PEOPLE'S TRUST INSURANCE CO 401(k)
PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013

NOTE 1 – DESCRIPTION OF PLAN

The following description of the People's Trust Insurance Co 401k Profit Sharing Plan and Trust (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a complete description of the Plan's provisions. The Plan sponsor reserves the right to amend the Plan. The Company has adopted the Safe Harbor 401(k) plan with a Qualified Automatic Contribution Arrangement (QACA) election under Internal Revenue Code Section 401(k) (13).

General
The Plan is a defined contribution plan covering all employees of People's Trust Insurance Company ("Plan Sponsor) and any participating affiliates. The Plan was established on January 1, 2009, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ('ERISA'). The Plan is intended to be a qualified defined contribution plan which satisfies the requirements of Section 401(k) of the Internal Revenue Code (the "Code"). Under the Code, participants are not liable for federal income taxes on employee contributions, Plan Sponsor contributions or Plan earnings until such time as they are partially of completely withdrawn from the Plan. The Plan's Trustee and record keeper are State Street Bank and Trust Company and Automatic Data Processing Retirement Services, Inc., respectively.

Eligibility
Employees become eligible to participate in the Plan upon attaining age 18 and one month of service.

Contributions
Under the Plan, participants may elect to contribute up to 85% of their annual compensation to the Plan, subject to a specified maximum of $17,500 and $17,000 for 2014 and 2013, respectively, by entering into a salary reduction agreement with the Company. For each plan year, the Company may contribute a matching contribution, at its discretion, up to the maximum allowable under the appropriate provisions of the Internal Revenue Code. In addition to the maximum regular contribution of $17,500 participants can make catch up contributions under "EGTRRA" in the amount of $5,500 for 2014 and 2013, if they attained age 50 before the close of the Plan year.

The Plan Sponsor has the option of making qualified non-elective contributions. The non-elective contribution will be allocated to all employees eligible to participate in the Plan. You must be a participant employed by the Company on December 31 to receive this allocation. Plan Sponsor contributions are invested in the investment funds in the same allocation percentages as each participant's contributions. Participants direct the investment of their contributions as well as the Plan Sponsor contributions into various investment options provided by the Plan. The Plan currently offers thirty-six mutual funds and two Collective Trusts as investment options for participants.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Plan Administration
The Plan is administered by the Company. State Street Bank is the trustee of the Plan.

Participant Accounts
A separate account is maintained on behalf of each participant. Participants direct the investment of their contributions into various investment options offered by the Plan. Each participant's account is increased by the participant's contribution and allocation of: (i) the Company's matching contribution, and the Company's non-elective contribution, and (ii) plan earnings (losses) and charged with an allocation of administrative expenses. Allocations of the Company's non-elective contributions are based on each participant's total compensation paid during the plan year in relation to the total of all participants' compensation eligible for the allocation.

Vesting
Participants are immediately 100% vested in their voluntary salary reduction contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of completed continuous service. The Plan provides for vesting provisions in compliance with tax laws. One hundred percent vesting occurs when a participant completes five years of service, attains normal retirement age, dies, or becomes disabled while still employed by the Company.

Participants' Loans
Participant loans are permitted under the Plan. Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants and plan beneficiaries may borrow a minimum of $500 up to fifty percent of their vested account balance to a maximum of $50,000. The loans are secured by the balance in the participant's account and bear interest at prime plus 2%. All loans are required to be repaid within five years unless the purpose of the loan is to acquire a primary residence. Principal and interest is paid ratably through bi-weekly payroll deductions.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Payment of Benefits

Upon termination of service due to retirement, termination of employment, death, or disability, a participant or their beneficiary may elect to receive a cash distribution as either a lump-sum or direct rollover if the value of their account balance is $5,000 or less on the Valuation Date. If the value of the participants account balance is over $5,000, the participant may choose to receive a lump sum, direct rollover, receive installments or defer receiving payments until age 70 1/2. If the participant chooses to defer payments, the account will continue to be invested the way directed by participant and will be adjusted for any gains or losses occurred.

Participant's may also request a hardship withdrawal in a lump-sum of his or her vested interest. For termination of service due to other reasons, a participant may receive the value of the vested interest in his/her account as a lump-sum distribution. Benefits are recorded in the Plan as distributions when paid.

Forfeitures

Under the Plan, forfeitures by participants of their non-vested Company contributions are used to reduce employer contributions. There were forfeitures of $1,981 and $0 in 2014 and 2013, respectively.

Administrative Fees

Fees and expenses for the Plan may be paid directly from the Plan Sponsor, or at the Plan Sponsor's discretion, may be paid in whole or in part out of the Plan's assets. These include contract administrative fees, investment advisory fees charged by investment advisors and legal and accounting fees. The administrative fees paid for the years ended December 31, 2014 and 2013 was $2,806 and $875, respectively.

Administration of Plan Assets

The plan's assets are held by the Plan's Trustee. Participant contributions are held and managed by the Trustee who invests contributions, interest and dividend income, and makes distributions to participants. Trustee's fees and other expenses of the Plan are paid directly from the Plan assets.

Certain administrative functions are performed by officers and employees of the Plan Sponsor. The officers and employees receive no compensation from the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial Statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Participants were allowed to invest in various mutual funds which were valued based on quoted prices in an active market of the particular mutual fund. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Participant Loans
Notes Receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2014 and 2013, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements.

Recently Adopted Accounting Pronouncements
The Plan adopted the Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investment in Certain Entities That Calculate Net Asset Value per Share (or its equivalent).* The amendments in ASU 2015-07 remove the requirement to categorize within the fair value hierarchy all the investments for which fair value is measured using the net asset value per share practical expedient. Instead, the amounts measured using the net asset value per share (or its equivalent) must be provided to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recently Adopted Accounting Pronouncements (continued)

The Plan adopted the Accounting Standards Update (ASU) 2015-12, Plan Accounting: Defined Contribution Pension Plans Part II (Topic 962) Plan Investment Disclosures. The amendments in Part II of ASU 2015-12 requires that all investments (that is, both participant directed and nonparticipant-directed investments) should be disaggregated based only on general type, eliminating the need to further disaggregate the investment in accordance with FASB ASC 820, Fair Value Measurement. In addition, the amendments in Part II of ASU 2015-12 eliminates the requirement for both participant-directed investments and nonparticipant-directed investments to disclose: a) Individual investments that represent 5% or more of net assets available for benefits, and b) the net appreciation or depreciation on general type.

Risks and Uncertainties

The Plan provides for investment options in various long-term, index and other mutual funds. Investment securities are exposed to various risks, such as interest rate risk, market risk and credit risk.

Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in the value of investments in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits as well as the statement of changes in net assets available for benefits.

Financial Investments with Off-Balance Sheet Risk

As of and during the years ended December 31, 2014 and 2013, the Plan held no direct investments in derivatives or other off balance sheet risk items.

Use of Estimates

The preparation of the Plan's financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and to make estimates when disclosing contingent assets and liabilities as of the date of the financial statements. Actual results may differ from those estimates.

Subsequent Events

Management has evaluated the impact of subsequent events through January 26, 2016 the date these financial statements were available to be issued.

NOTE 3 – INVESTMENTS AND FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying Statement of Net Assets Available for Benefits.

Financial Accounting Standards Board ("FASB"), Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

> Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the plan has the ability to access.
>
> Level 2: Inputs to valuation methodology include (a) quoted prices for similar assets or liabilities in active markets, (b) quoted prices for identical or similar assets or liabilities in active markets, (c) inputs other than quoted market prices that are observable for the asset or liability, (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
>
> Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used to need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is the description of the valuation methodologies used for assets measured at fair value:

> Common/collective trust: Valued at the Net Asset Value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investments for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 3 – INVESTMENTS AND FAIR VALUE MEASUREMENTS (Continued)

Mutual funds: Valued at the NAV of shares held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014

	Fair Value	Fair Value Measurements At Reporting Date Using: Quoted Prices in Active Markets for Identical Assets (Level 1)
Mutual Funds:		
Large-Cap	$ 1,231,359	$ 1,231,359

Large-Cap*	36,461	-
Total collective trust funds	99,950	-

*In accordance with FASB ASC 820-10, certain investments that are measured at fair value using the net assets value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

NOTE 3 – INVESTMENTS AND FAIR VALUE MEASUREMENTS (Continued)

During 2014 and 2013 the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) (depreciated) appreciated in value by $(50,270) and $22,038, respectively.

NOTE 4 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan provisions to amend and terminate the Plan subject to ERISA regulations. If the Plan is terminated, no further contributions would be made to the plan and all amounts credited to participants' accounts would become 100% vested and non-forfeitable. In the event of Plan termination, participant's accounts would be distributed in accordance with the Plan provisions.

NOTE 6 – TAX STATUS

The Plan is exempt from income taxes under Code Section 401(a). The Plan adopted a Prototype Non-standardized Profit Sharing Plan with a cash and deferral arrangement developed by Automatic Data processing Retirement Services, Inc., which obtained a favorable IRS determination letter, in which the IRS stated that the form of the underlying prototype plan was acceptable under provisions of the Code and that any employer adopting this form of plan will be considered to have a plan qualified under the Code. The plan has been amended since the determination letter; however, the Plan's administrator believes that the Plan is in compliance with the applicable requirements of the code. Therefore, no provision for income taxes has been made.

NOTE 6 – TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

NOTE 7 – ACCEPTANCE OF ROLL OVER ASSETS

The Plan accepts rollover contributions of the portion of a distribution from an individual retirement account or an annuity described in Internal Revenue Code section 408(a) or 408(b) that is eligible to be rolled over and would otherwise be includible in an individual's gross income. In addition, the plan accepts direct and indirect rollovers of eligible rollover distributions from other plans.

NOTE 8 – INFORMATION CERTIFIED BY TRUSTEE

The Plan administrator has received certification from State Street Bank, the Trustees, as to all data appearing in the financial statements for the years ended December 31, 2014 and 2013.

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Custodian:

	2014	2013
Investments, at fair value:		
Cash and mutual funds	$ 1,657,542	$ 438,476
Participants' contributions receivable	18,621	14,776
Investment Income:		
Net (depreciation) appreciation in fair value of investments	(50,270)	22,038
Interest and dividends	82,167	17,915

NOTE 9 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The plan engages in investment transactions with funds managed by the Trustee's investment advisor, a party-in-interest with respect to the Plan. The Plan Sponsor acts as the Plan administrator and, therefore, transactions with the Plan Sponsor are party-in-interest transactions as defined in the Form 5500, Pension Reporting Instructions. There are no administration fees for 2014 and 2013.

NOTE 10 – PENSION PROTECTION ACT OF 2006

During the year 2006, pension legislation was passed entitled the "Pension Protection Act of 2006" ("the Act"). This Act contains a provision to encourage more employers to adopt automatic enrollment for new employees. The new law establishes a "safe harbor" from certain non-discrimination rules for 401(k) plans that include automatic enrollment features. Under the Act, unless an employee opts out of participation, the employer will automatically place a specified percentage of an employee's salary into the 401(k) plan for the employee. This provision shall apply to plan years beginning after December 31, 2007.

NOTE 11 – PROHIBITED TRANSACTIONS

As reported on the 2014 Form 5500, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions, the Plan Sponsor failed to remit to the Plan's Trustee certain employee contributions totaling approximately $15,600 within the period prescribed by the Department of Labor regulations. The Plan Sponsor has and will make contributions to the affected participants' accounts to compensate those participants an aggregate of approximately $1,000 for potential lost income due to the delays.

NOTE 12 – OPERATIONAL DEFECT

During the year ended December 31, 2014, it was discovered that the employer contributions were not applied in accordance with the provisions of the Plan. The Plan Sponsor is taking measures to remediate this defect.
