(1) Description of plan

The following description of the RegionalCare Hospital Partners Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan which was adopted on May 1, 2010 to provide retirement benefits for employees of RCHP, Inc. and Subsidiaries (the "Plan Sponsor"). The Plan covers substantially all employees who have completed one month of service ("participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). In May 2015, the Plan Sponsor entered into an agreement to sell one of its subsidiaries, Southwest Regional Medical Center ("SRMC"). Participants who separated from service due to the disposition of SRMC on July 1, 2015 were fully vested.

(b) Contributions

Participants may voluntarily make qualified retirement contributions to the Plan which are deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. In order to participate, participants must make a minimum contribution of 1% of compensation. Participant contributions are permitted up to 100% of compensation.

Newly hired, eligible employees are automatically enrolled in the Plan at a deferral rate of 3% in the first month following the date eligibility requirements are met. The employee can opt out of this election or change the deferral percentage at any time. The automatic deferral rate increases by 1% each Plan year, up to 6% of the participant's compensation.

The Plan Sponsor may contribute a discretionary match of each participant's contributions depending on the subsidiary in which the participant is employed. The matching contributions were suspended effective January 1, 2014. Matching contributions were reinstated at four subsidiaries effective January 1, 2015.

Unrelated to the discretionary match contribution, the Plan Sponsor's Board of Directors may authorize an annual discretionary contribution to the Plan; however, an annual discretionary contribution by the Plan Sponsor is not required. No annual discretionary contribution was made by the Plan Sponsor during 2015 or 2014.

Plan Sponsor and participant contributions may not exceed the maximum amount deductible for federal income tax purposes.

(c) Participant accounts

Each participant's account is credited (charged) with the participant's contributions, Plan Sponsor matching contributions and allocations of Plan Sponsor discretionary contributions, investment earnings (losses), and administrative expenses. Allocations are based on a participant's compensation or account balance as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their elective salary deferrals plus actual earnings (losses) thereon. Vesting in the Plan Sponsor's matching and discretionary contributions is based on years of continuous service. Participants vest prorata over five years of service, at which time they are fully vested.

(e) Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes receivable from participants are secured by the vested balance in the participant's account and bear interest at fixed rates ranging from 3.25% to 5.25%, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are collected ratably through payroll deductions.

(f) Payment of benefits

On termination of service due to death, permanent disability, or retirement, a participant may elect to receive a lump-sum payment equal to his or her entire account balance. For termination of service due to other reasons, a participant will be entitled to receive only the vested interest in his or her account as a lump-sum distribution.

(g) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's salary deferral account balance, including rollovers, if the participant is younger than age 59½. If the participant has attained age 59½, hardship withdrawals may be distributed from the participant's entire vested account balance. Any participant receiving a hardship withdrawal is precluded from making any qualified contributions for six months after receiving the hardship withdrawal.

(h) Forfeited accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan Sponsor contribution portion of their accounts. Such forfeitures are first used to pay administrative expenses of the Plan; second, to restore benefits previously forfeited in accordance with Section 7.5(b) of the plan document; and third, to reduce the Plan Sponsor matching contributions. At December 31, 2015 and 2014, forfeited nonvested accounts totaled $496,627 and $635,607, respectively. During 2015 and 2014, $33,007 and $62,573, respectively, of forfeited nonvested accounts were used to pay plan administrative expenses. During 2015, Plan Sponsor contributions of $354,793 were funded by forfeited nonvested accounts. There were no forfeited nonvested accounts used to reduce Plan Sponsor contributions in 2014.

(i) Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are netted from the total distribution amount. Fees incurred by the Plan for the investment management services or recordkeeping are netted within net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment from the Plan.

(j) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

(b) Investment valuation and income recognition

Investments are stated at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodian or trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the plan agreement.

(d) Payment of benefits

Benefits are recorded when paid.

(e) New accounting pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)*, ("ASU 2015-07"). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*. Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2015-07 is effective for entities (other than public business entities) for fiscal years beginning after December 15, 2016, with retrospective application to all periods presented. Early application is permitted. Management of the Plan elected to adopt ASU 2015-07 retrospectively as of January 1, 2015.

In July 2015, the FASB issued ASU No. 2015-12, "*Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*," ("ASU 2015-12"). ASU 2015-12 simplifies accounting for employee benefit plans as follows:

- Part I eliminates the requirement to measure and disclose the fair value of fully benefit-responsive contracts, including collective trust assets. Contract value is the only required measure for fully benefit-responsive investment contracts.

- Part II eliminates the requirement to disclose individual investments which comprise 5% or more of total net assets available for benefits, as well as the net appreciation or depreciation of fair values by type. Part II also requires plans to continue to disaggregate investments that are measured using fair value by general type, however plans are no longer required to also disaggregate investments by nature, characteristics and risks. Furthermore, the disclosure of information about fair value measurements shall be provided by general type of Plan asset.

- Part III is not applicable to the Plan.

Management of the Plan elected to adopt ASU 2015-12 retrospectively as of January 1, 2015. The adoption of ASU 2015-12 resulted in the reclassification of $466,087 related to the adjustment from fair value to contract value for fully benefit-responsive collective trust fund within the statement of net assets available for benefits as of December 31, 2014. Furthermore, the Plan Sponsor has eliminated its historical disclosure of individual investments which comprise 5% or more of total net assets available for benefits, as well as the net appreciation or depreciation of fair values by type. There was no other impact on the statements of net assets available for benefits and the statements of changes in net assets available for benefits as of and for the years ended December 31, 2015 and 2014.

(f) Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(g) Events occurring after reporting date

Management of the Plan has evaluated events and transactions that occurred between December 31, 2015 and July 29, 2016, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Summary of information certified by custodian and trustees

The following information was certified as complete and accurate by MassMutual Life Insurance Company, custodian of the Plan, as of December 31, 2015 and 2014 and for the years then ended. The following information was also certified as complete and accurate by State Street Bank and Trust, trustee, as of December 31, 2014 and for the year then ended, and for the period from January 1, 2015 through June 4, 2015, and by Reliance Trust Company, trustee, as of December 31, 2015 and for the period from June 5, 2015 through December 31, 2015.

	2015	2014
Investments, at fair value	$ 100,309,141	$ 106,555,919
Fully benefit responsive investment contract, at contract value	$ 13,007,587	$ 14,871,423
Notes receivable from participants	$ 2,411,358	$ 2,714,732
Net change resulting from investment activity	$ 418,714	$ 6,927,518
Interest income from notes receivable from participants	$ 110,280	$ 110,150

(4) Fair value measurements

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. The framework provides a fair value hierarchy prioritizing the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets at fair value. There have been no changes to the methodologies used at December 31, 2015 and 2014.

(i) *Mutual funds*: Valued at the net asset value ("NAV") of shares held by the Plan at year end based on quoted prices in an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	Fair Value Measurements as of December 31, 2015 using the following inputs			
	Level 1	Level 2	Level 3	Total
Assets in the fair value hierarchy - mutual funds	$ 99,844,942	$ -	$ -	$ 99,844,942
Investments measured at net asset value (a)				464,199
Investments at fair value				$ 100,309,141

	Fair Value Measurements as of December 31, 2014 using the following inputs			
	Level 1	Level 2	Level 3	Total
Assets in the fair value hierarchy - mutual funds	$ 106,094,864	$ -	$ -	$ 106,094,864
Investments measured at net asset value (a)				461,055
Investments at fair value				$ 106,555,919

(a) Certain investments are measured at NAV as a practical expedient to estimate fair value and, therefore, has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments, which solely consists of a stable value collective trust fund, for which the fair value is measured using the NAV per share practical expedient as of December 31, 2015 and 2014, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Fair Value 12/31/2015	Fair Value 12/31/2014	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
$ 464,199	$ 461,055	N/A	Daily	None

(5) Investment contract with insurance company

The Plan holds a traditional benefit-responsive investment contract with an insurance company, MassMutual Life Insurance Company, totaling $13,007,587 at December 31, 2015 and $14,871,423 at December 31, 2014. The insurance company maintains the Plan's contributions in a general account which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the plan by MassMutual Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include, but may not be limited, to the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) breach of a material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

(6) Income tax status

The Plan received a favorable determination letter from the Internal Revenue Service ("IRS") on July 3, 2014 stating that the Plan is in compliance with the applicable requirements of the IRC. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter; however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

(7) Related party transactions

Certain investments are managed by MassMutual Life Insurance Company, the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Administrative expenses of $119,708 and $163,831 for 2015 and 2014, respectively, paid by the Plan to MassMutual Life Insurance Company, State Street Bank and Trust, and Reliance Trust Company qualify as party-in-interest transactions. The Plan also holds notes receivable from participants which also qualify as party-in-interest transactions.

(8) Risks and uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

(9) Late remittance of participant deferrals

The Plan Sponsor is required by Department of Labor regulation to remit participant contributions as soon as practicable, but by no later than the fifteenth business day following the end of the month in which the amounts were withheld from wages. During 2015 and 2014, contributions totaling $49 and $30,713, respectively, were withheld on various dates and not remitted timely to the Plan. The Plan Sponsor is currently assessing the impact of any lost earnings that may be applicable to these contributions.
