Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

NOTE A - DESCRIPTION OF THE PLAN

The following brief description of the US Foods, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for more information.

General

The Plan is a defined contribution plan covering all full-time employees of US Foods, Inc. (the "Company" or "Plan Sponsor") who (i) have at least 30 days of service and are not covered by a collective bargaining agreement for which retirement benefits have been the subject of good-faith negotiations, (ii) are not leased employees, or (iii) are not employees specifically excluded from the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute 1% to 25% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. During 2014, and through the third fiscal quarter of 2015, the Company contributed 50% of the first 6% of compensation that a participant contributes to the Plan. Effective the first day of the Plan Sponsor's fiscal fourth quarter of 2015, The Plan was amended to provide for company matching contribution of 100% of the first 3% of a participants compensation and 50% of the next 2% of a participants compensation, for a maximum company matching contribution of 4%. The Company may also make a discretionary supplemental matching contribution to the Plan on behalf of a participant. Generally, the Company will not make a profit-sharing contribution, except in certain circumstances covered by collective bargaining agreements.

Participant Accounts

An individual account is established for each participant and provides benefits that are based on (a) amounts the participant and the Company contributed to a participant's account and (b) investment earnings (losses) less an allowance of any administrative expenses charged to the Plan. Investment income is allocated to each participant's account based on a pro-rata share of the individual's investment allocation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A - DESCRIPTION OF THE PLAN - Continued

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings (losses) thereon. A participant becomes fully vested in the Company's contributions upon the participant's death, disability, or attainment of normal retirement age while employed, the occurrence of a plan termination, or in accordance with the vesting schedule.

If a participant was employed by the Company, or if one of the Company's affiliates adopted the Plan on or after March 1, 2007, the participant's vested interest in the matching and discretionary contributions made to their account, and any earnings (losses) thereon made for periods on or after January 1, 2002, are as follows:

Years of Service	Vesting Percentage
Less than 1	0%
1 to 2	33%
2 to 3	67%
3 or more	100%

Participant Notes Receivable

Participants may borrow from their accounts a minimum of $1 up to a maximum equal to the lesser of $50 or 50% of their vested account balance. Notes receivable transactions are treated as a transfer between one of the other funds and the note receivable fund. The notes receivable are secured by the balance in the participant's account and bear interest at the Wall Street Journal published prime rate plus 1%. Notes receivable terms range from one to five years; however, terms can be extended over a 10-year period for the purchase of a principal residence. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of their vested account balance, a direct rollover to another qualified plan, or a combination of both. When a participant attains age 59½, the participant is entitled to receive 100% of their vested account balances.

NOTE A - DESCRIPTION OF THE PLAN - Continued

Forfeitures

In accordance with the provisions of the Plan, the non-vested portion of a participant's account is forfeitable upon termination. Participant terminations prior to vesting resulted in forfeitures of $763 in 2015 and $949 in 2014. In 2015 and 2014, employer contributions were reduced by $708 and $888, respectively, from forfeitures of non-vested accounts. Forfeitures were also used to reduce administrative expenses by $0 and $148 during 2015 and 2014, respectively. At December 31, 2015 and 2014, forfeited non-vested accounts totaled $206 and $136, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan pays for a majority of the administrative expenses. Certain administrative expenses are paid by the Plan Sponsor.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Subsequent Events

The Plan has evaluated subsequent events through July 29, 2016, the date the financial statements were available to be issued.

NOTE C – RECENT ACCOUNTING PRONOUNCEMENTS

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-12,Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965)—(Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. The amendments in Part I of this ASU designate contract value as the only required measure for fully benefit-responsive investment contracts, which maintains the relevant information while reducing the cost and complexity of reporting for fully benefit-responsive investment contracts. The amendments in Part II of this ASU simplify the investment disclosure requirements for employee benefit plans. The amendments in Part III of this provide a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end. This guidance is effective for fiscal years—and interim periods within those fiscal years—beginning after December 15, 2015. Parts I and II of the ASU should be applied retrospectively to all periods presented. Part III of the ASU should be applied prospectively. Earlier application is permitted. The amendments in Part I and Part II of this ASU were retrospectively adopted in 2015 for disclosures relating to the Plan. Part III is not applicable to the Plan. In May 2015, the FASB issued ASU No. 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent). The amendments in this ASU remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. This guidance is effective for fiscal years—and interim periods within those fiscal years—beginning after December 15, 2015, with early adoption permitted. The amendments should be applied retrospectively. The Plan retrospectively adopted the amendments in ASU in 2015.

These standards had no impact on the Plan's net assets or changes in net assets.

NOTE D - FAIR VALUE MEASUREMENTS

The Plan follows current guidance which defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE D - FAIR VALUE MEASUREMENTS - Continued

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	Asset Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,121,375	$ -	$ -	$ 1,121,375
Investments measured at NAV - common collective trust fund				146,203
Total plan assets				$ 1,267,578

NOTE D - FAIR VALUE MEASUREMENTS - Continued

	Asset Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,121,817	$ -	$ -	$ 1,121,817
Investments meaured at NAV - Common collective trust fund				148,158
Total plan assets				$ 1,269,975

Following is a description of the valuation methodologies used for assets measured at fair value. The methods described below may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the closing price reported on the active market where the individual fund is traded.

Common collective trust: The Plan invests in Fidelity's Managed Income Portfolio II ("MIP II"), a collective trust fund valued at net asset value per share (or its equivalent) of the fund, which is based on the fair value of the fund's underlying net assets.

MIP II allows for daily liquidity with no additional days' notice required for redemption. There were no unfunded commitments.

NOTE E - RELATED PARTY TRANSACTIONS

Plan investments are managed by the Plan's Trustee, Fidelity Management Trust Company, and, as such, these transactions qualify as party-in-interest transactions. Fees paid during the year for legal, accounting, actuarial and other professional services rendered by parties-in-interest were based on customary and reasonable rates for such services.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, participants would become 100 percent vested in their employer contributions.

NOTE G - TAX STATUS

The Plan has received a determination letter dated November 3, 2014, in which the Internal Revenue Service (IRS) stated that the Plan, as designed, is in compliance with the applicable requirements of the Internal Revenue Code (IRC).

NOTE H - RISKS AND UNCERTAINTIES

The Plan offers a number of investment options including a variety of mutual funds, some of which are registered investment companies. The investment funds include U.S. equities, international equities, and fixed-income securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across participant-directed fund elections. Additionally, the investments within each participant-directed election are further diversified into various financial instruments.
