TRANS-EXPEDITE, INC.
401(k) PLAN

Notes to the Financial Statements
December 31, 2015 and 2014

A. Description of the Plan

The following description of the Trans-Expedite, Inc. (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. *General.* The Plan is a defined contribution plan covering all employees of the Company who have completed 1,000 hours of service in twelve (12) months of service and attained the age of 18. The plan has an auto enrollment feature. It is subject to the provisions of the Employee Retirement Income Security Act (ERISA).
2. *Contributions.* Each year participants may contribute to the Plan on a pretax basis up to the maximum percentage of their salary allowable, subject to certain Internal Revenue Code limitation. Employer contributions are made on a discretionary basis. Participants aged 50 or older may elect to defer additional amounts (called "catch-up-contributions") up to \$6,000 for 2015 to the plan.
3. *Participant Accounts.* Each participant's account is credited with the participant's contribution and (a) the Company's match, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
4. *Vesting.* Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's contribution portion of their account is based on years of continuous service. A participant is fully vested in the Company's matching contribution as follows:

<u>Year</u>	<u>Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

5. *Investment options.* Upon enrollment in the Plan, a participant may direct employee contributions into several investment options offered by TD Ameritrade Trust Company (the Custodian). Participants may change their investments options each business day. All investments are Participant directed.
6. *Notes receivable from participants.* Participants may borrow from their fund accounts a minimum of \$1,000 and to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates of 3.25% - 4.25% commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.
7. *Payment of Benefits.* Upon termination of service due to death, disability, retirement, or hardship withdrawals, a participant may receive the value of the vested interest in his or her account, as a lump-sum distribution.

Notes to the Financial Statements
December 31, 2015 and 2014

A. Description of the Plan (continued)

8. *Forfeitures.* Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. There were no balances on the forfeitures account at December 31, 2015 and 2014. Forfeitures are retained in the Plan and are used to reduce future Company matching contributions. During 2015, \$4,731 was used to reduce employer matching contribution.

B. Summary of Accounting Policies

The following summary of significant accounting policies is presented to assist in the understanding of Trans-Expedite, Inc. 401(k) Plan's financial statements. The financial statements and notes are the representation of the Plan administrator who is responsible for their integrity and objectivity. The financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP). The Financial Accounting Standards Board (FASB) is the accepted standard-setting body for established accounting and financial reporting principals. The more significant of the Plan's accounting policies are described below.

1. *Date of Management's Review.* Subsequent events were evaluated through August 1, 2016, which is the date the financial statements were available to be issued.
2. *Basis of Accounting.* The financial statements of the Plan are prepared under the accrual method of accounting.
3. *Use of Estimates.* The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.
4. *Investment Valuation and Income Recognition.* Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan determines its valuation policies utilizing information provided by custodian. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

5. *Notes receivable from participants.* Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014.
6. *Payment of Benefits.* Benefits are recorded when paid.
7. *Plan Expenses.* The Plan incurs investment management fees and costs related to the Plan's administration. The Plan Sponsor absorbs a significant portion of these costs at their discretion. Administration expenses were \$21,013 for the year ended December 31, 2015.

TRANS-EXPEDITE, INC.
401(k) PLAN

Notes to the Financial Statements
December 31, 2015 and 2014

B. Summary of Accounting Policies (continued)

8. *Subsequent Pronouncements.* In May 2015, the Financial Accounting Standards Board (FASB), issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement (Topic 820)*. The amendments in this update remove the requirement to categorize with the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The amendments in this update are effective for fiscal years beginning after December 15, 2016, and interim periods within those fiscal years. The Plan has elected to early implement this update for the year ended December 31, 2015 and retrospectively for the year ended December 31, 2014.

In July 2015, the Financial Accounting Standards Board (FASB), issued Accounting Standards Update (ASU) No. 2015-12 (Part II), *Plan Accounting: Defined Contribution Pension Plans (Topic 962)*. The amendments in this update eliminate the requirement for plans to identify individual investments that represent five percent or more of net assets available for benefits. Additionally, the amendments establish that all investments measured at fair value in the statement of net assets available for benefits or in the notes are required to be presented by general type. The amendments in this update are effective for fiscal years beginning after December 15, 2015. The Plan has elected to early implement this update for the year ended December 31, 2015 and retrospectively for the year ended December 31, 2014.

C. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable measurements (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

TRANS-EXPEDITE, INC.
401(k) PLAN

Notes to the Financial Statements
December 31, 2015 and 2014

C. Fair Value Measurements (continued)

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value at December 31, 2015 and 2014.

Mutual Funds: Valued based on quotes of net asset value of shares held by the plan at year end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2015 and 2014:

Description	December 31, 2015			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 1,779,110	\$ -	\$ -	\$ 1,779,110
Total	<u>\$ 1,779,110</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,779,110</u>

Description	December 31, 2014			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 1,921,124	\$ -	\$ -	\$ 1,921,124
Total	<u>\$ 1,921,124</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,921,124</u>

D. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

E. Tax Status

The Company has adopted a prototype plan in which the Internal Revenue Service has determined by a letter dated January 31, 2006, that the form of the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

E. Tax Status (continued)

Generally accepted accounting principles prescribe requirements for the recognition, measurement, classification, and disclosure in the financial statements of uncertain tax positions taken or expected to be taken by the Plan. Management has evaluated the Plan's design and operation and has concluded that the Plan is designed and has been operated in compliance with the applicable requirements of the IRC. Further, management believes that the Plan has maintained its tax exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by the taxing authorities and generally, the Plan's tax returns remain open for federal income tax examination for three years from the date of filing.

F. Information Certified by the Custodians

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for reporting and disclosure under ERISA.

The custodian of the Plan have certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014, the statement of changes in net assets for benefits for the year ended December 31, 2015 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2015.

G. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Through the normal operation of the Plan, it is subject to audit or review by the U.S. Department of Labor, the Internal Revenue Service, and potentially other related organizations. It is the opinion of the Plan Management and the Third Party Administrator that the Plan is being operated consistent with the various laws and regulations affecting employee benefit plans as well as plan documents. Thus any impact on the plan from audits or reviews by these regulatory organizations is unknown at this time but in the opinion of management would be minimal. The filings for 2013, 2014 and 2015 are open years and subject to review.

H. Related-Party and Party-in-Interest Transactions

Certain Plan investments are shares of accounts managed by TD Ameritrade Trust Company, the custodian, as defined by the Plan, and therefore the related transactions qualify as party-in-interest transactions. DWC ERISA Consultants and Aspire Financial Services, LLC, the third-party administrators and record keepers, charge asset management fees and recordkeeping fees, which are paid by the plan sponsor. Therefore, transactions with the plan sponsor also qualify as party-in-interest transactions.
