Report on the Financial Statements

We were engaged to audit the accompanying financial statements of **Hathaway Dinwiddie Construction Company 401(k) Plan,** which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Hathaway Dinwiddie Construction Company 401(k) Plan
Notes to the Financial Statements
December 31, 2015 and 2014

Note 1: Description of Plan:

The following description of the Hathaway Dinwiddie Construction Company 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General: The Plan is a defined contribution plan which covers all nonunion, salaried employees of Hathaway Dinwiddie Construction Company (the Company). Employees are eligible to become participants in the Plan on the first day of the month following the date they complete two months of service with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

2. Contributions: Participants may elect to defer the lesser of (i) 1% to 70% of gross compensation, or (ii) $18,000, either subject to the calendar year maximum. Catch up contributions for participants at least 50 years of age of $6,000 per year are also allowed. Effective April 1, 2008, the Plan was amended to allow Roth 401(k) employee deferrals. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans or individual retirement accounts. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 25 mutual fund investment options and a stable value collective trust fund option for participants. The plan sponsor matches up to a maximum of 100% of the first 3% of compensation contributed as an elective deferral.

3. Participant Accounts: Each participant's account is credited with the participant's contribution, employer match, and allocations of Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting: Participants are immediately vested in both their voluntary contributions and any employer contributions and actual earnings thereon.

5. Notes Receivable from Participants: Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance of the participant's account and bear interest at a rate based on the prime rate as stated in the "Wall Street Journal" on the first business day of the month. The interest rate on all outstanding loans at December 31, 2015 is 3.25%. Loan terms range from one to ten years. As of December 31, 2015, loan maturity dates range from April 2016 to January 2026. Principal and interest are paid ratably through payroll deductions. A $75 loan fee is charged to the participant's account for each loan.

Note 1: Description of Plan, continued:

6. Payment of Benefits: On termination of service, or upon death, disability, or retirement, a participant or beneficiary may elect to receive a lump-sum amount or installment payments equal to the value of the participant's vested interest in his or her account, or annuity payments. The Plan allows for automatic distribution for participant accounts that have a vested balance of $ 1,000 or less on date of separation.

   Certain participant account balances may be automatically rolled into an Individual Retirement Account (IRA) held in the participant's name by Transamerica Retirement Solutions. The IRA account will be automatically invested in the Federated US Treasury Cash Reserves Fund.

Note 2: Summary of Significant Accounting Policies:

Basis of Accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition:

Investments are reported at fair value except for certain investments maintained in Transamerica Financial Life Insurance Company, Inc.'s (Transamerica) general account. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses from security transactions are reported on the average cost method. Net realized and unrealized appreciation (depreciation) in fair value of investments consists of the change in unrealized appreciation (depreciation) during the year, and the realized gain or loss on the sales of investments during the year. Acquisition costs are included in the cost of investments, and sales are recorded net of selling expenses.

Note 2: Summary of Significant Accounting Policies, continued:

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document.

Payment of Benefits:

Benefits are recorded when paid.

Administrative Expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account. During the year ended December 31, 2015, participants paid $1,844 in fees associated with these notes receivable. Variable asset charge fees based upon participant account balances and other plan fees of $68,584 and $482, respectively, were paid by the Plan during the year ended December 31, 2015.

Recent Accounting Pronouncements:

In July 2015, the Financial Accounting Standards Board issued Accounting Standards Update ("ASU") No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans, Topic 960; Defined Contribution Plans, Topic 962; and Health and Welfare Benefit Plans, Topic 965: Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient.* Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to adopt Parts I and II early in these financial statements, via retrospective application.

Note 2: Summary of Significant Accounting Policies, continued:

Recent Accounting Pronouncements, continued:

In May 2015, the FASB issued ASU No. 2015-07, *Fair Value Measurement, Topic 820, Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent)*. The ASU removes the requirement to categorize investments measured at fair value using net asset value (NAV) as a practical expedient within the fair value hierarchy. The ASU is effective for fiscal years beginning after December 15, 2016, with early adoption permitted and applied retrospectively. The Plan has early adopted the ASU and its provisions have been applied retrospectively to its years ended December 31, 2015 and 2014. Fair value disclosures in the accompanying financial statements have been updated in accordance with the ASU.

Subsequent Events:

The Plan has evaluated subsequent events through July 29, 2016 which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements:

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Note 3: Fair Value Measurements, continued:

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require up to one year’s notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Insurance company general account: Valued at cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3: Fair Value Measurements, continued:

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and December 31, 2014:

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 59,386,976	$ -	$ -	$ 59,386,976
Insurance company general account	-	-	1,281	1,281
Total assets in the fair value hierarchy	$ 59,386,976	$ -	$ 1,281	59,388,257
Investments measured at net asset value				1,781,333
Total				$ 61,169,590

In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 60,307,609	$ -	$ -	$ 60,307,609
Insurance company general account	-	-	1,265	1,265
Total	$ 60,307,609	$ -	$ 1,265	$ 60,308,874

Note 3: Fair Value Measurements, continued:

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2015:

	Insurance Company General Account
Beginning balance	$ 1,265
Interest income	16
Ending balance	$ 1,281

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2015. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2015	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Stable value collective trust fund	$ 1,781,333	n/a	Daily	12 months

Note 4: Investments and Information Certified by the Plan's Trustee:

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of the investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014, the related net appreciation (depreciation) in fair value of investments and investment income reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2015, and the supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2015.

Note 5: Related Party Transactions:

Certain Plan investments are shares of mutual funds and a general account managed by Transamerica. Transamerica is the custodian of the Plan, and, therefore, these transactions qualify as party-in-interest transactions.

The Company provides to the Plan certain accounting and administrative services for which no fees are charged and absorbs certain Plan expenses.

Note 6: Income Tax Status:

The IRS has determined and informed the Company by a letter dated March 11, 2011, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Once qualified, the Plan is required to operate in conformity with the IRC to maintain qualification. The Plan has been amended since receiving the determination letter; however, the plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions.

During 2014, the Department of Labor concluded its audit of the plan years 2010 through 2012. No significant matters were identified as a result of the audit.

Note 7: Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 8: Risks and Uncertainties:

The Plan invests in various types of investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
