Note 1 - Description of Plan

The following brief description of the Elkhorn Holdings, Inc. Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Elkhorn Construction, Inc., HOAD, Inc., and Eagle Pipeline Construction, Inc. (Companies). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees are eligible to participate in the salary reduction and employer safe-harbor matching provisions of the Plan after having completed one calendar quarter of continuous employment. Employees covered by a collective bargaining agreement, leased employees and individual performing services for an employer who are not characterized by that employer as a common law employee are excluded from the Plan.

Entry Date

Employees may enter the Plan on the first day of the calendar quarter coinciding with or next following the date the eligibility requirements are met for the deferral and match provisions of the Plan.

Contributions

The participant's contributions are made through a salary reduction under which the participant may defer a percentage of compensation each year, as defined by the Plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Companies will contribute safe-harbor matching in an amount equal to 100% of the participant's before-tax contributions that do not exceed 3% of compensation, plus 50% of the before-tax contributions up to 5% of compensation for the Plan year on behalf of each participant for the Plan year.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of the Companies' contribution, and Plan earnings. Allocations are based on participants' compensation or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions in any of the funds covered by the Plan. Participants may change their investment options daily.

Vesting

Participants are immediately vested in all contributions plus actual earnings thereon.

Forfeitures

At December 31, 2015 and 2014, forfeited non-vested accounts totaled \$0. These accounts will be used to reduce future employer contributions.

Payment of Benefits

Participants may elect to receive either a lump-sum amount equal to the value of their vested interest or annual installments as defined in the Plan document upon retirement, termination, death or disability. A terminated employee with a balance of less than \$1,000 may be automatically paid out by the Plan upon termination. Any terminated participants with a balance between \$1,000 and \$5,000 can still be automatically paid out if their balance is rolled into a qualified Individual Retirement Account. Distributions may be made at the participant's election prior to termination upon attainment of age 59 ½ or hardship as defined in the Plan document.

Death Benefits

The designated beneficiary is entitled to a death benefit distribution equal to the participant's vested account balance.

Plan Termination

The Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will remain 100% vested in their account balances. On December 31, 2015, the board of directors approved to merge the Plan into the Wood Group 401(k) Plan (Note 9).

Note 2 - Significant Accounting Policies and Use of Estimates

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting.

Recent Accounting Guidance

Due to a clarification in application of Topic 946 to employee benefit plan accounting, contract value of indirect investments in fully-benefit responsive contracts is understood to be the fair value. Therefore, the adjustment from fair value to contract value has been removed from the previously presented December 31, 2014 Statement of Net Assets Available for Benefits.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

The classification of investment earnings reported above and in the statement of changes in net assets available for benefits may differ from the classification of earnings on the Form 5500 due to different reporting requirements on the Form 5500.

Payments of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Fees

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net depreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through July 27, 2016, the date which the financial statements were available to be issued.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds – Valued at fair value based on the quoted net asset value (NAV) of shares held by the Plan at year end.

Common Collective Fund – Valued at fair value based on the NAV of the observable market prices of the underlying assets within the account less liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair Value Measurement and Disclosure (Topic 820): Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent) requires disclosures of certain attributes in entities that calculate a net asset value per share (or its equivalent) and do not have a readily determinable fair value. The following table sets forth the disclosure of the attributes as of December 31, 2014:

	2014			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective Funds				
Federal Capital Preservation	\$ 14,523,353	\$ -	Daily	Daily

The Federated Capital Preservation Fund seeks stability of principal and high current income. The fund invests primarily in stable value products, including guaranteed investment contracts (GICs) and synthetic GICs issued by major insurance companies and money market instruments. Alerus Financial may impose a 12-month redemption notice for full withdrawal from the fund by the Plan.

Note 4 - Investments

The individual investments that represent 5% or more of the Plan assets available for benefit as of December 31, 2015 and 2014 are as follows:

Mutual funds	<u>(2,701,417)</u>
	<u><u>\$ (2,597,448)</u></u>

Note 5 - Information Certified by the Trustees

The Plan administrator has elected the method of compliance permitted by the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information certified by Alerus Financial, N.A.

The Plan trustee has certified its statement of accounts as of December 31, 2015 and 2014 and for the year ended December 31, 2015. The statement of accounts includes beginning and ending balances of investments held and detail of all transactions during the period, including investment earnings.

Note 6 - Tax Status

The Internal Revenue Service (IRS) has determined and informed the Companies by a letter dated April 1, 2015, that the Plan and related trust were designed in accordance with the applicable regulations of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Related Party and Party-In-Interest Transactions

Certain Plan investments held at December 31, 2014 are shares of mutual funds and units of common collective funds managed by Alerus Financial, N.A., the trustee as defined by the Plan. As described in Note 2, the Plan paid certain expenses in 2015 and 2014 related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under ERISA.

Note 8 - Risks and Uncertainties

The Plan invests in various investment funds. Investment funds are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment funds, it is at least reasonably possible that changes in the values of investment funds will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Transfer to Wood Group 401(k) Plan

On December 31, 2015, the board of directors approved to merge the Plan into the Wood Group 401(k) Plan and all of the participant accounts in the Elkhorn Holdings, Inc. Retirement Savings Plan were transferred out of the Plan into the Wood Group 401(k) Plan.
