Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Justin Brands, Inc. 401(k) Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Great-West Trust Company, LLC ("Empower") and Putnam Fiduciary Trust Company, the trustees of the Plan for the years ended December 31, 2015 and 2014, respectively, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustees hold the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustees as of and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year), which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Justin Brands, Inc. 401(k) Savings Plan
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Justin Brands, Inc. 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan covers substantially all employees of Justin Brands, Inc. and affiliated companies (collectively referred to as the “Company”) except those employees covered under collective bargaining agreements that do not provide for plan participation, sales representatives of the Justin Boot Company who are compensated solely on the basis of sales commissions and employed on or after November 1, 1992, and employees of Tony Lama Company prior to July 1, 1994.

The Plan is a defined contribution plan established by the Company under the provision of Section 401(a) of the United States Internal Revenue Code (the “Code”), which includes a qualified cash or deferred arrangement as described in section 401(k) of the Code for the benefit of eligible employees of the Company.

The Plan was established in the year 2002 and was created through the spinoff of a portion of the Justin Industries, Inc. 401(k) Savings Plan relating to footwear employees. Participants who were employed as of December 31, 2001 who were Participants prior to spin off of the Plan were made 100% vested in their account balances on that date.

Each covered employee must have completed three months of service with the Company and reached the age of 18 to be eligible to participate in the Plan. The Plan is subject to the provision of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

The Plan is administered by the Administrative Committee, which consists of members of Company management. The duties of the committee are to oversee the operations of the Plan and to provide for prudent investment of Plan assets. Accordingly, the committee has been granted discretionary authority concerning investment and management activities. The Plan’s trustee, Great-West Trust Company, LLC (“Empower”) and Putnam Fiduciary Trust Company (“Putnam”) (collectively the “Trustees”), for the years end December 31, 2015 and 2014, respectively, is responsible for the custody and management of the Plan’s assets (see Note 3).

Contributions

Participants may elect to defer a portion of their compensation into the Plan up to a maximum deferral of one hundred percent (100%) subject to a maximum contribution under Section 402(g) of the Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. For employees hired after January 1, 2008, the Plan has an automatic enrollment feature, whereby the Company automatically deducts 3% from eligible employees’ compensation. The automatic deferral percentage increases 1% per year until it reaches 5%. Employees and participants can elect to stop or change this automatic contribution.

Company matching contributions are set annually at the discretion of the Company’s Board of Directors. During 2015 and 2014, the Company matched the lesser of 50% of each employee’s voluntary pre-tax contributions or 50% of 5% of the employee’s adjusted 401(k) earnings. Contributions are subject to certain limitations. Generally, participants must be actively employed on the last day of the Plan year to share in employer matching contributions.

Participant Accounts

Individual accounts are maintained for each of the Plan’s participants to reflect the participant’s contributions and related employer matching contributions as well as the participant’s share of investment income, appreciation (depreciation), and any related administrative expenses.

The participant determines both the amount to be invested and the allocation of the investment to one or more of the investment funds. The benefit to which a participant is entitled is limited to the amount of the participant’s vested account balance.

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their elective contributions and the earnings received on those contributions. Vesting in the remainder of their accounts and the earnings thereon is based upon years of service with the Company. After completing three years of service, participants will be one hundred percent (100%) vested. Less than three years of service will result in 0% vesting. Full and immediate vesting will also occur upon attainment of normal retirement age, death, or disability. Participants who leave the Company before they are fully vested in the Company's contributions forfeit their non-vested portion.

Notes Receivable from Participants

The Plan allows for participants to borrow from his or her account under the Plan. These borrowings must be for an amount not less than \$1,000 and not greater than the lesser of 50% of the participant's vested account balance or \$50,000. The notes receivable are secured by the balance in the participant's account and bear interest at rates of 4.25%, which are commensurate with local prevailing rates as determined by the Plan Administrator. Any loan must be repaid within five years unless otherwise approved. Principal and interest is paid ratably through payroll deductions.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan to any one or more of the investment funds determined at the discretion of the Plan committee and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive a lump-sum distribution equal to the participant's vested account balance. In addition, in-service and hardship distributions are permitted if certain criteria are met. Participants may not make contributions for at least six months after the receipt of a hardship distribution. Benefits are recorded when paid.

Forfeited Accounts

At December 31, 2015 and 2014, forfeited non-vested accounts totaled \$37,987 and \$15,888, respectively. These accounts will be used to reduce future employer contributions or pay administrative expenses. During the years ended December 31, 2015 and 2014, forfeitures were used to reduce employer contributions by \$10,278 and \$7,276, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") are as follows:

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. The Plan has no obligation to reimburse the Company for the expenses.

Justin Brands, Inc. 401(k) Savings Plan
NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

In preparing financial statements in conformity with GAAP, management is required to make estimates and assumptions that affect the reported amounts of net assets and liabilities, the disclosure of contingent net assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value, with the exception of the fully benefit-responsive investments. Changes in fair value are reflected in operations. Mutual funds and common/collective trust funds represent investments with various investment managers. The respective fair values of these mutual fund investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value at year end. Units held in common/collective trust funds are valued at the unit value as reported by the investment managers at year end. Interest and other income are recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of investments are recorded on the trade-date basis. The net appreciation (depreciation) of investments includes realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year-end. Brokerage fees, if any, are added to the acquisition costs of assets purchased and subtracted from the proceeds of assets sold.

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Further, due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect the amounts reported in the accompanying statement of net assets available for benefits.

The Putnam Stable Value Fund (the "Fund") is a common/collective trust fund established and maintained by Putnam Fiduciary Trust Company. The investment objective of the Fund is to provide a competitive yield with minimal market-related risk. The Fund invests primarily in guaranteed investment contracts or funding agreements, security-backed investment contracts, and separate accounts issued or wrapped by insurance companies, banks or other financial institutions, or externally managed stable value commingled investment funds. The Fund may also invest in high-quality money market instruments or other similar short-term investments. The Fund attempts to maintain a stable unit value of \$1.00, however, there is no assurance that the value of the units in the Fund will not fluctuate. The Fund is considered to be fully benefit-responsive, and the investment contracts in the Fund assure that payments will be made for participant directed withdrawals at contract value. In determining the net assets available for benefits, the Fund is included in the accompanying financial statement at contract value, which represents contributions made under the contract plus earnings, less withdrawals and administrative expenses. The average crediting rate was approximately 1.92% and 2.03% at December 31, 2015 and 2014, respectively. The average yield at fair value was 1.92% and 1.93% at December 31, 2015 and 2014, respectively. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuers or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but cannot be less than zero.

The Fund imposes certain restrictions on the Plan, and the Fund itself may be subject to circumstances that affect its ability to transact at contract value. Certain events limit the ability of the Plan to transact at contract value with the issuer include employer-initiated transaction provisions including percentage allowances for targeted layoffs, bankruptcy resulting in employee job loss, reorganizations, spin-offs, and Plan terminations. Plan management believes that the occurrence of events that would cause the Fund to transact at less than contract value is not probable.

Investment Valuation and Income Recognition (Continued)

The Putnam S&P 500 Index Fund (the “Index Fund”) is a common/collective investment trust fund established and maintained by Putnam Fiduciary Trust Company. The investment objective of the Index Fund is to achieve a return, before the assessment of fees that closely approximates the return of the Standard & Poor’s 500 Composite Stock Price Index, a common measure of U.S. market performance. The Index Fund invests primarily in the securities that constitute the Standard & Poor’s 500 Composite Stock Price Index either directly or through the purchase of shares of collective investment trusts having investment objectives similar to that of the Index Fund. For liquidity and hedging purposes, the Index Fund may invest in high-quality, money market instruments and in money market funds that invest exclusively in high-quality money market instruments. The Index Fund also uses stock index futures contracts in order to manage transaction costs and minimize tracking errors between the Index Fund and the Standard & Poor’s 500 Composite Stock Price Index. The Index Fund provides for daily redemptions by the Plan at reported net asset value with no advance notice requirement.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share*, which removes the requirement to categorize, within the fair value hierarchy table, the investments for which fair value is measured using the net asset value per share practical expedient. Instead, an entity is required to include those investments as a reconciling item, so that the total fair value amount of investments in the disclosure is consistent with the fair value investment balance on the statement of net assets available for benefits. In addition, the requirement to make certain disclosures for all investments eligible to be assessed at fair value with the net asset value per share practical expedient has been removed. Instead, such disclosures are restricted only to investments that the entity has elected to measure using the practical expedient. ASU No. 2015-07 is effective for reporting periods beginning after December 15, 2015 and early adoption is permitted. The ASU is to be applied retrospectively in all periods presented in an entity’s financial statements. The Plan elected to early adopt ASU No. 2015-07 as of December 31, 2015. As a result, those assets for which fair value is measured using the net asset practical expedient as of December 31, 2015 and 2014 are no longer included within the fair value hierarchy.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. Part I eliminates the requirement to measure and disclose the fair value of fully benefit-responsive contracts. Under the ASU, contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirement to disclose individual investments which comprise 5% or more of total net assets available for benefits, as well as the net appreciation or depreciation of fair values by investment type. Part II requires plans to continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Part III allows plans to measure investments as of the end of the calendar month closest to the Plan’s fiscal year end, when the fiscal period does not coincide with month-end. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted. The Plan elected to early adopt ASU No. 2015-12 as of December 31, 2015. The adoption of Part I eliminated the measurement and disclosure of the fair value of fully benefit-responsive contracts, resulted in the reclassification of the adjustment from fair value to contract value for fully benefit-responsive investment contracts totaling \$176,088 at December 31, 2014 and was applied retrospectively. The adoption of Part II eliminated certain investment related disclosures and was applied retrospectively. Part III is not applicable to the Plan.

3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustees have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of and for the years ended December 31:

	2015	2014
Investments:		
Common/collective trust funds	\$ 10,495,733	\$ 10,944,153
Mutual funds	<u>18,687,836</u>	<u>18,817,391</u>
Total investments	29,183,569	29,761,544
Notes receivable from participants	<u>1,006,420</u>	<u>1,022,328</u>
Total assets	<u>\$ 30,189,989</u>	<u>\$ 30,783,872</u>
	2015	2014
Investment income:		
Interest and dividends	\$ 844,703	\$ 1,195,066
Net appreciation (depreciation) in fair value of investments	(524,654)	498,016
Other investment income	<u>32,627</u>	<u>676</u>
Total investment income	<u>\$ 352,676</u>	<u>\$ 1,693,758</u>

The Plan's independent accountants did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Justin Brands, Inc. 401(k) Savings Plan
NOTES TO FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2015 and 2014, there were no significant transfers in or out of levels 1, 2 or 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2015 and 2014.

Common/Collective Trust Funds: Valued at contract value based on information using the audited financial statements of the collective trust at year end, based on the fair value of the underlying investments.

Mutual Funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end. As these assets are valued using NAV as a practical expedient, they are not classified in the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are due at various dates through March 2030. Payments include interest at a reasonable and fair rate based on the prevailing rates charged by reputable financial institutions. The notes are collateralized by the participant's vested interest in the Plan.

Participant loans earned interest of \$44,825 and \$43,810 for the years ending December 31, 2015 and 2014, respectively. Interest earned is allocated to participants on a pro-rata basis.

6. REPORTABLE TRANSACTIONS

During the years ended December 31, 2015 and 2014, there were no reportable transactions, notes receivable from participants in default or uncollectible, investment assets acquired and disposed of within the Plan or non-exempt transactions with parties-in-interest which would require supplemental presentation under DOL regulations.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and units of common/collective trust funds managed by Great-West Trust Company, LLC or its affiliates, therefore, these transactions qualify as party-in-interest transactions. Any purchases and sales of these investments are performed on the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

8. PLAN TERMINATION

The Company has the right under the Plan document to terminate the Plan, although the Company has no intention to do so. Upon termination, all participants would become 100% vested in their account balances and all benefits would be distributed to participants.

Justin Brands, Inc. 401(k) Savings Plan
NOTES TO FINANCIAL STATEMENTS

9. INCOME TAX STATUS

The Company adopted the Orchard Trust Company Defined Contribution Prototype Plan and Trust. The IRS has issued an opinion letter dated January 31, 2006 stating that the prototype plan is acceptable under Section 401(a) of the Code. The Company is relying on the opinion letter (in accordance with Announcement 2001-77) that the Plan meets the qualification requirements of the Code. Although the Plan has been amended since receiving the opinion letters, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2015 and 2014 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2012.

10. SUBSEQUENT EVENTS

Management has evaluated subsequent events through July 18, 2016, the date the financial statements were available to be issued.
