INDEPENDENT AUDITOR'S REPORT

To the Audit Committee, Plan Committee and
Plan Administrator
Ohio Valley Banc Corp.
Profit Sharing Retirement Plan
Gallipolis, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Ohio Valley Banc Corp. Profit Sharing Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by the Reliance Trust Company, the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the custodian as of and for the years ended December 31, 2015 and 2014, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matters

As discussed in Note 2 to the financial statements, the entity adopted new accounting guidance related to the presentation and disclosure of investments. As of December 31, 2015 and 2014, certain investments are presented at contract value rather than fair value on the Statements of Net Assets Available for Benefits. Additionally, the informative disclosures relative to the 2014 financial statements have also been revised to reflect the retrospective application of adopting these changes in accounting. Our disclaimer of opinion is not modified with respect to these matters.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2015, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

PROFIT SHARING RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description

The following description of the Ohio Valley Banc Corp. Profit Sharing Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan, established in 1957, was restated August 1, 2011 to be effective January 1, 2011 and includes all previous amendments. The Plan was last amended on July 22, 2014 effective October 1, 2014, to allow enrollment elections and participants to make changes to contribution elections as of the first payroll period coinciding with or next following the first day of January, March, July or October and to amend the definition of spouse. The Plan is a defined contribution plan covering substantially all employees of the Ohio Valley Banc Corp. (the Plan Sponsor) who have one year of service and are age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, the Plan Sponsor contributes to the Plan a discretionary amount from its current profits as determined by the Plan Sponsor's board of directors. Plan Sponsor contributions are allocated to each eligible participant based on compensation. To be eligible to receive a Plan Sponsor contribution, a participant must work at least 1,000 hours during the year and be employed on the last day of the plan year. The Plan allows participants to contribute up to 100% of compensation, up to the extent permitted by law, and allows participants who attained age 50 by the end of the Plan year to make catch-up contributions up to the limits prescribed by the law. The Plan Sponsor matches the participant's contributions with a contribution equal to 25% of the participant's contributions up to the first 6% of the participant's compensation, with such matching amount not to exceed 1.5% of the participant's compensation.

Participant Accounts: Each participant account is credited with the participants' contribution and with an allocation of (a) Plan Sponsor contributions, (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts. Plan Sponsor contributions and forfeitures are allocated based on contributions made by participants and compensation of participants. Allocations of Plan earnings are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options: Each participant directs the investment of their account to any of the investment options available under the Plan.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance on retirement, death or disability.

Vesting: Each participant is 100% vested in all employee contributions and related earnings and will become vested in employer contributions, related earnings and forfeitures of nonvested accounts in accordance with the following schedule:

Years of Service	Vested Percentage
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 and over	100%

Payment of Benefits: On termination of service, retirement, death or disability, a participant's vested account balance shall be distributed to the participant as a lump-sum payment. If the participant's vested account balance is less than $5,000, the Plan Administrator may elect to distribute the account without the participant's consent. Mandatory distributions greater than $1,000 are paid to an individual retirement account on behalf of the participant, if not otherwise directed by the participant.

Hardship distributions are permitted for an immediate and heavy financial need as defined in the Plan document.

Notes Receivable from Participants: The Plan provides that participants can borrow from the Plan. These loans are secured by the balance in the participant's account and bear interest commensurate with prevailing rates. These loans are limited to the lesser of $50,000 or 50% of the participant's vested account balance. Loan principal and interest payments are made in accordance with the note's amortization schedule.

Note 2. Significant Accounting Policies

Basis of Accounting: The financial statements of the Plan are prepared under the accrual method of accounting, and the general practices within the employee benefit plan industry.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions affecting certain reported amounts and disclosures, and actual results may differ from these estimates.

Risks and Uncertainties: The Plan provides for certain investment options in a combination of mutual funds, money market funds, and other investment securities. The underlying investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participants' individual account balances. The Plan does not require collateral to secure its investments.

Investment Valuation and Income Recognition: The Plan's investments in mutual funds are stated at fair value as determined by quoted market prices, which represents the net asset value of shares held by the Plan at year end at the market exchange price. Money market fund investments are stated at net realizable value, which approximates fair value. The Plan's investment in the fully benefit-responsive guaranteed investment contract is stated at contract value, which represents contributions made, less withdrawals and administrative expenses plus interest credited.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes receivable from participants: Loans to participants are reported as notes receivable from participants at the unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payments of Benefits: Benefits are recorded when paid.

Significant New Accounting Pronouncement: On May 1, 2015, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) 2015-07 *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent).* The amendments of ASU 2015-07 remove the requirements to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. The amendments of ASU 2015-07 are effective for public business entities for fiscal years beginning after December 15, 2015, and interim periods within those fiscal years. For all other entities, the amendments are effective for fiscal years beginning after December 15, 2016, and interim periods within those fiscal years. A reporting entity should apply the

amendments retrospectively to all periods presented. Early adoption is permitted. Management of the Plan has evaluated the potential effects of this new ASU and has concluded that it should not have a significant impact on the reporting of the Plan's net assets available for benefits or changes in net assets available for benefits.

On July 31, 2015, the FASB issued Accounting Standards Update (ASU) 2015-12 *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient*. The amendments contained within ASU 2015-12 are in three parts. Among other things: Part I amendments designate contract value as the only required measure for fully benefit-responsive investment contracts; Part II amendments eliminate the requirement that plans disclose: (a) individual investments that represent 5 percent or more of net assets available for benefits; and (b) the net appreciation or depreciation for investments by general type requirements for both participant-directed investments and nonparticipant-directed investments. Part III amendments provide a practical expedient to permit plans to measure investments and investment-related accounts (e.g., a liability for a pending trade with a broker) as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end. Parts I and II are effective on a retrospective basis, and Part III is effective on a prospective basis, for fiscal years beginning after December 15, 2015. Early adoption is permitted. Management of the Plan has retroactively adopted the requirements of Parts I and II of this ASU for the presentation of these financial statements and related informative disclosures. The adoption of this guidance did not have a material impact on the Plan's financial statements; however, certain disclosures regarding the Plan's fully benefit-responsive investment contract have been modified, and certain disclosure related to the Plan's investments have been eliminated.

Subsequent Events: The Plan has evaluated subsequent events through July 25, 2016, the date that the financial statements were available to be issued.

Note 3. Plan Termination

Although it has not expressed intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of plan termination, participants will become 100% vested in their accounts.

Note 4. Assets Certified

The following is a summary of the Plan's asset information as of December 31, 2015 and 2014, and for the years then ended, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by Reliance Trust Company, the Plan's custodian, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2015	2014
Cash equivalent	**$ 287,880**	$ -
Mutual Funds (at fair value)	**13,000,736**	12,843,311
Guaranteed Contracts (at contract value)	**1,723,662**	2,200,057
	$ 15,012,278	$ 15,123,368

Reliance Trust Company also certified to the completeness and accuracy of dividend and interest income of $651,125 and $752,273 and net appreciation (depreciation) of investments of $(545,380) and $136,989 for the years ended December 31, 2015 and 2014, respectively.

Asset information not certified by Reliance Trust Company was participant loans of $83,134 and $63,966 as of December 31, 2015 and 2014, and the related interest income of $2,290 and $2,233, respectively.

Note 5. Fair Value Measurements

Accounting Standards Codification Topic 820, *"Fair Value Measurements and Disclosure"* (ASC 820) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value.

Cash equivalent: Value is equivalent to the net realizable value of the cash assets maintained in the account.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the plan at year end at the market exchange price.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014.

	Investments at Fair Value as of December 31, 2015			
	Level 1	**Level 2**	**Level 3**	**Total**
Cash	**$ 287,880**	**$ -**	**$ -**	**$ 287,880**
Mutual funds	**13,000,736**	**-**	**-**	**13,000,736**
Total investments at fair value	**$ 13,288,616**	**$ -**	**$ -**	**$ 13,288,616**

	Investments at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 12,843,311	$ -	$ -	$ 12,843,311
Total investments at fair value	$ 12,843,311	$ -	$ -	$ 12,843,311

Note 6. Investment in Stable Asset Funds

At December 31, 2015 and 2014, the Plan includes as an investment option participation in The Standard Stable Asset Fund A, a fully benefit-responsive guaranteed investment contract. The Fund invests the deposits of plan participants as part of the general account assets of Standard Insurance Company, and there are no particular segregated or identifiable assets ascribed to the Plan's investment. Net deposits and interest credited become liabilities against Standard Insurance Company on the Plan's behalf, and daily liquidity is available for participant contributions and withdrawals at contract value regardless of market conditions. Contract value is guaranteed by the full faith and credit of Standard Insurance Company. The resulting Stable Asset Fund provides participants with a guaranteed return of principal, along with attractive crediting rates and 100 percent liquidity. A participant's return is determined by a declared interest rate, which is accrued daily and compounded quarterly. The interest rate is applied to the entire fund.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Certain events as defined within the investment contract may limit the ability of the Plan to transact at contract value. If an event occurs that may impair the ability of the contract issuer to perform in accordance with the contract terms, a market value adjustment or withdrawal restriction may apply. The Plan Sponsor may choose to pay the market value adjustment directly, if applicable, so that participants' contract values are not affected. As of December 31, 2015 and 2014, the Standard Stable Asset Fund A had a crediting interest rate of 2.19% and 2.35%, respectively.

Note 7. Party-In-Interest Transactions

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. During the years ended December 31, 2015 and 2014, transactions with parties-in-interest primarily included administrative expenses related to invested assets, which are recorded against net asset values of each investment fund. Shares of registered investment companies owned by the Plan are issued or sponsored by parties considered to be a party-in-interest to the Plan. Expenses associated with the administration and maintenance of participant accounts and audit services are paid by the Plan Sponsor on behalf of the Plan. Additionally, certain administrative functions are performed by officers or employees of the Plan Sponsor at no cost to the Plan.

Note 8. Tax Status

The Internal Revenue Service has determined and informed the Plan Sponsor by written correspondence dated December 14, 2012, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since this date; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2012.
