Independent Auditors' Report

The Benefits Committee
Gardner Denver, Inc.
Quincy, Illinois

Report On The Financial Statements

We were engaged to audit the accompanying financial statements of Gardner Denver, Inc. Individual Account Retirement Plan for Employees in the Machinists Bargaining Unit, which comprise the statement of net assets available for benefits as of December 31, 2015 and 2014 and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility For The Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis For Disclaimer Of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis For Disclaimer Of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by JPMorgan Chase Bank, N.A., the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the Trustee as of December 31, 2015 and 2014, and for the years then ended, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer Of Opinion

Because of the significance of the matter described in the Basis For Disclaimer Of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis Of Matter

As discussed in Note 2 to the financial statements, in 2015, Gardner Denver, Inc. Individual Account Retirement Plan for Employees in the Machinists Bargaining Unit adopted new accounting guidance within the Accounting Standards Codification caused by Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820) – Disclosures for Investments in Certain Entities That Calculate Net Asset Value Per Share (or Its Equivalent)* and *ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date Practical Expedient.* Our opinion is not modified with respect to these matters.

Report On Form And Content In Compliance With DOL Rules And Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description Of The Plan

The following brief description of the Gardner Denver, Inc. Individual Account Retirement Plan for Employees in the Machinists Bargaining Unit (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Gardner Denver, Inc. (the Company) under the provisions of the Internal Revenue Code (the IRC), which includes a qualified deferred arrangement as described in Section 401(k) of the IRC, for the benefit of employees represented by the International Association of Machinists and Aerospace Workers, AFL-CIO, Lodge No. 822. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

Employees are eligible to participate in the Plan upon the date of employment.

Contributions

Eligible employees can contribute from $0.10 to $5.00 (in increments of $0.01) per contribution hour, subject to certain limitations. A contribution hour is defined as each hour of active employment for which a participant receives compensation from the Company, including overtime, holiday, and vacation hours, and certain short-term military leaves. Certain participants who were employed in 1991 received an additional weekly contribution, which was based on hours of service and age in 1991. Those employees must work at least one hour in a week to receive the additional contribution.

The Company provides a profit sharing contribution to all participants of $1.05 per hour based on the number of service hours in a year. In addition, some participants are eligible for a supplemental contribution based on their age and date of employment.

Vesting

Participants are fully vested in their contributions and the earnings thereon. Vesting in Company contributions is based on years of vesting service. Vesting service is the period of employment with the Company in which the participant completed at least 1,000 hours of service. A participant vests according to the following schedule:

Years Of Service	Vested Percentage
Less than 3 years	0%
3 years, but fewer than 4	33%
4 years, but fewer than 5	67%
5 years or more	100%
Attainment of normal retirement age, death or total disability	100%

Forfeitures

Forfeitures of terminated participants' nonvested accounts are used to reduce Company contributions. Forfeitures of $25,739 and $20,483 were used to reduce Company contributions for the years ended December 31, 2015 and 2014, respectively. At December 31, 2015 and 2014, there are $1,201 and $713, respectively, in forfeitures available for use. Restoration of such forfeitures is made to reemployed participants if the reemployment occurs within five years.

Benefits

Upon termination of service, death, disability, or retirement, a participant or beneficiary may elect to receive an amount equal to the value of the participant's vested interest in their account. The form of payment is a lump-sum distribution or an annuity. If the benefit is $1,000 or less at the time it becomes payable, the balance will automatically be paid in a lump-sum.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's share of the Plan's income, the Company's contribution, and the participant's contribution. Allocations are based on participant account balances, as defined by the Plan. The Plan allows participants to direct their own contributions to various investment options. Company contributions are automatically invested in the JPMorgan Stable Asset Income Fund (the Fund). Participants may elect to have a portion or all of their Company contributions transferred from the Fund in 1% increments.

Administrative Expenses

Salaries and related benefits of employees who administer the Plan are provided by the Company. All other administrative expenses are paid by the Plan. These expenses include investment management fees and Trustee fees.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting, except benefits, which are recorded when paid.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Risks And Uncertainties

The Plan invests, through the Gardner Denver Master Trust, in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investment Valuation And Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income on investments is recorded as earned on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Recently Issued Accounting Pronouncements

In May, 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820) - Disclosures for Investments in Certain Entities That Calculate Net Asset Value Per Share (or Its Equivalent).* The ASU removes the requirement to include within the fair value hierarchy leveling table those investments that measure fair value using the practical expedient available for investments that calculate a net asset value per share (or NAV equivalent, for example member units or an ownership interest in partners' capital to which a proportionate share of net assets is attributed). Even though these investments are removed from the fair value hierarchy, plans should provide or disclose the total amount of investments measured using the net asset value per share (or its equivalent) practical expedient in order to permit reconciliation of fair value of investments included in the fair value hierarchy to the line items presented in the statement of net asset available for benefits. The guidance contained in the ASU is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. Management has elected to adopt the guidance resulting from this ASU early. The guidance has been applied retrospectively.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Additionally, Part II permits plans to eliminate the disclosure of significant investment strategies for any investment measured using the net asset value per share (or its equivalent) practical expedient, provided that the investment fund files an annual report on Form 5500 as a direct filing entity. Part III is not applicable to the Plan. The guidance contained in the ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Management has elected to adopt the guidance resulting from Parts I and II early. The guidance has been applied retrospectively.

Subsequent Events

Management has evaluated subsequent events through July 28, 2016, the date which the financial statements were available for issue.

3. Certified Investments

In September 2014, Great-West Financial Retirement Plan Services, LLC, (Great-West) acquired JPMorgan Chase Bank N.A. Retirement Services. Under the direction of Great-West, JPMorgan Chase Bank, N.A., (the Directed Trustee) holds the Plan's investments and executed related transactions for the years ended December 31, 2015 and 2014. Financial information related to the assets and earnings from investments as of and for the years ended December 31, 2015 and 2014 are included in the accompanying financial statements and are based on information provided by the Directed Trustee. This information, which has not been audited by the Plan's independent auditors, has been certified to as complete and accurate by the Directed Trustee.

4. Investment In Master Trust

The Plan's investments at December 31, 2015 and 2014 include an interest in the net assets of the Gardner Denver Master Trust (Master Trust), which was established for the investment of assets of the Plan and several other plans sponsored by the Company. As of December 31, 2015 and 2014, the Master Trust included assets of the Plan and assets of the Gardner Denver, Inc. Retirement Savings Plan.

Each participating retirement plan has an interest in the Master Trust. The Plan may invest in any or all of the investments in the Master Trust. Financial information relating to the investments in the Master Trust is included in the financial statements and is based on information provided by the Directed Trustee. At December 31, 2015 and 2014, the Plan's interest in the net assets of the Master Trust was approximately 3%. The following table presents the net assets of the Master Trust as of December 31, 2015 and 2014.

	December 31,	
	2015	2014
Assets		
Investments - At Fair Value

Net Investment Income	**828,698**	15,564,709
Administrative Expenses	**282,022**	271,982
Net Transfers	**(7,570,544)**	(3,984,442)
Net (Decrease) Increase	**(7,023,868)**	11,308,285
Net Assets Available For Benefits - Beginning Of Year	**270,807,878**	259,499,593
Net Assets Available For Benefits - End Of Year	**$ 263,784,010**	$ 270,807,878

5. Fair Value Measurements

The Master Trust utilizes an established framework for measuring fair value of investments. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Master Trust has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;

- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value:

Registered Investment Companies

Valued at the daily closing price as reported by the fund. Registered investment companies held by the Master Trust are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Master Trust are deemed to be actively traded.

Common Collective Trusts

Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Master Trust and Plan believe the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31, 2015 and 2014:

	December 31, 2015			
	Level 1	**Level 2**	**Level 3**	**Total**
Registered investment companies	$ 88,941,220	$ —	$ —	$ 88,941,220

Total assets at fair value	$ 88,941,220	$ —	$ —	$ 263,784,010

	December 31, 2014			
	Level 1	**Level 2**	**Level 3**	**Total**
Registered investment companies	$ 91,075,535	$ —	$ —	$ 91,075,535
Investments measured at net asset value per share (a)				179,732,343
Total assets at fair value	$ 91,075,535	$ —	$ —	$ 270,807,878

(a) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits of the Master Trust.

There have been no changes in the methodologies used at December 31, 2015 or 2014.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. If terminated, no interest or portion of the Plan may revert to the Company and termination payments to participants would be limited to the net assets of the Plan as of the date of termination. Also, the balance of the account of each participant would become fully vested and nonforfeitable upon termination.

7. Related Party Transactions And Party In Interest Transactions

Certain Master Trust investments are shares of registered investment companies managed by affiliates of the Trustee. During 2015 and 2014, Great-West, which acquired JPMorgan Chase Bank N.A. Retirement Plan Services in September 2014, was the Trustee of the Plan, as defined by the Plan; therefore, these transactions qualify as party in interest transactions allowable under ERISA regulations. Fees to the Trustee and affiliates are based on customary and reasonable fees and are paid by the Plan.

8. Income Tax Status

The Plan has received a favorable determination letter from the Internal Revenue Service (IRS), dated December 15, 2014, indicating that the Plan, as then designed, is in compliance with the requirements of Section 401(a) of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's federal tax returns for tax years 2012 and later remain subject to examination by taxing authorities.
