DEFINED CONTRIBUTION 401(k) PLAN FOR THE EMPLOYEES OF COPERION CORPORATION

NOTES TO FINANCIAL STATEMENTS December 31, 2015 and 2014

NOTE 1 - DESCRIPTION OF PLAN

The following description of Defined Contribution 401(k) Plan for the Employees of Coperion Corporation (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan was organized effective July 1, 2001, as a defined contribution retirement savings plan covering all eligible employees of Coperion Corporation (the Employer) who have at least four months of service and are age 21 or older. Employees covered by a collective bargaining agreement, non-resident aliens, job shop employees, payroll service or agency employees, employees classified as part-time, temporary, or limited purpose contract employees until such time as they complete 1,000 hours of employment in a Plan year are excluded from participation in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Hillenbrand, Inc. acquired the Employer in December 2012 and subsequently became the Plan Sponsor. The Pension Finance and Administration Committee of the Plan Sponsor is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance and reports to the Board of Directors of the Plan Sponsor.

Plan Merger: The Board of Directors and the Pension Finance and Administration Committee of the Plan Sponsor approved the merger of the Plan's assets and liabilities into and with the Process Equipment Group 401(k) Savings Plan, effective January 1, 2016. Substantially all Plan assets were liquidated and all Plan assets transferred at the close of business on December 31, 2015. Net assets totaling \$20,572,618 were transferred to the Process Equipment Group 401(k) Savings Plan with a trade date of December 31, 2015 to complete the Plan's merger. The transferred amount of \$20,572,618 included in-kind assets of \$9,320,167, non-interest bearing cash of \$11,125,053, notes receivable from participants of \$223,699, and excess contributions payable of \$96,301. See Note 8.

Contributions: Each year, participants could authorize the Employer to contribute to the Plan up to 50% of their eligible annual compensation, subject to the maximum annual amount permitted under the Internal Revenue Code (IRC). Participants who attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also make rollover contributions from amounts representing distributions from other qualified plans.

The Employer could elect to make discretionary matching and non-elective contributions to the Plan. In 2015, the Employer made non-elective contributions equal to 100% of the first 3% of each participant's eligible compensation. No Employer discretionary matching contributions were made to the Plan in 2015.

Participants directed the investment of their contributions, as well as those made by the Employer, into various investment options offered by the Plan.

Participant Accounts: Each participant's account was credited with the participant's contributions and Employer matching contributions, as well as allocations of the Employer's non-elective contributions and Plan earnings. Participant accounts were also charged with an allocation of certain administrative expenses of the Plan. Allocations were based on participant earnings or account balances, or specific participant transactions, as defined in the Plan Agreement. The benefit to which a participant was entitled is the benefit that could be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Vesting and Forfeitures: Participants were vested immediately in their contributions and the Employer's non-elective contributions plus actual earnings thereon. Vesting in the Employer's matching contribution portion of their account was based on years of service. A participant became 40% vested after one year of service, increasing by 20% per additional year, with full vesting after four years of credited service.

At December 31, 2015 and 2014, forfeited nonvested accounts of terminated participants totaled \$32,893 and \$31,189, respectively. These accounts were used first to pay Plan expenses, then to reduce future Employer contributions. In 2015, no forfeited nonvested accounts were used by the Plan. The forfeited nonvested accounts at December 31, 2015 were included in the net assets transferred to the Process Equipment Group 401(k) Plan.

Notes Receivable from Participants: Participants could borrow from their account a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The repayment terms of the notes could not exceed five years except for the purchase of the participant's principal residence, for which the terms could exceed five years per the Plan Agreement. The notes were secured by the balance in the participant's account and bore interest at rates which were commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest were paid ratably through regular payroll deductions.

Benefits: Upon the occurrence of a distributable event due to separation from service by termination, death, disability, or retirement, as defined by the Plan Agreement, a participant could elect to receive a lump-sum cash distribution equal to the value of the participant's vested interest in his or her account. Hardship and in-service withdrawals, as defined in the Plan Agreement, were also permitted from a participant's account.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Change in Accounting Principles: Effective January 1, 2015, the Plan has adopted Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part II eliminated the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also eliminated the requirement to disaggregate investments by nature, characteristics and risks, and now only requires investments be grouped by general type. Parts I and III were not applicable to the Plan. As required, ASU 2015-12 has been applied retrospectively.

Investment Valuation and Income Recognition: The Plan's investments were reported at fair value. Fair value was the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Pension Finance and Administration Committee determined the Plan's valuation policies utilizing information provided by the Plan's investment advisor and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Dividends were recorded on the ex-dividend date. Net appreciation (depreciation) included the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceased to make repayments and the Plan Administrator deemed the note receivable from the participant to be in default, the balance of the note receivable from the participant was reduced and a benefit payment was recorded per the Plan Agreement.

Excess Contributions Payable: Amounts payable to participants for contributions in excess of amounts allowed under the IRC were recorded as a liability with a corresponding reduction in participant contributions. The Plan distributed excess contributions at December 31, 2015 and 2014, to the applicable participants prior to March 15 of the following year. Excess contributions payable of \$96,301 at December 31, 2015 were distributed from the successor plan, Process Equipment Group 401(k) Savings Plan.

Payment of Benefits: Benefits were recorded when paid.

Plan Expenses: Administrative expenses for maintaining the Plan could be paid by the Employer or the Plan, at the Employer's discretion. Certain administration fees were charged directly to the participant's account and were included in administrative expenses. Investment related expenses were included in net appreciation (depreciation) in fair value of investments.

Tax Status: The Plan had adopted a prototype plan document whose sponsor received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008, stating that the plan document was designed in accordance with the applicable sections of the IRC. Although the Plan and the prototype plan document had been amended since receiving the opinion letter, the Plan Administrator believes that the Plan was designed in compliance with the applicable requirements of the IRC. The Plan Administrator intends to correct insignificant operational errors utilizing the self-correction program available under the Employee Plans Compliance Resolution System (EPCRS). Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other taxing authorities.

The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in process. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

Subsequent Events: The Plan Administrator has evaluated the financial statements for subsequent events occurring through July 28, 2016, the date the financial statements were available to be issued. See Note 8.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan has categorized its assets and liabilities that are measured at fair value into a three-level fair value hierarchy. The hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement. In situations where there is little or no market activity for the asset or liability, the Plan makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

Following is a description of the valuation methodology used by the Plan for assets that are measured at fair value on a recurring basis. There have been no changes in the methodology used at December 31, 2014.

Registered Investment Companies and Money Market Fund Shares: Valued at the daily closing price as reported by the funds. These funds are required to publish their daily net asset value (NAV) and to transact at that price. These funds held by the Plan are deemed to be actively traded.

Following is a summary, within each level of the fair value hierarchy, of the Plan's assets that are measured at fair value on a recurring basis as of December 31, 2014:

	Level 1	Total
Registered investment companies	\$18,725,636	\$18,725,636
Money market fund shares	<u>3,095,693</u>	<u>3,095,693</u>
Total Investments at Fair Value	<u>\$21,821,329</u>	<u>\$21,821,329</u>

NOTE 4 - INVESTMENT INFORMATION CERTIFIED BY TRUSTEE

All investment information disclosed in the accompanying financial statements and related notes has not been audited, but was obtained or derived from information provided to the Plan Administrator by the Plan's trustee. The Plan had no investments as of December 31, 2015. The following is a summary of the Plan's investment information which has been prepared and certified as complete and accurate as of December 31, 2014, and for the year ended December 31, 2015, by DWS Trust Company, the Trustee, in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

	2014
Investments at Fair Value:	
Registered Investment Companies	\$18,725,636
Money Market Fund Shares	<u>3,095,693</u>
Total Investments at Fair Value	<u>21,821,329</u>
Total Investments held by Trustee	<u>\$21,821,329</u>
	2015
Dividends	<u>\$ 627,997</u>
Net depreciation in fair value of investments	<u>\$ (640,249)</u>

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain Plan investments were managed by an affiliate of DWS Trust Company, the trustee of the Plan; therefore, transactions in these investments qualify as exempt party-in-interest transactions under ERISA. The Trustee also received indirect fees from investments which were deducted from investment returns. During 2015, the Plan received revenue sharing amounts of \$14,586 from the Trustee and/or an affiliate of the Trustee that were used to offset recordkeeping fees totaling \$2,920.

The Employer and/or Plan Sponsor provided certain accounting, administrative and investment management services to the Plan for which they received no compensation.

Notes receivable from participants were permitted party-in-interest transactions.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan's investment securities were exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements.

NOTE 7 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per Form 5500 at December 31, 2014:

Net assets available for benefits per the financial statements	\$21,970,947
Excess contributions payable at end of year	<u>103,920</u>
Net assets per Form 5500	<u>\$22,074,867</u>

The following is a reconciliation of net decrease per the financial statements to net loss and transfers of assets from this plan per Form 5500 for the year ended December 31, 2015:

Net decrease per the financial statements	\$(21,970,947)
Change in excess contributions payable	<u>(103,920)</u>
Net loss per Form 5500	<u>\$(22,074,867)</u>

NOTE 8 - SUBSEQUENT EVENT

The Board of Directors and the Pension Finance and Administration Committee of the Plan Sponsor approved a resolution to merge the Plan into and with the Process Equipment Group 401(k) Savings Plan, which is also sponsored by the Plan Sponsor, effective January 1, 2016. As a result of the Plan merger and transfer of assets and liabilities, the Employer has elected to file a final Form 5500 for the 2015 Plan year as all of the Plan's assets and liabilities were transferred effective immediately on close of business on December 31, 2015. The Form 5500 for the Process Equipment Group 401(k) Savings Plan will recognize the transfer as such on December 31, 2015.
