INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Alliance Catholic Credit Union 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Alliance Catholic Credit Union 401(k) Plan, which comprise the statements of net assets available for benefits as of December 15, 2015 and December 31, 2014, and the related statement of changes in net assets available for benefits for the period ended December 15, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by MG Trust Company, LLC, the Custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the Custodian as of December 15, 2015 and December 31, 2014 and for the period ended December 15, 2015, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance With the Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

ALLIANCE CATHOLIC CREDIT UNION
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 15, 2015 AND DECEMBER 31, 2014

Note 1 - Description of the Plan

The following description of the Alliance Catholic Credit Union 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Alliance Catholic Credit Union who have attained age 18 and completed 3 months of service. An employee can become a participant in the Plan on the first day of the calendar month following eligibility. Certain part-time employees who work less than 1,000 hours per year are excluded from eligibility.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Plan Sponsor and named Plan Administrator is Alliance Catholic Credit Union (the Credit Union). The Plan Administrator is responsible for oversight of the Plan. The Plan maintains 8 individuals collectively known as the Trustee of the Plan. The Investment Custodian is MG Trust Company, LLC. The Investment Custodian holds all of the Plan's assets and executes all of the Plan's transactions. The Plan Administrator has retained CUNA Mutual Group to provide participant recordkeeping and administration services.

Contributions to the Plan

Each year, participants may contribute up to 100% of their eligible compensation, as defined in the plan document, on a pre-tax or after-tax (Roth) basis through payroll withholdings. Participants who have attained age 50 before the end of the period are eligible to make additional 'catch-up' contributions. Participants may also contribute amounts representing distributions from other defined benefit or defined contribution plans (rollovers).

401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 15, 2015 AND DECEMBER 31, 2014

Note 1 - Description of the Plan (Continued)

Contributions to the Plan (Continued)

The Plan also provides for employer matching contributions equal to 50% of the participant's deferrals, up to 8% of the participant's compensation. The total employer matching contributions amounted to \$92,513 for the period ended December 15, 2015.

Participants direct the investment of both their individual contributions plus their share of employer matching contributions into the various investment options offered by the Plan. The Company's contributions are allocated in the same manner as that of the participant's elective contributions.

Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Credit Union's matching contributions and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are pro rata based on participant account balances, except for certain loan and distribution expenses that are charged directly to the specific participant account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Funds contributed by participants are invested at percentages as directed by participants in any one or more of several investment alternatives.

The income, gains or losses in each fund are allocated daily to the applicable participants' accounts in that fund based on the previously reported account balances, adjusted for current period contributions and withdrawals.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum amount, a partial withdrawal or payment in substantially equal installments. The distributable amount is equal to the value of the participant's vested interest in his or her account. Employees who elect to have their benefit payments deferred continue to share in allocations of investment income and losses but do not share in subsequent allocations of discretionary contributions.

The Plan also allows for in-service distributions upon attainment of age 59 1/2 for any reason, and before age 59 1/2 due to financial hardship, as defined in the plan document.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 15, 2015 AND DECEMBER 31, 2014

Note 1 - Description of the Plan (Continued)

Forfeitures

Forfeitures attributable to employer contributions may be used to offset plan administrative costs or may be used to fund future employer contributions. Forfeitures in the amount of \$2,843 were used to fund employer contributions for the period ended December 15, 2015. Total forfeitures available to fund employer contributions as of December 15, 2015 and December 31, 2014 amounted to \$-0-.

Vesting

Participants are immediately vested in their deferral contributions plus actual earnings thereon. Employer matching contributions vest based on years of service. Participants are 100% vested after the completion of 3 years of service.

Participant Notes Receivable

Participants may borrow up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan transactions are treated as participant-directed investments. Loan terms range from one to five years. Loan terms may exceed five years only in the event the loan proceeds are used to purchase or construct the participant's principal residence. Loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing interest rates. Principal and interest is paid ratably through payroll deductions.

Transfer of Assets

Effective December 15, 2015, the Board of Directors of Alliance Catholic Credit Union approved the merger of this plan into the Retirement Plan for Michigan Credit Union Employees - 401(k) Savings Plan (MCUE 401(k)). Total assets of \$4,502,473 were transferred from the Plan to the MCUE 401(k) Plan on December 21, 2015 to complete the merger. The financial statements are presented as of December 15, 2015.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting. Income from investments are recorded when they are earned. Employee contributions are recorded in the period to which they pertain. Expenses are reported in the accounting period in which they are incurred.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment custodian and investment advisers. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is accrued on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Realized gains and losses on investment transactions are recorded as the difference between proceeds received and carrying value. Net unrealized appreciation or depreciation in the fair market value of investments is recorded as the change in carrying value of the investment portfolio from the beginning of the year or date of purchase to the end of the year. Realized gains and losses from security transactions are reported on the average cost method.

Payment of Benefits

Benefits are recorded when paid.

401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 15, 2015 AND DECEMBER 31, 2014

Note 2 - Summary of Significant Accounting Policies (Continued)

Participant Notes Receivable

Participant notes receivable are valued at the unpaid principal plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 15, 2015 and December 31, 2014. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Accounting principles generally accepted in the United States of America require the Plan to show participant loans as notes receivable rather than investments. This excludes participant notes receivable from the required fair value disclosures in Note 3.

Fees and Expenses

Professional fees incurred to operate the Plan, such as attorney and audit fees, as well as other fees and expenses relating to the day-to-day plan operations are paid partly by the Plan Sponsor and partly by the participants. Fees that are paid directly by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of loans and benefit payments are charged directly to the participant's accounts and are included in administration expenses. Direct fees for custodian and recordkeeping services are paid by the Plan and are also included in administration expenses. Investment related expenses are included in the net appreciation of fair value of investments.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Note 2 - Summary of Significant Accounting Policies (Continued)

Accounting Changes

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and to provide certain related disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of the net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Management has elected to early-adopt Part I and Part II. Part III is not applicable to this Plan.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including July 25, 2016, which is the date the financial statements were available to be issued.

Note 3 - Fair Value Measurements

Generally accepted accounting principles (GAAP) establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.
- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 3 - Fair Value Measurements (Continued)

The tables below segregate all financial assets as of December 15, 2015 and December 31, 2014 that are measured at fair value on a recurring basis (at least annually) into the most appropriate level within the fair value hierarchy based on the inputs used to determine the fair value at the measurement date:

Note 3 - Fair Value Measurements (Continued)

The following is a description of the valuation methods used for assets measured at fair value. There have been no changes in the methodologies used at December 15, 2015 and December 31, 2014.

Level 1 Fair Value Measurements

Mutual Funds are valued at daily closing prices as reported by the Fund. Mutual Funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The Mutual Funds held by the Plan are deemed to be actively traded.

Level 2 Fair Value Measurements

The Common/Collective Trust is comprised of various mutual funds and money market securities. Fair value is determined by reference to quoted market prices and other relevant information generated by market transactions.

ALLIANCE CATHOLIC CREDIT UNION
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 15, 2015 AND DECEMBER 31, 2014

Note 4 - Fully Benefit-Responsive Investment Contract

The Plan has entered into a fully benefit-responsive investment contract administered by CUNA Mutual Group. CUNA Mutual Group maintains the contributions in a collective trust account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administration expenses. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by CUNA Mutual Group, represents contributions made under the contract, plus earnings, less participant withdrawals, and administration expenses. The Stable Value Fund's contract value is equal to its market value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of this Fund was \$-0- and \$120,012 at December 15, 2015 and December 31, 2014, respectively. The fair value is the amount which is payable on demand on the reporting date. If all participants were eligible for distribution of their full accounts from the Plan on the reporting date, the amount payable on demand on the reporting date would be the "contract value".

In the event that the full value of the account could not be paid on demand, such as amounts subject to the CUNA Stable Value Fund Market Value Adjustment, the "fair value" estimates are based upon "demand value" for the contract. The "demand value" is the amount due to the contract holder under the surrender provisions of the contract.

Certain events may limit the ability of the Plan to transact at contract value with CUNA Mutual Group. Such events include: 1) amendments to the plan document including complete or partial termination or merger of the Plan, 2) activity such as bankruptcy that causes significant withdrawals from the Plan or contract, and 3) the failure of the Plan to continue to qualify for tax-exempt status. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value are remote.

ALLIANCE CATHOLIC CREDIT UNION
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 15, 2015 AND DECEMBER 31, 2014

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Credit Union has the right under the Plan to discontinue its contributions to and to terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contribution accounts.

Note 6 - Plan Amendment and Tax Status

The Plan is a non-standardized prototype plan, which has been filed with the Internal Revenue Service (IRS) and has received a favorable opinion letter dated April 9, 2008 from the IRS. The Plan was most recently amended on December 15, 2015. While the amended plan document has not received an IRS determination letter, the Plan Sponsor believes that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code and, therefore, that the Plan is qualified under Section 401(a) and that the related Trust is tax-exempt as of December 15, 2015.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. As of December 15, 2015, the Plan Administrator believes that the Plan has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, the Plan is currently not being examined. The Plan Administrator believes that the Plan is no longer subject to income tax examinations for the years prior to 2012.

Note 7 - Unaudited Information Certified by the Custodian

The Plan Administrator has engaged MG Trust Company, LLC to act as Custodian of the Plan for the periods ended December 15, 2015 and December 31, 2014. The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as of December 15, 2015 and December 31, 2014 and for the period ended December 15, 2015, the financial statements have been prepared based on information certified as complete and accurate by the Custodian. This includes the investment information reflected in the accompanying statements of net assets available for benefits and the statement of changes in net assets available for benefits. Additionally, participant notes receivable balances as well as interest income on participant notes receivable have also been certified.

ALLIANCE CATHOLIC CREDIT UNION
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 15, 2015 AND DECEMBER 31, 2014

Note 8 - Party-in-Interest Transactions

Certain plan investments are shares of funds managed by CUNA Mutual Group, who is the Plan's record keeper. In addition, the Plan pays direct compensation to the third-party administrator related to recordkeeping and administration services. Indirect compensation (that is netted against investment income on the statement of changes in net assets available for benefits) is paid to the record keeper from total annual operating expenses charged on the balance of fund investments, depending on the particular fund. Transactions involving these investments and services are considered party-in-interest transactions. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
