, transfers and withdrawals into/out of the contract; and the duration of the underlying investments backing the contract.

NOTE 7 – PLAN AMENDMENTS

Effective January 1, 2015 the Plan was amended to allow employees of Performance Autoplex, LLC, Performance Columbus, LLC and Performance Utah, LLC to begin participating in the Plan.

Effective April 1, 2015 the Plan was amended to allow the employees of PPDR, LLC to begin participating in the Plan.

Effective July 27, 2015 the Plan was amended to allow employees of Delaware CJDR, LLC to begin participating in the Plan.

Effective November 9, 2015 the Plan was amended to allow the employees of Centerville CJDR, LLC to begin participating in the Plan.

NOTE 8 - SUBSEQUENT EVENT

Plan management has evaluated subsequent events for recognition and disclosure through July 25, 2016, which is the date the financial statements were available to be issued.
