BELL INCORPORATED EMPLOYEES PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

A. DESCRIPTION OF PLAN

The following description of Bell Incorporated ("Company") Employees Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General. The Plan is a defined contribution plan covering all employees of the Company who have one-half year of service and are age nineteen or older. Participants who do not have at least 1,000 hours of service are generally not eligible for an allocation of Company contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
2. Contributions. Participants may contribute up to 92% of their wages and bonuses for the Plan year subject to certain limits as defined under the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company, at its discretion, may make a contribution of an amount equal to a matching percentage of the participants' salary reduction contributions for the Plan Year. Additional profit-sharing contributions may be made at the option of the Company's board of directors.
3. Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution, if any, and (b) Plan earnings (losses), and charged with an allocation of administrative expenses not paid by the Company. Allocations are based on participant earnings and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
4. Vesting. Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of credited service.
5. Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at various rates, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through payroll deductions.
6. Payment of Benefits. On termination of service due to any reason, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.
7. Forfeitures. These amounts are used to reduce future employer contributions. Forfeited non-vested amounts applied were \$7,000 and \$6,880 for 2015 and 2014, respectively.
8. Administration Expenses. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Accounting fees and other miscellaneous administration expenses are paid directly by the Company.

BELL INCORPORATED EMPLOYEES PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting. The financial statements of the Plan are prepared on the accrual basis of accounting.
2. Estimates. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.
3. Investment Valuation and Income Recognition. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note I for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the plan year.

4. Notes receivable from Participants. Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2015 and 2014, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is reported as a benefit payment based on the terms of the Plan document.
5. Payment of Benefits. Benefits are recorded when paid.
6. Operating Expenses. All expenses of maintaining the Plan are paid by the Company.
7. Date of Management's Review. Subsequent events were evaluated through June 30, 2016, which is the date the financial statements were available to be issued.

C. RELATED PARTY TRANSACTIONS

Certain plan investments are shares of mutual funds managed by Fidelity Investments Institutional Operations Company, Inc. Fidelity is the trustee of trust assets as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the plan for the investment management services amounted to \$3,131 for the year ended December 31, 2015.

Certain administrative functions of the Plan are performed by officers or employees of the Company. In addition, the named Trustees for the Plan are selected officers and employees. No such officer or employee receives compensation from the Plan. However, these individuals are also participants in the Plan and are currently making elective deferrals.

All of these parties-in-interest transactions were exempt from the prohibited transaction rules of ERISA.

BELL INCORPORATED EMPLOYEES PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

D. TAX STATUS

The Company has adopted a volume submitter 401(k) profit sharing plan. Fidelity, the corporate trustee for the Plan and the sponsor of the plan document, has obtained a favorable opinion letter from the Internal Revenue Service. Although the Plan has been amended, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

E. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

F. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

All information included in the accompanying financial statements was obtained from data that was prepared and certified to as complete and accurate by the Trustee in accordance with 29 CFR 2520.130-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

G. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

H. INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets.

	<u>2015</u>	<u>2014</u>

NOTES TO FINANCIAL STATEMENTS

I. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of level 2 or 3 inputs for the periods presented.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net assets values of the shares held by the Plan at year end. Net asset value is calculated daily as of the close of business of the New York Stock Exchange.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value at December 31, 2015 and 2014:

	<u>Fair Value Measurements at Reporting Date Using:</u>	
		Quoted Prices In Active Markets For Identical Assets (Level 1)
<u>December 31, 2015</u>	<u>Fair Value</u>	
Mutual funds	\$5,556,335	\$5,556,335
<u>December 31, 2014</u>		
Mutual funds	\$5,698,145	\$5,698,145

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2015 and 2014, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2015, there were no significant transfers into or out of Level 3.
