HILLENBRAND, INC. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

NOTE 1 - DESCRIPTION OF PLAN

The following description of Hillenbrand, Inc. Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan was organized effective April 1, 2008, as a defined contribution retirement savings plan covering all eligible employees of Hillenbrand, Inc. and its subsidiaries (the Employer) who have at least one year of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Pension Finance and Administrative Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance and reports to the Board of Directors of the Employer.

Contributions: Each year, bargaining participants may authorize the Employer to contribute to the Plan up to 20% of their eligible annual compensation, as defined in the Plan Agreement. The Employer contributes to each bargaining participant's account an amount equal to 40% of the first 5% of compensation that each participant contributes to the Plan.

Nonbargaining participants may authorize the Employer to contribute to the Plan up to 40% of their eligible annual compensation, as defined in the Plan Agreement. The Employer contributes a percentage of each eligible nonbargaining participant's compensation, depending on the classification of each eligible participant.

Nonbargaining employees hired after July 1, 2003, are no longer eligible to participate in the Hillenbrand, Inc. Pension Plan (the Pension Plan). Employees hired prior to July 1, 2003, made an election to continue to participate in the Pension Plan or to freeze their Pension Plan accruals effective December 31, 2003. Continuing Plan participants (those who did not elect to freeze their Pension Plan benefit accruals) and commissioned participants receive 3% Employer contributions to the Plan. Participants with a hire date on or after July 1, 2003, and frozen Pension Plan participants receive 4% Employer contributions and Employer matching contributions of 50% of eligible compensation that each participant contributes to the Plan up to 6%. The benefits of Pension Plan frozen participants will be paid out in accordance with the Pension Plan provisions with future service considered only under the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible nonbargaining employees are automatically enrolled in the Plan unless an affirmative election not to participate in the Plan is executed. Automatically enrolled nonbargaining participants have their contribution rate set at 6% of eligible compensation and their contributions are invested in a designated fund until changed by the participant.

Participant contributions are subject to annual limitations under the United States of America or Puerto Rico Internal Revenue Code, respectively.

Participants may also make rollover contributions from amounts representing distributions from other qualified plans. Puerto Rico participants may only make rollover contributions from another Puerto Rico and United States of America dual qualified plan.

Participants direct the investment of their contributions, as well as those made by the Employer, into various investment options offered by the Plan.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts: Each participant's account is credited with the participant's contributions and Employer contributions, as well as allocations of Plan earnings. Participant accounts may also be charged with an allocation of certain administrative expenses of the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their account is based on years of service. A participant becomes 100% vested after three years of credited service.

At December 31, 2015 and 2014, forfeited nonvested accounts of terminated participants totaled $11,902 and $44,530, respectively. These accounts will be used to reduce future Employer contributions or pay Plan expenses. In 2015, forfeited nonvested accounts of $166,626 were used to reduce Employer contributions.

Note Receivable from Participant: The Plan does not permit participants to borrow from their accounts. However, participants merged in from HMIS could have borrowed from their account, prior to the merger, a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. The payment terms of the notes could not exceed five years except for the purchase of the participant's principal residence, for which the terms could exceed five years per the Plan Agreement. The remaining note is secured by the balance in the participant's account and bears interest at a rate which was commensurate with local prevailing rates at the time of issuance. Principal and interest are paid ratably through regular payroll deductions.

Benefits: Upon the occurrence of a distributable event due to separation from service by termination, death, disability, or retirement, as defined by the Plan Agreement, a participant may elect to receive a lump-sum cash distribution equal to the value of the participant's vested interest in his or her account. Hardship and in-service withdrawals, as defined in the Plan Agreement, are also permitted from a participant's account.

Plan Termination: Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants will become 100% vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the modified cash basis of accounting. This method of accounting differs from accounting principles generally accepted in the United States of America in that contributions and income are recorded when received, rather than when earned and expenses are recorded when paid, rather than when the obligation is incurred. Although the modified cash basis of accounting represents a departure from accounting principles generally accepted in the United States of America, it is an acceptable method of accounting for employee benefit plans under the requirements of ERISA.

Estimates: The preparation of financial statements in accordance with a modified cash basis of accounting requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Change in Accounting Principle: Effective January 1, 2015, the Plan has adopted Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* Part I eliminated the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Part II eliminated the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also eliminated the requirement to disaggregate investments by nature, characteristics and risks, and now only requires investments be grouped by general type. Part III is not applicable to the Plan. As required, ASU 2015-12 has been applied retrospectively.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value, except fully benefit-responsive investment contracts are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Pension Finance and Administration Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note Receivable from Participant is measured at its unpaid principal balance. Interest income is recorded when received. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If the participant ceases to make repayments and the Plan Administrator deems the note receivable from the participant to be in default, the balance of the note receivable from the participant is reduced and a benefit payment is recorded per the Plan Agreement.

Payment of Benefits: Benefits are recorded when paid.

Plan Expenses: Administrative expenses for maintaining the Plan may be paid by the Employer or the Plan, at the Employer's discretion. Certain administration fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Tax Status: The Internal Revenue Service (IRS) has determined and informed the Employer by a letter dated October 6, 2015, that the Plan and related trust are designed in accordance with applicable sections of the United States Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed in compliance with the applicable requirements of the IRC. The Plan Administrator intends to correct insignificant operational errors utilizing the self-correction program available under the Employee Plans Compliance Resolution System (EPCRS). Therefore, the Plan Administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other taxing authorities.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The Puerto Rico Internal Revenue Service determined and informed the Employer by a letter dated March 12, 2009, that the Plan and related trust are designed in accordance with applicable sections of the Puerto Rico Internal Revenue Code of 1994, as amended (PR Code). The Plan has been amended and restated since receiving the determination letter. The Plan has applied for a new determination letter for the amended and restated Plan Agreement which is pending approval. However, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the PR Code. Therefore, the Plan Administrator believes that the Plan is qualified and the related trust is tax-exempt.

The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in process. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

Subsequent Events: The Plan Administrator has evaluated the financial statements for subsequent events occurring through July 28, 2016, the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan has categorized its assets and liabilities that are measured at fair value into a three-level fair value hierarchy. The hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement. In situations where there is little or no market activity for the asset or liability, the Plan makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

Following is a description of the valuation methodologies used by the Plan for assets that are measured at fair value on a recurring basis. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Registered Investment Companies and Money Market Fund Shares: Valued at the daily closing price as reported by the funds. These funds are required to publish their daily net asset value (NAV) and to transact at that price. These funds held by the Plan are deemed to be actively traded.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

Collective Trust Fund: Valued at the unit price reported by the sponsoring trust company. The underlying investments owned by the fund are diversified and may include publicly quoted mutual fund shares and common stocks and corporate bonds quoted at closing price or quoted using pricing models of securities. The unit price is based on quoted market prices of these underlying investments owned, less any accrual of fees and expenses borne by the fund, and divided by the number of units outstanding. The unit price is quoted on the active private market on which participants can transact daily with no redemption restrictions on these investments.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain assets could result in a different fair value measurement at the reporting date.

Following is a summary, within each level of the fair value hierarchy, of the Plan's assets that are measured at fair value on a recurring basis as of December 31, 2015 and 2014:

2015	**Level 1**	**Level 2**	**Total**

NOTE 5 - JOINT INVESTMENT IN SYNTHETIC GUARANTEED INVESTMENT CONTRACT (GIC)

In December 2011, the Plan Sponsor entered into a contract with The Prudential Insurance Company of America to invest in a synthetic GIC contract currently held jointly with the Hillenbrand, Inc. Savings Plan and the Process Equipment Group 401(k) Savings Plan. Each plan's allocation of the contract is based on participant-directed investment elections, with interest income allocated daily based on the contract value owned by each plan.

The contract value of the synthetic GIC was $30,945,565 and $33,608,633 at December 31, 2015 and 2014, respectively. Interest income earned under the GIC totaled $597,532 in 2015. The Plan's proportionate share in the contract as of December 31, 2015 and 2014, is presented in Note 4 and included interest income of $489,050 in 2015.

NOTE 6 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds an interest in a synthetic guaranteed (GIC) investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

In a synthetic investment contract, the Plan owns the underlying assets of the synthetic investment contract. A synthetic investment contract includes a wrapper contract, which is an agreement for the wrap issuer, such as a bank or insurance company, to make payments to the Plan in certain circumstances. The wrapper contract typically includes certain conditions and limitations on the underlying assets owned by the Plan. Synthetic investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The interest in the synthetic investment contract held by the Plan includes a wrapper contract that provides a guarantee that the credit rate will not fall below 0%. Cash flow volatility (for example, timing of benefit payments) as well as asset underperformance can be passed through to the Plan through adjustments to future contract crediting rates. Formulas are provided in the contract that adjust renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed quarterly for resetting.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

NOTE 6 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (CONTINUED)

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer

NOTE 7 - PLAN AMENDMENTS

Effective January 1, 2015, the Plan Agreement was amended and restated in its entirety to reflect changes in laws, regulations, and other legal guidance issued since the time of the last Plan restatement, and also to incorporate all Plan amendments adopted since the time of the most recent Plan restatement. There were no significant changes to the Plan's provisions as a result of the regulatory updates.

The Plan agreement was also amended during 2015 in order to permit certain lump sum distributions from the Hillenbrand, Inc. Pension Plan to be rolled over into the Plan.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain Plan investments are managed by Fidelity Management Trust Company, the trustee of the Plan; therefore, transactions in these investments qualify as exempt party-in-interest transactions under ERISA. The Trustee also receives indirect fees from investments which are deducted from investment returns. During 2015, the Plan received revenue sharing amounts of $127,127 from the Trustee and/or an affiliate of the Trustee that were used to offset recordkeeping fees totaling $317,762.

The Plan's interest in the fully benefit-responsive investment contract is issued by The Prudential Insurance Company of America. The underlying collective trust fund in the contract is sponsored by Prudential Trust Company. The Plan's allocation of direct fees paid from the contract to these related parties were $149,889 in 2015.

The Employer provides certain accounting, administrative and investment management services to the Plan for which they receive no compensation.

Note receivable from participant is a permitted party-in-interest transaction.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan's investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements.
